"CAROLINA DAY."

by Public Schools at Hemenway Yesterday.

CONVENTION OF COUNTIES.

Large Gathering of Teachers, Pupils and Parents to Witness Rendition of the Highly Creditable Programme. Distinguished Educators.

"Carolina Day" was celebrated at the Hemenway School yesterday by the rendition of one of the most unique, interesting and appropriate programmes ever presented in the city public schools, and too much credit cannot be accorded Miss Jennie Wood, in whose mind the nature of the entertainment originated, and to whose efforts is due in a very large measure the complete success scored on the

The entertainment was a "mock convention" of the counties of North Carolina, and the costuming, inscrip tions on banners, lines recited, and songs sung were all in keeping

Many visitors, including the school committees and members of the faculties of the Tileston High School and Union School, were present, when Mr. Jas. F. Post, who has so deeply at heart the every interest of the city schools, made the opening remarks. Mr. Post said "Carolina Day" was in augurated by the Legislature to commemorate the virtues and noble and heroic deeds of the 'Old North State." to stimulate with the children her present glory and her future possi bilities. Mr. J. J. Blair, superinten dent of schools, then welcomed all who were present in a few happy words.

Over a hundred boys and girls marched on the stage, some attired in unique costumes, some carrying banners bearing the names of battles, colleges and cities, and the majority of them wearing across their breasts strips of pasteboard on which were printed the names of the different counties. Mr. L. Clayton Grant, the secretary, made a short speech explain ing the object of the convention and then called the roll of counties. As a county was called, the boy or girl representing it would step to the front of the stage and recite a few ap

lines, which in almost every were full of humor and expressiveness as well as giving a prominent bistorical event. The audi ence applauded heartily. Appro priate songs were sung at intervals. Several responses called forth the most enthusiastic and pataotic applause

The STAR regrets that limited space will not permit it to go into details of the convention. When New Hanover was called, three young ladies bearing banners on which were inscribed "Wilmington, Hemen way School," "Tileston High School," came to the front and after appropriate verses by each, a song entitled "Wilmington," composed by Miss Wood, was sung. It was followed by an out burst of applause. At that juncture Mr. Grant rose and paid a tribute to the memory of Mrs. Hemenway and also paid a beautiful tribute to Miss Bradley, who was present.

The entertainment was highly enjoyable and reflects great credit on Miss Wood, on the children who par ticipated in it, and also on the splendid public school system of the "City by the Sea." Miss Yarborough presided at the piano.

ARGUMENT IN THE IMPEACHMENT TRIAL

Appropriate Exercises Observed | Guthrie Concluded His Speech-A Vote

Will Hardly Be Reached Before Tuesday or Wednesday.

[Special Star Telegram.] RALEIGH, N. C., March 23.-Maj. W. A. Guthrie concluded his opening argument for the prosecution in the impeachment trial of Chief Justice Furches and Associate Justice Douglas this morning, and was followed by Mr. C. M. Cooke for the defence and Hon. C. M. Busbee for the prose-

cution. Major Guthrie said, in conclusion that the prosecution does not want the judges impeached for error in judgment, but for deliberately tearing the constitution into shreds and violating-knowingly and persistent ly violating-its plain mandates. He said the prosecution does not attack the Hoke vs. Henderson doctrine, that office is property, but charges that the present Supreme Court went far beyond its bounds.

Mr. Cooke made a strong argument for the defence. He said the rulings of the court were all right in the eyes of those prosecuting when Democratic officeholders were retained in office and given their pay; but when the courts, following the same precedents, had retained a Republican officer, they must be impeached. He argued that the mistake was made by the 1899 Legislature in not so legislating as to the shell fish commission as to effectually accomplish what they desired, the removal of Theophilus White from office and the substitution of a Democratic officer in his stead. He cited the case of Gardner against Worth, where a mandamus was issued by Judge Robinson against the State treasurer, and Judge Clark rendered an opinion in the Supreme Court that such a mandamus could not issue, be cause there was no special fund or appropriation in the treasurer's hands for its payment. There was a fund, though, said Mr. Cooke, for the payment in the White case, on which this

impeachment was instituted. Hon. C. M. Busbee's speech for the prosecution was very strong and clear cut, emphasizing points made by Maj. Guthrie yesterday, and insisting that the accused judges made a flagrant violation of the constitution in issuing the mandamus on the treasury.

Hon. J. Lindsay Patterson will speak for the defence to-morrow and Hon. E. F. Davidson for the prosecu-

The Senate will hardly reach a vote on the impeachment before Tuesday or Wednesday of next week.

THE BASE BALL SITUATION.

Manager Peschau Hopes to Have All His Team Signed This Week.

Manager Henry B. Peschau, of the Wilmington Base Ball team, expresses the hope that he will have signed by to-night all his players for the forthcoming season, and that he will be able at that time to make some definite announcement to the public as to the "winning tossers" that he will put in the field to do battle with the other teams in the Virginia-Caro-

lina League this Summer. He has already learned a lesson that is very expensive when experience is the teacher, and has carefully considered the record of every man before signing him. He has gathered about him an abundance of data concerning base ball and base ball men, and in the light of this information has slowly and with deliberation chosen the very best men obtainable and that, too, at a cost which will not be suicidal to the sport in the outset. In doing this, however, he has not sacrificed the best of base ball material, but has gathered a team that will do

honor to Wilmington. The STAR hopes to make a definite announcement of the players to-

The audience was fairly large, but deserved to be larger. A matinee will be given this afternoon at 3 P. M., when "The Sultan's Daughter" will be played. The prices will be 10 and 20 cents, and every child attending will receive a present. The company will close its engagement to-night, presenting the very strong comedy drama, "A Midnight Masquerade." At this performance \$10 in gold will be given away.

Yesterday's Afternoon Session.

After devotional exercises, conducted by Mr. H. V. Scarborough, at 8:15 o'clock P. M., and a Bible study by Mr. Milligan, section conferences were held. One for college delegates was held in the class room and it was conducted by Mr. L. A. Coulter, of Virginia, Papers were read by many students and general discusson followed. Another section conference for delegates from cities, towns and railroads was held in the parlors, Mr. C. L. Gates, of Atlanta, presiding. Mr. Reuben Hum phreys, of Charlotte, spoke on "Work for Boys." Mr. W. C. Douglass made one of his characteristic talks. The afternoon was very profitably spent in the conferences.

doing good work. Following are some of the most important facts embodied in the report: Total State membership, 2,839; annual expenses \$13,353; one new railroad association organized at Spencer; fifteen college associations, with a membership of 1,050; candidates for ministry, 119; for foreign fields 13; general secretaries, 10; cost of State work: receipts, \$1,613.69, expenditures, \$1,-598.75.

The remainder of the session was devoted to railroad work. It was known as "Railroad Night," and Mr. H. O. Williams, of New York, who was introduced, spoke interestingly of that work. He first treated its growth and next its needs. Mr. Williams is a splendid talker, and had the closest attention of the audience. He says over 400 railroad terminals in the United States are in need of railroad associations. Seated on the stage were sixteen

railroad men from the Spencer railroad association, and they comprised what they called the "Gospel Train." A letter was read from the master me chanic of the Southern Railway shops at Spencer highly commending the work. Speeches were made by the following young men: M. A. Shark, general foreman of the shops; J. R. Thomas, engine builder; Luther Darr, car builder; S. S. Moore, double header; G. S. Lane, engineer; L. D. Brown and Henry Hoge, firemen; C. E. The Convention will open as usual this morning at 9:30 o'clock with devotional exercises and a bible study led by Mr. Milligan. The consideration of a policy for a new year and the receiving of the report of the Executive Committee, Mr. H. O. Williams presiding, will follow at 10:15 A. M., after which Mr. H. O. Bridgman, of Columbia, S. C., will read a paper on "The Association as a Spiritual Force Among Young Men in Towns and Villages." This will be followed at noon by a paper, "The Association as a Physical Force," by Dr. N. M. Wetzel, of Wilmington. At 12:30 there will be a short business session and an entertainment of invitations for the next convention. At 1 P. M. the Woman's Auxiliary will serve lunch in the building and at 2:30 P. Toere will be addresses by Mr. C. L. Gates and Mr. L. A. Coulter at the evening session. Some Prominent Convention Figures.

There are present at the convention four gentlemen, who have not only added much to the convention, but much to Association history. Mr. Walter C. Coming from the ranks of successful business men, he recognized the value of the organization and uncomplainingly gave upthe brightest of future prospect as a professional man and is helping to mould, shape and de-The auditorium was filled. Gates, the field secretary of the International Committee, is giving much help to the convention, gathered from an experience of seventeen years of dealing with association problems.

That many of the citizens of the city may not only have the privilege of meeting these men, personally, but of hearing them, the energetic Board of Directors of the local association, has arranged for a banquet on Monday night at the Association rooms. It will probably be the most important meeting in the history of the Associa tion because of the presence of the visitors and the present interest in the work. The banquet will be a gathering for a more thorough and compreheusive understanding of the possibilities of the work The STAR is informed that there will be no financial questions raised and no solicitation of funds.
