## MUNICIPAL AFFAIRS.

### Subordinate City Officials Elected at Meeting of Aldermen Last Night.

### BOARD COMMITTEES NAMED.

Question As to Defence of Pending Suits and Collection of Back Taxes—Sewerage Matter Discussed—Office of Licent. of Police Abolished.

The newly elected Board of Aldermen at its first regular monthly meeting last night in the city court room, Mayor Waddell and all members having been present, elected officers to fill subordinate positions in the city government under the new administration as follows, each of the selections having been previously agreed upon in caucus and made unanimous in open session:  
Mayor pro tem—H. P. West.  
Sergeants of Police—George Smith, G. H. Ward and Chas. S. Burnett.  
Clerk Front Street Market—W. H. Lane.  
Clerk Fourth Street Market—Elijah Chadwick.  
Cattle Weigher—Geo. T. Bland.  
Health Inspectors—W. B. Bowden and S. L. Mann.  
Day Janitor at City Hall—D. S. Reville.  
Night Janitor—John H. Dew.  
Superintendent of Fire Alarm—Jno. T. Yates.  
Quarantine Officer—Robt. Green.  
Standard Keeper—G. C. Simmons.  
City Engineer—Jos. H. McRee.  
Messenger to Mayor—Melvin Dent.

Before proceeding with the election of officers, Mayor Waddell had the minutes of preceding meeting read and also a resolution adopted upon the incoming of the Board just prior to the present one in which certain civil service principles were laid down. He stated that this was law until repealed and it was read for the information of those present.  
He then announced the appointment of the following committees:  
Finance—The Mayor, Bailey and West.  
Fire—The Mayor, Harris and Von-Glahn.  
Lights—West, Parker and Skinner.  
Markets—Mauder, Harris and Spencer.  
Ordinance—Harris, Skinner and Mann.  
Police—The Mayor, Mann and Mauder.  
Public Buildings—Skinner, Von-Glahn and Parker.  
Sanitary—Johnson, Spencer and West.  
Sewerage—Bailey, Mann and Von-Glahn.  
Streets and Wharves—The Mayor, Bailey and Johnson.  
Water Works—Spencer, Johnson and Parker.

In this connection Mayor Waddell stated that until the new James Walker Memorial Hospital is completed there will still be need for a hospital committee, which will be named later.  
At this juncture Alderman Harris stated that in reading his nominations for the various city offices, he had omitted to state that the board in caucus had agreed to abolish the office of Lieutenant of Police and upon being questioned by the Mayor, stated that the duties of the clerk of the police court which were formerly performed by the lieutenant would in the future be looked after by the Assistant City Clerk and Treasurer, who in the present instance is Major C. H. White. A motion to this effect was unanimously adopted.  
Alderman Johnson moved the adoption of the civil service resolution of two years ago, which is referred to above. The motion failed to meet with a second and in the absence of action, Mayor Waddell stated that it was understood to be in force.  
Alderman Harris said he thought it would be the policy of the Board to have the appointment of policemen, firemen and street force under the supervision of the several committees in charge of these departments. The Mayor ordered that applications for these positions be referred to the respective committees. He also stated that it must be understood that all elections of policemen, etc., would be subject to the physical and mental examination required under the late ordinance unless this ordinance is repealed.  
Alderman Bailey, chairman of the committee on sewerage, reported that further time would be required to give the consideration necessary to a report on the ordinance recently submitted by attorneys for the Philadelphia company. It was agreed upon the conclusion of the night session to take a recess until next Monday night when a conference with City Attorney Bellamy and the receiving of other information will enable the committee to make a definite report.  
Mayor Waddell called attention to the fact that the Finance Committee in the near future would find it their duty to make up a budget of expenses for the coming fiscal year.  
Alderman Parker in this connection made a motion, which was seconded by Alderman Johnson and carried, to the effect that the budget should include a provision sufficient for the extension of the water system into Fifth ward.

## COUNTY SANITARY COMMITTEE.

### Appointments for New Hanover Board Created by Last Legislature.

The "Act Relating to the Board of Health," as amended by the General Assembly just adjourned, contains a provision relating to the creation of County Sanitary Committees of which the chairman of the "board of county commissioners of each county is ex officio chairman of the local committee, and upon whom devolves the duty of appointing one other member, a resident physician of his county, another physician member being appointed in the same way by the Mayor of the county seat town or city.  
Mayor Waddell yesterday morning appointed on behalf of the city upon the local committee, Dr. Thomas S. Burbank and yesterday afternoon, Chairman McEachern, of the Board of County Commissioners, appointed on behalf of New Hanover county Dr. L. H. Love. These physicians named with the five members of the Board of County Commissioners constitute the committee for New Hanover and they are required to meet on the first Monday in May, 1901, and to elect a County Superintendent of Health for two years. The terms of office of the sanitary committee are continuous with that of the commissioners and they have the immediate care and responsibility of the health of the county. Members of the committee receive the same compensation as county commissioners.

## Reserve Corps Election.

At a meeting of the Reserve Corps of Wilmington Division, Naval Reserve, last night the following officers were elected:  
President—M. L. Skipper.  
Vice President—G. W. Robinson.  
Secretary—J. W. Freeman.  
Treasurer—J. W. Roberts.  
The Reserve Corps has now about thirty members, and the meeting last night was well attended and thoroughly enthusiastic. Mr. M. L. Skipper presided and Mr. J. W. Freeman was secretary.

## Street Parade.

Prof. Gentry's exhibition, which is so well known in this city, will give the customary street parade on the date of exhibition advertised. The street parade of all shows is an index to their resources. Prof. Gentry's professional displays this season are said to be re-creations in that line. The turnout is the most perfect miniature display ever seen in this city, and, in fact, the longest and brightest procession ever given by a tented exhibition.  
Parade will leave show grounds at 10 o'clock.

## For Whooping Cough

USE CHENEY'S EXpectorant.

the city as to the collection of back taxes would extend, so far as the books are concerned, beyond his term of office.  
The attention of the Board was called to the fact that there is now pending against the city civil actions for alleged damages, which would likely be set for trial at the April term of the court, as follows: W. E. Worth, alleged damage by overflow of water, \$5,000; T. F. Bagley, for same cause, \$540; H. L. Peterson, personal injury, \$10,000; Emeline Mack, personal injury, \$3,500. Attention was further called to the fact that there are some forty-odd suits by the city pending for collection of back taxes, in which he had drawn the complaints after search of title, and some of these are already in judgment and process of collection. As the next term of court began April 15th, Mr. Meares asked advice whether in these cases pending he should continue to prosecute and defend them for the city. In the civil actions referred to, Mr. Meares stated that if it was not the pleasure of the Board to continue his employment, he would present a bill to the city for such services as had been rendered in these and in the tax cases; if he is not to continue, he would present a bill for such actual expenses as incurred in their prosecution; but if, on the contrary, it is desired that he should continue these, he would do so under the arrangements heretofore existing. He stated further that it had been customary, where civil actions are pending, for the attorneys representing the city in the first instance to continue representing the city until they are finally determined. Thus, in the case of Strauss vs. City, which was tried in his term, the case had been defended for the city by other attorneys, who were first employed, and he had neither charged or received any compensation in that case; and in the cases upon the docket for the collection of taxes, where the attorneys had filed complaints before the beginning of his term, he had accorded and acted upon the same principle. The closing paragraph of his letter is as follows:  
"I simply address this letter to you that I may be advised of the pleasure of the Board in time to take such proper action in the prosecution and defence of these cases as may be necessary at the coming term of the court."

## WILL INVESTIGATE.

### County Commissioners to Take Up Delay in Burial of An Unknown Negro.

### BOARD MEETING YESTERDAY.

Rock Crushing Plant is Now in Operation. Tax Listers Have Been Appointed. Many Routine Matters Received Attention.

The most notable feature of yesterday afternoon's regular monthly meeting of the Board of County Commissioners, upon which all members were in attendance except Mr. Vollers, was the appointment by Chairman McEachern, upon motion of Mr. Holmes, of a committee consisting of Messrs. Montgomery and Vollers to investigate the circumstance of the recent outrage in Federal Point township which existed in the fact that the body of an unknown negro, which was found near the river had been allowed, after attention by the coroner to remain uninterred for more than a week. The case was dealt with at length in these columns several days ago and a communication by Coroner Stokes setting forth his position was printed.  
Chairman McEachern in bringing the matter to the attention of the Board characterized it as an "outrage that demands immediate investigation." Somebody, he said, was responsible for the neglect and should receive a substantial reprimand. County Attorney McKoy, by request, gave his opinion as to the duties of the coroner, the County Commissioners and the contractor for burying the pauper dead. Then the motion by Mr. Holmes prevailed and the committee of investigation was instructed to gather all information possible and report same to the Chairman of the Board, whom it was understood should exercise his discretion as to the advisability of holding a special meeting to further consider the matter.  
Wiley Johnson, colored, who buried the body of the unfortunate colored man, was present at the meeting and was allowed \$4 for his services. A bill for \$2 was disallowed for the land upon which the body was buried.  
The bill of Dr. Stokes for viewing the body was presented and \$6.80 was allowed. The original bill was for three days' service, \$15; mileage for 36 miles, \$3.60; and other expenses amounting to \$23.80.  
A bill also from Dr. Stokes for the jury of inquest upon the body of the colored woman, Minnie Aiken, was presented in the sum of \$115.62. The amount allowed was \$43.31. Another bill in the same case, for three days' extra service and express charges, amounting to \$15.75, was disallowed.

Proceedings in Routine.  
Chairman McEachern reported at the meeting, which was at 3:30 o'clock, an hour previous having been spent in executive session, that the rock crushing plant had been installed at Castle Haynes and was put in successful operation on last Saturday. It was ordered that a warrant on the county treasury be drawn for \$2,381.50 in favor of the Good Roads Machinery Co. in payment of the same and that it be delivered to a representative of the company then present. An additional warrant, amounting to \$40 for the construction of bins for the rock, was also paid and an expenditure of \$77 for extras in this connection was approved. In making his formal report at the close of the meeting, Chairman McEachern, who has this work in charge, stated that he had ordered six cars for use at the quarry at a cost of \$30 each. To-day, he said he would take up to the quarry four mules which he would try and if found satisfactory would make arrangements to purchase.

The Superintendent of Health reported having treated 226 patients in his office and having made 95 visits to 51 patients at their homes. The county institutions were reported in good sanitary condition with little sickness among the inmates.  
The Register of Deeds reported having paid into the county treasurer, \$22.80, as revenue from marriage license during March.  
The following formal orders were made after due consideration: That B. W. Howard, colored, be sent to County Home on account of mental derangement until his permanent residence is ascertained in Boston; that Road Superintendent Sol. J. Jones and Mr. Alexander investigate advisability of discontinuing the Blue Clay county road of six miles length in Cape Fear township; that application of C. E. Collins for permission to retail malt liquor at Hilton Park be denied on ground that application is irregular; that the Board upon verbal request of Captain Alex. P. Adrian will make its annual appropriation of \$300 to the Wilmington Light Infantry on Thursday when the Finance committee will meet; that the matter of sending London James, an insane colored man in jail, to his former home at Columbia, S. C., be left with the Chairman with power to act; that Peter Simpson, of Harnett township, be placed on the outside pauper list at \$1.20 per month; that Mr. Alexander be empowered to repair the "water fence" in the county line at a cost not exceeding \$10; that the following tax listers be appointed with the same compensation paid last year in their respective townships:  
Wilmington—T. O. Bunting.  
Cape Fear—O. E. Caston.  
Harnett—James McQuam.  
Masonboro—D. J. Farquy.  
Federal Point—J. A. Biddle.  
The only applications received were from O. Bunting, Wilmington, and Jas. G. Wagner and S. S. Montford, Masonboro.  
The board adjourned, subject to call of the chairman.

The following committee was appointed by the Commander: Col. W. L. DeRosset, Col. A. M. Waddell and Col. E. S. Martin.

A motion was made and carried that the matter of erecting a monument to General Forrest at Memphis be referred to a committee of three, which will report at the next meeting. The following were appointed on the committee: Dr. Jas. Carmichael, Col. F. W. Kerchner and Capt. A. L. DeRosset.

## DEATH OF MR. DAVID STRUTHERS.

### A Good Citizen of Columbus County Passed Away Sunday Morning.

The STAR chronicles with regret the death of Mr. David Struthers, an aged and highly respected citizen of Grist, Columbus county, whose dangerous condition was noted in Sunday's paper. Mr. Struthers died on Sunday morning, soon after members of the family in Wilmington reached his bedside. He had been very ill for more than a year with a complication of diseases and for the past several weeks his death was almost momentarily expected.  
Deceased was a native of Glasgow, Scotland, and was in the 61st year of his age. He came to America in 1849 and settled in New Jersey, near Philadelphia. He moved South in 1866 and has since that time made his home in Columbus county. He was the pioneer in the truck growing business in the section of Chadbourn, which has now grown to such mammoth proportions. He was a man of inestimable value to his community and by his genial disposition and unwavering loyalty to every interest in life had drawn into a warm friendship with himself all who knew him.  
Deceased is survived by his wife, Mrs. Elizabeth Struthers; three sons, Mr. William Struthers, of this city, Messrs. Hugh and James Struthers, of Columbus county, and one daughter, Mrs. J. A. Sprague, of Wilmington. Friends of the family deeply sympathize with them in the sore bereavement which is theirs.

## A BIG DAMAGE SUIT.

### J. A. Perry, Ex-Superintendent of Streets, Will Bring Action Against F. T. Mills for \$10,000.

Mr. J. A. Perry, formerly superintendent of streets of the city, yesterday filed notice with the Clerk of the Superior Court through his attorneys, Rountree & Carr and Meares & Rourke, that he would bring suit against Mr. F. T. Mills, the well known horse dealer, in which he will ask for damages for alleged injury to his character by reason of the recent charges brought against him by the defendant in the matter of the municipal investigation regarding the rebates, which the ex superintendent was charged with having received on certain purchases for the city.  
While no complaint has yet been filed, a STAR representative was informed yesterday by one of the attorneys for the plaintiff that the amount of damages asked for will be \$10,000. In the meantime attorneys for Mr. Mills say they will push the investigation in which Mr. Perry is charged with receiving rebates and upon the whole it looks as if there are lively times ahead.

## THE BASE BALL TEAM.

### 'Johnnie' Foreman Arrived Last Evening. A Brooklyn May Come Next Week.

John Foreman, more familiarly known in the base ball fraternity as "Brooklyn," came in last night from Baltimore as the advance guard of the pennants chasers that Wilmington will put up in the Virginia-Carolina League this year. The remaining members of the team will be here by Wednesday evening; several of them are expected to-day. Then practice will begin in dead earnest for the opening game on April 18th. On and after to-day cars will be run to Hilton each afternoon and the practices will doubtless be watched with eager interest.

Manager Skelving is leaving no stone unturned to get the Brooklyn National League team here for games to-day and to-morrow week. The team practices in Charlotte on Monday and will then go to Norfolk. Manager Skelving is endeavoring to have them come by Wilmington for the two games on their way to Norfolk and it appears likely the team will come.
