Board of Health Yesterday Considered Plans of Philadelphia Company, But Took No Definite Action.

THE SEWERAGE PROPOSITION

In compliance with the new law adopted by the General Assembly just adjourned, the Board of Health met yesterday morning at the office of Mayor Waddell for the purpose of considering the plans as outlined by the Sanitary Sewer Company, of Philadelphia, which is now asking a franchise for the establishment of a complete system in the city. Nothing definite was effected at the meeting and the plans were referred again to the company for a further proposition.

Present at the meeting were Mayor Waddell. Drs. Geo. G. Thomas, C. T. Harper, F. H. Russell and Capt. W. R. Kenan, of the Board of Health; Oct. Jnc. B. Lewis, president, Major Chauncey Ives, consulting engineer, and Hon. Jno. D. Bellamy, attorney for the Sanitary Sewer Company; Mr. E. P. Bailey, chairman of the Streets and Wharves Committee of the Board of Aldermen, and Mr. W F. Robertson, superintendent of the

Clarendon Water Works Company.

The principal question of debate was upon the proposition of the Sewerage company to have all sewers east of Seventh street empty into Smith's The following is the docket of trial creek. Superintendent Robertson, of the Water Works Company, objected to this arrangement upon behalf of his employers, saying that while it was a question as to whether such an arrangement would contaminate the present approximate purity of the water supply, many of his patrons would object, and could not be constrained to believe the negative; that while his company had labored unceasingly to get a better water supply, he could but object to the arrangement under the circumstances.

It appeared to be the concensus ical Company vs. J. P. Kirvan; S & river. The matter will be considered at

Speculation Was Rife Yesterday as to Alleged Terms of Compromise. "Who Was It Receded?"

The public vesterday was on the qui vive for information regarding the terms of compromise, if indeed there were terms existing, by which the happy reconciliation of differences between the Mayor and Board of Aldermen was effected.

One man said "there was not th least recession on the part of the Mayor;" another said "the Aldermen got at least a part of what they wanted;" still another said "both sides receded;" others said "neither side receded, they simply got toge ther, found the breach not so wide as they expected, transformed the battle scene into a love feast and came out rejoicing." An Alderman said "nobody knows and the public will not know until Monday; we are satisfied.' Another Alderman said: "We have buried the hatchet, become harmonious and will give you a good city administration."

Thus was the subject discussed but Monday night it is expected that all will be clear and a town chock full of curiosity gratified. Alderman Bailey was yesterday approving the bills in the streets and wharves department, which is construed to mean that he will be shairman of that committee. injuries received in loading cotton at the compress last Fall. Mrs. Simon Lewis, of Currie, Bladen Co. Passed Away Last Week.

Mrs. L. M. Smith returned last evening from Currie, Bladen county, whither she was summoned last week on account of the death of her mother, Mrs. Simon Lewis, an aged and highly respected lady of that vicinity, who passed peacefully away on Tuesday. Mrs. Lewis was 68 years of age and was noted for her great pietg and noble character. She ihad been a member of Long Creek Baptist church for 51 years and was universally esteemed by all who knew her.

The survivors besides a sorrowing husband are four children: Mrs. L. M. Smith and Mr. J. W. Lewis, of Wilmington, and Miss Florence and Mr. S. W. Lewis, of Currie.

The funeral was conducted from Long Creek church Wednesday morning at 11 o'clock by the Rev. D. W. Herring and the interment was in the family burying ground.

"DUO VADIS" AT OPERA HOUSE.

Will Be Seen Here To-morrow at Matinee and Evening Performance.

The scenery displayed in the production of E. J. Carpenter's production of "Quo Vadis" consists principally of the Peristyle in the House of Petronius, the Statue Scene, the Garden of Aulus Plautius, Nero's Palace, interior of the Marmertine Prison, the Coliseum, the Roman Amphitheatre and Arena; the Burning and Destruc-tion of Rome, and the Death of Nero, the Sign of the Cross and the dawn of Christianity. While the theme of the play deals principally with a somber subject, the wit of Petronius and Chilo, the Greek philosopher, together with the overweening vanity of Nero, cause much amusement. This remarkable play will be seen at the Opera House tomorrow night. Seats are now on sale at Gerken's.

The ladies and gentlemen (not the shildren) who will take part in the Old Maid's Convention on the 19th inst., are requested to meet in the Elk's Hall on Monday at 4:30 P. M. distributors.

Safe Crackers in Wadesboro Jail Likely to Be Transferred to Wilmington.

There is a movement on foot to have at Wadesboro for the Morven, Red Springs and Raleigh robberies removed to Wilmington for safe keeping. As stated in yesterday's STAR the prisoners were bound over to the Superior Court in the sum of \$5,000. each, and as that court does not meet for the trial of criminal cases until September 2nd, it is believed safest to have them in New Hanover jail.

Col. W. J. Crosswell, superintend ent of this division of the Southern Express Company, who is interested in the conviction of the prisoners for the Raleigh express robbery, yesterday called on Sheriff Frank H. Stedman to ascertain if they would be admitted here. He was informed by Sheriff Stedman that he would receive them at any time, and it is presumed the necessary legal steps for the transfer will be had at once.

THE LOCAL PEANUT MARKET

Effected Very Little by Reported Corner from New York-Spanish Nuts.

In view of an Associated Press dispatch sent out from New York last week to the effect that a corner had been effected in the peanut market, a STAR representative yesterday called upon a number of the local dealers At St. John's Episcopal church and inquired as to the effect the re-

It was ascertained that the dispatch was correct so far as regards Spanish nuts but that it did not apply to North Carolina and Virginia varieties, in which there is no rise in price. sale at 80 cents per bushel, which is an advance over quotations a short time ago and they are said to be very scarce even at that figure. The rise in the Spanish nut is said to be attributable to the fact that there has been a patent granted recently upon an automatic device for selling peanuts in bags and as the Spanish nuts are in much more uniform size and more palatable, they have been chosen for use in the machines and hence the result is large purchases which amount, with the scarcity, almost to a

Cranston Arrived Yesterday-Players All Satisfied and Doing Good Work.

There was little news in the local baseball field yesterday, beyond the arrival of Cranston from Washington and two splendid practices by the team morning and afternoon. The men are hardening up in good shape and getting in good form. Cranston is pleased with Wilmington and is in good shape. The other players are doing well and are getting accustomed to the town and its surroundings' "Tacks" Allen donned a yachting cap yesterday and said he felt like a real Wilmingtonian. All are satisfied and

bets are already being made that Wilmington will capture two of the three opening games with Richmond Mr. Preston G. White has arranged to receive the opening game in detail by plays and innings and is making arrangements to have the game read just as each play is made in two or three places in the city.

There was nothing definite from the Brooklyns yesterday. They may come and they may not.

RALEIGH, N. C., April 6 .- Mem-

are putting in some hard work now. examining text books with a view to reporting April 23rd to the Text-Book Commission (State Board o Education, as to their merits and demerits, so that the commission may adopt text books for use in the public schools of the State in accordance with the provisions of the Aycock school law. A prominent member of the commission tells me that the sub commission will scarcely be ready to report by the 23rd. Such a great quantity of books have have been sub nitted in connection with the bids that the sub-commissioners find them selves in the midst of almost an endless task. There are ten members, all prominent educators from various parts of the State and they are all here working like beavers. There are also many representatives of book publishers here who are, as far as they can, indirectly helping along the work, in preparing briefs of their books, etc., so that the members of the commission may the more quickly arrive at their merits.

Chairman N. B. Broughton, of the executive committee of the North Carolina Sunday School Association, tells me that the work of the association, which is an inter-denominational movement, bids fair to break all previous records this year. With Prof. S. H. Crowell, of High Point, at its head, directing the field secretary work, an aggressiveness will be in jected into the work which will insure greater usefulness.

The report prepared by Chairman John C. Drewry, of the Streets Committee, and presented to the Board of Aldermen, shows that Raleigh has du-Spanish peanuts, however are finding ring the past six years macadamized seven miles of streets, put down thirtyone miles of curbing, and paved nineteen miles of sidewalk. The cost of this work has been thirty cents per square yard for macadam; eighteen cents per yard for curbing, and twentyfive cents for Belgian block. Raleigh s soon to vote another \$100,000 for street improvements.

During the past six years Raleigh has spent \$210,000 for permanent street improvements: \$150,000 from bond issues and \$60,000 from the general fund. North Carolina's capital city is pronounced by all visitors as rapidly becoming one of the most beautifu cities in the South, largely as a result of these street improvements. The oity furnishes to all property owners on improved streets, gratuitously, handsome maple shade trees, to which they require the property owners to give proper care.

[Special Star Telegram.] Martin's Defalcation.

Judge Francis D. Winston, of the committee examining the State Treas urer's books as to Major Martin's de falcations, said to night the examination had progressed to the close of the fiscal year '97, nearly three years of Mr. Worth's administration, and they find plenty of evidence of embezzlement-a large number of false entries as far back as '95 and '96. He thinks Martin's shortage will certainly be \$15,000 He expects the examination to be completed Wednesday.

Hon. Frank I. Osborne is here tonight. He says he has had information from United States officials at Washington and Greensboro to the effect that all suits against Democratic election officers will certainly be nol prossed. This is the meaning of the action at Greensboro in notifying defendants and witnesses not to attend court.

Saw Mill of Mr. W. D. Price Badly Damaged by Pire.

A correspondent of the STAR writing yesterday from Mount Olive says that the saw mill of Mr. W. D. Price, one mile from Mount Olive, was partially destroyed by fire Friday afternoon about 3:30 P. M. Mr. Price is an extensive manufacturer of berry and vegetable crates and this part of his plant was totally destroyed, causing a loss of from \$1,500 to \$2,000, upon which there was no insurance.

The STAR's correspondent says that this is the third fire loss which Mr. Price has sustained in business and the people of the community very generally sympathize with him in his repeated losses.
