An Eager Crowd Waited in Vain for Sensational Aldermanic Developments.

SEWERAGE QUESTION -AGAIN

Committee Reported Adversely On Ordinance Presented Last Week After Its Withdrawal-Who Shall Prosecute the City's Cases?

Those who expected sensational developments from last night's meeting of the Board of Aldermen, and there were many if one may judge from the large crowd that packed the inside rail in the city court room where the session was held, they were sadly disappointed.

The session was very tame and quite short-not over an hour in length. Members of the Board were a little tardy in arriving, but all had taken their seats when Mayor Waddell called the meeting to order at about 8.15 o'clock.

Upon motion of Alderman Harriss the reading of the minutes of previous meetings were dispensed with and the Mayor called for the presentation of any other matters that were for consideration.

Alderman Bailey stated that he had report from the committee on the sanitary sewerage matter.

Alderman West at this juncture said that he had been asked to withdraw the ordinance recently referred to the committee on the matter and thought a report unnecessary in that event. Alderman Bailey insisted on submitting the report and the Mayor stated that he saw no reason why it should not be submitted. . The report was read as follows: To the Honorable Mayor and Board

of Aldermen. GENTLEMEN - Your committee on the Wilmington Sewer Company by this board. E. P. BAILEY, W. E. MANN,

W. C. VONGLAHAN, Committee. Alderman Harriss wanted to know of Mr. Bailey the depth of the com mittee's investigation, stating that while he did not want to be unduly inquisitive into the matter, the members of the Board would probably want to know something of the plans. Alderman Bailey said thought it unnecessary to go into the matter in detail as the ordinance had been withdrawn, whereupon on motion of Mr.

Harriss, the report was adopted It was just after the adoption of the report that the curosity of the eager crowd of spectators in the room was satiated. They came to know about the committees over which there was a squabble between the Mayor and Aldermen last week, but which has

now been happily settled. Mayor Waddell said in bringing up the matter that he had given much thought and consideration to the matter of appointments at the outset. Since then events had taken place by which it became necessary to bring up the question again. With the single exception of Mr. Bailey, as chairman of the Streets and Wharves' committee, there had been no change whatever from the original appointments. He had, however, as stated at the last meeting appointed a Hospital committee to act conjointly with the county committee until the Board of Managers of the new James Walker Memorial Hospital take charge of the institution. The clerk then read the committees as follows:

The Mayor stated that it was a matter for the Board of Health and read at the suggestion of Dr. C. T. Harper, the city physician, the general sanitary ordinance adopted a year or more

Mr. Bellamy then offered the following resolution, with slight amendment by Alderman Bailey making it apply to all sewerage companies, which the Board saw fit to adopt and which Mr. Bellamy said would put the matter in formal shape for his com-

Resolved. That hereafter all sewers laid by the Wilmington Sewerage Company under its charter ratified March 6th, 1893 or any other corporation, shall be laid under the supervision of the City Engineer in accordance with plans approved by the Board of Health.

A member of the Aldermanic committee on sanitary sewerage was asked last night as to the reason for the adverse report on the ordinance submitted. It was gathered from him that the city would probably want to realize everal thousand dollars as a bonus for the sewerage franchise and that another reason for the adverse report was that the ordinance did not state when the system would be completed and did not contain

A SHOCKING TRAGEDY.

WITH WHOM HE QUARRELLED. Hardison Fired On film While He Was Retreating: Then Made Good His Es-

A. L Hardison, a young white man aged about 21 years and employed at times in the weaving rooms of the Wilmington Cotton Mills, last night at 7 o'clock shot and almost in stantly killed Mannie Breece, an associate, aged about 18 years, with whom he had a quarrel at Front and Wooster streets, over a trivial matter in the po lice court yesterday morning, in which Hardison's father prosecuted a man named Keeter for an assault. Hardi son made good his escape and despite streets, north and south, and Seventh | the most vigilant search by the police, he had not been apprehended this morning.

Mr. B. M. Wilson, who keeps

grocery store at corner of Front and Wooster streets, was an eye-witness to the shooting. He stated to a STAR reporter shortly after the murder last night that Breece and Hardison began quarrelling in front of his store and were using very violent language. He told them to stop their quarrelling or move on. Breece said all right and Mr. Wilson stepped back into the store. Very soon they began again and Mr. Wilson heard them get together before he could reach the door to reprimand them a second time. Breece had a knife when he first heard them quarrelling and he judged from the sould of the scrimmage that they were fighting with instruments of this kind. When Mr. Wilson got to the door they had broken loose and Breece was running sideways down Front street toward Dawson and looking backward at Hardison. Mr. Wilson says that to the best of his recollection Hardison then stepped back, drew his pistol and fired twice, at the same time exclaiming "Let him come," with an oath. Breece staggered on down the street to Mr. Marcus Grav's store and fell into the proprietor's arms, saying "Hold me." He died in a few minutes and before Mr.

but he did not see other injuries. Policeman J. A. Martin soon came upon the scene and traced Hardison down Wooster street to a house occupied by a Mr. Barfield, where it is said he washed the blood from his forehead and jumped over a fence and disappeared. Chief of Police Furlong, who was very soon upon the scene with a special detail of five men, completely scoured that section of the city for Hardison, but failed to find him. He lives with his father and other members of the family at Second and Dawson streets. Breece lives with his mother and several sisters at

Front and Wright streets. Coroner Stokes was then notified of the death and after viewing the body ordered it sent to the young man's nome. He also gave an order to the police for Hardison's arrest.

The wound which caused Breece's death was from a 32 calibre pistol and the ball entered just under the left shoulder from the back and, it is presumed, penetrated the heart.

A coroner's inquest will likely be held this morning. In the meantime the authorities are using every effort to effect Hardison's arrest. He is easily identified by the wound about his temple.

Left for Portland, Maine.

Chief Engineer E. P. Webber, of the revenue cutter service, left Sunday night for Portland, Me., where he joining Mr. Webber.

Mr. James S. Daggett, Formerly of Wifmington, Met Tragic Death by Contact With Live Electric Wire.

The distressing news of the tragic death of Mr. Jas. S. Daggett, youngest son of the late W. T. and Mrs. Elizabeth R. Daggett, of this city, was received by members of the family here in a telegram from Bluefield, W. Va., last night at 9:18 o'clock. The telegram stated that young Mr. Daggett had been killed by coming in contact with a live electric wire, but beyond this no particulars of the sad and un timely death were received.

The telegram was addressed to Mrs. Daggett and read as follows: "Your son, James Daggett, was killed to night by live electric light wire. Please advise what to do. Bluefield Telephone Company." It is useless to state that the sad news, especially coming so quickly after the death of his sister, Mrs. B. O. Stone, two weeks sgo, brought universal sorrow to his numerous friends here and members of the family were simply overcome with grief. He was a boy of very bright promise, and had only on last March 8th attained the age of 21 years. He was manager of the Bluefield Telephone Company and was highly esteemed by the people of his adopted home, whither he went from Pulaski, W.Va., about a year ago. He left Wilmington only about two years since and is favorably known to many Wilmington people for his sterling quali ties in young manhood and his many admirable traits of character.

Last Wednesday night he left Wil mington after a visit to his old home on account of the death of his sister and had hardly reached his place of business when the heart-rending news of the fatal accident came back to his already grief-stricken mother, sister and brother, in Wilmington. No funeral arrangements have yet been made but it is expected that the remains will arrive here to-morrow morning. The announcement will be made later.

Deceased is su vived, besides his nother, by two brothers and two sisters; Mr. W. W. Daggett, of Pulaski City, W. Va., comparatively a short distance from Bluefield; Mr. Walter H. Daggett, of Wilmington; Mrs. J. E. Norwood, of Newberry, S. C., and Miss Beth Daggett, of Wilmington They all are receiving the deepest manifestations of sincerest sympathy.

CALL TO REV. R. BLACKWELL.

Considering a Call From Prominent Bap-

tist Church at Newport News, Va. The members of the congregation of the First Baptist church are somewhat exercised over the fact that their pastor, the Rev. Dr. Calvin S. Black well, is considering a call to the pastorate of a prominent church in Newport News, Va. Members of the congregation with whom a reporter talk ed yesterday, however, expressed the hope and opinion that Dr. Blackwell would not accept but will remain here with a congregation by which he is

so universally beloved. There are, however, many ties which bind Dr. Blackwell dearly to Virginia, and it is feared that this view of the question and the fact that Newport News is a more promising field will induce Dr. Blackwell to accept. Such an announcement would evoke very great regret, not only his own denomination but by the community at large.

Another Pitcher Signed.

J. Lawrence Stewart, of Monroe, N. C., has been signed by Manager Peschau of the Wilmington baseball team and he will report for duty in a day or two. Stewart is a pitcher with an enviable reputation and will be a valuable acquisition to the team. He played last season with the Abbeville, S. C., team, and at the close of the season pitched and won the championship game for Greenwood, S. C. He is highly recommended by several members of the Wilmington team, who played with him last season. Clayton, of Williamsport, Pa., who has been signed as a general utility man, will arrive this morning.

With the Naval Reserves.

The regular monthly inspection and business meeting of the Naval Reserves is postponed from to night to Wednesday night at 8 o'clock. The Royal Grand Bouncers will hold their monthly meeting after the business and the degree team will practice for the initiation of several candidates. A sired, especially the team. They will also consider the matter of having the order chartered by ithe Secretary of State.

The Menhaden Pishery.

Capt. J. F. Bussells, of Cape Charles. Va., arrived yesterday and went down to the new menhaden fishery near Old Brunswick. The company's steamer Clara Ellen is already making good hauls of fish and work is going on satisfactorily at the factory. It is expected that in the future much of the local demand for fish scrap will be supplied by the home enterprise.
