VOL. LXVIII.-NO. 41.

WEDDED YESTERDAY.

Pretty Afternoon Marriage Cele-

brated in the First Pres-

byterian Church.

Ceremony Impressively Performed by th

Rev. J. M. Wells, Which United in

Matrimony Two Popular Young

People-The Reception.

The marriage of Miss Claribel F.

VanDyke, daughter of Mrs. E. G.

VanDyke, of Canton, Pa., and niece of

Col. and Mrs. F. W. Foster, of this

city, to Mr. Roger Moore, a popular

and well known young business man

of Wilmington, was beautifully cele-

brated yesterday afternoon at 5:30

o'clock at the First Presbyterian

church, Rev. Dr. J. M. Wells, the pas-

The sacred edifice was tastefully

decorated with a wealth of smilax and

many tropical plants and was well

filled with the hundreds of friends of

the popular young people who plight-

While the wedding guests were

arriving, a special quartette with Mr.

E. H. Munson accompanist, rendered

a beautiful programme of vocal music

including "The Bridal Chorus" from

the "Rose Maiden" (Cowen); "Narcis-

sus" (Nevin); "March of the Invin-

cibles" (Haesche). The quartette was

composed of Mrs. W. L. Latta, Mrs.

Jas. D. Smith, Mr. Charles V. Mott

Mrs. Latta sweetly sung as a solo:

The party entered the church to a

wedding march from Lohengrin and

during the ceremony Mr. Munson

softly played "Oh Promise Me." The

ribbon girls, the tittle Misses Florrie

Wright and Emma Woodward

daintily dressed in French nainsook,

came first ; then came the ushers, Messrs.

Jno. B. Peschau and Frederick D.

Bolles, followed by the maid of honor.

Miss Francis Moore, of Charlotte,

who wore an attractive gown of white

silk mulle with chiffon hat and a bou-

quet of La France roses. Next came

the bride upon the arm of her uncle,

Col. F. W. Foster, the party being

joined at the chancel by the groom and

best man, his brother, Mr. Edwin Y.

Moore, who entered from the door

south of the altar. The bride was most

beautifully gowned in French and old

rose offeta with lace and mouseline

trimming and with a corresponding

hat of chiffon. She carrried a

shower bouquet of brides' roses

and lilies of the valley, and as the

party grouped about the altar and the

ceremony was being performed by Dr.

Wells, the scene was most impressive

Manager Peschau treated his home patrons to a double-header at the base ball park yesterday afternoon for the price of one and as a reward for his generosity in this direction, the two games with Newport News-the first a league contest and the latter an exhibition game-were witnessed by

something over 600 people. In both games Ashenback's pets lost and lost badly. The league game resulted in a score of 8 to 0 in favor of

OUT AT SECOND.

test was lost to the Shipbuilders by a score of 12 to 1. The score indicates that both were one sided games but they were not so much that way as one would imagine. Captain Stafford's boys were in the game from start to finish, and no team in this or any other league has played faster ball this sea-

The Shipbuilders in the first gamethe one that counts-played well, but the Giants were too much for them. In the second contest they did not do so well, but it was a fair article of ball just the same. Hierberger was hit freely in both games while Foreman made monkeys of all of them in the first and Allen did almost as much in the exhibition. Hierberger was a slow twirler and the Giants batted him all over the field at opportune times. Stafford in the seventh inning of the first game made one of the greatest hits of the year. There were no men on bases, but he squared himself for one of Hierberger's slow balls and sent it of sight over the left field fence in the direction of the North Carolina Cotton Oil Mills. It went a comfortable distance above all the rees, and set the grand stand and bleacheries wild. He followed this with another three bagger during the first game, and in the exhibition he got two others of the same kind.

Ciayton, in both games, played the finest short ever seen here, and did well with the stick. Foreman was never better, and pulled himself out of a deep hole in the first game by superb

MANY WERE RETIRED AT FIRST.

work. He had allowed three men to walk with only one man down, and all three of the promenaders were on bases. He made one of the next up beat the air, and the third man down went out from the infield.

Warren also played good ball and hit well. The invincible "Tacks" Allen also did splendidly, and well sustained his great reputation of having won five out of the six games pitched.

Cranston did exceedingly well behind the bat in the exhibition, and did some fine base running. At one point in the game an effort was made to catch him at second, but he turned round and flew back to first and finally succeeded in landing safe by a long slide though both basemen were right upon him. Thackara also played his usually good game but did not have the opportunities of former games

Johnson played a beautiful centre field for the visitors and Diesel was Thomas and Gans.

out the game but at no time was he discouraged. The following are the tabulated

scores by innings and a summary of the two games during the afternoon.

Notes of The Game. To-day the "Giants" will meet "foe men worthy of their steel." There was a mistake in the STAR's per centage column as to Raleigh yesterday morning. It is corrected to-

Stafford's wonderful drive over left field fence was the leading feature of the games yesterday, and was vigorously applauded.

Vorhees is expected to-day on the S. A. L. train from Charlotte, He will pitch one of the games with Norfolk and will win it.

Warren was at his best yesterday. He was tickled with the STAR's graveyard rabbit foot before going in the field and this gave him good luck. The anxiety to witness the great struggle between the "Giants" and

the "Skippers" is expected to draw the biggest crowd of the season to day. The crowd "went wild" yesterday over the base-running of "Reddy" Cranston. His clever work in dodging the "Shipbuilders" between first and second bases evoked side-spliting

laughter. Manager Peschau has farmed Osteen to the Newport News team for two months. This means that when Manager Peschau wants him back again, he can get him. He left with the team last night for Raleigh.

Seabring, Wilmington's new left. fielder from Williamsport, Pa., will get here to-day. He comes on "Tacks" Allen's recommendation, as Clayton did earlier in the season, and if he is as "fine" as Clayton- he's all right. President Cunningham, of the League, will be along with the Norfolk team from Raleigh on the A. C. L. train this morning. All large men in the city are expected at the Park to compare with him" this afternoon.

Thackara slightly injured his thumb in the first game yesterday, and was will be incapacitated for the Norfolk game to-day, but "Reddy" Cranston will be behind the plate, and all will be well. Stewart will pitch the game to-day and will win it.

The reason that the second game vesterday was an exhibition contest is that according to league rules no double header can be played in the first series without the consent of both managers and Ashenback would not agree to a double-header-and its well for Ashenback that he didn't The postponed game will be played here when Newport comes again. FRANCHISE GRANTED.

Plans of Wilmington Sewerage Co. Adopted Last Night by Board of Aldermen.

AFTER SPIRITED DISCUSSION

Number of Routine Matters Considered a the Special Meeting—Health Officers Elected-New Patrol Wagon. For Street Improvement.

The Board of Aldermen wrestled again last night with the sewerage problem and wrestled with perhaps a little more animation, but with less length than at Monday night's meeting, when midnight found the council still in session pondering over the multitude of routine matters that had been temporarily set aside earlier in the evening to give place to the sewerage discussion.

At last night's meeting Mayor Waddell and all members were present except Alderman Spencer and in the teeth of an adverse report from the Sewerage Committee, consisting of Aldermen Bailey, VonGlahn and Mann, the franchise was granted to the Wilmington Sewerage Company after a heated discussion mainly between members of the Board.

To use a baseball phrase the sewer age question was "first up" and Alderman Bailey offered the following

GENTLEMEN-Your Committee or Sewers beg to make the following report: We asked officially in our last report of the Wilmington Sewerage Company the following questions (1) What is the size of the precipitating chamber? (2) Will the chamber have the capacity, without overflowing, to hold the accumulated sewage until filtered off? (3) Will the filter perform the functions for which it is intended? (4) Is there a liability of the filter becoming clogged, disar-(5) What price is the Wilmington Sewerage Company going to charge, per connection, for sewage service—the maximum and minimum price? (6) Will they indemnify the city of Wilmington for all damage in the event the precipitating chamber or the filter or the process fails to oxidize the organic matter in the sewage before discharg ing into Burnt Mill Creek?

These questions remain unanswered although we met the representative of the Wilmington Sewerage Company, as per promise and appointment, Tuesday morning, 7th inst, at 9 o'clock, at the office of J. H. McRee, city engi neer. The representatives of the Wil mington Sewerage Company stated before this Board at the last meeting, that the plans they submitted con formed to the Harring plans. We find this is not the case, for the size of some of the mains are reduced as is also the case with many of the laterals, from eight inches, in the Herring plans, to six inches in the plans submitted by the Wilmington Sewerage Company. In addition, where the Herring plans call for man holes, the Wilmington Sewerage Company's plans call for lamp holes. The sewer plan known as the Herring plan was prepared by Rudolph Herring, who was the recognized authority in the United States on sanitation, for the city of Wilmin ton, and he was paid for this work fifteen hundred

On account of these alterations and also on account of the Wilmington Sewer Company failing to answer the questions officially asked by your committee, we are obliged to report adversely to the plans of the Wilming-

ton Sewerage Company. Very respectfully, E. P. BAILEY, W. C. VONGLAHN, W. E. MANN.

Upon motion of Alderman Harriss the report was "received and filed" and in lieu of an adoption of the same he offered the following: "That the plans submitted by the Wilmington Sewerage Company and approved by the State Board of Health and the Board of Health of the city of Wilmington be approved by this Board." This was amended by Alderman Parker to include the proviso that the "said company give written guarantee that it will extend the system within three months after water pipes are laid by the water works com-

An ayeland nay vote resulted as follows: Aye, Messrs. Harriss. West. Parker and Skinner; nay, Messrs. Bailey, Mann, Johnson and Von-Glahn. It then devolved upon Mayor Waddell to cast the deciding ballot, which he did by a vote of aye. After the decision by the Mayor Mr. Bailey asked that he be recorded as voting "ave." Mr. Maunder, who was engrossed with other matters and did not vote at first, also asked to be recorded "ave."

pany."

Hon. Jno. D. Bellamy, attorney for the Philadelphia capitalists who have spent six weeks in the city in a hitherto fruitless effort to get a franchise and who left the city in a very much inconciliatory mood Tuesday night, was seen after the meeting last night and asked if he believed the gentlemen would return to the city and take up the work. He replied that he did not know but that a very strong effort would be made to induce them

to return. Other Matters Before the Board.

Upon the recommendation of the Board of Health Mr. E. W. Hewlett was elected a permanent health officer, making the complement of three, and Mr. T. H. Johnson was elected to a temporary position in that department during the Summer months.

In compliance with a request of Mr. W. H. Sprunt he was allowed to replace the fence on the stone foundation around his residence at Third and Grace streets, he having agreed to move the same back to the street line when adjoining fences are thus removed.

The various monthly reports were read and adopted. An application of Clerk Chadwick at Fourth street market for a restoration of his salary

from \$25 to \$40 per month, was re

ferred to the Market Committee. Certain property owners petitioned that Third street between Hanover and Harnett streets be improved. The petition went to the committee.

The Chief of Police was authorized to rent a patrol wagon until another could be purchased in the place of the one now in the service and unfit for use. The meeting then adjourned.

WHOLE NO. 10,521

A number of gentlemen were asked after the meeting as to the significance of Mr. Bailey's vote in the affirmative on the sewerage question after his original vote of nay and the very pronounced resistance that he had offered to the franchise all along. Mr. Bailey himself was rather disinclined to discuss it, but it is suggested that at a future meeting he desired by thus voting to move for a reconsideration.

REPORTS FROM HAIL STORM.

The Damage is Immense in Some Sections of the Trucking Belt. The STAR yesterday published pretty

full accounts of the hail form throughout many sections of the East Carolina belt. The following specials were received last night: MOUNT OLIVE, N. C., May 8,-The extent of the damage by the

hail storm yesterday afternoon may be gathered from the fact that Capt. C. B. Elmore, of this place, conceded to have had five acres of the finest berries in our county, suffered almost a complete loss by the hail. He was offered by one of our commission men \$800 a few days ago and to-day you can get his crop for \$50. The hail in his field after the storm was about four inches deep and in drifts almost twelve inches. Such a storm has never been seen in this country before. Not only Capt. Elmore has lost but several others have suffered severely. Mr. B. W. Southerland's crop was badly injured. The storm appeared to have taken a streak about one-half or three quarters of a mile loss in this section is about ten thou

sand crates of berries. CURRIE, N. C., May 8. - Strawberries were damaged to the extent of about one-half within a radius of two miles of this place. Elsewhere the damage is about one-fourth. Other crops are not so badly damaged.

The Revival Meetings.

Both the revival services at Grace M. E. church and Brooklyn Baptist church are being attended by much success this week. At the former Rev. J. E. Schoolfield is preaching to large congregations, morning and evening, and at Brooklyn church Rev. O. L. Stringfield is holding services daily at 3:30 and 8 P. M.

PERSONAL PARAGRAPHS.

- A telegram received from Mr. E. R. Foster yesterday afternoon states that his sister's condition is much improved and that he will return from Philadelphia to-day.

- Mr. Eli W. Hall, of Mexia Tex., accompanied by his two children and his sister. Miss Maude Hall, are visiting in the city, the guests of the family of Mr. Arthur Holmes.

Mr. H. C. Bentley, of the Sydnor Pump and Well Co., Richmond, Va., has joined his wife who has been here several weeks as the guest of Mrs. Bentley's mother, Mrs. G. W. Bronson, corner Fifth and Grace streets.

- Raleigh News and Observer "Mr. and Mrs. W. J. Martin, whose marriage took place on April 30th in Wilmington, after a bridal tour of Western North Carolina, reached Raleigh yesterday and are on South Salisbury street, at Mr. J. N. Hold-
