Shortness in the Crop.

The Indiana Judge who sent a young man to a reformatory for three years and fined him a dollar for taking another man's umbrella in a storm, had probably lost some umbrella himself and took this opportunity to get even.

It is estimated that there are 6,000,000 peach trees in Georgia.

It is estimated that there are 6,000,000 peach trees in Georgia bearing this year, and that the crop, notwithstanding drawbacks, will amount to 4,000,000 crates, worth \$4,000,000. This does not include the amount consumed at home.

It is said that five hundred persons are killed by lightning in this country every year.

It is said that five hundred persons are killed by lightning in this country every year. Lightning is supposed not to be a discriminator as to persons when it strikes, but we do not think we ever heard of a lightning rod vender being struck by it.

Liquor Licenses and Tax Ordinance Considered at Special Session Yesterday.

WANT TO TREBLE ICE TAX.

Ordinance Adopted Closing Saloons at Midnight—Something Said About Removing Saloon Screens—Aldermen After Ice Manufacturers.

The Board of Aldermen held a decidedly interesting session yesterday afternoon. It was a special session called for the express purpose of passing on liquor licenses and to consider the recommendation of the Board of Audit and Finance relative to a reconsideration by the Aldermen of the license tax ordinance.

The meeting was called to order about 3:30 o'clock by Mayor Waddell with Aldermen Bailey, West, Harris, VonGlab, Mann, Maunder, Parker and Johnson present.

After the Mayor had stated the two-fold object of the special session, the applications for liquor licenses were taken up. All of the applications, numbering fifty odd, were passed without objection, except three, of B. H. J. Ahrens, corner Seventh and Market streets; J. E. Hinnant, No. 6 South Front street, and Westbrook & Co., just north of Fourth street bridge on the eastern side of the street.

The applications of the first mentioned two were for renewals of licenses.

Alderman Harris thought it fair that all objections be specifically stated and suggested that upon each objection a committee of three be appointed to make due investigation and report to the next meeting of the Board; such a committee to consist of three aldermen and two of the three to be the aldermen from the ward in which the applicant wished to do business.

Alderman Maunder objected to a license being granted Westbrook & Co. on account of the location. He stated that a saloon had been located once before where Westbrook & Co. desired to carry on business and that it had been a public nuisance; that at times ladies couldn't sit upon the piazza of their residences, so great was the disorder. He then presented a petition of about twenty-five citizens living in the vicinity of Fourth street bridge sustaining his objection.

Alderman Harris did not think the locality should be considered, as one person might run an orderly saloon while another might not be able or have the inclination to run such a place. He then placed his former suggestion in the form of a motion, which was carried, and Mayor Waddell named Alderman West to act with Aldermen Maunder and Spencer.

The objection to Mr. Hinnant's application was next taken up. It was raised by Alderman Johnson, who characterized Mr. Hinnant's place on Front street, near Market, as a disorderly and also stated that Mr. Hinnant had been convicted of selling whiskey on Sunday.

Alderman Mann took exception to Alderman Johnson's objection. He said in his opinion that Mr. Hinnant kept an orderly saloon as any one. He also said that Mr. Hinnant had been convicted of selling liquor on Sunday, but that it had only been on a technicality and that the circumstances deserved commendation rather than condemnation. Mr. Hinnant had only sold whiskey to a man for immediate medicinal purposes.

Mayor Waddell verified Alderman Mann's statement relative to the evidence upon which Mr. Hinnant was convicted.

Alderman Bailey spoke in favor of granting a license.

Alderman Parker thought that Alderman Johnson's remarks relative to Mr. Hinnant's keeping a disorderly place was a reflection on the police force whose duty it was to observe order.

Mayor Waddell assured the board that the policemen would not have permitted any disorder at a saloon.

Chief Furlong stated when questioned in the matter, that Mr. Hinnant's saloon was always kept orderly and that people had not entered the place on Sunday since he had been in charge.

Alderman Harris wanted his former motion relative to an investigation committee to be appointed to prevail, but Alderman Parker saw no necessity for such a step and amended the motion to "granting the license."

Alderman West seconded the amendment, which was carried.

The objection to Mr. Ahrens' obtaining a license was raised by Alderman Harris. He stated that at times he considered Mr. Ahrens' place very disorderly, and that upon several occasions he had been compelled to telephone for the police to preserve order among the negroes who nightly congregate at his place and drink and carouse.

Mr. Ahrens, who was present at the meeting, stated that he always preserved order at his place and called upon Alderman Johnson to substantiate his statement.

Alderman Johnson said he had already thought Mr. Ahrens' place thoroughly orderly, but thought it best to refer the application to an investigation committee.

Alderman Bailey favored granting the license, and so amended the "investigation committee" motion, which had been made by Alderman Harris.

The amendment failed to receive a second and the motion was carried.

Mayor Waddell appointed Alder-

TARBORO, N. C., June 26.—Wilmington won the third game of Tarboro to day in a game full of close plays, mingled with costly errors, and Allen and Ashenback were both hit hard at times when his meant runs.

GOLDSBORO, N. C., June 26.—Wilmington won to-day's game at Tarboro in the one of the poorest played games of the season. There was a continual kick from both sides at the umpire, as there were decisions on both sides that were too plain to be missed by any one with average eyes and ability. Ashenback was in the box for the Tartars and Allen did the slab work for Wilmington. Ashenback was wild and was hit rather freely; but for the many errors behind him Allen would have had little trouble landing the game. Though the game was poorly played, there was a great deal of excitement among the fans of Tarboro, as their team gradually closed up the gap in the score. Twice during the game, with a man on first and third, Allen caught his man trying to go to second, and both times the man scored from third. With the score 9 to 7 in our favor, in the ninth Tarboro scored one on his, leaving Gilligan on first. He attempted to steal and was thrown out at second by Thackara. Foster, the next man up, made a two base hit which would have scored Gilligan had he remained at first, and tied the score. But the next man up flew out to Sebring, giving us the game by a score of 9 to 8.

The Third Annual Session of the North Carolina Bar Association

AT WRIGHTSVILLE BEACH.

Called to Order by Hon. Clement Manly. Address of Welcome by Robt. Ruark. Election of Officers.

The first meeting of the third annual session of the North Carolina Bar Association was held last night in the spacious ball room of the Seashore Hotel. The meeting was called to order by Hon. Clement Manly, of Winston, chairman of the Executive Committee, and the major part of the evening was taken up with speech making. Those occupying seats on the rostrum were Hon. Clement Manly; Major Charles M. Stedman, president of the Association; Senator J. C. Pritchard, Robert Ruark, Esq., and C. Crawford Biggs, Esq., secretary of the Association. As the chairman of the Executive Committee rose to call the meeting to order, and just as his gavel fell for order, his voice and the sound of the rap for order were drowned by applause and titters of laughter. An apparition in white flannels had appeared in the hall, and was leisurely strolling to a seat at the front. The chairman gasped for breath, and the Hon. George Rountree, in a brand new suit of white flannels, with slippers to match, smiled benignly on the assembled crowd.

U. S. COURT AT AN END.

Recess Term Cut Short Yesterday—Decree of Mortgage Foreclosure Against the Street Railway.

The recess term of the United States District Court was brought to a sudden close yesterday on account of the serious illness of Judge Furnell's daughter, which necessitated his presence at his home in Raleigh. He left the city yesterday afternoon.

The important matter before yesterday's session was the signing of a decree of mortgage foreclosure in the suit brought by the Morton Trust Co., of New York, against the Wilmington Street Railway Company.

Argument was resumed in the case when court re-assembled yesterday morning at 9 o'clock, and speeches were made by George Rountree, Esq., Junius Davis, Esq., and Hon. John D. Bellamy.

Upon conclusion of the argument Judge Furnell signed the decree, with a few exceptions, as presented by Messrs. Rountree and Carr, representing the railway.

The decree gives the railway company forty days to settle the \$150,000 mortgage, which, if not paid at the expiration of that time, is to be foreclosed, the property being advertised for sixty days and then sold.

Mr. A. B. Skelding, the general manager of the railway, was appointed a receiver to take entire charge and deposit all receipts of the railway in the Atlantic National Bank, subject to orders signed by the court. Mr. Skelding's receiver's office commenced at noon yesterday.
