THE SUNDAY SCHOOLS BEAUTIFUL WEDDING AT ST. JAMES' CHURCH

Mass Meeting of Workers Addressed by Prof. S. M. Smith at the Y. M. C. A.

COUNTY ORGANIZATION

Was Decided Upon and Committee Ap pointed to Enliven Interest in Townships-Two Able Addresses by the State Secretary.

Two interesting mass meetings o the Sunday School workers of the city were held yesterday afternoon and last evening at the Young Men's Christian Assocciation, the first of the sessions having begun at 4 o'clock and the second at 8 P. M. The occasion of the meetings was a visit to the city of ly beautiful. Prof. S. M. Smith, of Elon College, Secretary of the State Sunday School Association, who came to Wilmington in the interest of the work embraced in the domain of Sunday Schools in North Carolina.

The afternoon meeting was presided over by Prof. Washington Catlett, president of the Interdenominational Sunday School Conference, a local organization in Wilmington. After a very fervent prayer by Rev. Dr. J. M. Wells, pastor of the First Presbyterian Church, Rev. Dr. Calvin S. Blackwell, pastor of the First Baptist church, introduced Prof. Smith, emphasizing the necessity of a more thorough and systematic organization of Sunday school workers and commending the speaker to the earnest attention of those present.

Prof. Smith discussed briefly the advantages of an organization of Sunday school workers in New Hanover county in order that the systematic work being done by the Interdenominational Conference may harmonize with and become a part of the State work. He was listened to with much pleasure and great profit.

Upon the conclusion of Prof. Smith's interesting address Rev. Dr. A. D. McClure made a motion which prevailed to the effect the that different townships in the county be organized in connection with the International Sunday school Association of the State work and that Prof. Catlett, Mr. P. Heinsberger and Rev. Dr. Blackwell bring this to the attention of the next meeting of the Interdenominational Sunday School Conference. After a song by the choir and audience, Mr. J. C. Story, of Immanuel Presbyterian Church, of-

fered prayer and the meeting was ad-

journed. Mr. W. B Cooper, superintendent of Grace M. E. Sunday School, presided at the evening meeting, which was held in the double parlors of the Association building. After a song service, with Miss Britt as organist, Rev. Dr. A. D. McClure introduced Prof. Smith, who again spoke at length of the plan of organization formed at the afternoon meeting. He called attention to the fact that this is an age of organization as shown in the various trades and professions. It is not so much organic unity, he said, that the State Association is striving for, but spiritual unity. Interesting statistics were quoted as to

the accomplishment in Illinois of interdenominational organization. Discussing the educational phase of Sunday School work, Prof. Smith said "It is not so much more schools, but better schools; not so much that we have a greater number of superinten dents but better superintendents; not

so much more teachers, but more

efficient teachers." Discussing the Sunday School from spiritual standpoint he said "The Sunday School is a part of every pas tor's pulpit; the standing revival field of the church The children of the schools are easy to reach and save from sin. Seventy-five per cent. of the church membership is engaged in the Sunday Schools. The best people in the world are in the church and the best people in the church are in the Sunday School."

Upon the conclusion of Prof. Smith's address, Mr. Cooper spoke in complimentary terms of the words of the speaker and promised his best efforts towards the promotion of the principles of the organization.

A song by the congregation and a prayer by Rev. J. N. Cole, pastor of Grace M. E. Church, closed that which proved to be one of the most interesting and entertaining meetings of Sunday school workers held in Wilming. ton in some time.

A fourth straight went to the Hornets from the champions yesterday in a game characterized by good ball playing on both sides and especially so as to Allen on the slab for the locals. His work to the batter was very much above the average and with men on bases his "head was always with him." He eminently deserved to win his game, but it was not the day to break the losing streak and shake off the hoo-doo, and he lost. There were several pretty catches, notably that of Sebring's in deep left

and a stop by Warren on third. The locals were not in their old form with the stick and could not get the ball on the ground. They deserved more hits at the hands of Hooker, but brilliant outfielding cut many of them

The game opened with a pass to Weaver and a sacrifice by Bigbie. Allen sent Drauby to first and Knau singled, scoring Weaver. Swander bunted and Drauby was caught at the plate. Swander stole second and with two runs to the bad, opened with Clayton's fly out to right and a beautiful two base hit to left by Devlin. Sebring got a pass but with only one Raleigh ...... 010002030-613 man down, Warren and McGinnis each flew out high and long to right.

Clark, Hooker and Weaver retired the visitors in the second Bass having rode to first. For the locals Capt. Thackara sawed and Frost and Regan were out, second and catcher on bunt. The third and fourth innings were "out in their order" for each team, save a two base hit for Drauby, a sin gle by Thackara and Gates, sacrifice

by Clark and passes to Clayton and The fifth inning was also non productive of runs for either team and the Hornets put their third and last run in cold storage in the sixth on a single by Swander, a sacrifice by Gates and a base hit by Bass which he tried to stretch to a double and was caught at second, Swander scoring in the mean-

time. The remaining innings were characterized by fast and furious ball playing, during which neither team scored delegating to the scorer the painful duty of recording a shut-out for the

locals. There is a world of baseball information in the figures, which are as follows:

ROCK QUARRY

Suit Against the Municipality for Damages for Operation of the Mines.

COMPLAINT FILED YESTERDAY hour before the game he may get the

rough edge off and do some excellent Ouestion of Ownership of Property Between Mr. W. A. Wright and Mr. Jno. W. Monk-City Indemnified Against Liability.

The complaint in an interesting suit involving the title to the tract of land upon which the city rock quarry in East Wilmington is located and in which the city is made defendant in a claim for damages for trespassing in the mining and removal of rock therefrom, was filed yesterday morning and the case will come up for a hearing at the next term of the New Hanover Superior Court.

The suit grows out of a question a to the title of the property upon which the quarry is located as between Mr. W. A. Wright, from whom the city leased it, and Mr. Jno. W. Monk, who also lays claim to the tract. The controversy over the possession of the property was made known to the Aldermen of the city several months ago and to guard against a possible liability in the premises, an indemnifying bond was required from Mr. Wright before pay ments would be made for rock quarried. However, the suit will be an interesting one, though City Attorney William J. Bellamy, with whom a re porter talked yesterday afternoon, was confident that even an adverse verdict, with the indemnity offered by Mr. Wright, would not result in financial loss to the city.

The complaint in its first section alleges the ownership of the land by Mr. Monk and gives detailed boundaries of the same. The section sets forth that on or about March 30th, and for some time prior thereto, the defendant city wilfully and unlawthe institution of this action has trespassed upon the said lands and mined and removed therefrom a large amount of shell or lime rock, to the value of \$10,000.

The third section sets forth the alle gation that on March 30th, 1900, the plaintiff served a written notice upon the defendent, stating that he would hold the city liable for all damages arising to said land by reason of the excavations and mining and the removing of rock from the soil, but that the defendant has wilfully and unlawfully persisted in making the excavations and leaving the same open and damaging the property to the extent of \$10,000.

The fourth section of the complaint sets forth that the plaintiff, J. W. Monk, conveyed the lands in question by deed of mortgage to F. M. Galloway, testator of Henry Galloway, deceased, who is made a party plaintiff to the suit. Messrs. Bellamy & Bellamy and

Bellamy & Peschau represent the

plaintiffs, while City Attorney Wm.

will look after the interests of the defendant.

Forthcoming Marriage. Cards were mailed yesterday an nouncing the marriage of Miss Ma mie McIntire, daughter of Mrs. I.
