## THE ANNUAL MEETING

Young Men's Christian Association Elected Trustees and Directors Last Night.

REPORTS FROM DEPARTNENTS

All Show Increased Work and Greater Advantages Offered-Many New Peatures to be Added-Other Officers to be Chosen.

The annual meeting of the Young Men's Christian Association, of Wilmington, at which an election of officers and trustees for the ensuing term took place, was held last night in the handsome building belonging to the Association on Front and Grace

Mr. W. L. Latta was in the chair as resident and Mr. J. A. McGeachy kept a record of the proceedings. There was a good attendance and none the less interesting feature of the session was the reading of annual reports. Those from all departments showed a decided growth from the last annual report and were received with much gratification.

The report of General Secretary W. W. Turner dealt largely with plans for the coming season, from which it is gathered that many new features of work and improvements will be instituted.

The choosing of directors resulted in the re-alection of Messrs. W. H. Sprunt, W. L. Latta and C. C. Brown for a term of three years, and Messrs. W.C. Peterson and J. P. Russell were elected as new members.

The Association also elected six trustees as follows: Messrs. L. Hanson and Clayton Giles for two years; Messrs. John Frank and C. C. Brown for four years and Messrs. B. F. Hall and C. W. Worth for six years.

The individual officers of the Association were not elected last night but this will be done at the next meeting of the Board of Directors, A committee was appointed last night to make nominations to the Board. The list of officers consists of a president, vice president, recording secretary and reasurer. •

The Association is now in a growing condition and an abundance of good work is being done. Not only the moral but the physical welfare of members is guarded and in the organization the church has a very valuable ad-

People of Une Section Terrorized by At-

tempts of a Very Bold Firebug. Within the past two weeks, fifteen separate and distinct attempts have been made to burn the residence and farm houses of Mr. A. B. None of the attempts, however, has been successful though the people in that section are terrorized by the knowledge of such a fire bug in their midst, as all the attempts have been in daylight and several of them while the property of Mr. Drew was being guarded. A neighbor of the Drew family was arrested this week at the instance of the guards but proved an alibi in a magistrate's court and was released, notwithstanding damaging evidence from the protectors of the property, who gave chase after an at-

CITY PILLED WITH EXCURSIONISTS.

Crowds Perhaps Larger Now Than Before This Season-Trip to Sea.

Three excursions reached the city yesterday and with the return of one of the number from Lumberton, N C., at 8 o'clock last night, there are yet remaining in Wilmington and at the beaches something over a thousand visitors. Included in this number is the excursion from Mt. Airy which reached the city Wednesday night and

will return at 6 o'clock this evening. The excursion from Lumberton yes terday via the Seaboard Air Line brought about 300 persons. They were in charge of Dr. R. T. Children's Dance at Seashore.

There Was No Game at Raleigh Yesterday on Account of Showers.

WIMINGTON'S PROTEST UP.

Ex-President Sherwood Higgs Finds Nutty Problem and Sends It Up to National League Magnate-Possibly Double Headers.

[Special Star Telegram.]

RALEIGH, N. C., Aug. 22.-Rain put in its appearance again to-day and this time prevented a game from being played here in the pennant series. This will necessitate a double-header to-morrow, and probably one on Saturday, if yesterday's game is thrown out. There is but little doubt that the sion declined to say the boy was

game will be put aside. The protest was urged before President Higgs, of the League, this morning, and then sent up for settlement to President Young, of the National League. His answer by wire has been requested. No Game at Raleigh.

Double-Header To-day. - Pitcher Volz has joined the Bos-

- Another game postponed. The reign of King Kelly seems likely to be perpetuated.

- Stewart and Hopkins will no doubt pitch for Wilmington, and Smith and Stockdale for Raleigh to-

- Two games are scheduled for Raleigh to-day; the first, probably, at 3:30, and the second at 4:30 P. M. Expectation will be on tiptoe among the Wilmington lunatics, and all roads will lead to Fishblate's.

- Sporting Life: "Frank Fore man, the veteran Baltimore pitcher, far outlasted his little brother, Johnny. John was ten years the younger, but did not take as good care of himself as the older boy."

- In the Southern League, former Virginia-Carolina players have batting averages as follows, Westlake leading the league and Stafford coming tenth: Westlake, 544; Stafford, 340; Dannehower, 321; Gilligan, 314.

-The protest of Wilmington against counting the game at Raleigh Wednesday has been referred to President Young, of the National League, and his decision will probably be rendered to morrow. It will be according to the rules.

- The Detroit correspondent of the Sporting Life writes: "When the Tigers left for the East last Wednesday they were without the company of two of their colleagues. "Davy Crockett, the human shadow, and his chum, High, were released outright

Both were only good minor leaguers.' - Raleigh Post: "The two teams sloshed around in the mud, and Wil mington kicked against the game being played. King Kelly looked at the crowd and sized up a guarantee, so he stuck out for a game." This shows what Kelly thought about the protest. He simply played for the gate receipts

with which to pay the guarantee. - Raleigh Post: "The Lobsters took advantage of the wet condition of the grounds at the start and played the bunting game with success. The visitors were tapping the ball in front of the plate and the Red Bird fielders were slipping around in the mud in frantic effort to get hold of the sphere."

-The News and Observer says the decision to allow no free admissions to the games was the result of an agreement between Mr. Andrews and Mr. Cowan; and that this is why the telegraph messenger was not permitted on the grounds to get the innings. We give Raleigh the benefit of this statement, as the STAR has no intention of doing any of her people injustice. But the report received here was that the messenger would be required to pay every time he went in to get an inning, which would have been nine

- After long deliberation the N. and O. yesterday says: "The only condition Raleigh wanted to impose on Wilmington was that it would cash up just as Raleigh is doing, and the Cemetery Editor of the STAR should get his facts straight." The STAR did have its "facts straight," but the N. and O. saw fit to ignore them. Your people, at first, asked for a guarantee from Wilmington without saying a word about giving a guarantee themselves. Then they wanted a hop. skip and jump arrangement of the games, and an equal division of gate receipts instead of sixty and forty per cent., as originally understood. Wilmington proposed no change. It all originated with Raleigh.

Sale of County Real Estate.

By virtue of a decree of the Superior Court in the case of Edward Dudley Cowan, et al. vs. W. D. Cowan. W. D. Compton, et al., Prof. Washington Catlett, commissioner, yesterday at noon sold at auction at the Court House a tract of land adjoining the County Home tract on Smith's Creek, containing 1,000 acres more or less. It was bid in by Sheriff Frank H. Stedman through George L. Peschau, Esq., for \$2,150. It is understood, however, that Jno. H. Gore, Jr., Esq., will raise the hid ten per cent. in which event the land will be resold.

N. C. WILLIAM SIMON, INSANE.

Denied Admission Into Department of State Penitentlary and Returned Last Night.

Wm. Simon is a half witted Syrian boy who is perhaps better known than any of the colony of his people in Wilmington. He is well connected among his race and several relatives in Wilmington, Charleston and New York are comparatively wealthy. Just prior to the June term of criminal court he made things hideous in the Syrian quarter and was frequently in the police and magistrates' courts for various misdemeanors. Then his brothers here sought to have him declared insane by a commission of lunacy but William resisted on the plea that his brothers were after his interest in a business conducted here and at Charleston. At any rate the commiscrazy and he went his way, now and then again bobbing up serenely in the city courts. When criminal court came on there was an avalanche of charges against him, and from his general demeanor the court order d him to the criminal insane department of the State penitestiary. After court was over, a d-feet was found in the commitment, and Simon remained in jail until court last week. when Judge Allen corrected the technicality. Monday morning' Deputy Sheriff Cox and Special Deputy Sam King left with him for Raleigh; also with Ed, Willis, colored, charged with arson. At the State institution the department for white criminal .insane was chock-a-block, and no place could be found for Simon. He returned with the deputies last night, none the worse for his trip, except a very clean shaven head, which was required by the authorities during his temporary stay in the "pen." He was recommitted to jail, and Turnkey Bobb Capps is still with a white elephant upon his hands.

A U. S. POSTOPPICE VIOLATION.

Prosecute Case at Whiteville.

United States District Attorney C. M. Bernard was in the city vesterday morning and left in the afternoon for Whiteville, Columbus county, to prosecute a case for the government against J. B. Register, formerly assistant postmaster at Vineland, Columbus county, who is charged with detaining, delaying, opening and embezzling certain registered packages, which came into his hands as an employe of the government. He was arrested a week ago by Deputy Marshal C. Meares, of Colum; bus, and carried before Commissioner I. B. Tucker, but promptly gave bond in the sum of \$500 for his appearance at the preliminary hearing, which will be in progress at Whiteville to-day.

The case was worked up by Postoffice Inspectors Jere Connelly and D. C. Owings, of Washington, D. C., who are in attendance upon the trai

Military Inspection Postponed. At the request of Capt. A. P.

Adrian, of the Wilmington Light Infantry, the inspection to have been made to-night by Inspector General Bain, of the State Guard, has been postponed. The postponement was asked because of the absence at this season of the year of so many members of the company. It will take place later. The inspection of Wilmington Division, Naval Reserves, and the Second Regiment Band has likewise been postponed.

Capt. Oscar Hinton Injured Meagre particulars of a slight accident which befel Capt. Oscar Hinton at Wrightsville beach, reached the city last night. Capt. Hinton was about to bring the 6 o'clock train up to the city and while standing on the st eps of a coach of his train, he was struck by a platform. The extent of his injuries could not be learned. He came up to the city on the train.

Moonlight Excursion To-night. The splendid steamer Wilmington, fresh from her trip to sea during the day, will take a large party on a moonlight excursion to Carolina Beach tonight. There will be music and dancing at Sedgeley Hall club house and an abundant of amusement for all. This will perhaps be the last moonlight excursion of the season to the beach. There will be a late boat.

The August Regatta. At the August regatta of the Carolina Yacht Club, which takes place Tuesday over the Banks' channel course, the Lord Cup will be contested for. The yacht winning twice in succession will take the prize. The Sadie belonging to Mr. S. P. Cowan won the fourth of July race and if she wins again Tuesday, that will decide the contest in her favor.

An Fxcursionist Injured.

An excursionist who was standing beside the railroad track in front of the Seashore Hotel at Wrightsville last night was thrown into a moving train by a fellow excursionist and barely escaped with his life. As is was, he was only slightly injured. Particulars of the accident could not be learned last night.

Operations Begin Tuesday.

The A. B. C. Lumber Company which will succeed Messrs. S. & W. H. Northrop, will likely begin operation of its plant Tuesday. Messrs. E. W, and C. H. Cooper will have charge. The mill is expected soon to be in the kind in the city.

# LYNCHING IN ANSON.

Coroner's Jury Returned Verdict in the Lynching of Negro, Luther Hough.

DETAILS OF HORRIBLE CRIME.

Most Revolting Perhaps in Annals of the State-No Truth in Report That the Body Was Burned-His Positive Identification.

[Special Star Telegram.] WADESBORO, N. C., August 22 .-The last incident in the horrible trail of events involving the perhaps fatal assault upon Miss Lena Keith, and the swift visitation of punishment upon

er assallant Luke Hough, was closed to-day with the coroner's investigation of the bullet riddled body of the later. It was reported at this place late last night that after being lynched. Houghs body was consigned to the flames. This was incorrect, as his mangled form was still swinging to the limb this morn ing. Mr. E F. Fenton, the coroner, with a jury, held an inquest over his body this morning. The jury rendered a verdict to the effect that "Hough died from strangulation at the hands

of parties unknown." The condition of the unfortunate roung lady is horrible to contemplate. Parts of her head are almost beaten into a pulp. The negro assaulted her with a large home-made oak chair. The chair was broken to pieces, scattered over the floor and the heavy oak posts were splintered. The posts were covered with hair and blood, and the walls of the room were spattered with blood. An old knife, with a broken blade beside, covered with blood and hair was found at the scene of the assault. The negro endeavored to cut her throat with the knife, but it was too dull. The flesh and skin were torn for several inches on each side of the neck. She was stabbed upon the head with the knife, and the blow broke the blade. When the negro was arrested, he had changed clothing. He was made to undress and blood was found on his body and different parts of his clothing. His pursuers went into the yard and there found evidence which confirmed the tale. A shirt was found on a line that had just been washed, and hung up to dry. The shirt was clotted with blood about the neck and shoulders. He was made to place on his bloody clothing and carried to the young lady. She recognized him and begged that he be taken from her

sight. Previous to the arrest of Hough she had regained consciousness and told that her assailant was Hough. These facts to-gether with the fact that he was trailed to his door with hounds and his subsequent confession which was entirely similar to the statement made by Miss Keith placed the judgment of identity upon his head beyond a doubt. When swung to the limb, though his hands were untied, he made not a struggle and said not a word during the preparations. He made no motions, but flinched when the first balls pierced Before he was lynched the crowd went to the scene of his horrible deed to observe the situation. They

found the lady's pillows in pools of blood and her scattered clothing that had been torn from her body. With haste preparations were made and Hough was dispatched. In words of the Messenger and Intelligencer 'We do not feel it in our hearts to condemn those who avenged this terrible crime committed at their very doors.

HON. JAMES TERRY LEGRAND.

Died Early Wednesday Morning at fils Home in Richmond County.

ROCKINGHAM, N. C., Aug. 22.-Hon. James T. LeGrand died Wednesday morning at 3 o'clock, after an illness of eight months. He returned to Rockingham last Friday from Buffalo Lithia Springs, where he had been for several weeks in search of health. The malady, Bright's disease, had gotten such a hold on his system that nothing would check its course. He died peacefully surrounded by his wife and children.

Mr. LeGrand was among the most prominent lawyers in this section of North Carolina. He was a native of Richmond county, and in 1877 moved to Rockingham for the practice of his profession. He was a member of the North Carolina Senate in 1874 and 1875, and was a candidate for the constitutional convention in 1875. In 1889 he was again elected to the State Senate. Several times in the past ten years his name has been before conventions for the Congressional nomination from this (the Sixth) district. He was strongly supported for this position four years ago, but failed of nomination.

Telephone Line to Sampson. Speaking of the proposed telephone line from Wilmington to points in Sampson county the Democrat of this week says:

"Wilmington business men are deeply interested, as at present they are cut off from the rest of the world so far as telephone communication goes. It is expected that they will build a line from Wilmington to Garland, if Clinton will build one from Clinton to Ingold. There is already a line between Garland and Ingold."

Favetteville Observer: "The Fayetteville Independent Light Infantry will celebrate its one hundred and eighth anniversary on Friday next, on the honorary and retired list, will join in the celebration, wearing the grey uniforms, while the active members, those now composing Company "A," First North Carolina Regiment,

will wear their new blue uniforms."

NOTICE.

Our Last Sunday to Sea.

The steamer Compton will absolutely make her last trip to Southport and to Sea on next Sunday, August 25th. As she is compelled to go on her regular run after this week, it will be impossible to make another of her Sunday trips. I take this opportunity to thank my friends and the public generally for the large and liberal patronage they have given me since my first trip in early part of Summer. They have certainly shown their high appreciation of the exceedingly low rate we have given them, and we absolutely have no "kick coming." Fare for round trip next Sunday, as usual, 25 cents. Boat leaves her wharf at 9 45 A. M.; returning, reaches city at 6.30 P. M. Come go with us. aug 21 tf W. A. SANDERS.
