In Chicago they have increased the valuation of the taxable property of "Elijah" Dowd, from \$15,000 to \$50,000. It looks as if they intend to tax it up.

Broadway, claims to be the richest town for size and population in the world. Its wealth is placed at \$5,180,700 this year, an increase of \$83,000 over last year.

Within the past ten years pneumonia has become a more fatal malady in the United States than consumption. Last year the deaths from pneumonia numbered 191-6 per 100,000 to 190.5 from consumption.

The Japanese have a custom of planting a tree when each child is born and cutting it down when the child grows up and gets married. Planting the tree is nice and all right, but cutting it down is all wrong.

That pot of gold that has been plowed up by farmers in different parts of the South for several years successively, is being yanked into service again. Its first appearance was near Huntsville, Ala., a few days ago.

Mrs. Markell, of Roanoke, Va., isn't brooding much over the loss of her husband, who skipped away from her, but has sized him up as worth \$9,000, has charged this amount up against a young woman who charmed him, and sued her for it.

A case of when extremes meet occurred in the town of Binghamton, N. Y., the other day when a 56 year old girl, 6 feet 2 inches tall; weighing 125 pounds, married a 26 year old kid, 4 feet 7 inches high, and weighing 200 pounds.

A complete skeleton of a hophoponotus was recently dug out of one of the Rocky Mountains. When this skeleton was covered with flesh and hide it was about the size of a Bengal tiger. That's the kind they had in that country several hundred thousand years ago. But they are all dead now.

There is said to be a great subterranean river running across Ohio. When wells are sunk along it a great roaring sound is heard, and in some cases where the boring was deep enough the bottoms fell out of the wells, revealing a very rapid stream. But they haven't found out yet where it comes out or what it does with itself.

The Swedes have a mean way of humbugging fish and luring them into trouble. They put a lot of minnows in a jar, which the jar to a rope so it will be suspended in the water. Then they play on an accordion or something to draw the fishes, which are captivated as small boys are by a brass band. And then the anglers drop their hooked lines and pull the unsuspecting fishes out. That's just a little bit too mean.

DAY AT SOUTHPORT.

The Celebration Yesterday Was Accompanied by Full Measure of Success.

ORATION BY COL. WADDELL.

He Spoke on a Live Subject to an Interested People—Various Athletic Contests—Second Regiment Band Excursion Last Night.

The last of a series of three public celebrations at Southport within the past year was the very elaborate observance of Labor Day yesterday by the people of that enterprising town, and upwards of two thousand visitors, who gathered there from Wilmington and all other contiguous points as their guests upon the occasion. The number of those who went down from this city alone was one thousand and by the time the county delegations reached the town the streets were teeming with people. The celebration was in every sense a success and the Southport people are receiving deserved praise for their enterprise in arranging the event.

Fully three thousand people were in the street parade, which formed on the garrison at 11 A. M., and marched to Franklin Square to inspiring strains of music from the Southport Cornet Band. After scriptural readings and a very fervent prayer by the Rev. E. J. Edwards, Acting Mayor E. N. Cranmer hospitably welcomed the enthusiastic throng of visitors. Col. A. M. Waddell, orator of the day, was then introduced in exceedingly graceful language by Robert W. Davis, Esq., one of the leading members of the Southport bar and a very entertaining speaker.

Col. Waddell was welcomed with loud and prolonged applause and was listened to with great attention and profit. His general theme was labor and capital and this all absorbing topic was treated in a masterly manner. During the latter part of his discourse he began to generalize and spoke along industrial lines in the most entertaining way.

Col. Waddell's very able speech concluded the morning's exercises and the afternoon contests opened with a tug of war between teams from the Wilmington Division, Naval Reserves, and the city of Southport. Southport was the winner in the contest. The next event—pole vaulting and greased pole climbing—was won by Tom Padrick. The prize for the 100 yards dash was won by James Craig.

The steeple chase was won by S. E. Eare and his distance was ten feet. The running broad jump was won by Private Griggs, of Fort Caswell. His distance was 17 feet, 9 inches. The running high jump was won by C. A. Montgomery and the standing high jump by S. E. Eare, the latter's record having been 3 feet, 8 inches. The baseball game on the garrison was between picked teams from Southport and was close and interesting.

The basket ball game between the Wilmington Naval Reserves and the Boys' Brigade for the championship cup was won by the Boys' Brigade in a score of 15 to 6. The teams lined-up as follows:

- Brigade—Dozier and Irving, forwards; Davis, centre; Price and Peck, guards.
- Reserves—Lane and Morris, forwards; Murphy and Scott, guards; LeGwin, centre.

The game of basket ball practically ended the afternoon events, with the exception of a very spirited barrel race in which S. Davis was the winner.

The twilight concert by the Southport band and the amateur minstrel show at 7:30 o'clock provided early evening entertainment for all, and at 8:40 the Second Regiment Band, of Wilmington, gave a delightful open air concert on the square, during the progress of which the following program was rendered:

- 1—Tenth Regiment March. (Hall.)
- 2—"The Last I Love" (from Garratt O'Magh.) (Mackie.)
- 3—"A Bunch of Blackberries" (Holsman.)
- 4—Chilian Dance.
- 5—"The Man Behind the Gun." (Souza.)
- 6—"King Over All March." (Scout.)
- 7—"The Star."

The band went down on a special trip of the steamer *Wilmington*, leaving the city at 6 P. M. and a most enjoyable evening was spent. The organization was eighteen members strong and in the absence of Prof. S. A. Schloss the band was excellently led by Mr. E. H. Munson. Prof. Hollowish, of Hollowish's Orchestra, accompanied them and added much to the success of the trip.

The returning party from Southport reached the city last night on the steamer *Compton* and *Wilmington* after a day of delightful recreation and pleasure.

DIFFICULTY IN "BROOKLYN."

Walter Silvy indicted Riley Smith and Vice Versa—in Police Court.

Walter Silvy, who has lately figured in the courts rather often, was arrested yesterday afternoon, charged with an attempt to shoot Riley Smith, white, about the same age of Silvy. Smith had been in an altercation with a boy named Joe Yates, a relative of Silvy, and the latter accused Smith about it near Ninth and Bladen streets. Silvy says Smith drew a knife on him and he snapped at an attack from the knife. Smith says the attack was unprovoked. Silvy was brought to the police station and gave \$50 cash bond for his appearance at the municipal court this morning. He then swore out warrants for Smith, charging him with assault with a deadly weapon and embezzlement. Capt. regard to the latter charge, he says that he sent Smith to a saloon for a pint of liquor and gave him fifty cents out of which to get twenty-five cents to pay for the same. Silvy alleges that Smith would not return the change, saying that the entire fifty cents had been spent by him for the liquor.

All the charges will be investigated in the municipal court to-day.

SALE OF THE LONDON WHARF.

Bid in at Receiver's Sale by Mr. J. V. Grainger Yesterday at Noon.

By virtue of an order of the Superior court of Forsyth county, at the July term, 1901, in a case in which the North State Improvement Company was defendant, J. C. Buxton, Esq., of Winston, yesterday at noon sold at auction the London wharf property on Water, between Chesnut and Grace streets, as attorney for John W. Fries, receiver of the North State Company.

The sale took place on the premises and the property was bid in by Mr. J. V. Grainger, cashier of the Murchison National Bank, for \$9,000. The only other bidder was Mr. Andrew Moreland, cashier of the Atlantic National Bank, who started the property at \$7,000. The bidding was very lively between the two, Mr. Moreland's last bid having been \$8,950, when Mr. Grainger bid \$9,000, and the property was knocked down to him.

Miss Foster expects to open a studio soon for vocal and violin training.

ON THE DIAMOND.

Newbern With Reinforcements From Wilmington Defeated Tar Babies Yesterday.

SCORE WAS SEVEN TO FIVE.

The Chronic Cranks Are Still on the War Path for News of Departing Players. Interest Will Die With the First Snow of Winter.

Professional baseball is no more in Wilmington, for the present at least. A majority of the members of the team who won the pennant in the late league have gone elsewhere and the cranks must now rely for their sport in reading of the games in the big leagues and those played by the independent teams in the State, which have not yet given way to the approach of Fall and Winter.

Devlin, Thackara, Hopkins, Frost and Warren, of the Wilmington team, left Sunday night for Newbern, where they will play a week's engagement with the "Soft Shells." Clayton did not go as was expected but will likely leave to-day or to-morrow for Wilkesbarre, Pa., where he has been offered a place. Allen is still here and may remain until next Summer. Medinias is in the city, but yesterday while at Southport, he received a telegram asking him to join the Newbern team. He did not get the message in time to catch the afternoon train but he may go over to-day. Both he and Thackara expect to return after the short engagement with "the sister city."

The game at Newbern yesterday against Tarboro was favorable to the locals in a score of seven to five. The following special was received last night:

"NEWBERN, N. C., Sept. 2.—Newbern defeated Tarboro to-day in a score of seven to five. The game was featured by heavy hitting and rather loose playing. The score:

1 2 3 4 5 6 7 8 9 R H E
Newbern..... 1 0 8 1 0 2 0 7 - 10 5
Tarboro..... 0 0 0 0 0 3 2 0 - 7 4

Batteries: Hopkins and Thackara; Martin and Lehman.

Summary: Three base hit, Devlin; base on balls, off Martin 3; struck out, by Hopkins 7, by Martin 5; left on bases, Newbern 9, Tarboro 4. Time, 1:35. Umpire, Mr. Stevens.

The local cranks and crankeries are much interested in the success or failure of Stewart's debut in the Southern League Sunday at New Orleans, as the papers stated that he would likely make his initial appearance in the box on that day. The game was won by New Orleans against Selma in a score of seven to five and the rosters have now turned their wanderings if New Orleans would win the game into hoping that Stewart really did pitch it.

An Associated Press dispatch has this about a big league pitcher, who is well known in Wilmington:

CHARLESTON, S. C., Sept. 2.—"Jim" McJames, who up to a few weeks ago was on the pitching staff of the Brooklyn baseball team, is confined to a room here with his left arm broken in two places. His collar bone is also shattered. McJames was driving a spirited horse at his home in Cheraw yesterday when he was thrown from the buggy. His injuries are serious, though not necessarily dangerous.

THE FORCES AT PORT CASWELL.

Capt. Gardner Arrived to Take Charge of 102d Company—Capt. Landon.

Capt. E. F. Gardner, commander of the 102d Company, Coast Artillery, now stationed at Fort Caswell, reached the city yesterday from St. Francis, Md., and immediately down the river in the afternoon. Capt. Gardner had been travelling from the Pacific coast just a week and was very naturally worn out when he reached the city.

Capt. Landon, who is now commanding one of the batteries at Caswell, expects to leave this week for his new station at Portland, Me. He will be relieved with the Thirty-eighth Company now at Caswell by Lieut. Hollyday, who arrived some time ago.

Hearing in Bankruptcy.

A meeting of the creditors of Moore & Finch, Bankrupts, of Shalotte, N. C., was held yesterday in the United States court room before Referee S. H. MacRae. Jno. H. Gore, Jr., Esq., represented a number of the creditors and Judge E. K. Bryan was present in behalf of the bankrupts. About the only matter of business transacted at the meeting was the appointment of Mr. W. H. Phillips, of Shalotte, as trustee.

Regular Monthly Meetings.

On account of the Labor Day observance, all the regular monthly board meetings were postponed yesterday. The Aldermen expect to meet next Friday night, if not earlier, and the County Commissioners will meet this afternoon at 2:30 o'clock. The latter board met yesterday afternoon, but an adjournment was taken until to-day. Those present were Messrs. Holmes, Alexander and Montgomery.

Big Chicks Off For Raleigh.

Capt. J. M. McGowan, Great Trustee, Great Junior Sagamore W. H. Lane and Great Representative E. F. E. Strunk, and M. Manaburn are among the Wilmington Red Men who left Sunday and yesterday for the Great Council in Raleigh to-day. They all carry good reports from the order in Wilmington, which city is represented by two flourishing tribes.

REWARD FOR MURDERER.

County Commissioners Yesterday Paid Amount Offered for Capture of Negro Who Killed Will Dudley.

The reward of \$100 offered by the County Commissioners several months ago for the capture of the murderer of Will Dudley and his delivery to the sheriff of the county was paid yesterday.

Payment of the reward has been held up on account of a dispute over a division of the amount between Capt. J. P. Outts, the A. C. L. conductor who shot the negro in a box car attached to his train, and Chief of Police A. B. Freeman, of Goldsboro, who, with two of his men, took the negro from the car upon the arrival of the train at Goldsboro.

Chief Freeman and Captain Outts were both in the city yesterday, and after a conference with several of the County Commissioners and agreement between themselves, the amount was paid over and receipts taken therefor. By the division, Chief Freeman received \$65 of the amount and Captain Outts the remainder. The latter will divide with the negro train hand who informed him of the murderer's presence on the train, and Chief Freeman will divide with his officers who assisted in taking the negro from the car.

CONDITION OF LAURENCE SPRUNT.

Some Change for the Better and Parents and Friends More Hopeful.

The numerous friends in Wilmington of Mr. and Mrs. James Sprunt and of the family anxiously awaited tidings yesterday from Asheville of the condition of little Laurence Sprunt, whose critical illness with scarlet fever has several times been noted in these columns.

Until Sunday noon the news from the bedside of the boy was most alarming but a change for the better soon came and later reports during the day were that the improvement had been sustained. He spent a very restless night following the improvement in the afternoon and yesterday morning the reports were somewhat conflicting but encouraging, nevertheless.

A telegram to Mr. W. H. Sprunt last night at 9:30 o'clock stated that while Laurence had undergone no radical change, the improvement was still sustained and all were very hopeful of his ultimate recovery if there was no back-set.

Mr. Sprunt telegraphs that he and Mrs. Sprunt are deeply grateful for the many prayers that have been offered by their friends in Wilmington and elsewhere for the recovery of their boy.

Vegetable Insects on Sound.

Early vegetables on Middle Sound are said to be suffering from the ravages of a small insect known as the "fire bug" or Lincoln bug, as they were called just prior to the late Civil war. The bugs are always present in limited number, but this year they are said to be in countless millions. Cabbages have been destroyed on the stalk by them and green peas and turnips have also come in for their share of the injury.

Increased Cotton Mill Tolls.

Beginning this week the Wilmington Cotton Mills will be operated six days in the week instead of four, as heretofore. The increased demand for manufactured goods is assigned as the reason for the increased output. The news is welcome to the hundreds of operatives, who have been working on short time during the Summer months.

Rev. Mr. Story Has Returned.

Rev. J. C. Story, who is pursuing his theological studies at Union Seminary, Richmond, Va., and who has been supplying the pulpit of Immanuel Presbyterian church, this city, during the Summer months, left yesterday returning to Richmond to take up his work there. Mr. Story made many friends during his short stay in the city, who regretted exceedingly to see him leave.

THE ELKS' CARNIVAL.

Executive Committee Rounding Up Matters for the Fair in Great Shape.

HELD MEETING YESTERDAY.

Low Railroad Rates Are Assured—Advertising Matter in Large Quantities On the Way—Additional Features. Subscription Canvass.

The Elks' Carnival Executive Committee, which has general control and supervision of the big fair to be given in Wilmington for the week beginning October 14th, had a most enthusiastic session at the Temple at 4 o'clock yesterday afternoon during which a number of important matters pertaining to the fair were discussed; the prospects were found to be more encouraging and the sub-committees admonished to keep up the good work.

In the matter of railroad rates, it was ascertained that a definite announcement would be forthcoming in a few days but that in the meantime assurances had been had that the very essential inducement of low fares would be forthcoming. The rate is expected to be one fare for the round trip or approximately one and a half cents per mile. This inducement on the part of the railroads will no doubt attract large crowds.

A telegram was received from Business Manager V. D. Levitt, of the Book-Examiner Shows, saying that 12,000 sheets of lithographic advertising matter would be forwarded at once from Dayton, Ohio.

Advices were also had that 15,000 carnival buttons for advertising purposes would reach here this week.

The St. Louis Confeiti Company also notified the committee that 10,000 bags of confetti would be shipped at once.

The committee to solicit subscriptions will meet at the Temple at 4 o'clock this afternoon; and the city will be mapped into districts for a thorough canvass, beginning to-morrow morning.

During the progress of the meeting yesterday afternoon two additional committees were named to begin work at once. They are as follows: Souvenir Programme Committee—W. L. DeRoset, Jr. (chairman) Jno. J. Fowler, Jno. R. Turrentine, Jr., Robert Burk and W. F. Robertson.

Country Store Committee—James F. Woolvin (chairman), W. A. French, Jr., F. P. Turrentine, H. D. Springer, H. H. Crowell, A. S. Williams and Benj. Bell.

The souvenir programme committee is appointed to prepare an elaborate programme of events fair week and to insure their liberal distribution. Those will be gotten up in the true Elk style—"the best on earth"—and will be from the presses in time for the fair.

The country store committee is to arrange for a mammoth booth for the sale of various articles of merchandise. This feature is common to all fairs of the kind to be given in Wilmington and always proves entertaining and profitable.

Winston, Greensboro and Charlotte Elks will be here in large delegations and travelling men say there is great interest in the fair everywhere. It appears now that nothing can come in the way of the carnival and success. It is hoped that the business men of the city will lend their support to the enterprise.

BAD NAVASSA NEGROES.

Two of Them Had Fight Yesterday That Nearly Resulted Fatally.

Joe Andrews, colored, aged about 38 years, was brought to the city yesterday from Navassa station and sent to the Hospital for treatment of a severe gash in his head, just back of the right ear, inflicted by a hatchet thrown at him by Wm. Waddell, a colored carpenter with whom he was employed in some building now in progress at the factory.

After the negro's wound had been sewed up, he appeared in Justice Fowler's court against Waddell, who was sent over to the higher court under a bond of \$50, which he could not give. Andrews was found guilty of simple assault and required to pay the cost.

JAMES WALKER MEMORIAL HOSPITAL.

New Superintendent Arrived—Meeting of Board of Managers This Morning.

Dr. Thomas R. Little, the newly-elected superintendent of the James Walker Memorial Hospital, reached the city from Philadelphia Sunday night and is a guest of his cousin, Mr. George S. LeGrand. Dr. Little will formally take charge of the hospital to-day.

There will be a meeting of the Board of Managers of the Hospital at the office of Hugh MacRae & Co., on Front street, this morning at 10 o'clock, at which Dr. Little will likely be present. A full attendance is desired.
