SERVICES IN WILMINGTON

They Will be Held for Ten Days During Season of Penance and Are Very Solemn and Attended by All of Israelite Paith.

This evening at 6 o'clock, our fellowcitizens of the Jewish persuasion will meet at their Temple, corner Fourth and Market streets, to celebrate the beginning of the new year, 5,662 A. M. As the beginning of a year inaugurates among the Jews a season of penance which lasts ten days and closes with the Day of Atonement, the services held during that period are always of a very solemn nature and attended by every professing Israelite. The services this evening will last about an hour, and will be continued to-morrow morning, begin-

ning at 10 o'clock. The Hebrew name for new year is "Rosh Hashonah," which means head of the year. The Hebrews observe this year the first day of the month Tishri, which comes on September 14th. Like all Jewish holidays, it

is observed from sunset to sundown. One well versed in the doctrine of the Jewish church says: "The day is not a holiday so much as it is a holy day. It is of solemn and earnest prayer introspection and self review. It is called variously the day of memorial, the day of judgment, and the day of the blowing of the trumpet. It has received this last title on ac count of this peculiar service, the blowing of the Shofar or ram's horn.

"The holy day will be observed universally and devoutly throughout the city, every Jewish house of business being closed and every Jewish family participating in the ob- grown in disfavor in the Southern rence of the secred festivel The day is observed in 1901 with the same idealism which characterized it in the most ancient days. The advance of civilization and the onward progress of the world has changed only some of the outward forms, but

its spiritual significance is unchanged. "As the merchant at the beginning of the secular year casts up his ledger and sets down his debts and credits, so does the Hebrew observer of the New Year day balance his life accounts, repent sincere of his faults and follies, and start out with fresh strivings for higher and purer living.

"The old year of sin is buried in the cemetery of the past and the New Year, a child of hope, turns its face towards the future. Eight days after 'Rosh Hashonah' comes Yom Kippur, or the day of atonement."

THE JOINT PYTHIAN MEETING

Knights of the City Will be the Guests o Stonewall Lodge Monday Night.

The committee of arrangements for the joint Pythian meeting at Castle Hall Monday night with Stonewall Lodge No. 1, has been very active in its preparations to give all visiting Knights upon this occasion a good time. The following elaborate programme will be observed, with a feast of good things for the inner man at its conclusion:

Piano solo-Mr. Bernard William-

Vocal solo-Miss Norma Foster. Whistling solo-Miss Elizabeth Ot-

Recitation-Mrs. B. C. Moore. Vocal solo-Miss Nora Scott. Violin solo-Miss Norma Foster.

Piano solo-Mr. Bernard William

Recitation-Major W. F. Robertson Accompanists-Mrs. Mattie L. Chasten and Miss Fannie Corbett.

Those who will take part in the ren dition of the programme are among Wilmington's very best talent and an evening of delightful entertainment is

THE LORD CUP PRESENTED.

Won This Season by Mr. S. P. Cowan, Owner of the Yacht "Sadie."

Mr. A. B. Skelding, chairman of the Regatta Committee of the Carolina Yacht Club, yesterday morning formally presented to Mr. S. P. Cowan the "Lord Cup," recently won by him in his yacht "Sadie" in the several regattas at Wrightsville. The cup is of silver and handsomely engraved. It was offered by Mr. Jno. B. Lord, of the New York Yacht Club, in 1899 to the boat winning two out of three races. It was competed for twice in '99, once in 1900 and twice this Summer.

Mr. Cowan's handsome little yacht ctly in the shape of a cigar. She is 15 feet four inches, over all and gets right along over distance.

Presented to Colonel Taylor. At a recent meeting of the Boys' Brigade the handsome sliver cup won in the basket ball championship at Southport on Labor Day, was presented to the Brigades' highly esteemed commander, Col. Walker Taylor. It was accepted only on condition that if the Brigade ever owned an armory of its own it would be returned.

Register Postoffice Case,

The papers in the Register postoffice case, from Columbus county, were received at the office of the Clerk of the United States Court yesterday. The case will be heard at the October special term and will be one of the most interesting of the sem

THE BASEBALL REALM.

Came To-morrow at fillton Park-What is Doing With the Ex-League Players-General Notes.

To morrow afternoon at 4:15 o'clock the crack baseball teams of the Wilmington Iron Works and High School Champions will line-up to play off the PERMANENT ORGANIZATION. tie of one to one in last Saturday's game. The contest will be royal and a good crowd should witness it. Zel lers and Zellers will compose the battery for the Iron Works, and Sellers and Moore will do the twirling and donning of the mask, respectively, for the High School. Fifteen cents admission will be charged for gentlemen and ten cents for ladies.

"Davy" Crockett, since his release from the Detroit American League team, has joined the Matthew, Ind. team in the Western Association. He is playing first base and doing great

Stewart pitched for New Orleans against Chattanooga Tuesday. The Picayune says of his work, although he lost the game, three to one:

Stewart had a chance to pitch the first full game since he has been with the Pelicans. Before joining the Louisiana boys Stewart pitched over eighty games; he was tired out, and the little rest he has been given seems to have proven of wonderful benefit. To day he had a world of speed and very good control. He was handicapped as the game opened by a lack of knowledge of the players against him. For this reason hits were recorded in the first inning. He seemed to learn them quickly, however, for when the second inning opened al three men went to the bench with strike outs. He simply carried Chattanooga off her feet, and all through the game, especially after the first inning, he had the batters at his mercy. It was one of the best exhibi tions of pitching ever seen on the local grounds; and the Chattanoogas will remember it. Ten hits were re-corded off Stewart, but nine strike outs also went to his credit.

Umpire Ed Clark, who officiated for some time in the Virginia-North Carolina Baseball League, appears to have League, where he went after leaving The New Orleans Picayune says: "Umpire Clark was so bad today that Manager Whistler, of Chattanooga, has refused to play another game under his incompetent service. Clark could umpire a good game if he would conduct himself properly, but unfortunately he does not seem to be doing so. To night Powell and Whistler held a consultation and to morrow either a local umpire or two players will officiate."

THE FIRE ALARM SYSTEM.

Recommendation of Electrician of Tarif Association Being Rapidly Compiled With-Various Improvements.

When Mr. A. M. Schoen, electrician of the Southeastern Tariff Association, inspected the Wilmington fire alarm system about three weeks ago, he left the following report with Chief Charles Schnibben:

"Although this entire system was straightened out and put in good repair a few years ago, re-inspection and test shows a number of deficiencies existent at the present time. As the result of testing a number of boxes at different points in the city, with the exception of the test bells, the mechanism of the boxes themselves was found to be in good working order, as was also the main tower bell, the indicators at the various houses, however, worked very badly, those at one or more of the four houses either strik-

ing or showing wrong for almost every alarm turned in. "As a result of this inspection would recommend as follows: Indicators to be thoroughly overhauled and put in proper working condition. Battery strength of circuits Nos. 1 and 2 be increased to at least 28 or 30 indicated points on the galvanometer. A ground detecting galvanometer provided and set up at the battery room. Repeater to be put in good working order. All test bells in boxes to be put in working order. I would also recommend that going over the boxes in the city seriatim a single round be sent in from one each day in order to note whether all of the apparatus is always in proper working order, the one piece relative to the others."

Chief Schnibben said last night that since the recommendations above were made, all of them have been and are bing complied with as fast as possible and that in his opinion the system is now in as good order as it has been for four years. The indicators have been thoroughly overhauled; batteries increased in strongth as suggested; repeater and test bells put in first class shape and the seriatim test of all the boxes being made. A ground detecting galvanometer has been ordered and will be here shortly for installation at

Hanover Seaside Club.

Members of the Hanover Seaside Club enjoyed a delightful outing at their handsome "home" on Carolina and others. was built in Philadelphia and is ex- Beach yesterday and last night. There and a late boat to the city last night. The closing frolic may well be said to have been one of the most enjoyable of the entire season.

Sickness of Her Son.

Mrs. N. F. Brandt, of Norfolk, arrived last eyening in response to a telegram advising her of the serious illness of her son with congestion of the brain. Mr. Brandt was on a visit to his aunt, Mrs. Steve Greelish, when he became so seriously ill.

The Orton Repairs.

Painters and decorators were at work yesterday beautifying the lobby of The Orton, which is now undergoing very general repairs under the direction of its clever and up-to-date proprietor, Mr. B. W. Wallace. TO LIMIT PRODUCTION

Big Convention of Turpentine Men in Jacksonville Adopted That Slogan.

Two Hundred and Fifty in Attendance New Boxes Cut Will be Reduced One-Half This Year-The Scale of Wages Reduced.

[Savannah Morning News.]

JACKSONVILLE, FLA., Sept. 10 .-Two hundred and fifty operators, representing over one-third of the distilleries in the turpentine belt, and at least 60 per cent, of the entire output of the Southern States, assembled in during the coming twelve mouths to within 50 per cent. of the boxes cut last year.

This was the most important action taken by the meeting of the naval stores operators in their most successful effort at organization to-day. For the first time in the history of the industry those who are the source of supply to the entire world of a pro duct which has become indispensable and for which no substitute has yet been found, have perfected an organization for their common protection on lines which cannot fail to succeed.

For weeks the originators of the movement to combine the turpentine operators have labored to get together the operators and form an organiza-tion that would bring a condition that would enable the producers of naval stores to control their own product. By the agreement to curtail production and at the same time to regulate the abuses of labor a most important betterment in the condition of the industry has been achieved.

Mayor Fletcher, of Jacksonville, made an elequent address of welcome which was responded to in fitting words by S. L. Varnedoe, an eloquent Georgian now in the turpentine business near Tampa At the conclusion of his address he moved the which was unanimously carried. Then followed the election of W. J. Hilburn, vice president; J. C. Powell, secretary; H. A. McEachern,

W. S. West also made a forcible speech, and then the report of the committee on constitution and by-laws consumed the better portion of the day. The name of the new organization is to be the Turpentine Operators' Association, and while the meeting was carried on strictly by the operators themselves, the factors, under the terms of the constitution adopted, were made eligible to membership and a resolution was adopted to notify all factors of the action of the organization and ask for their co-

It was agreed that the action of the convention and the resolutions adopted concerning the cutting of boxes and the scale of wages should not go into effect until operators representing six-ty-six and two-thirds of the entire turpentine output shall have become members of the association, and agreed to abide by the rules laid down. This percentage those present are confident they can secure.

The most animated discussion was upon the question of the scale of wages. The following scale was finally

adopted: Ohipping, \$22 for 10,500 boxes and no rations; raking trees, 20 to 25 cents, horse. wagon and driver \$16 to \$20; dipping 38; cents per barrel; cutting boxes one and one-quarter cents. Renting out boxes to laborers was pro-

Laurence Sprunt's Condition

Friends in the city will be exceed ingly glad to know that the condition of Laurence Sprunt continues very favorable. All the telegrams from Asheville yesterday were very encouraging and friends hope to-day or to-morrow to announce that the boy is out of danger. His hearing still contipues a little impaired but this is hoped to be only temporary and incident to the continued very violent ill-

Mr. Hinton Left for Charleston.

Mr. Joe H. Hinton, who so success fully managed the Seashore Hotel at Wrightsville Beach during the past two seasons, left yesterday afternoon for Charleston to look over the hotel field there with a view to opening a first class cafe for the Exposition, which begins December 1st. He will no doubt make a great success if he decides to locate in Charleston for the Winter.

Black Pish Excursion.

A party of anglers left the city early vesterday morning on the tug Marion for the "Black Fish grounds" and re turned yesterday evening about six o'clock. The weather was not very favorable to the sport, but the fishermen had a "great time." Among those in the party were Messrs, Jno. E. Wood, Will L. Miller and son, Mr. J. D. Nutt, C. H. Ward, R. L. Holmes

The Norwegian steamship Linwood. reported in these columns yesterday in distress at Bermuda, is laden with a cargo of pyrites for the Navassa Guano Company. She is consigned to Mesars. Alexander Sprunt & Son, and will likely be loaded with cotton when she reaches Wilmington and finishes discharging her cargo.

Excursion From Lumberton.

The excursion train from Lumberton, which arrived yesterday at 10 o'clock consisted of five coaches and brought down about 300 persons, who remained in the city and at the beaches until seven o'clock last evening. The party was in charge of Messrs. Frank Gough and R. T. Allen, who have this season established an enviable reputation as excursion managers.

"ALVIN JOSLIN" CANCELLED.

There Wilthe No Performance in the Opera House Next Monday Night.

Manager S. A. Schloss, of the Wilmington Opera House, reached the city last night from Greensboro, and informs the STAR that he has cancelled the engagement of the Alvin Joslin Company here Monday night. One of the leading lady members of the company is very unwell, and it would have been impossible to have a successful presentation of the comedy without her assistance.

The Raleigh engagement of the company has likewise been cancelled, it is alleged, on account of unfavorable press notices in Virginia papers.

Southport Standard: "Mr. Price Furpless is the successful bidder over artisans from several parts of the convention in this city to day and country for erecting the retaining solemuly pledged themselves to re- | walls to the new residence of Mr. Donstrict the cutting of turpentine boxes ald McRae, of Wilmington. When the work is completed it will be one of the prettiest of its kind. The Sears & Fisher brick will be used and are to be laid Flemish bond. The coping is to be of North Carolina brownstone, steps of granite and bases at entrance of granite. Several months will be required for the work.

An Excursion From Mullins, S. C.

An excursion from Mullins, S. C., to Wilmington will be run on Tuesday, Sept. 17th. Passengers will be taken as far this way as Lake Wacca maw. The managers are Messrs. A. B. Nichols, H. W. McGehee, J. S. Oliver and J. W. Connerly. Another excursion is scheduled to arrive from Conway, S. C., on to morrow. It will reach here about 10 o'clock A. M. and return at 7 P. M. Mr. J. W. Harrelson is manager.

Raleigh Baseball Players.

in Absence of Algonquin.

Southport Standard: "The revenue cutter Forward, from Charleston, came into port yesterday afternoon. The Forward does not go to the races this year, but will do extra patrol duty along the coast in the absence of the Algonquin.
