About "Red" Armstrong.  
The Norfolk Virginian-Pilot has the following concerning a baseball player well known here: "The reporter of the Virginian-Pilot is reliably informed that Police Officer F. B. (Red) Armstrong, yesterday sent in (Red) Armstrong, a member of the department to the Board of Police Commissioners. Armstrong was fined \$25 and costs for beating 16-year-old Henry Seibel with a club by Justice Taylor, and appealed. He is under suspension from the force now."  
Cotton Receipts Continue Small.  
Yesterday's stock report at the Produce Exchange shows that the cotton receipts continue very small in comparison with last year. During the past week only 4,790 bales came on the market against 21,154 bales on the same day last year. ## PAVING CONTRACT.

Audit and Finance Board Want New Bids for the Princess Street Work.  
REFERRED TO ALDERMEN.  
They Will Meet This Afternoon at Three O'clock—Several Municipal Matters Were Considered at Length Yesterday Afternoon.  
The award of the contract to the Coal, Cement and Supply Company, of this city, for the paving of two blocks of Princess street from Second to Fourth, failed of approval by the Board of Audit and Finance, which was in special session from 3 until 5 o'clock yesterday afternoon. The matter was referred again to the Board of Aldermen after a lengthy discussion, and that body is asked to call for new proposals so that all bidders may be satisfied and may have no pretext for complaint.  
In order that it may be necessary for no departure from his original plan to have the work begin October 10th, Mayor Waddell has called a special meeting of the Aldermen this afternoon at three o'clock and it is presumed at this meeting a final disposition of the matter will be made as far as the Aldermen are concerned.  
Present at the meeting yesterday afternoon were Chairman McQueen and Messrs. S. P. McNair, and Jesse Wilder, comprising the Board, Mayor Waddell, Aldermen Harris and Maunder, City Attorney Bellamy, Messrs. Roger Moore, Jas. T. Riley, S. P. Adams and Judge E. K. Bryan.  
Chairman McQueen, in calling the meeting to order, stated that the paving question would be taken up again. He said that from all he could learn the price at which the award was made by the Aldermen was not unreasonable for the material and work proposed to be furnished, but there was a question if it was wise to use such expensive material on a section of the street where traffic is not heavy, while the more central portions of the same and Market street are paved with cheaper material; that the other work on Princess and Market streets with vitrified brick cost only \$1.67 per square yard and the pavement now in contemplation will cost \$2.05 per square yard.  
Judge E. K. Bryan, who was present as counsel for the Coal, Cement and Supply Company, explained that the block called for in the recent contract cost \$29 per thousand, while others could be had for \$26 or \$27 per thousand, like those now laid on Princess and Market streets.  
Mr. Moore read a testimonial to the quality of brick proposed to be furnished by his firm.  
Alderman Maunder said that as a member of the Streets and Wharves Committee, he had decided in favor of the fire proof brick because 128 miles of streets had been paved in Philadelphia with them during the last 12 years and they were good to-day. In response to a question from Mr. McQueen as to the wisdom of paving one section of the street with superior quality brick, while the more traversed section was paved with cheaper material, Alderman Maunder said the vitrified brick now in use were unsatisfactory; they had begun chipping off and horses were being injured by falling on them.  
Mr. Wilder thought there could be no objection to referring the matter back to the Aldermen for new bids.  
Judge Bryan stated that the Aldermen had called for bids on brick of the kind decided upon and that they thought it was in their province to state the quality and the Board of Audit and Finance to pass upon the reasonability of the price for that quality.  
Then it was suggested that Messrs. Moore and Riley might not be able to quote prices on the identical brick called for in the specifications but both assured the Board upon the suggestion that they could furnish just as good of another manufacture.  
Judge Bryan said the only difference between the boards appeared to be the quality of brick to be used and that was a matter entirely in the province of the Aldermen.  
Here a question arose as to the jurisdiction of the two boards, regarding which Mayor Waddell, Mr. McQueen, Judge Bryan and others expressed themselves. The Mayor stated that the Aldermen through their committee had agreed on specifications and thought that detail had been settled through the proper channel.  
Mr. McQueen stated that his board did not desire to change the detail, but thought the pavement was too expensive.  
Mayor Waddell thought it was true economy to get the best when experiments with cheaper grades had proved unsatisfactory. He was perfectly willing to entertain bids from Messrs. Moore and Riley if they were prepared to bid on brick and work as specified. If an indiscriminate call was made for brick, the bids would be senseless.  
Mr. Wilder then made his formal motion that the matter be referred again to the Aldermen, with a request that they call for new bids and if possible for cheaper material that will answer all purposes. The motion was seconded by Mr. McNair, and as there were only three members of the board present, of course, it was carried.  
Mr. Wilder suggested that the opinion of an expert be sought as to the desirability of the brick offered. He said that either Mr. S. P. Adams, Capt. Joe Moore or Capt. Walter G. Ma-

## THE ELKS' CARNIVAL.

All Committees Are Progressing Just Now With Very Great Satisfaction.  
RATES ON THE RAILROADS.  
They Are Proving Entirely Sufficient to Draw the Crowds and the Advertising Managers Are Beginning Their Duties.  
The Elk's Carnival is now an assured success and from the present indications it will undoubtedly prove the greatest affair of its kind ever held in North Carolina.  
A great part of the detailed preliminary work has been completed and the committees are now on a firm working basis; so much so, in fact, leaving a balance on hand September 1st of \$26,307.07.  
Alderman Skinner, of the Streets and Wharves Committee, was allowed \$350 for the purchase of a pump and \$150 for a boiler to be used at the city rock quarry. Both are second hand, but in good order. An appropriation was also made for the purchase of two mules in place of two others which will be sold.  
Bill of Mr. Eugene S. Martin for professional services in an opinion upon the sewerage election was ordered paid. The amount is \$35.  
The remainder of the session was taken up in auditing bills for current expenses.  
SHIRT WAISTS IN SCHOOL.  
Boy With Modern Dress Excluded From Graded School in Piedmont North Carolina—A Local Comment.  
A Wilmington school committee member, who is interested in no small degree in all matters of public education and thoroughly up-to-date in his ideas pertaining to the same, has detected the attention of the Star to a letter recently received by the State Superintendent of Public Instruction from a lady parent of a graded school in Piedmont North Carolina, who has been the victim of "arbitrary and tyrannical rules" imposed by the superintendent of the school by not allowing her thirteen-year-old son to wear a neat, well-fitting shirt waist to school during the very warm days early in September. The letter continues with the statement that the lad in the case has gone to school in Baltimore, New York and Brooklyn without being sent home for a coat, and that such action as this "does not encourage a New Yorker to settle in your State to be obliged to pass the censorship of a man who may know how to teach, but not necessarily be the final teacher on the subject of dress or fashion."  
The letter has in it the following question: "Is it permissible in a public school, presumably for the education of the masses, for a principal to make an arbitrary rule on the subject of dress? If a boy is sent to school, clad in clean, whole garments, with clean hands and face, has the principal any authority to send him home for his coat when the temperature is such that every man in town is working in his shirt sleeves?"  
Because of the annoyance caused the lady, she has withdrawn her son from the school until State Superintendent Toon shall have decided whether or not he can be admitted without a coat.  
The local committee member, who calls the attention of the Star to the incident, makes the well founded comment that "the letter not only contains good advice that fits the local case referred to, but that a great many teachers who arrogate to themselves the right of passing final judgment upon all matters affecting the interest of pupils in the public schools could read between the lines and profit by the good advice contained in the well written letter."  
Funeral of Mrs. Gilbert.  
The mortal remains of the late Mrs. Susan Elizabeth Gilbert, whose sad death was chronicled in these columns yesterday, were laid to rest in Oakdale Cemetery the same afternoon, in the presence of numerous friends, who gathered to pay a last sad mark of respect and esteem to one whom they loved. The funeral was impressively conducted from the late residence, No. 107 South Fifth street, at 4 o'clock by the Rev. Jno. H. Hall. The pall bearers were: Honorary, Dr. W. J. Love, Messrs. R. J. Jones, Samuel Northrop and W. E. Spinger; active Messrs. R. W. Pejos, B. J. Jacobs, W. W. Hodges, Harry Hill, C. D. Foad and W. B. Cooper.  
Back from Washington.  
Col. Walker Taylor and Major W. F. Robertson, of Governor Aycock's staff, returned yesterday from Washington, where they attended the funeral exercises of the late President McKinley. The sight around the capitol when the President's remains were being laid in state there, is described as being a grand one, indeed. Upon their return, as stated in yesterday's paper, Col. Taylor and Major Robertson visited in Alexandria, Va., en route home.  
Late Caswell Officer Promoted.  
Capt. Edward Landon, late of the army post at Caswell, has received a deserved compliment in an appointment as aide-de-camp to Major General Brooks at Governor's Island, N. Y. Captain Landon was detached from the post at Caswell some time ago.

BRUNSWICK SUPERIOR COURT.  
Will Be Convened at Southport Monday. Navassa Guano Company's Case.  
Brunswick Superior Court, which always engages almost as many Wilmington attorneys as the regular sessions here, will be convened at Southport Monday.  
One of the important cases on the docket and one which has created a great deal of interest is that of F. M. Moore, of Phoenix, against the Navassa Guano Company for damages alleged to have been sustained by him in the depreciation of the value of his lands by reason of fumes and gases emitted from the factory of the company at Meares' Bluff.  
The case involves a large number of witnesses and has been heard for several years. The array of legal talent on both sides is strong.  
Self Against Western Union.  
Justice Fowler yesterday rendered a judgment in favor of the plaintiff for \$10.35 in the suit of W. L. Webb against the Western Union Telegraph Company, reference to which has been made in these columns. Notice of an appeal was made by Hon. John D. Bellamy, counsel for the defendant company. In arriving at his decision, Justice Fowler held that the mule was injured to the extent of \$35 by the reason of the failure of attention by the veterinary surgeon, who was telegraphed for, but that the surgeon's fee would have been \$25, and in that event the damage would have been \$10, to which was added the telegraph tolls, amounting to 35 cents.
