WILMINGTON, N. C., SUNDAY, SEPTEMBER 22, 1901.

FAIR AND CARNIVAL. Representative of Bostock-Ferari

Company Here to Excite In-

terest in the Event.

THE TRAINED ANIMAL SHOW

Mr. Huffman Says It is Attraction Enoug in Itself to Say Nothing of a Dozen Others-The List of Contributors to Fund.

Mr. F. C. Huffman, a representative of the famous Bostic-Ferar shows, which will be one of the main attractions at Wilmington's big Elk's Fair and Carnival next month, arrived in the city yesterday and will remain here in the interest of the Fair until it is formally opened, October

Mr. Huffman is thoroughly conver sant with every detail of fair promotion and promises the people of this section great things in the gala week being arranged. He has established headquarters at Gerken's and would be glad to entertain any proposition looking to the welfare of the attrac tion. He says the shows that will be brought to Wilmington by his company are all first class and will draw the crowds for miles around.

The Trained Animal Show.

"The big feature and principal attraction in the amusement line, says Mr. Huffman, "is the colossal collection of trained wild animals presented, exhibited and trained in mammoth fifty-foot steel arens under the personal direction of Col. Ferari. This particular exhibition was before the inauguration of street fairs in America, the recognized amusement institution of England, where for forty years it sustained it's established reputation for exhibiting the largest and costliest collection of trained wild animals in the world. Since its arrival in this country it has more than doubled its former size. Its cost! massive exterior is in itself worth travelling a hundred miles to see, for nothing like it is on either side of the Atlantic ocean can compare with it for its perfect beauty. This magnificent front and entrance cost alone \$50,000, built of solid oak and embelished by the master carvers of the world. Five hundred French plate mirrors of unique design are extravagantly enlaid over the entire vast exterior, which measures 100 feet in length and 25 feet in height, surmounted by domes of great value and structural beauty. Occupying the center of the great double entrance is a mammoth Parisian orchestrion that cost to import from the Paris Exposition \$10,000. This equals in volume and tone forty perfect performers. This magnificent musical invention, together with the entire exterior, are cargo consists of 5,872 bales, valued at at night time a blaze of light and glory. Hundreds of beautiful col-Alexander Sprunt & Son. The first ored incandescent lights add richness and luster to the scene, and the fairy tale of Aladden's lamp is almost verified in actuality."

"Then comes its startling and sensational exhibition of human daring and wild animal training. In the center there is erected a mammoth fifty foot steel arena, the animals are transferred from some of the smaller trayelling dens into the great enclosure and while therein turned loose with no confining bars to impede their movements, a daring trainer enters and puts them through the most remarkable performance ever witnessed. The most prominent among the greatest trainers to-day appearing before the public is Princess Delaware, the famous lady animal educator, who was formally the greatest European feature of the Hagenback shows in Hamburg, Germany. After many months of tireless training that runs into years, she has succeeded in breaking for exhibitional purposes in the great arena five full grown forest bred African and Nubian lions, they are taught to play see-saw like children, roll barrels, leaping objects, form beautiful pyramids and tableaux pictures and walk the tight rope. Madame Pauline DeVere, another lady trainer of great note, will enter the arena and demonstrate her wonderful powers over the den of beasts."

"Upon the whole," says Mr. Huffman, "there will be plenty to look at and admire for a week. The trained animal show is only one of the many departments with the greatest aggregation of entertainers in the world Al of the show will be here for the week, October 14th-19th."

Those Who Have Subscribed.

The soliciting committee, perhaps the most important of the many that have been appointed, last night closed a week of arduous work and others are yet to be approached. Many who have | will be closed. There will be services not yet been seen, but who desire to at the Temple of Israel, conducted by contribute may do so by calling on or Dr. Mendelshon, this evening at 6:30 telephoning Mr. L. Stein, who is the enterprising chaiman of this committee. The names of additional contributors will be given from day to day. Those who have thus far contributed are as follows:

Mayor Waddell Made Several Changes-Back Tax Matter Will Likely be Arbitrated-Letter From Judge Bryan-Routine Business.

Pursuant to the call of Mayor Wad dell, the Board of Aldermen assembled yesterday afternoon at 3 o'clock in special session, those present having been the Mayor, Aldermen Von Glahn, Mann. West. Skinner. Harriss, Johnson and Maunder: absent Messrs Bailey, Spencer and Parker. The meeting was called primarily

for the authorization of new bids for the Princess street paving, but a number of other matters came in "on the side" and the session lasted about two hours. Mayor Waddell read a communica-

tion from the Board of Audit and Finance informing the Aldermen officially of the action of that Board on the afternoon previous and supplemented the reading of the letter by explaining the circumstances of the failure of the Board of Audit and Finance to approve the bid of The Coal. Cement and Supply Co.

Upon motion of Mr. West and second by Mr. Maunder, the Mayor was authorized to advertise for new bids but the question of the length of time to be allowed bidders was raised and Messrs, Roger Moore and J. T. Riley, who were present, asked for 10 days, This concession was granted.

Judge E. K. Bryan, who had a con tract prior to 1898 with the city for the collection of back taxes, was present at the meeting and submitted the following letter, looking to the arbitration of certain differences between the municipality and himself relative to about 800 in controversy, the amount now

being in his hands: GENTLEMEN: A suit has been in stituted in the Superior Court of this county against me by the City of Wilmington to recover a certain amount of money alleged to be held by me which it is claimed belongs to the city. This suit grows out of the col ection of back taxes due the city which was collected by me and my associates under a contract made with the City Attorney under the Act of

I have endeavored time and time again to get to a settlement of this matter, but have been unable to do so.
When Mr. C. W. Worth was on the
Board of Aldermen, he as a member of that Board came to see me and ask ed if I was willing to meet a commit tee from that Board and take up the matter with them and give them my contentions, and to this inquiry I replied that I would gladly do so; that I would not only be glad to give them my contentions, but would go over the matter with them, and if, after hearing my side they thought I should yeild to them, and surrender my claim, that I would do that. I do not see George and Mr. W. N. Harriss, will how I could have made a more liberal to morrow morning go down on the

This proposition was never acted on by the Board of Aldermen or a com-mittee from that Board. The matter stood this way for some time and seeing that the Board of Aldermen were not going to act, I then asked Mr. Meares, the then City Attorney, to bring suit so that our respective rights might be tested in the courts, but this request was not granted. The city has now brought suit against me and our rights can be determined therein; but being anxious for a speedy determination of this matter I have decid ed to submit to you the following proposition:

I am willing to leave this matter to the following named gentlemen as arbitrators, to wit, Hon. A. M. Waddell, Messrs. E. S. Martin and Junius Davis, they to go over the entire mat ter and take the contentions of each party and pass upon the same and make their award in writing to the Superior Court. In the event of a disagreement among the arbitrators the award of any two of them to be final and if they are of the opinion that the city is entitled to a judgment they shall so state the amount, and the court shall enter up judgment accordingly, if they are of the opinion that I am entitled to a judgment against the city they shall so state and judgment shall be entered up in my favor. They are to pass upon all of our respective rights and recommend to the court the judgment to be entered up by it. No appeal is to be taken by either side from the report of the arbitrators. It they give judgment against me I am young man of striking personality to pay the same within five days from the adjournment of the court which enters up the judgment, and if the judgment is against the city they are He recently spent several days here to pay the same within thirty days from the adjournment of the cour which enters up the judgment. You will notice that I have selected the head of the city government as one of the arbitrators while the other two are in no way connected with me and have no interest in this controversy and all gentlemen of character and ability and will act impartially. Atonement, with those of the Hebrew faith, begins this evening at 6 o'clock, and continues until the same hour to-

The losing party is to pay all the cost of the case, including the fee to the arbitrators. I think it but just that the Mayor should serve without compensation as he is a city official, but I am willing to leave that matter entirely with him.

proposition to be accepted within twenty days from this date. You will perhaps notice that all the arbitrators are lawyers. The reason for this is because the suit involves more questions of law than issues of

I have submitted this proposition without ascertaining whether the above named arbitrators will act. If any one of the above named arbitrators refuse to act, the two remaining shall select a third man, who is to be impartial. If as many as two decline to act, then the suit to proceed.

Respectfully submitted,

E. K. BRYAN.

Mr. Mann moved an acceptance of the proposition. Mr. Johnson did not think Mr. Bryan should name all the arbitrators and suggested the name of Brooke G. Empie, Esq. Judge from the annual 'Vocal Consultation' held at Allenhurst, N. J. Her work been used in the choosing of arbitrative was pronounced 'scientifically faulttors, as evidenced by the choosing of less.

Mayor Waddell, the head of the city government, as one of them,

Mr. Harriss wanted the proposition submitted to a committee onsisting of the Mayor and Mesars, VonGlahn and West to pass upon the questions to be arbitrated. An amendment to the original motion to this effect was seconded by Mr. Skinner. Mr. Mann withdrew his original motion and moved the differences be adjusted in the Superior Court. Mr. Johnson withdrew his amendment and seconded Mr. Mann's last motion. The same was lost, Messrs. Johnson and Mann alone voting aye, and the question recurred on Mr. Harriss' motion to refer to a committee, the naming of which he left to the Mayor. The motion of Mr. Harriss was carried and Messrs. Harriss, VonGlahm and West were

named as the committee. The Mayor read a communication from the Board of Audit and Finance, directing the attention of the Aldermen to the fact that under contract with the Clarendon Water Works Co., the laying of water pipes in the Fifth ward would have to be done under the supervision of Maj. W. F. Robertson, the water works engineer, instead of the city engineer, as called for in the contract with Messrs. McLean & Co., the successful bidders for the work. Mayor Waddell called attention to the fact that Maj Robertson himself was a bidder for the work and he would hardly insist on supervising the work of a rival bidder. No action was taken relative to the matter, the Mayor stating that the communication was read

for the information of the Aldermen. The chairman of the Public Building Committee was authorized to repair the gauge at the City Hall for the testng of the water pressure during fires. Mr. Mann made an off-hand motion

that the Water Works Company be forced to furnish potable water, but no action was taken.

City Attorney Bellamy reported the collection of \$476.54 in back taxes during the past month, and a total since July 26th of \$1,635.03. He also enumerated the suits recently instituted against the city and asked to be authorized to employ associate counsel in that of J. W. Monk vs. City, involving about \$11,000 in the title to the city rock quarry. It was explained that Mr. W. A. Wright was on his personal bond to indemnify the city against any loss in this re spect. Mr. Johnson asked that Mr. Eugene S. Martin be employed; others said it was customary to leave the choosing of associates with the attorney himself. A motion prevailed leaving it to the Finance Committee.

and Bailey. The salary of Melvin Dent, messenger to the Mayor, who it was explained performed many necessary duties not strictly in his province, was increased from \$20 to \$30 per month upon motion of Mr. Mann. and a committee, consisting of Messrs. Mann, Skinner and Harriss, was appointed to urge its approval before the Board of Audit and Finance.

composed of the Mayor, Messrs. West

Shaking-Up of Committee.

At the opening of the meeting, members of the Board present were given copies of the following appointment of committees:

Finance-Mayor, Bailey and West. Fire Department - Harris, Von-Glahn and Maunder. Lights-West, Parker and Johnson. Markets - Maunder, Spencer and

Ordinances-Harriss, Skinner and Spencer.
Police—Mayor, Maunder and Mann.
Public Buildings — Skinner, Von-

Glahn and Bailey. Sanitary Affairs—Johnson, Spence and Parker. Sewerage-Bailey, Mann and Von-

Glahn. Streets and Wharves-Mayor, Maunder and Skinner. Waterworks-Spencer, Johnson and

The only committees which remain as originally appointed by the Mayor at the beginning of the new fiscal year are those on finance, police, sewerage and water works. Messrs. Maunder and Skinner succeed Messrs. Bailey and Johnson on the Streets and Wharves committee, the former having resigned on account of his continued absence from the city and the Mayor becomes chairman of the same. Mr. Johnson is placed on the Light committee, succeeding Mr. Skinner. Mr. Harriss succeeds the Mayor as chairman of Fire committee and the Mayor is succeeded as a member of that committee by Mr. Maunder. Mr. Mann succeeds Mr. Harriss on the Market committee, and Mr. Spencer succeeds Mr. Mann on the Ordinance commit-

Mr. Parker succeeds Mr. West on the Sanitary committee. Before the meeting adjourned Mr. Johnson took occasion to protest against his "peremptory removal" from the Streets and Wharves Committee, and the "attempt to saddle him" with the failure of the Princess street contract. He declared that he had never delayed matters and had done his whole duty as he conceived it. He intimated that his position on the sewerage question had engendered a prejudice against him, which he wished

tee. Mr. Bailey succeeds Mr. Parker

on the Public Building committee and

to refute. Mayor Waddell spoke to him in the most kindly terms, declaring that there had been no malicious discrimination as he suggested, but that the commit tee shad been re-appointed for the good of the city and the advancement of street improvement.

The meeting adjourned until the regular hour on the first Monday in
