To fill a long felt want, the Baltimore Sun now publishes a Sunday paper, making seven issues in the week. The Sun is a great paper, solid and one of the best in this country.

When the Chicago Chronicle criticizes and lectures the South, Republican papers in the North quote it as a Democratic paper. The Chronicle is not a Democratic paper, and does not profess to be. It is a free lance, and takes a whack at everything, according to its humor.

Two Philadelphia policemen have got themselves into trouble, and under \$800 bonds, for breaking into a man's house and clubbing him for talking in his sleep. He probably disturbed the policemen and prevented them from sleeping.

In Norway before a woman can marry she must show a certificate that she can cook, darn, etc. The first thing a woman in that country does after cupid makes a target of her is to go into the kitchen and darnery to qualify herself for matrimony.

Some of our ministers are of the opinion that if the \$110,000 demanded be paid for the ransom of Miss Stone, the missionary, it will boost the missionary kidnapping business, so that no missionary will be safe among the heathen without a body guard.

The latest illustration of thoroughly going through an innocent was illustrated by some Chicago thieves who drugged an unsophisticated Canadian, robbed him of all his valuables and finished the job by knocking out two or three gold plugged teeth, and adding them to the plunder.

Three newspaper men in Philadelphia are under arrest for kidnapping one of the frail women of that town, holding her prisoner for a couple days and extorting about \$3,500 and a lot of jewelry from her. They had the assistance of a barber. It will be a close shave if they escape the penitentiary.

The Agricultural and Mechanical College at Raleigh is now issuing a quarterly magazine, devoted to agricultural education. The first number has just been issued and gives promise that this publication will be a valuable addition to the agricultural literature of the State. The subscription price, 25 cents a year, puts it within reach of all farmers.

### ROBINSON'S SHOW COMING.

Graciously Will Come to Carnival, But Will Come Later.

Messrs. Scott and Aiken, advance representatives of the "Old Reliable John Robinson Show," arrived in the city yesterday morning and are making arrangements for the coming of their great and popular tented enterprise some time early in November. This is the second visit of Messrs. Scott and Aiken to Wilmington. They came first several weeks ago to arrange for bringing their shows here next week but finding that their date would conflict with the Elks' Carnival they immediately communicated with Mr. Robinson and graciously gave way to the "Best People on Earth." Although they will bring their shows to Wilmington at a much greater cost later in the season, the Elks appreciate the deference and will give John Robinson a "full house" when he comes, the date for which will be decided upon to-day.

### Filling in Caswell Sea Wall.

The tug Alexander Jones, which is now in Philadelphia, where she towed a distressed schooner, will return via Ocracoke in a few days and bring into Fort Caswell a big suction dredge belonging to the Atlantic, Gulf and Pacific Company, of New York, which has the contract for filling in the sea wall with sand and gravel around the fort. It will require several months to complete the work, which will be a great improvement to the post. The dredge brings the sand and gravel from the bottom of the river and forces it over the wall through pipes.

### At Rehder's Last Night.

Mr. Jno. H. Rehder, the enterprising head of Rehder's Department Store, caught his breath long enough last night to say in response to an inquiry that the last day of his annual Fall opening surpassed every expectation as to the throngs that visited the store. On the first evening of the opening there were hundreds, last night there were thousands. Each visitor to the store during the opening was presented as a souvenir, a handsome Japanese doll. Many gross of them were given away.

Order Signed by Judge Purnell Citing Parties to Appear Before Him at Raleigh as to Confirmation—Unimportant Matters On Docket.

Almost another entire day was consumed by the Federal Court yesterday in hearing testimony in the case of Jabel Register, of Columbus county, charged with tampering with registered mail passing through the Vineland, N. C., postoffice. Upon the adjournment of court yesterday afternoon at 5 o'clock a number of additional witnesses were examined for the government and the prosecution rested its case. Witnesses for the defendant will be heard to-day but it is not likely that argument will begin to the jury until to-morrow morning or afternoon. It is said there are about the same number of witnesses for the defence as for the government, making a total of some sixty odd.

Before resuming work on the Register case yesterday morning a number of unimportant matters were taken up and cleared from the docket. This required about an hour, after which the postoffice case was entered upon. The following proceedings were had: Needham Hadaway, Columbus county, illicit distilling, pleas guilty, 60 days imprisonment and \$100 fine and cost.

Needham Merritt, Columbus, retelling, pleas guilty, judgment suspended, defendant discharged.

The grand jury ignored the following bills: Frank Barnes, Robeson county, retelling; Willie Holmes, Robeson county, retelling; James C. Lowry, Robeson county, retelling, and Edna Oxendine, Robeson county, retelling.

During the day yesterday Judge Purnell signed an order in the Street Railway case privileging counsel for the defendant to appear before him in Raleigh on October 22nd to show cause why the recent sale of the property should not be confirmed.

### IN THE SUPERIOR COURT.

Business Transacted Yesterday Was Unimportant and of Little Interest.

The following cases were heard: Iredell Meares against Daniel Howard, executor of Mary Jones and Thos. C. Miller; commissioner's report and order of confirmation filed.

### CARNIVAL NEXT WEEK.

#### Front Street Rapidly Becoming One of Booths, Displays and Decorations.

### LOCATION OF THE SHOWS.

Where Bostock Will Unfold His Sails to the Breezes and the Yelpers Begin Their Spits—An Excursion from Southport.

Merry music of hammer and saw resounded everywhere in the downtown sections of Front street yesterday and it was all in preparation for Wilmington's big Elks' Fair and Carnival next week.

"Booth street," as Front may now be aptly described, is taking upon itself a carnival appearance which will be complete by the end of the week and on Monday when Bostock's great aggregation of magnificent shows are spread out for the admiration of the natives it will be hard for the ordinary individual to satisfy himself that he is not at the Pan-American.

The merchants are building booths in gratifyingly large numbers and those who have not yet begun making a display will do so to-morrow and next day so that everything will be in readiness for the opening Monday night. The window displays, too, will be a feature and the dry goods men, the shoe men, the clothing dealers and all kindred trades are vying with one another in the excellency of their carnival store-sets.

Aside from the building of booths by individuals, Contractor F. A. Applegate has a force of forty carpenters and workmen busied engaged in constructing the platforms and foundations for the various shows that the Bostock-Ferari Company will bring. Enough is seen to know that the attractions will be diversified and all creditable.

At Front and Grace streets there will be the "Trip to the Moon," the "Brother Act" and the "Little Hero." At Front and Chesnut streets "Electra, the Flying Lady" will delight the populace and the "Dog, Monkey and Pony Circus" will amuse the little folks. On this corner there will be two free attractions, both morning and afternoon, of each day. "Grant, the King of the High Wire," will do a turn, and two balloon ascensions will be made.

Front and Market streets will be the scene of the "Ornamental Maze," extending toward Second street, and the "Wild Animal Show" extending toward the river.

Front and Dock streets will be an attractive place for those who desire to witness "Edison's Picture Machine," and the "Snake Show," in which "Onco" positively eats 'em alive with a preference for Cape Fear moccasins and Brunswick rattlers. A supply of suitable reptiles will shortly be advertised for by Dr. Carroll, chairman of the advertising committee.

At Front and Princess streets, extending toward the river, will be the "German Village," which is always a popular attraction. Extending toward Second Street will be the "Wild Girl," not from Borneo, but a sufficient curiosity to amuse everybody.

At Second and Princess streets a free trapeze performance will be given twice each day.

On Second and Market will be the "Streets of All Nations," one of the most captivating attractions with the Bostock Company.

The Ferris wheel and a number of other attractions are yet to be located, but all will combine to make Carnival Town a "warm number" during Fair week.

The Public Comfort Committee, of which Mr. C. O. Chadbourne is chairman, is anxious to hear from those who can provide accommodations for visitors. They may be communicated with either by telephone or mail.

The Country Store is now about completed and Mr. James F. Wool, chairman in charge of that department, yesterday made purchases of a large number of articles to be disposed of in the booth. Added to this stock is several thousand dollars' worth of merchandise contributed by friends of the Elks' everywhere.

On account of the Fair Captain Harper will make a special round trip with the steamer Wilmington from Southport on Thursday of next week leaving Southport at 7:30 A. M., and returning leave Wilmington at 5 P. M. of the same day. The regular daily trip of the Wilmington will also be made on that day. The extra trains on the Seaboard Air Line and Newbern roads have already been spoken of. The crowd now seems certain. Fair weather and the success of the Carnival is certain.

### EASTERN BAPTIST ASSOCIATION.

Annual Meeting at Mt. Gilead—Decided to Allow Division of Territory.

The annual session of the Eastern Baptist Association—closed yesterday at Mt. Gilead, Sampson county.

About the only matter of general public interest in connection with the proceedings was the decision to allow a division of the territory embraced by the Association and spoken of hitherto in these columns. Representatives of the churches to be formed into the new organization will meet in Burgaw on Thursday before the third Sunday in November to perfect the arrangements.

As the STAR employs no travelling agents, bills are sent direct to subscribers. These bills should receive prompt attention.

### RESOLUTIONS OF ESTEEM.

Clerks of Atlantic Coast Line Pay Respect to Their Deceased General Auditor.

At a meeting of the clerks of the General Auditing Department of the Atlantic Coast Line held Wednesday, Oct. 9th, the committee appointed to draft resolutions, presented the following, which were unanimously adopted:

Resolved, That in the death of Mr. W. A. Risch, the Atlantic Coast Line has lost an official who was faithful to his trust, and the clerks of his department, a superior in both character and integrity, one whose memory we shall ever hold in highest respect.

It was true to his convictions and firm in his beliefs, and ever exerted himself to the promotion of a straightforward and honest bearing in those who came under his ruling in his business life, and one who by many years of faithful service and devotion to duty has given training and set an example which will remain as testimony to the value of his life.

Therefore, realizing our loss, we tender these resolutions in expression of our grief, and extend to the wife and kindred our heartfelt sympathy, trusting that our Heavenly Father in his love and kindness will give to them that consolation which will help them bear their burden of sorrow.

It is further resolved that the resolutions be sent to his bereaved wife, and that a copy be furnished the daily papers of this city.

### Spurious \$50 Bank Note.

A raised \$5 bank note to the denomination of a "fifty" was passed upon a clerk at Mr. George O. Gaylord's Racket Store yesterday morning. The gentleman with the "fifty" came into the store in the garb of a typical "wayback" and made a purchase amounting to \$2.50, receiving the change. He then made his exit and the bogus \$50 note was discovered later. Merchants and others should regard very closely the currency that is tendered to them for the next few days, especially if it is of large denomination.

The "parson" was released.
