THEIR BID WAS \$101,500.

Nothing Definite Yet as to Purpose of th Purchasers to Convert the Seacoast terday to visit friends during the State Road into Trolley System-It Will Cost \$100,000.

> It may be announced upon perfectly reliable authority that the recent sale of the Wilmington Street Rail way Company to Messrs. Hugh Mac Rae & Co., bankers and brokers, has

been confirmed. The opinion of many has been all along that the sale would not be confirmed, but it now appears that the unexpected has happened. The system was bid in at a sale in this city on October 7th, under decree of a foreclosure sale made by the Eastern District Circuit Court in a case brought by the Morton Trust Company, of New York, to compel payment of in terest and principal of the bonds under the terms of agreement entered into between the road and the bondholders. The purchasers were Hugh to take work in the A. C. L. shops at MacRae & Co., and the amout paid

was \$101,500. As far as can be learned there was no objection to the confirmation, and the necessary papers passed through the office of the deputy clerk of the court, in this city, without the hearing by Judge Purnell in Raleigh, for which there was no necessity, no ob-

jection having been made. The following special telegram was received by the STAR last night from its correspondent in Raleigh:

RALEIGH, N. C., Oct. 22.-Judge Purnell is at Elizabeth City this week holding court. To day was set apart to show cause, if any, why the sale of the Wilmington Street Railway to Hugh MacRae & Co., should not be confirmed. If there was a hearing as to the matter it was in Elizabeth

Mr. Hugh MacRae was here to-day attending a meeting of the North Carolina Railroad Board of Directors. He leftthis afternoon for New York. He discussed the Street Railway matter with your correspondent but did not mention any confirmation. He spoke of the purchase, however, as settled and expected very soon to know positively as to whether the company will put a trolley line on the Seacoast road. He seemed sure that it would. He intimated that certain co-operation on the part of residents on the sound and beach was necessary to assure the change which would cost a hundred thousand dollars.

JOHN ROBINSON IN FAYETTEVILLE.

Immense Crowds Present Yesterday to

Witness the Performance.

Parties who came down from Fayetteville last night say that an immense crowd of people saw the exhibition by John Robinson's shows in that city yesterday afternoon and were fairly well pleased with the perform ance. Two special trains consisting of 40 cars were operated by the A. C. L. from Wilson to Favetteville for the purpose of transporting the circus paraphernalia and at least 5,000 people

saw the show. The Fayetteville Observer of yesterday afternoon says that there was a larger crowd of people on the streets than was ever seen in Fayetteville on "circus day" before. The Observer also has the following concerning a rumor which has reached Wilming-

"The report that there were nothing but reserved seats, and those at an extra cost of 50 cents, proved incorrect here, as only about one-fifth of the seats were reserved, and certain of the reserved seats could be had on payment of the usual 25 cents extra.'

THE JOHN ROBINSON SHOWS.

Gorgeous, Sumptuous and Impressive Augmentation Coming On Nov. 4th.

The acme of scenic splendor was reached when John Robinson produced the great spectacle of Solomon, his temple and the Queen of Sheba.

No court was greater in all that pertained to magnificence than Solomon's, and as historically reproduced with dozens of calcium and vari-colored lights on the brilliant costumes and scintilating armor, it has received unstinted praise from all who have been fortunate enough to witness the

grand spectacle. The circus has been characterized as the most interesting in its unexcep tional features and in the general excellence of its ring performances. The menagerie is large and comprehensive chants of Maple Hill, N. C., have and includes living specimens of the filed a petition in voluntary bank-

The colossal Roman hippodrome is in itself a feature that has no duplication and carries the spectator back to Imperial Ceasar's day.
The show will exhibit at Wilminge ton on Monday, Nov. 4th.

Dixle Stock Company in Clever Presentation of "My Partner"-Rip Van Winkle the Bill To-night.

Another good sized audience was delighted by the Dixie Stock Company last night. "My Partner," a bill of Western type and possessing the usual element that hovers around the mine, was presented in a splendid manner. The members of the cast again met all requirements and re ceived much appreciative applause from the audience.

Especially praiseworthy was the work of Mr. James G. Morton and Mr. Ed. Dupont. These two gentlemen, each in strong contrast to the other, one portraying emotion and the other comedy, were decidedly finished in conception and execution of difficult roles. The former was really able in presenting the character of Joe. while the latter was up to the very pinnacle as MajorBritt Mr. E. J. Lee made a good Ned and Mr. Jack Mahoney an exceptional fine chink

The specialties all differed from those of the night before. Again in the lead appeared Miss -Lillian Mack with her popular illustrated songs. Especially fine was her rendition of the popular ballad, "He Laid Away Suit of Gray to Wear the Union

STOLE WATCHES AND DIAMONDS.

Negro Servant Arrested and Charged Wi Larceny From Residence of Employer.

Martha Clark, colored, residing on Sixth, near Walnut street, and employed for a time as a servant at the residence of Mr. William H. Konig, No. 826 North Fourth street, has been arrested and placed in jail charged ilk umbrella, a black skirt, a lady's belt, a lady's gold watch, two diamond rings and another ring with turquoise

Mrs. Konig has been sick for the past several weeks and during her illness the negro had access to the house without fear of her misappropriations being immediately detected. She at first stole the umbrella, later the skirt and belt and subsequently went into a jewelry box in a bureau of one of the rooms and stole the rings, watch, etc. Mr. Konig says many other articles are missing and there is evidence of systematic stealing for some time. The Clark woman denies having stolen anything but evidence will be introduced to show that she told another negro at church that the rings had been given to her by Mrs. Konig. The negro is from the country.

ENGINEER PEMBERTON'S SUIT.

Case for Damages Against A C. L. Set for Trial Next Tuesday.

Cumberland Superior Court, Judge Thos. A. McNeill presiding, is now in session at Fayetteville and will contine for two weeks. At present the court is engaged in hearing a damage suit brought by H. R. Townsend against the Western Union Telegraph Company. One of the most important suits of the term is that brought by Engineer J. A. Pemberton against the A. C. L. R. R. Co. The Fayetteville Observer of yesterday afternoon has the following in reference to it:

"The most important case for trial at this term, and what promises to be one of the most interesting suits ever heard in North Carolina is that of Mr. J. A. Pemberton, against the Atlantic Coast Line railroad, for \$100,000, for injuries, received in the wreck at Teacheys. Engineer Pemberton, it will be remembered, was running the engine of freight train that crushed into the rear of another freight, and he had to jump to save his life. He, however, received severe injuries, which his physicians declare disable him for life. The plaintiff alleges that the accident was caused by the negligence of one of the crew of the train ran into. This case is set for next Tuesday, and some of the most prominent legal talent in the State will be employed on both sides, and there will be a host of expert medical testimony.'

MARRIED IN RICHMOND, VA.

Miss Nessie Wescott Became Bride of Mr. Fowler, of St. Louis.

Numerous friends in the city will be interested in the announcement that on Monday afternoon at 6 o'clock at the home of her sister, Mrs. E. George W. Price, Well Known Colored Man, Met Almost Instant Death.

ON THE COAST LINE YARDS.

Attempted to Cross in Front of Locomotive and Was Run Over Yesterday Evening at 7 O'clock Near Worth's Ice Factory.

George W. Price, an influential colored citizen of Wilmington and for many years a justice of the peace of the county, was run over by a shifting engine in the A. C. L. yards here last night about 7:30 o'clock, receiving injuries from which he died at the Walker Memorial Hospital a few minutes after being transferred there in the city ambulance.

No one witnessed the tragedy and particulars of the accident are meagre. Price was just starting to cross the A. C. L. yards, going over into "Brooklyn," at a point just below Worth's ice factory on Second street. He had not crossed the first track of the many on the yards when he was struck by a shifting engine in charge of Engineman Smith and all his lower limbs were terribly mangled and brussed. Both legs were cut off about half way between the knees and ankles; both thighs were broken in two or three places and his right hand was badly crushed. None of the rain crew knew of the accident until the "shifter" and several cars had passed over the colored man. They were then attracted by the cries and groans of the wounded man beside the track. It was found that one of Prize's feet had become fastened be tween a guard rail at the switch and the main track. His shoe and one of his legs was taken from between the

rails after the accident. Dr. F. H. Russell was quickly summoned to the wounded negro and with stealing from her employer a later Dr. D. W. Bulluck assisted in giving him temporary surgical attention. He was then sent to the hospital but he died in a few minutes after reaching there and before the surgeons had time to dress the wounds. The body was later sent to Price's home on Eighth and Swann streets.

Price was about 57 years of age and leaves a wife and several children, among them being a grown son. For years he conducted a second-hand house furnishing store and cabinet shop. Only a few months ago he moved his place of business from near Fourth street bridge to Sixth between Swann and Nixon streets, He was a member of the colored Masonic order and was prominent in other secret societies and industrial enterprises conducted by colored people.
