TEACHERS' INSTITUTE

Most Enjoyable and Profitable Gathering of Public School Instructors Yesterday.

VERY LARGE ATTENDANCE

Addresses by Superintendent John Jay Blair and Prof. Washington Catlett. Reports From All the Districts Were Most Encouraging.

A Teachers' Institute, largely at tended and full of enthusiasm, was held yesterday morning from 10 to 12 o'clock in the Cape Fear Academy uilding, on Third street. The meeting was in response to a

call issued by Prof. Washington Cat-

lett, New Hanover's capable and enterprising county superintendent, and with but one exception every white teacher in the county's public school system was present and entered heartily into the spirit of the assembly. The features of the meeting were addresses by Mr. John J. Blair, superintendent of the city schools, who was present as a guest, and by Prof. Wash-

ington Catlett. Many of the teachers also made informal remarks, which were of entertainment and profit to their co-laborers in the great cause of education. Miss Nellie Cook, super vising principal of the city schools, was invited and assigned a part on the programme, but she was unavoidably detained, much to the regret of those in attendance.

The Institute was called to order at 10 o'clock by Prof. Catlett, who welcomed each and every one present. Among them were Miss Lucy Smith, Oak Ridge school, Federal Point township; Miss Jennie T. Oldham, Myrtle Grove school; Mr. S. V. Bowen, East Wilmington; Mr. J. P. Herring, District No. 4, Masonboro; Miss Kathleen Elmore, Middle Sound; Miss Pattie D. Thorne, Wrightsuille; Mr. E. C. Herring, Greenville Sound; Misses Augusta Wiggins and Reba Myers, Delgado; Mr. J. G. Murphy.

Bowen, Acorn Branch. Scott's Hill was alone not represented. After calling the roll of the teachers Prof. Catlett explained that the meeting was called for mutual profit and that it was in lieu of the township meetings required in the School Law under section 38, which it was deemed inadvisable to hold on account of the geographical lines of the county and

Castle Haynes, and Mr. Matthew

for other reasons. Superintendent Blair was then introduced and highly entertained and instructed the teachers with an illustrated lecture on botanical subjects and topics of natural history. He also encouraged the treatment of these and kindred subjects in the public schools. His address also dealt with matters geographical and was greatly enjoy-

Prof. Catlett spoke with good effect upon the necessity of discipline, not only for the good of the teachers but for students themselves. He also referred to the beautifying of school grounds and congratulated the teachers upon what has already been acof St. James, this city, arrived in complished in this direction. The idea Wilmington yesterday, and is a he said, had gone with many of the children to their homes and everywhere the good effects were in evi pit of St. James' church this morning dence. He also touched upon the need of inculcating a fondness for reading upon the part of the pupils and encouraged the idea of increasing the rural library which is figuring so prominently in educational circles

> Reports were then received from each and every school in the county and all of them were highly gratifying and indicative of faithful efforts upon the part of teacher and superin-

The institute adjourned sine die but in the future a meeting of this character will be held each year; some of the teachers favor holding them even

more often. A meeting of the colored teachers of the county will be held in December.

Peculiar Illness of Child.

The little infant son of Mr. and Mrs. George T. Bland, North Fourth street, was attacked by an unexpected and rather peculiar illness yesterday afternoon about 1 o'clock which gave the parents gravest apprehension for the boy's safety. Either in Castoria or the can of milk from which a nursing bottle was supplied, some chemical change took place to form an opiate which put the infant into a sleep from which it was feared he could not be awakened. The child was put away by its mother yesterday morning and in a few hours it was seen that the sleep into which the boy had fallen was unnatural. Physicians were quickly summoned but at 11:30 o'clock last night the boy was thought to be out of

Fifth Ward Water Works. It is believed now that it will be only an incomparably short time until work will begin on the extension

danger.

great dispatch.

of the water works into Fifth ward. The new contract, less burdened with details, for which the Board of Audit and Finance recently called, has been drawn and signed by Wm. McLean & Co., the contractors, and it is hoped the auditing board will find no further objection to the agreement. Much of the pipe for the extension is already on the ground, and when the word is given the work will go forward with

invited. For LaGrippe and Influenza use CHENEY'S EXPECTORANT.

MEETINGS BEGIN TO-DAY.

WILMINGTON, N. C., SUNDAY, OCTOBER 27, 1901.

Evangelist Greenwood Will Commence Revival at the First Baptist Church.

Evangelist Greenwood, who is to conduct a series of revival services in the First Baptist church, beginning to-day, arrived from Raleigh last night, and is alguest of Mr. Allison Alderman, on Second street. He is a superb choir master, and took hold of the large choir last night and succeeded in producing splendid music. He is a fine soloist, and renders spiritual songs with pleasing effect. He is not a Canadian, but a Bostonian of the purest type. He is thirty-four, quick, but forcible in every movement and expression. He has sung and spoken twice every day for three

weeks just closed. The services today will be at 11 A. M. and 7:30 P. M.; during the week, 3:30 P. M. and 7:45 P. M. There are forty chairs on the platform for the choir. A few are still vacant. Persons, who can and will sing whether at the first rehearsal or not, are requested to occupy them. Edwards & Broughton, of Raleigh,

His first work in the South was at

Raleigh in a great meeting of three

sent down for the meeting 500 "Gospel songs" pamphlets for the meeting. They contain many new and old hymns of sweetest sentiments and popular tunes.

TWENTIETH CENTURY MOVEMENT

Presbyterians Will Raise \$300,000 for Education in North Carolina-Synod.

The Presbyterian Synod of North Carolina, now in session at Charlotte, has taken a very important and progressive step in its decision to establish a "Twentieth Century Movement" for the purpose of raising \$300,000 for Presbyterian education in the State. That the work may be systematized

the Synod has extended a call to Rev. Dr. J. W. Stagg, of Charlotte, as field secretary at a salary of \$4,000 and necessary expenses and Rev. Dr. J. M. Wells, of Wilmington, has been amed as one of a special committe of five to prosecute the call before Mecklenburg Presbytery and have charge of all matters connected with the employment of the secretary and the determination of his duties and relations.

The matter is discussed enthusiastically by Presbyterians in Wilmington. The plan is that in order to give every Presbyterian in the State of North Carolina an opportunity of taking a responsible part in the great work, it is the will of the Synod that every minister within its bounds shall, as far as practicable, covenant with his session to endeavor to secure the pledge and the payment of \$2 per annum for five years by every member of his particular congregation. By this it is meant to be understood that \$2 is to be the average amount per

LUMBER MEN WILL MEET.

The South Atlantic Lumber Association Will Shortly Hold a Special Meeting.

To morrow week at Red Springs. N. C., a special meeting of the South Atlantic Lumber Association will be held, one of the principal objects of the session being a consideration of complaints in reference to the alleged shortage of railroad cars in some sections embraced by the Association.

The conditton is said to be very grave in localities where entire dependence is upon railroad shipment. Some milis, it is said, have had to temporarily suspend operations on account of the shortage of cars, resulting in a demoralization of the laborers and a financial loss to the mill owners. The shortage is due in a large measure to the abnormal demand for cars at this season to move the cotton crop. The meeting at Red Springs prom-

ises to be largely attended and the discussions very interesting.

"THE PRIVATE SECRETARY."

Popular Comedy by Stock Company Kept Audience Roaring With Laughter. The Dixie Stock Company closed its

highly successful engagement yesterday, giving two performances. Both were witnessed by large audiences. Last night the bill was the familiar comedy, "The Private Secretary." The piece was given a fine production and as usual, kept the audience constantly laughing. Mr. Jack Mahoney, a very capable young actor, played well the role of the "Secretary." The company leaves this morning

for Raleigh to fill a week's engage-

Daughters of the Confederacy, Mrs. Wm. H. Overman, State President of the United Daughters of the Confederacy, issues a call to the North Carolina chapters, directing attention to the annual convention of the general division at Wilmington, begin ning November 13th. The necessity of having credentials properly prepared is touched upon as is also the importance of the convention at which entirely new officers are to be elected, the present incumbents having served the prescribed limit.

Christian Association Anniversary. The anniversary of the Young Men's Christian Association of St. Paul's Evangelical Lutheran Church will be celebrated with appropriate exercises and a special sermon by the pastor, Rev. Dr. A. G. Voigt, this evening at 7.30 o'clock. The public is cordially

SEWERAGE SYSTEM.

Remarkable Progress Made Since the Work Was Begun Four Weeks Ago.

DETAILS OF CONSTRUCTION.

Competent Authorities Say It Will be an Up-to-Date Plant in Every Respect. The Disposal Works to be Beautified-Other Notes

Four weeks ago the Wilmington Sewerage Company began work in the city on its very elaborate system of sanitary sewerage and since that time the remarkable progress made by the enterprising contractors has challenged the admiration of all who have witnessed it. Few people, however, are able from a desultory inspection to gather a conception of the magnitude of the work already done. More than 25 blocks and crossings have been laid with pipe and ninetyfive per cent of the excavations for the work have been refilled and the streets left in good condition with the exception of a few "finishing touches" to be put on early this week.

The weather during the past two weeks has been ideal for carrying on the work and remarkable progress has been made. Thus far pipe has been laid on the following sections of street; Castle street, from Sixth to the iver; Second, Third, Fourth and Sixth, from Church to Castle; Front, from Castle to Nun; Dock, from Front to Sixth; Second, Fifth and Sixth, from Dock to Orange; Princess, from Second to Seventh. In addition to the mains thus enumerated, all house connections have been made on the streets named, extending in all cases to the building line. The work of establishing the man-holes is somewhat in advance of the pipe-laying, these having been completed at the intersections of Orange with Second. Third, Fourth and Fifth streets and the intersections of Ann with Second. Third, Fourth, Fifth and Sixth

The pipe is also laid in addition to the streets enumerated above, in what may be called the city proper, from the disposal plant on Burnt Mill creek down Hall to Woods streets; thence south on Woods street to Miller street, a distance of about 2,000

This latter was a very difficult piece of work, as it required an excavation of 18 feet depth, in which quicksand and water were encountered in such quantities as to tax the ingenuity of Chief Engineer Maj. Chauncey Ives and Superintendent of Construction E. F. Kittson in overcoming these difficulties, having to cross deep ravines, where inverted syphons were used instead of trestles and filling. This section must have cost the company a large sum of money and the efficient manner in which the work is being done is an evidence of the fact that when completed the citizens of Wilmington will have as fine a system of sanitary sewerage as exists in any other city in the South.

In addition to the man-holes at every street crossing, intermediate lamp holes are placed in the centre of the block by which at all times, the flow can be inspected and should any stoppage occur the place can at once be located and the stoppage removed from

the man-hole. The sewers being laid, joint by joint, on a true grade and the allignment preserved by a line extending along the bell of the pipe, the grade and allignment are both so true that a lamp placed in the man-hole while the pipe is being laid is always visible from the next man-hole.

The territory already covered in the short space of time since permission was given to begin the work is an earnest of the promise to complete the system within the prescribed limit of

The STAR is informed that the force of workmen will be increased and the work pursued from now onward with still greater activity. The work already done and the methods pursued in its execution appear to be certainly of a high order and the citizens of Wilmington seem to have cause for congratulation that the city will have a sanitary system that does not belie its name.

The disposal plant of the company near Oakdale cemetery has been completed for some time and is said by experts to be a very fine work. The plant has been neatly enclosed with a substantial and handsomely painted fence. A contract will be let this week for the turfing of the grounds round about and for planting it in shrubbery and flowers. The road leading to the property from the city limits will also be improved.

An Approaching Marriage. Announcement has been made of

the forthcoming marriage on Wednesday, November 6th, at the home of the bride's parents, of Miss Henrietta Shepard, daughter of Dr. and Mrs. J. C. Shepard, to Mr. James Sinclair, a popular travelling auditor of the Atlantic Coast Line, and a young man well and favorably known by a host of friends in this city. No cards are issued in the city on account of a recent bereavement in the family of the

A BIG SUIT COMPROMISED.

It is Said That] Engineer Pemberton Received \$12,000 in Settlement With

The Fayetteville Observer of yesterday afternoon says: "The suit of Mr. John A. Pemberton vs. the Atlantic Coast Line railroad was compromised this morning, after a meeting of Mr. George M Rose, attorney for the Atlantic Coast

Line, and Messrs. Robinson & Shaw,

attorneys for the plaintiff. This is a suit which was set for trial next Tuesday, in which the plaintiff sought damage to the amount of \$100, 000 from the Atlantic Coast Line for injuries received in the collision of a train of which he was the engineer, with another train, standing on the track ahead, near Teacheys. Engineer Pemberton had to jump from his engine, just before it struck the rear of the train ahead, to save his life. His engine telescoped several of the cars run into and they were set on fire. In jumping Mr. Pemberton received serious injuries, his scalp was almost torn from his head and several ribs were broken. He was taken to the hospital at Rocky Mount and his life was despaired of for several day. It was claimed by the plaintiff that the accident was none of his fault, but was through the negligence of the train run into.

The compromise as effected gives Mr. Pemberton in round numbers about \$12,000. The following is the judgment of the court, signed to-day by Judge McNeill.

North Carolina—Cumberland County.

In the Superior Court, October Term. 1901-John A. Pemberton vs. A. C. L. R. R. Co.-Judgment. This cause coming on to be heard at this term of the court, and it appearing to the court that all matters in controversy, between plaintiff and defendant, have been compromised and settled, and the amount agreed upon

has been paid to plaintiff: It is now on motion of George M. Rose, counsel for defendant, assented to by counsel for plaintiff, ordered and adjudged, in accordance with said settlement, that the defendant go without day, and that the plaintiff recover of the defendant the cost of the action to be taxed by the clerk of this court. T. A. McNEILL, Judge presiding.

Odd Fellows' Memorial Services.

Indications are that the Odd Felows' Memorial services, at Grace M. E. Church this evening, will be largely attended and will be in every way fitting and appropriate. The service will begin at 7:30 o'clock and the sermon will be by Rev. J. N. Cole. pastor of the church. Special seats will be assigned members of the order, who will gather at Odd Fellows' building at 7 o'clock for the purpose of marching to the church in a body. As usual, the roll of members who have passed away during the past year, will

Two New Lodges, Perhaps. In speaking of the outlook for the

new lodge of Elks soon to be instituted in Raleigh, District Deputy Gerken, who is just back from the State Fair, says that the prospects are very bright indeed. The list of charter members will contain about thirty names, the very best people in the city. They are now slating their officers and Mr. Gerken expects to institute the lodge about the middle of November. While in Raleigh District Deputy Gerken also saw a number of prominent men of Kinston who are working up a charter list for the order in that enterprising city.

Large Cargo of Cotton.
