Joseph Fielding Smith, the new president of the Mormon church, is a moderate sort of a patriarch. He has only three wives.

Mr. Tournier, the French automobile racer, wants \$50,000 damages from that railroad company whose "wild cat" engine smashed his automobile and came very near smashing him.

Neither the British people nor the army takes kindly to making Buller a scapegoat. Wherever he appears in public places he is cheered and he seems to like it, but the other fellows don't.

The Newport News Herald rises to ask, "If Dewey gives Schley a clean bill of health, as he surely will do, what's the matter with the Presidential ticket of Dewey and Schley?" Too much water in it.

Some girls will do anything for a title. A Kentucky girl last week married a fellow named Charles Henry Augustus Frederick Lockhart Ross just because he was a Lord, and she threw in a lot of money, too.

A Chicago judge has cited a newspaper man before him to answer a charge of contempt. The n. p. man denied the charge. He did his level best to conceal his contempt.

Grover Cleveland is right when he says the world would be better off if men would fish more, hunt more and chase the dollar less. But Grover didn't make any remarks on that line until he had accumulated a pretty large pile of dollars.

After getting out of jail Earl Russell married in London the woman for marrying whom in South Dakota he was sent to jail. With this double splice the marriage business ought to be clinched enough to hold on both sides.

## THE SUPERIOR COURT

One-Week Term for the Trial of Criminal Cases Convened Yesterday Morning.

### THE CASE OF N. L. SMITH.

It Will Likely be Called To-day—Large Number of Submissions and Several Defendants Sentenced to County Roads—The Grand Jury.

New Hanover Superior Court, for trial of criminal cases only, convened at 10 A. M. yesterday, Judge Oliver H. Allen presiding, and other court officers in attendance. The grand jury was empaneled, with Officer C. M. Harris in charge, as follows: Jos. H. Hanby (foreman), R. T. Alford, J. R. Guthrie, J. E. Hinnaat, G. T. Flynn, Anson Allgood, Henry Smith, Elijah Hewlett, John E. G. Brown, J. F. Edwards, T. E. Heath, John D. Cottle, Zach. E. Murrell, Eugene McKenzie, Samuel Blossom, C. M. Whitlock, Chas. D. Myers, W. H. Yopp. Jurors were excused as follows: J. D. Edwards, J. G. Barrentine, L. Y. Styne, James I. Metts, C. F. W. Rehder, M. J. Corbett, J. E. Matthews.

The following submissions were allowed, the defendants having been taxed with the cost in the several cases: Owen Burruss, assault and battery with deadly weapon; Joe Drew, assault and battery with deadly weapon; Isaac Nixon, assault with deadly weapon; Susan Royall, assault and battery with deadly weapon. Other cases were tried as follows: Charles Fowler, carrying concealed weapons, submitted; 30 days on roads. Wm. Waddell, assault with deadly weapon; submitted; 40 days on county roads. John Myers, abandonment; submitted; 60 days on roads. Richard Davis, carrying concealed weapons; judgment reserved. Galloway Filmore, assault with deadly weapon; twelve months on county roads. Walter Silvia, assault and battery; continued on physician's certificate; bond fixed at \$100 justified.

By agreement of counsel on both sides, it was decided to take up the case of H. Hauser, charged with house burning, on to-morrow morning. Commissioner Young, of Raleigh, telegraphed that he would reach the city to-day.

Another case of importance that will come up at once, perhaps to-day, is that of Mr. N. L. Smith charged with embezzlement by the Ludden & Bates Company. The case was called in Justice Fowler's court yesterday afternoon, but word came from the Court House that a true bill had been found by the grand jury there, hence there was no need of a preliminary hearing in the Justice's court. Two officers of the Ludden & Bates firm arrived yesterday from New Haven to testify for the prosecution and Mr. Jasperen Smith, a brother of the defendant and at one time secretary and treasurer of the Ludden & Bates Company, arrived to testify for the defendant. The case will likely require about a day and a half in hearing.

The Superior Court adjourned at 5:30 P. M. yesterday until 9:30 o'clock this morning. The following talesmen were summoned for duty to-day: G. W. Branch, W. D. Rhodes, I. T. James, G. C. Simmons, A. J. Hanby, C. VonGlabh, S. Sneeden, J. F. Maunder, E. S. Lathrop, Wm. Waters, O. M. Fillyaw, H. M. Bishop, Elijah A. Orrell, J. W. Copeland and J. D. Biggs.

**Fishplate Clothing Co.**  
Folks in the business world and hundreds of customers will regret to know that the Fishplate Clothing Company is preparing to retire from business. The formal announcement of the fact will be made in an advertisement to-morrow, in which Mr. Fishplate will give notice of a great slaughter sale that will continue until a vestige of the stock remains. The store will be closed to-day to take stock preparatory to inaugurating the sale to-morrow. The large majority of the stock consists of the famous "High Art Brand," manufactured by Strauss Bros., of Baltimore and New York, and each patron of the great sacrifice sale may depend on quality and price.

**Baptist Church Meeting.**  
A large congregation was present at the First Baptist Church at the morning service Sunday, with a goodly number of conversions. The regular Sunday school which took place at 9:30 P. M. was converted into an evangelistic service and between 60 and 75 conversions were made. The church at night was packed, every available seat taken and chairs being used in the aisles to seat the crowds. Interest grows and the meetings will continue this week. The public is cordially invited.

## THE COUNTY COMMISSIONERS

Large Number of Unimportant and Routine Items of Business Transacted—Corrections Made in Tax Lists.

Yesterday afternoon at the regular monthly meeting of the Board of County Commissioners, upon which all members were in attendance, an avalanche of routine and unimportant business was transacted. Eugene S. Martin, Esq., attorney for Wilmington Underwriters' Insurance Co., addressed the board in regard to the collection of certain back taxes on insurance companies, consideration of which has been pending by the Board for some time. It was at length decided to refer the matter as to construction of the revenue act touching the same to the State Tax Commission.

Capt. Donald MacRae asked for a reduction of the tax valuation on the "MacRae building" on Front street, the same being assessed at \$14,000. No action was taken by the Board. Among the unimportant items were the approval of the liquor license of J. E. Hinnaat, Princess street; exemption of Ed. Moseley, colored and insane, from poll tax; failure to exempt from poll tax J. L. Wilkins and E. A. Chadwick, white, of Wilmington township; correction of error of \$1,000 in taxable income of Dr. J. E. Matthews; permission to E. N. Edens to remove his bar from the "Wright place" to the store lately occupied by Paul Case at Wrightsville Sound; allowance of a continuation of the monthly allowance of Josh Garrett, of Masonboro township; instruction to the chairman to call for bids for replacing county rail fence with wire; seizure from the tax books of certain stock in the Greensboro Loan and Trust Co., listed through error by M. J. Heyer; seizure of \$500 stock listed through error by E. B. Pleasants in the Rocky Mount and West End Land and Improvement Company. Reports of fines collected were filed by Justices W. W. Harris and J. M. McGowan.

Messrs. Voller and Montgomery were appointed to investigate the application of the New Hanover Land and Improvement Company for a reduction in the tax valuation of property at Castle Haynes.

The report of Dr. W. D. McMillan, superintendent of health, was read and approved. It covers the months of September and October, and shows the county to be in excellent condition from a sanitary point of view.

The reports of the register of deeds and county road superintendent were read and approved, after which the board adjourned.

### JURORS FOR SUPERIOR COURT.

The following jurors were drawn by the County Commissioners yesterday afternoon for the criminal session of New Hanover Superior Court to be convened on November 25th: Marcus W. Jacobi, Jesse E. Grimes, L. B. Pennington, S. Solomon, R. S. Eadesek, Jesse Wilder, S. Z. Eggleston, J. Well, Thos. Quinlivan, Frank P. Lamb.

**Students Returned Home.**  
Mr. George Chabourne returned home Sunday evening from Chapel Hill where it was thought he had an attack of typhoid fever. Miss Blanche Chabourne, who was also ill at St. Mary's, Raleigh, returned on the same train. They were accompanied by Mr. and Mrs. James H. Chabourne, their parents, and Dr. C. P. Bolles. Both were reported being well yesterday.

## THE CITY COUNCIL.

Regular Meeting for November Last Night Was a Very Lengthy One.

### ACTION OF CAUCUS CONFIRMED

Multitude of Matters of More or Less Moment Were Considered—Police Will be Provided With Firearms. Progress of Street Work.

The City Council was in session last night from 8 to 12 o'clock and during those four hours it transacted a vast deal of business, none of it, however, of very general importance. Mayor Waddell presided and, singular to say, every member was in his seat. The action of Friday night's caucus in the election of Mr. John H. Sweeney as a member from the Second ward to succeed the late H. P. West, which has been previously reported in these columns, was confirmed unanimously and after taking the oath, administered by Mayor Waddell, Mr. Sweeney took his seat amid the congratulation of members. Committee reports were then called and a multitude of minor matters acted upon.

The contract for the steel tower for the Fourth street fire alarm bell was let to S. F. Haywood & Co., at \$140. A request for an electric light at Market street E. of church, Ninth between Market and Princess streets, was referred to the Light Committee.

On motion of Alderman Bailey the salary of the assistant at the Front street market house was increased from \$10 to \$20 per month. Alderman Parker moved a repeal of the ordinance requiring bar-rooms to close at midnight. The motion was lost, Messrs. Maunder, Sweeney and Parker alone voting aye. Alderman Harris moved a substitute, which was finally carried, and to the effect that where food is served at bar-rooms and ordered before 12 o'clock persons may remain in the bar to eat the same until 1 A. M. This motion was first lost, but was taken up again and carried with the remainder of the ordinance requiring the closing at midnight.

Alderman Harris moved that a committee of three be appointed to investigate the merits of the "sanitary plumbing ordinance," offered by him at the last meeting and referred to each individual member for his personal examination. Alderman VonGlabh offered a substitute to "table," and the substitute was carried.

J. G. Carney was elected to the position of third sub-policeman. Mayor Waddell's very comprehensive report on the progress of the street work evoked a long discussion as to which streets should be improved after Princess, each Alderman advocating his particular idea of where the work is needed most urgently. Orange street was warmly advocated by Mr. Bailey; Fifth between Church and Castle and Castle between Fourth and Seventh by Messrs. Parker and Mann, and Red Cross by Mr. VonGlabh. A motion at length prevailed deferring specific instructions to the committee of which Mayor Waddell is chairman.

Mr. Bailey asked, since it appeared impossible for the Board to define its duties, that the standing committee on the much mooted question of sewerage be dismissed. A motion resulted in a discharge of the committee, the vote being unanimous with the exception of Mr. Skinner.

Mr. Johnson called attention to the condition of Chesnut between Ninth and Tenth streets. Mr. Bailey moved to go into the election of a Mayor pro tem, and the result was a unanimous election of Mr. VonGlabh. This was in confirmation of the action of Friday night's caucus. The nomination was by Mr. Johnson with second by Mr. Bailey. The Mayor congratulated Mr. VonGlabh upon his election.

Mayor Waddell called attention to the unimproved condition of the police. Bids were read from several hardware houses offering to furnish Smith & Wesson revolvers, blue steel, five inch barrels and guaranteed. The committee asked for an appropriation of 25 of the weapons and it was at length carried, each policeman to be charged with the pistol upon receipt and the cost of same to be taken out of his salary when he retires from the force unless the weapon is returned. Alderman Johnson favored having the policemen pay for the pistols in 90 days or more with the condition that the city would buy them when policemen desired to leave the force or were dismissed. The former arrangement was, however, adopted.

Mayor Waddell called attention to the increase in number of bills sent to chairmen of different committees with request by merchants that the bills be collected from city employees in the different departments. The Mayor stated that this branch of work had well nigh assumed the proportions of a bill collecting agency, and that there were a number of cases where misfortune had overtaken an employe and it was impossible for them to pay a bill. A dismissal from the force, according to police regulations, would work a great hardship on many of them. Alderman Harris advanced the idea that the matter of dismissal was discretionary with the chairmen, and he presumed none of them would be dismissed without investigation. Alderman Spencer advocated the idea of allowing no employe to draw salary during the month. No action was taken in regard to the matter, it being the consensus of opinion that the matter of dismissal was entirely in the hands of the chairmen.

## JOHN ROBINSON'S.

The "Old Reliable" Shows Here Yesterday for Two Performances.

### GRAND STREET PAGEANT.

Parade Most Creditable and Exhibitions at Hilton Pleased Two Immense Crowds, Afternoon and Night. Menagerie Complete.

The ordinary observer will agree with the Charlotte Observer that a great big roaring, up-to-date circus once a year is one of the best things that can come to a community. It gets overworked brains out of ruts and inspires fresh conversational topics for months to come. John Robinson's tried and time-honored circus has come and gone and with it the good wishes of the many thousands who enjoyed the two excellent performances that were given here yesterday. The parade was undoubtedly the finest circus procession that has been witnessed in this city in many years. Kentucky and John Robinson are famous for their fine horse- and thousands were on hand to see the beautiful stock and the many expensive and originally designed wagons. Every one of the equipages, including horses, (4 to 24 horse teams) harness, and animals within, represents an investment of \$5,000 or upwards and as there were thirty-two cages in line the value of it can easily be approximated.

The performance began with the brilliant spectacle of King Solomon's temple, which would cost a dollar to see on any stage but is thrown in with the rest of it for fifty cents. John Robinson's menagerie is the most complete collection of animals travelling to-day and contains, besides the ordinary lions, etc., several specimens that are fast becoming extinct and are well worth going a long way to see. His cosmopolitan set of antelopes is the principal feature of the exhibit.

The circus performance kept the audience in an uproar from start to finish. The best way to judge the merits of a circus or any entertainment is by the effect it has upon the audience. If they enjoy the circus they have their money's worth and yesterday's exhibition was certainly enjoyed by 99 out of a hundred who saw it, the odd person's opinion goes down on the minority side of the sheet.

The performing pize of Prof. Holder are absolutely a new feature and never were seen here before. The six performing elephants are fine and taxed the credulity of one's eyesight. The riding acts are snappy, well dressed and difficult. Three somersault riders turning at once make the place look as if there was something doing. The races, for once, are earnestly contested and are very exciting.

The Robinson circus is a big one, ranking easily among the three big American circuses. Two years ago it was about the same size as several others exhibiting in the State this season, numbering about 20 cars, 100 horses, 15 cages and four pole canvas, but when it arrived yesterday morning the size had been increased to 46 cars, 250 horses, thirty cages and six pole canvas; so that now for same admission fee Mr. Robinson is giving the people just double what he used to give.

A new tower car has been added to the equipment of the Wilmington Street Railway Company. It was designed by General Manager Skelding and constructed by W. B. Savage, chief electrician.

The Interdenominational Ministerial Association met yesterday morning and the committee on constitution and by-laws reported progress. Those present were Dr. C. S. Blackwell, Dr. A. G. Voigt, Dr. J. M. Wells, Dr. S. Mendelsohn, Dr. A. D. McClure, Rev. J. N. Cole, Rev. J. H. Hall and Rev. C. W. Kegley.

## HYDRAULIC BRICK COMPANY.

Organization Effected Saturday Night and General Manager Geo North to Purchase Machinery for Plant.

It was noted in these columns a few days ago that the Hydraulic White Brick Company, of this city, had been chartered by the Secretary of State. The charter has been received by the company, and Saturday night an organization was effected by the election of the following officers: President—D. O. Love. Vice President and General Manager—Andrew Smith. Secretary and Treasurer—Roger Moore.

Directors—Andrew Smith, J. G. L. Gieschen, H. E. Bonits, M. W. Jacobi, Roger Moore, D. O. Love and J. A. Springer.

It is learned that work will be commenced very shortly on the factory site, near the S. A. L. depot. Mr. H. Huenneker, of Germany, owner of the brick patent, has been in Wilmington for several days conferring with members of the local company and left last night, in company with Mr. Smith, for Richmond, Va., and Northern cities, where they will purchase an outfit of machinery, which will be installed during December. Officers of the company expect to have the factory in operation by January 1st.

Funeral Yesterday Morning.  
At 11 o'clock yesterday morning in St. James' Episcopal church the order for the burial of the dead was impressively said by the Rev. Frederick H. T. Horsfield over the remains of the late Beverly Tucker French, whose death was announced in these columns Sunday. Collier, L. B. Sasser, H. M. Foard, J. D. Smith, Col. Walker Taylor and Capt. L. S. Belden.
