THE SUPERIOR COURT

Two Weeks' Term for the Trial of Criminal Cases Will Convene To-morrow.

Two Capital Offences Will Likely be Tried and Others of an Important Nature Heard - Judge Timberlake Will Preside

New Hanover Superior Court for the trial of criminal cases only will be convened to-morrow morning at 10 o'clock, Judge E. W. Timberlake, of Louisburg, presiding, and Solicitor Rodolph Duffy, prosecuting.

The term will last two weeks and will be an important one. There are 52 cases on the docket and 21 of the defendants are in jail awaiting trial. Among the number is young McLach. lin, white, charged with burglary in the first degree, a crime punishable by death. Messrs. C. D. Weeks and R. G. Grady have been assigned to de-

fend him and the questions of law will be bitterly contested. E. Tiner, white, was held upon the same charge for several weeks and against him one true bill was found, but at the last term of court for some reason another streets, was sent to Rocky Point for bill of indictment was sent to the grand jury and it failed to find a probable case against him and he was forthwith discharged. The specific charge against McLachlin is that he entered the house of Mr. Lietgen on Second, near Princess street, during the recent Elks' Carnival and stole a watch, ring and several articles of

clothing. Another case of some interest is that sent over the past week against Grattan Pearce, the young negro charged with killing the old colored man King. For this offence he will likely be put on trial for his life. Solicitor Duffy arrived in the city yesterday to arrange his docket for the opening of the term.

The following jurors have been drawn for the first week: J. B. Southerland, Jno. T. Smth, W. A. McGowan, W. L. West, E. N. Edens, W. H. Barber, Jno. S. Piver, Wm. O. Page, M. H. Kelly, W. H. MABEL PAIGE ENGAGEMENT.

Her Appearance in Danville This Season Was an Ovation-Prices.

Mabel Paige begins a five nights' ingagement here to morrow evening. The opening bill will be "The Deacon's Daughter," one of the best in Miss Paige's repertoire.

The following comment on her appearance in Danville shows what may be expected: "The Academy of Music was taxed to its utmost capacity last night to seat the vast audience bent on witnessing the first performance given by Mabel Paige and the strong company supporting her. For the first time this season every seat in the opera house was occupied, both down stairs and up, while a large number stood up during the entire perform ance. 'The Little Coquette' was the title of the play, and it was full of intense interest from start to finish Miss Paige appeared at her best and proved the favorite of the evening. Irving R. Walton came next, and throughout the play kept the audi ence in an uproar of laughter." Monday night all ladies will be ad-

mitted free if accompanied by the holder of a paid 30-cent ticket. Prices 10, 20 and 30 cents. Seats are now on

Carolina Northern Railroad.

Regarding the Carolina Northern railroad from Lumberton to Marion, 3. C., a correspondent of the Charleston News and Courier from the latter place says that the road is to be built right through to Charleston as rapidly as possible. Engineers are already making the survey. The Georgetown and Western road will be crossed a few miles out of Georgetown. This promises to be an important railroad for Charleston, as it will open up North Carolina territory which at present has no direct railroad communication with that city. It will also be a competitor for Charleston freight, particularly fertilizers. There is hardly a doubt now that this is to be mere-Mr. Will S. CAROLINA COMPANY.

Application Made to Secretary of State for Incorporation

of Wilmington Concern. ITS PURPOSES ARE MANIFOLD

Although Stockholders Are Reticent, It is Believed Coal and Wood Business Will be Engaged In-Anthorized Capital \$1,000,000.

Application has been made to the Secretary of State for the incorporation of "The Carolina Company" which has been organized in Wilmington by a number of leading business men. The application, as stated in the STAR's Raleigh telegram yesterday, has been returned to the incorporators for slight technical changes, but a charter will be issued in a few days and the company organized for business.

The capital stock of the company

is \$1,000,000 authorized; paid in \$10.-000. The incorporators are W. E. Worth, W. T. Shay, John S. Armstrong, Walker Taylor and George R. The purposes of the new company

as set forth in the application for the charter are manifold. It may engage in construction, mining, manufacturing, buying and selling coal etc., etc., a very wide latitude in business being asked.

The ultimate purposes of the company are on an extensive scale, but it is thought that the business first conte mplated is that of buying and selling coal and wood. It is also suggested that it may be in anticipation of the direct route to the coal fields of Tennessee by the Seaboard Air Line. A trade paper published North recently gave notice of the proposed incorporation of such a company in connection with the Seaboard rumor, but the incorporators approached upon the subj-ct yesterday would give no news at

Will Become Vice President and General Manager of Large Texas Rice Mill.

The Houston, Texas, Daily Post of a recent date has the following regarding one of Wilmington's esteemed citizens whom it will regret very much to lose:

"A company to be known as the Houston Ree Milling Company has been organized with a capital stock of \$50,000, and with the following officers: Bryan Heard, president; De Lancey Evans, vice president; Bernard Brown, secretary and treasurer. Directors: H. W. Cortes, John Lane, George McFadden, Bryan Heard, F. E. Dudley, Bernard Brown and De Lancey Evans. A site on the bayou has been secured, and it is proposed to erect the most complete and up to date mill possible, together with large warehouses, as the company will engage in the buying and selling of rice in addition to milling it. Mr. Evans, under whose management the mill will be operated, is an all around rice man of many years experience in Louisiana and the Carolinas, and is vice president of the Rice Association of America. With its strong finan cial backing and the natural advantages of Houston, which is destined to become the rice center of Texas, the company feel reasonably assured of the success of the enterprise. Charter has been applied for and work on the plant will begin as soon as practi-

Another Cold Snap.

The minimum temperature at 8 A. M. yesterday was 24 degrees, which was not the coldest of the winter by any means, but there was a sufficient breeze from the north to make it quite chilly. James H. Young Has Abandoned Fight for the Appointment—Telegram From Senator Pritchard.

[Special Star Telegram.]

RALEIGH, N. C., Jan. 4.- James H. Young, colored who has been making an effort to defeat the appointment of Jao. C. Dancy, as recorder of deeds for the D s rict of Columbia, received the following telegram to-night from Senator Pritchard:

Col. Harris, who endorsed Jim

Mr. Roosevelt stated that he had promised Senator Pritchard that he should name the recorder. and hellinformed Mr. Harris that he would appoint the man recommended

Now Cheat-ham's v.s., here is stated by those who are in a position to know to be in Young's behalf. When seen yesterday Cheatham said he came here to see

his son at Shaw University.

The fight is on between Jim Young and John C. Dancy, and the one that has the most influence with Senator Pritchard will win out. Young has influential Republicans at work and is making things hum. Dar cy is supposed to have Pritchard's support, and if he has why then he's got all the best of it. But from what Republicans said yesterday some mighty interesting developments may be expected soon.

Loge was doing business in his law shop yesierday, and when asked about his visit to the President, replied that he had "been to Washington." While admitting nothing it was learned from authoritative sources yesterday that Col. Harris saw the president on two occasions and he took occasion to strongly endorse Young's candidacy,
