THE SUPERIOR COURT

Two Weeks' Term for Trial of Civil Suits Will Convene To-morrow Morning.

THE DOCKET FOR TRIAL

Several Damage Cases Are Set for Hearing-Complaints in Many of Them Filed-Jarors Summoned for Term - Other Notes.

New Hanover Superior Court for the trial of civil suits only will be convened to morrow morning at 10 o'clock, Judge E. W. Timberlake presiding. There 29 cases on the trial docket but none of them are of very great importance. All are set for a hearing the first three days of the two weeks' term but it is expected that it will take much longer than that time to try them. There are 69 cases on the motion docket and a large number on the summons docket, but many of those, of course, will not be taken up at this term.

Perhaps the most interesting case on the trial docket for to-morrow is that of Emiline Mask, colored, against the City of Wilmington, in which the complainant asks damages of the de fendant in the sum of \$5,000 for in juries received by the overturning of a buggy into an excavation made for street work in the northern part of the city in July 1900, the said excavation not having the required safe guards in the way of lights, etc., thrown around

it. The plaintiff is the mother of Dr. T. R. Mask, the colored physician Messrs. Bellamy & Bellamy appear as counsel for the plaintiff and Messre. Meares & Ruark for the defendant city. Wm. J. Bellamy, Esq., was formerly of counsel for plaintiff but upon his election to the office of city

attorney he withdrew from the case. The other cases set for the first day are of no general interest. On Tuesday the Strause suit was set for hearing but since its compromise it will S. P. Cowan Livery Company against the city of Wilmington, which involves the relative jurisdiction of the Boards of Aldermen and Audit and Finance, is also set for Tuesday and will be argued by Bellamy & Bellamy for the complainant; City Attorney Bellamsy and Ex-Judge E. K. Bryan for the defendant.

The case of Graham Murray against the city and pr. Charles T. Barper. superintendent of health, in which the plaintiff seeks to recover \$5,000 for the slieged indiscreet removal of a sick child in the enforcement of quarantine regulations, is also set for trial Tuesday. L. V. Grady is counsel for plaintiff and City Attorney Bellamy and Herbert McClammy, E.q , for the respective defendants. The allegations in the complaint in all material points are denied in toto. The city has filed a demurrer to the complaint upon the ground that the latter document does not present facts sufficient in law to constitute a cause of action in that the city, discharging a duty imposed solely for the public benfit under the law, an artificial body, acting only through its servants, would-not in law be liable for the torts of said servants in the exercise of its govermental functions, the doctrine of respondent superior not applying

On Tuesday is also set the case of Penny against the A. C. L. R. B. Co., the particulars of which are well known to the readers of the city

On Wednesday nine other cases are set for trial but none of them is of

interest. In connection with the calendar Judge Timberlake has made the following order, which is printed on the same: "Cases will be called peremptorily on day set, and if not reached that day will be tried when reached. unless continued by consent or upon legal grounds." Heretofore the custom has been to continue all cases not reached upon the day they are originally set.

The following jurors have been summoned for service the first week: . J. Scott, J. O. Powers, D. D. Barber, C. L. Spencer, B. B. Humphrey, T. B. Jackson, Ed. Norgood, W. S. Craig, G. J M. Baldwin, W. H. Bonham, J. P. Chapman, R. J. Casteen, J. D. Brown, Jno. C. Heyer, Thos. Murren, Vernon Baldwin, H. B.

Miss Kidder has proven herself a star of the higher class and is well remembered for her excellent side. The Washington correspondence of

Proctor, Jr, of Lumberton, gen eral counsel for the road, who arrived here to-day from Philadelphia, where he went to confer with the majority stockholders. This road is now in operation from Lumberton to Marion, C, a distance of 45 miles. Mr. Proctor tells me that the road is to be built at once to Charleston, 8 C. a distance of 110 miles. Work will begin within sixty days. It is the desire of the owners of this road to build an extension to Fayetteville, which would give a direct route to Charleston. Mr. Proctor was here to see Representative Bellamy about the \$2,500 appropriation for the improvement of the Upper Cape Fear. He says if this appropriation is granted and deep water is obtained at Fayetteville there is no doubt about the road seing extended to that point. Mr. Bellamy will give the River and Harbor Committee the benefit of this information. It is 33 miles from Lumberton to Fayetteville and it is pro-
