MRS. OLIVER BELMONT BUYING N. C. PROPERTY.

Said That Newkirk Place On Wrightsville Has Been Purchased for Her-Also, the Larkins' Tract.

The recent sale of the valuable Newkirk property on Wrightsville Sound to Mr. J. R. Waller, representing a Chicago syndicate of capitalists who were contemplating the establishment of a Winter resort there, is reported to have miscarried and the \$200 option returned to the purchaser.

It is further learned that the real estate agency of J. G. Wright & Son has now secured an option on the property and that its ultimate sale to Mrs. O. H. P. Belmont, of New York, is assured. Mrs. Belmont recently visited the handsome country estate of Mr. Pembroke Jones on the Sound and was so favorably impressed with the natural beauty of the surrounding country, it is said, that she immediately opened negotiations through Messrs. Wright & Son for the nurchase of as much desirable property in that section as she could get.

The tract consists of 1,250 acres and the original sale by Mr. Luther A. Blue, was said to have been at \$1,325, at which price all of the interested parties in the land would not agree to sell. Now it is said that the second sale of the property will net the owners \$2,-

The Larkins' tract on the Sound which was recently sold to Messrs. Wright & Son is also said to have been for Mrs. Belmont instead of for Mr. Pembroke Jones as reported.

The Factory of Mr. George T. Johnson Will be Operated by Baltimore Concern.

NEGOTIATIONS FOR LEASE.

President Fait, of the Wm. Pait Company, Talks Encouragingly of the Prospect. Will Use Tomatoes Exclusively at Pirst-Strawberries.

Mr. William Fait, president of the Wm. Fait Company, Boston and Patuxent streets, Baltimore, Md., spent several days here the past week and has about completed arrangements for a lease the coming season of Mr. George T. Johnson's extensive canning factory about two miles from the city on the Castle Haynes' road.

Mr. Fait was a guest at The Orton while in the city and left last night, returning home. He will, however, come here again in a few weeks and will then conclude all arrangements for operating the factory if conditions as to growing crops are at all favorable. Mr. Fait says the factory, if operated by his company, will can tomatoes exclusively the first season but that he has no doubt of extending the business into other lines if the first year proves a success. He will have every arrangement, he says, for using the product of at least 125 acres of tomatoes, if the truckers in this section will plant and cultivate them.

The season for canning tomatoes, he says, will begin about July 1st, and close about September 1st, and during that time the factory will be in position to pay remunerative prices for the fruit. Next year, if the experiment with tomatoes is a success, strawberry canning will be undertaken about May 1st, until the tomato crop is ready in July.

Mr. Fait says the factory here is ex-- Governor McSweeney, of South | cellently equipped and has a capacity of about 15,000 cans per day. The field is a great one for the canning industry and all that is needed is the co-operation of the growers in furnishing the raw products.

Messrs. Bellamy & Bellamy are attorneys for the Wm. Fait Company in their plans for this section and can give all information as to their reliability. In Baltimore the company owns and operates a tremendous factory on the river front and are leading packers in that city of hermetically sealed oysters, fruits, vegetables, etc. Mr. Fait, while here, attended the

lecture of Dr. Winston to the boards of trade at the Y. M. C. A. and was much interested in his talk along industrial lines and especially that portion of it which dealt with the desirability of the East for canning. He had the pleasure of meeting Dr. Winston and conversing with him upon the subject of the possibilities of this

ARRESTED FOR STORE BREAKING.

Negro Wanted at Wallace is Held Here

by Wilmington Police. Wm. Leonard, a colored train hand on the Seaboard Air Line, was arrested by Policeman C. E. Wood yesterday morning on the charge of having broken into the store of Yelverton Brothers, at Wallace, N. C., on the night of Feb. 14th, and of having stolen therefrom about \$200 worth of j-welry and other goods.

Chief Furlong received advices from Wallace some time ago of the storebreaking and has since been on the look-out for the negro, who is a bright mulatto, medium build, and has a dark moustache. Yesterday he was found by Policeman Wood and was arrested on a warrant forwarded Chief Furlong from Wallace. The fact of Leonard's arrest was telegraphed to Wallace and an officer will likely arrive for him to-day.

The negro has been running on a freight train between Wilmington and Charlotte. Yesterday afternoon he was taken from the cell at the police station and vaccinated by Dr. W. D. McMillan.

The schooner Harold J. McCarty. Capt. Foster, arrived yesterday from New York. Entering the harbor at Southport she drifted ashore at Bald Head but expected to float on yester-

The Clock and the Tramp.

John Murphy, the white tramp caught Friday night in the act of stealing a clock from the residence of Mr. N. Jacobi, Third and Grace streets, was arraigned in the police court yesterday and sent over to jail for the Superior Court in default of \$100 bond. Murphy says he came here from Savannah, Ga., and the reason he was impudent to the Third street residents was on account of his hunger and that they would not feed him. As for the "small matter" of the clock, he said a man met him in the yard and made him a present of the time-piece. Capt. Williams, who made the arrest, told another story. however, which appealed rather more strongly to the mayor.

Manager Rivers, Representing State League, Encouraged at Local Prospect.

MEETING TUESDAY NIGHT owell, Mass, Manager Will Take the Pranchise If Assured of Local and

Small Pinancial Support-Returned to Raleigh. Manager Rivers, of the Raleigh Athetic Association, is of the opinion that

Wilmington will play ball. As stated in yesterday's STAR, Mr. River's arrived here Friday as Minis. ter Pienipotentiary and Envoy Extraordinary of the State League magnates and began immediately mingling with the people who draw comfort during the heated period from daily visits to Hilton and vigorous lung exercise in "rooting" the locals on to victory.

Yesterday he completed his labors and returned to Raleigh last evening. He expressed himself before leaving as gratified with the outlook and it seems more than probable that with a little favor. local encouragement a new set of "Giants" will enter for the pennant again this season.

Mr. T. P. Thyne, a gentleman of Lowell, Mass., well versed in all that pertains to baseball and of excellent recommendation, has written for the franchise and will select and manage a team upon his own responsibility, provided he can get \$300 cash, enclosed grounds and a good moral en- crimes. couragement from the local cranks. Of the money needed, the Street Railway Company has promised \$200 and free use of the park. The remaining \$100 was raised McClure, the pastor, officiating. The by popular subscription by Mr. Rivers husband. remains arrived, as stated, Friday vesterday and the day before. It now night at 11:30 o'clock, accompanied by remains for Mr. Tayne to get some Mr. William Irons, of Eastman, Ga., | manifestation of local support, and to his end Mr. Rivers suggests a local advisory board, which will send a

representative to the League meeting The plan now is to have a mass meeting of enthusiasts at the Elks' Temple Tuesday night for a thorough canvass of the situation, and such a meeting has been called by Mr.

Rivers for that time and place. "I have interviewed many of your local baseball enthusiasts," said Mr. Rivers yesterday, "and they advise calling the meeting on Tuesday night some floral tribute, which was laid to discuss what Wilmington will do day night he has booked for a St. about entering the League. All whom I have seen, favor putting a team in the field, and nearly all have expressed a willingness to give it their financial aid. Now its up to this: For the press to push the matter for a large attendance upon the proposed meeting, and I trust it will do much toward making it a success '

HE USED INCENDIARY LANGUAGE.

That's Why a Boisterous Negro Will Have

to Serve Thirty Days On the Roads. In the municipal court yesterday James Bennett, a negro boat hand on the steamer Compton, was arraigned for disorderly conduct. His infraction of the law consisted of some wild remarks he used Friday afternoon in defence of the negro desperado who shot and perhaps fatally wounded Foreman Gregory. He attempted to justify the South Carolina negro's conduct in a wild harangue, which came to the ears of Fireman Bell, a white man, and several other employes on the Compton, who were kind enough to report his remarks to the police. Chief Furlong swore out a warrant against Bennett and Officer I. F. Huggins soon had him securely locked in the station house.

Yesterday morning Mayor Waddell gave him 30 days on the county roads for his behavior and Superintendent Shearin took him out to the stockade at Castle Haynes in the afternoon. In passing sentence upon him, Col. Waddell spoke to the negro, he said, as a citizen not as an official, but he ad vised him upon the expiration of his sentence at Castle Haynes, to leave at once for parts unknown to Wilmington people. "The misbehavior of such irresponsible and shiftless negroes as you," said Mayor Waddell, "often brings hardship upon the innocent and well-meaning of your race. I would advise you again to go further."

SUCCESS OF A WILMINGTONIAN.

Mr. Leon L. Motte Becomes Official Court Stenographer in S. C. District

The Spartanburg Daily Herald of March 6th, has the following in regard to the success of a popular young Wilmingtonian and son of Mr. and Mrs. Benj. Motte, of this city :

court Judge Gary wired Judge Townsend for authority to appoint a temporary stenographer on account of Mr. Campbell's death, naming Mr. Leon Motte. Mr. McFeat returned to Columbia on Monday evening. "To-day subsequent to the telegram Judge Gary received a dispatch from Judge Townsend appointing Mr. Motte official stenogropher for this, the seventh judicial circuit. A number of members of the Spartanburg bar had endorsed Mr. Motte for the position.

"Mr. Motte, the newly appointed stenographer, is a resident of this city. having come here from Wilmington, N. C., nearly a year ago. He is a sten-ographer of efficiency, ability and experience, having in the past served as court stenographer in North Carolina. He is a young gentleman of excellent habits and very popular in this city, which will continue to be his home. His friends congratulate him on his success in securing the position,"

MR. GREGORY'S CONDITION.

He Rested Comfortably Yesterday, But Will Not Pass Danger Point Until To-day-Description of Negro.

Mr. J. H. Gregory, the foreman for Messrs. Wm. McLean & Co., the sewerage contractors, who was shot by the South Carolina negro desperado Friday afternoon, rested very well at the hospital yesterday and no unfavorable symptoms developed. The wounds have not been re-opened and the location of the bullet, which entered the loin on his left side, just above the crest of the hip bone, is still unknown. That wound is the only serious one of the four he received, and not until this evening will the time for the development of unfavorable symptoms have passed.

There were many inquiries yesterday as to the condition of Mr. Gregory and as to the capture of the negro, which has not yet been accomplished. The authorities are of the opinion that he has left the city but have by no means abandoned the idea of his ultimate arrest. It is not improbable that the Sewerage Company and the county will offer a reward for the capture of the desperado. At any rate such a step by either would meet with popular

The true name of the negro is Tom Evans and his home is at Sumter, S.C. toire company will about conclude the season with a week's engagement beginning Monday night, March 31st. The Savannah News of yesterday

n speaking of the production of "The Burgomaster" in that city says : "The Burgomaster," with Herbert Dawthorn as Peter Stuyvesant was the attraction last night. It was a return engagement and those who witnessed the first performance were delighted with the second. Cawthora seems to have been the personage around whom the piece was written. It fits him like a glove, and as long as he can play there will be but one Burgomaster. The work of the company throughout was

"The costumes and scenery were laborate, and the chorus was composed of pretty girls who danced and sang as well as they looked. 'The Burgomaster' is a diversion that has many of the attributes of true comedy and as such will have a longer lifethan the usual ephemeral stage exstence of many so called plays.".
