NORTH STATE VALOR. SPIRITS SOARING UPWARD.

Ohio Congressman Afforded Mr. Bellamy Text for Ringing Impromptu Speech.

TWENTY - SIXTH REGIMENT.

Carolina Troops Fought Well and Courageously, Says Sixth District's Representative - Unparalleled Record in Annals of War.

Congressman Warnock, of Ohio, a grizzly veteran of the civil war who wore the blue, paid North Carolina handsome compliment while speaking on the Army Appropriation bill in Washington Thursday. He was discussing the great conflicts of the Civil War, and in adverting to the Twenty-sixth North Carolina regiment at Gettysburg is quoted by the Raleigh Post correspondent as having said:

remarkable instances in all history. That regiment was 830 strong. It had 86 killed and 502 wounded, making a total of 588 or 71.7 per cent. That was in the first day's battle; but the most remarkable part of it is that this regiment, in the third day's fight, turned up with a little remnant of 216 men out of their 820, participated in that gallant charge and came out with only 80 men left. [Applause.] That I regard as the most remarkable loss in all history. There was a company in that regiment (Capt. Tuttle's company) that went in with three officers and 84 men. They came out of that with only one officer and one man. Another remarkable fact about that contest was the greater loss of officers

"That I regard as one of the most

in porportion to the enlisted men. Congressman Bellamy, after detecting an error in a comparative table submitted by Mr. Warnock, took occasion to correct the discrepancy that did the Old North State an injustice. Mr. Bellamy said:

"I come, as you are aware, sir, from the Old North State, which has for its motto 'Esse Quam Videre.'
That motto expresses a striking characteristic of our people. But the modesty of North Carolina will never permit her interests to suffer, when when even unintentionally she is deprived of her merited glory. She was the next to the last State to go into and form the present union, and yet so devoted was she to it that when she once gave her heart and hand to it she was the last State to reluctantly withdraw from it, and when she, with sorrow, decided to break away from the old union, she dedicated her all to the new Confederacy and became the first to lose the life of a son at Bethel and was the last to lay down her arms at Appomattox. And, sir, she contributed more soldiers to the lost cause than did any one of her sisters. But she accepts the arbitrament of war and now vies with er sisters in her loyalty and devotion

her first love, but treasures with

ide and sacred reverence the con-

spicuous part she bore in the 'lost "In the table of statistics that the gentleman gives it will be found that he puts at the head a Texas regiment as having sustained the greatest loss during the war. Mr. Chairman, it is a well known fact, that the regiment that sustained the greatest casualities. in death and wounds in that great battle of Gettysburg was the Twenty-sixth North Carolina regiment, which lost 90 per cent. of its men and at its head the gallant Col. Harry Burgwin. And the Second North Carolina battalion took into that engagement 200 men of whom there was not one who was not killed or wounded. In all history, Mr. Chairman, from Plates and Marathon to Spion Kop there is nothing to equal it for courage and endurance; and that the future historian may not omit from the records of time this illiant achievement, never before nalled in the world's history, I simrefer to this well established fact day, in order that he may make up accurate account of the valor of our cops in that great and sanguinary uggle, and give the proper credit to modest but great State that I have

honor to represent and love so ll." [Great applause.] LAWYERS WILL FIX CALENDAR.

The bar of the city will meet at 10:30 o'clock this morning at the office of Col. Jno. D. Taylor for the purpose of arranging a calendar of civil cases for trial at the term of ew Hanover Superior Court which onvenes Monday week.

Those who keep well up in court fairs remember the late unpleasantless between Judge Timberlake and he lawyers at the last session of court ere. This week, when Judge Timberlake was here for the trial of criminal cases, he is quoted as having reiterated his statement: "I'm not goog to interfere with you Wilmington lawyers; just go ahead and fix your calendar to suit yourselves, and I'll stay here and try the cases as you have them arranged, if it takes the

full two weeks."

Church Festival, Most Sacred. Very Generally Observed in Wilmington Yesterday.

FORERUNNER OF EASTER Many Business Houses and Banking Insti-

tutions Were Closed-Special Programmes of Sermon and Song for To-morrow. Good Friday, the forerunner of glorious Easter, was very generally

observed in Wilmington yesterday. The marked features of the celebration were very solemn and impressive services in the Catholic, Lutheran and Episcopal churches and a closing. for the day of all the banks, Produce Exchange, real estate offices and many general stores. With many persons it was a day of recreation merely and hundreds went away to the country for an outing or for a season at gunning and fishing.

Good Friday with the church has long been observed as one of the most sacred in the denominational calendar. It is the anniversary of the Saviour's crucifixion and occurs during Holy Week, three days before Easter, the festival of the resurrection. In the Roman Catholic church Good Friday is a season of prayer for all classes and conditions of men, though no

mass is celebrated. In America Good Friday is perhaps the most generally observed of the non-legal holidays with the exception of Easter. In England and Ireland. however, Good Friday is a legal holiday and as such it is religiously kept by all classes. In six or seven States in the United States, too, it is made a legal holiday, but it is not national.

In all the churches-Episcopal, Lutheran and Catholic-yesterday appropriate services were held. At St. James' the hours were 9 A. M., 12 M. or the "Three Hours Service," was observed at St. John's church from noon to 3 P. M. The members of the congregation who were unable or indisposed to remain for the entire service came and went during the singing and most thoroughly enjoyed the

A number of the private schools suspended exercises during the day, while at all of them shortened hours were the rule.

To-morrow will be Easter, and regardless of whether they observe Good Friday, all churches will join in that celebration. A feature of the morning will be the singing of carols by the children of St. James' parish in the church tower. This service is always very pretty, and will begin this year at 6:30 A. M. (All the churches will have special musical programmes, and the sermons by the pastors will be according to the sentiment of the hour.

PLAGLER'S BIG HOTELS.

Charlotte Man Tells of the Magnificent Structures in Florida and Nassau,

"Speaking about that new@hotel for Charlotte," said Mr. H. C. Eccles to an Observer reporter, "it is a pity that we are not in Flagler's Florida East Coast Hotel Company." Mr. Eccles then went on to describe some of the big hotels he saw during his trip to Flori da and Nassau, a week or so ago. The Flagler chain of hotels begins at St. Augustine, with the celebrated Ponce de Leon, the Alcazar and the Cordova. The Hotel Ormond, at Ormond on the Halifax, is another popular resort, and the Hotel Indian River, at Rockledge, with its close proximity to the celebra-

ted Indian river orange grove, is much At Palm Beach is the great Royal Poinciana Hotel, with a frontage of 1,900 feet, and containing 1,250 rooms. This is headquarters for the whole system. The grounds, lawn, Lake Worth and Mr. Flagler's new mansion, near by, make an ideal spot. This is now one of the largest hotels, perhaps the largest in the world. The Breakers, where Mr. Eccles stopped, is situated on the coean front and has about 600 rooms. Here is the finest surf bathing on the coest. Every winter month and alcoast. Every winter month and almost every day large numbers are seen in the surf. The swimming pools are very fine. Water from the ocean is pumped and heated for hot salt baths.

At Miami, the Royal Palm is recognized as equal to any of the others and its surroundings considered by many superior, as the bay, ocean and Miami river are to be seen from the plaza. At Nassau Mr. Flagler has built the Colonial, with 600 or 700 rooms, on former government grounds, near the bay. The Royal Victoria is on higher grounds and has a fine situation

overlooking the city and bay.
"I understand," says Mr. Eccles,
"that Mr. Flagler contemplates completing the system by building a \$1, 000,000 hotel in Hayana. Every hotel belonging to the system is about the same architecture, painted alike, with light yellow- and green blinds. Per-haps four-fifths of all the travel to Florida visit all the East and many visit all the East and make the Nassau trip."
