WILMINGTON, N. C., FRIDAY, APRIL 25, 1902.

WILL ENLARGE CAPACITY TWENTY-FIVE PER CENT.

of the Angola Lumber Company-Dry Kilo Being Built.

VOL. LXX.--NO. 29.

So signally successful has been the operation of its plant since its establishment in Wilmington about two years ago, that the Angola Lumber Company has decided to enlarge the capacity of its mill 25 per cent, and all the necessary machinery, etc., for the increase has been bought and will be ready for installation within a very short time. The present capacity of the mill is about 60,000 feet of lumber per day, but with the additional machinery the capacity will easily be 75,000 feet.

Two new boilers of 100 horse power each have been ordered to augment the battery now in use and an extra dry kiln of 150,000 feet capacity is now being built, making seven in all that will be employed in preparing the output for the market. The improvement at the mill will entail an expense of between \$6,000 and \$8,000.

Mr. W. T. Sears, general manager of the Angola Lumber Co., is now in Charleston negotiating for the purchase of a steel tugboat which will be used for private towing in the harbor and on the Cape Fear, Northeast and Black rivers.

The Burgaw Chronicle of this week says that already 75,000 thousand acres of timbered lands have been purchased in Pender county by the Angola people and a branch mill will be put in operation, near Willard, at an early date. This mill will have a capacity of 20,000 feet per day, and will give employment to a large force of workmen.

The Strawberry Blight.

The Pender Chronicle this week says the strawberry crop, which at one time in the Burgaw section was so very promising, seems now in danger of being shortened by at least one-third. The change in the outlook is due to a disease or pest with which the strawberry fields are now being visited. The pest is not a new one, but it is one with which the growers of berries are well acquainted—a small insect, which does its deadly work by boring through the stem just back of the bud.

Of Interest to Truckers.

New York prices for lettuce yesterday were \$1.75 to \$2.25 per basket, according to quality. Asparagus sold at from \$2.25 to \$4, while radishes were not wanted. Philadelphia dealers sold North Carolina strawberries yesterday at 25@35 cents per quart.

### PRODUCE SOLICITORS.

New Machinery to Be Added to the Plant | Fourth Annual Meeting of Travelling Men's Association to Be field To-morrow.

A LARGE CROWD EXPECTED.

Officers Will Be Elected and Other Business Transacted-Here to Look After Shipments of Strawberries-In Merchant's Asso'n Rooms.

The fourth annual meeting of the American Fruit and Produce Travellers' (Association will be held in this city to-morrow and the session will bring to Wilmington hundreds of travelling men, who have been pouring into this section the past several days to look after the interest of their respective houses in the matter of strawberry shipments.

The membership of the Association is made up of travelling representatives of the leading fruit and produce commission houses in all the leading cities, North, South, East and West, and the object of the organization is to protect mutually the growers and commission men against questionable methods in truck handling.

The Association was organized in Wilmington four years ago and the annual meetings are always a prolific source of pleasant social intercourse among the members and an occasion for the establishment of very pleasant business relations with one another. The membership last year numbered 140. The officers for the organization this season are:

President—A. E. Makely, represent-ing J. H. Gail, Buffalo. Vice President—S. S. Sudler, representing J. F. Littlefield & Co., Balti-

Secretary and Treasurer—J. R. Franklin, of the firm of Sterling & Franklin, Baltimore. Executive Committee—J. R. Entricken with T. O. Rhodes & Co., Allegheny, Pa., G. W. Waller, with Coulburn & Waller, Philadelphia; W. L. Dayis with J. P. Sawyer & Co., New York; W. W. Mixon with J. H. Killough & Co. New York; Irving W. Tourtellot. Co., New York; Irving W. Tourtellot,

Blair & Co., Cleveland, O.; C. C. L. Brown, with Albert M. Travis, Pittsburg, Pa., Chas. S. Schmardeback, with J. B. Hammer, Cincinnati, O.

It is likely that there will be morning, afternoon and night sessions of the Association to-morrow and a large number of members are expected in from strawberry sections to attend. The meetings will be held in the

Merchants' Association rooms and headquarters for members will be at The Orton. The hotel committee is looking after the question of rates, etc.

Died at Delgado.

Mrs. Eva Reese, wife of Mr. W. E Reese, a well known resident of Delgado, died Wednesday night at 8 o'clock at the family residence, cottage No. 57. Mrs. Reese was an estimable woman and leaves to mourn their loss, besides the devoted husband, four children, the eldest a daughter 18 years of age. The funeral was conducted at 4 P. M. yesterday from the late residence by Rev. Jno. H. Hall, pastor of Fifth street M. E. church, this city, and the remains were laid to rest in Bellevue. The pall bearers were Messrs. B. F. King, J. Cars will be run to Hilton. All the practices of the team thus far have been confined to hitting and fielding. Next week Capt. Henry will put the men down to base running. In the game played at Newbern Wednesday between the A. and M. College and the Newbern teams, the

latter was defeated by a score of eight to seven. Gettig and Applegate pitched for Newbern and Shuford for the A. and M. A second game was played between the two teams yesterday. Charlotte played St. Mary's team at Belmont Thursday and defeated the amateurs 10 to 2. Yesterday the Charlotte team "went up against" the Davidson College team and the professionals were defeated in a score of 5

COAST LINE GENERAL OFFICES

Richmond Joins Charleston, Savannah and Dunn on the Anxious Seat.

Referring to the Atlantic Coast Line, the Richmond Leader says: "It is believed in railroad circles there will be a shifting of the general offices from Wilmington to either Richmond or Savannah." And the Dispatch says information has reached the Chamber of Commerce of Richmond that "it would be desirable or necessary to move the general offices of the company from Wilmington."

The diameter of the "railroad circle" in which the Leader moves must be infinitessimally small, and the Richmond Chamber of Commerce must be decidedly en rapport with those, and only those, who know what is to be done with the general offices of the Coast Line.

The STAR has the very best authority for stating that no information or intimation whatever has been given out by the officials of the Atlantic Coast Line in regard to the general offices. So, it is all conjecture on the part of the towns of Dunn, Charleston, Savannah and Richmond when they tackle this important question.

The people of Wilmington, although they have not the "information" which has "reached" the Chamber of Commerce of Richmond, are confident in the belief that the general offices of the Atlantic Coast Line are "here to

### A SHAVING PROCESS.

The Budget for City's Expenses. Adopted by Aldermen, Slash-

TOTAL AMOUNT REDUCED

ed by Finance Board.

Curtailment in Appropriations for All D partments-Not One Cent for Permanent Street Improvements. The Proceedings in Detail.

Figuratively speaking, the budget for the city's expenses during the cur rent fiscal year, as arranged recently by the Aldermen, was "knocked into a cocked hat" by the Board of Audit and Finance at a special meeting, upon which every member was in attend ance, last night. The budget came over from the

Aldermen bearing a total appropriation for all purposes of \$139,454.15, but when the "blue pencils" in the hands of the Finance Board had completed their labors, the amount had been reduced to \$112,222,60, including \$5,000 for the Fifth street bridge and \$3,500 for balance to be paid on the Princess street paving, which improvements were sanctioned by the "board of last resort" only upon condition that the money should come out of this year's appropriation.

A liberal estimate of the revenue of the city this year from all sources will be \$117,500, exclusive of the amount to be paid on bonds and coupons, interest and discount, refunded taxes and sinking fund; therefore it will be seen that the budget last night adopted is as liberal infits provisions as can be, allowing an emergency fund balance of only \$5,000.

It was very much regretted by the Board last night that not one cent for permanent street improvements could be appropriated for the simple reason that the funds are not in sight, but members of the Board expressed the hope that a larger amount of back taxes could be collected and some revenue be derived from a sale of the surplus engine houses, derman had made an appropriation of flowers. To-night the company will

Other items included in the Alder nanic budget and stricken out were: Increase of pay of cart drivers and street force from \$1 to \$1.25 per day; increase of Superintendent of Streets' salary from \$1,000 to 1,200; increase of pay of street foreman to \$40 per month (same was made \$7 per wk.). The appropriation for lumber, terra cotta pipe, etc., was reduced from \$3,500 to \$2,000 and the miscellaneous appropriation under head of "Streets and Wharves" was reduced from \$1,800 to \$1,200, making a total of \$13,223.80 against \$40,081.35 by the Aldermen for this department.

The police force was increased to 30 and not 32 privates as recommendeds the pistols for police were not allowed; provision for A. C. L. policeman was stricken out; also \$100 a year for feeding the Chief of Police's horse.

Under head of Fire Department, the increase in pay of firemen from \$37.50 to \$40 was not allowed and \$150 for Chief's new buggy was stricken out. The \$200 salary for Mayor pro tem.

was not allowed on legal grounds but the salaries of other executive officers were unchanged. No increase was allowed in pay of messenger at City Hall, and the pay of assistant inticleaning Front street

market was-fixed at \$180 per year instead of \$240 as allowed by the Alder-Only the Brunswick street extension to the water works system was approved. Cart and slop cart drivers,

under head of "Sanitary," were reduced from \$7.50 and \$7, respectively, per week to \$6. The appropriation for printing, stationery and advertising was reduced from \$1,000 to \$750; the appropriation for prisoners was reduced from \$500 to \$450, while the insurance amount was increased from \$720 to \$1,000 and three-year policies recommended. The miscellaneous and extraordinary appropriation was increased from \$2,500 to \$3,200, so as to include \$700 for election.

The matter of \$5,000 for the new central fire station was deferred until a subsequent meeting, which it is understood will be held soon.

The Superintendent of Health's salary was allowed to remain at \$800 instead of \$900, as recommended, and no provision was made for chief quarantine officer.

Adjustment of contract with Wm. McLean & Co. was referred back to the Aldermen for their approval and also that of the Clarendon Water Works Co.

The arc lighting contract was approved, but the oil and gas lighting was deferred, pending the decision as to use of the Welsbach lights.

Settlement of the Strauss suit was concurred in. Application of Cattle not acted upon. Resolution of the Aldermen applying costs collected from use of patrol

wagon to payment for vehicle was not concurred in. Married Last Ngiht,

Last night at the home of the bride's

parents, Mr. and Mrs. M. K. Smith, Third between Church and Castle streets, Miss Lizzie Smith was married to Mr. Sam Powell, of Columbus county, Justice G. W. Bornemann officiating in his most clever manner. The bride and groom left at 6 o'clock this morning for Jacksonville, Fla., their future home.

SITUATION ALDERMANIC

REMAINS UNCHANGED.

Official Declination of Mr. G. Herbert Smith Received-Meeting Will Be Held This Week for Election

The Aldermanic situation was unchanged yesterday, save for the official declination of Mr. G. Herbert Smith to serve on the Board from the Fourth Ward. His letter declining the position reads as follows:

Mr. B. F. King, City Clerk and Treasurer:

Treasurer:
"DEAR SIR: While I fully appreciate the honor of an election to fill the vacancy on the Board of Aldermen from the Fourth Ward, I must respectfully decline to serve. I am a member of the Democratic Executive Committee, and my other duties are such that I do not feel that I could give proper attention to the office. Very truly yours, G. HERBERT SMITH,"

Messrs. Thos. J. Gore and O. M. Fillyaw remained unmoved in their determination not to serve, and at a special meeting of the Board this week it is probable that Messrs. F. E. Hashagen and M. G. Tienken will be elected and will serve. For the present at least the "man wanted" from the First Ward has not been found.

SPOONER DRAMATIC COMPANY.

Red Men's Night at the Opera House. Compliment to Miss Spooner.

Last night was "Red Men's" night t the Opera House inasmuch as the Spooner Dramatic Company presented the beautiful Southern drama "The Last of the Seminoles," in which Mr. F.E.Spooner, one of the prominent and popular members of the Improved Order of Red Men, literally played a "Big Injun" - Wha-no-tee. This character is one of the "leads" of the piece and was given an able portrayal by Mr. Spooner, once more exemplifying his high ability as an actor.

A large audience, including about half a hundred Red Men of the city. witnessed the production, which was perfect in every particular. A pleasant feature of the evening was the presentation to Miss Allie Spooner, the leadetc., so that a small amount for this ing lady, and a member of the ladies purpose can be expended during the department of the Red Men, a large year. The costumes are elaborate and varied, the characters ranging from the time of Queen Elizabeth to that of the Southern slave. Children will also, in full Colonial dress, form part of the scenic effect. A most novel and unique entertainment is in store for all who

Money on The Spot. The berry growers of Atkinson and surrounding communities met at Burgaw Saturday afternoon to consider the best means of getting their berries on the market in good condition, and also at as little expense as possible. The conclusion reached was that they should either demand that the buyers come and buy them on the platform or that they would club together so as to secure car-load rates on their consignments.
