Regular Meeting of the Board of Audit and Pinance-Number of Important Matters Were Acted Upon. Into Effect.

All members were present at last night's meeting of the City Board of Audit and Finance.

VOL. LXX.--NO. 39.

DISCUSSED LAST NIGHT

AFFAIRS OF THE CITY

The principal business transacted onsisted of an approval of the Aldermanic action in reinstating Capt. Robert Green as chief quarantine officer and the fixing of his salary at \$45 per month as before; approval of the bill of the Raleigh News and Observer for \$100 for space in Charleston edition; approval the election of Josiah Cumber clerk of Fourth street market for 5 months at \$6.25 per month; approval of the bid of the Wilmington Gas Light Co. for arc, Welsbach and incandescent lighting, and concurrence in the action of the Aldermen to refund tax erroneously paid by the Chadbourn Lumber Co.

The appropriation of \$10,000 for permanent street imrovement was not concurred in, but it was adopted as the sense of the Board that bids should be advertised for leasing the rock quarry, the city obligating to take at a reasonable price from the lessee at least 7,000 tons of material for the permanent improvement of its thoroughfares.

By request of Alderman Bailey, ex-Alderman Harriss was present and explained the saving that would result in the building of the proposed central fire station. Mr. Harriss estimated the saving at from \$500 to \$600 per year and went into the plan in detail for information of those present. The Board expressed its agreement to have the building done on the condition that it would not affect insurance rates and that the present and Fifth ward hook and ladder hall be sold to pay part expenses.

Bond of Geo. H. Crafts in the sum of \$2,000 for faithful performance of Fifth street bridge contract was referred to Chairman McQueen, with power to act. Sundry bills for current expenses were audited.

THE TROLLEY LINE TO BEACH.

President Hugh MacRae Says It Will Be

in Operation in Sixty Days. President Hugh MacRae, of the Consolidated Railways, Light and Power Co., authorizes the statement that the trolley line to the beach willbe completed just as soon as possible. He says that while the line will not be completed in 60 days as reported, cars will probably be in operation over the tracks.

The equipment of the line will be of such an extensive and modern character that it will be impossible to get everything in working order before August 1st. By that time handsome vestibuled cars will be making the trip to the beach. The cars will be capable of seating 56 people each in comfort and style, and will have centre aisles. However, the line will be operating small cars within 60 days. The work of electrifying the road will

begin next week, most probably. The cars to and from the beach will stop at Front and Princess and the trip can be made from that point without a change. Passengers from any part of the city will be given transfers to the beach line and the fare from down town to the beach and return will be the same as charged now from the Seacoast depot.

A number of communications from Congressmen and Senators, answering favorably the petition of the Chamber for their services in trying to get submarine boats stationed here, were placed on file.

When a motion was made to go into the election of a secretary and treasurer of the consolidated Chamber, Col. Cantwell withdrew from the meeting and upon his recall later, he was instructed to enter upon the records the election of Mr. James Kyle as secretary and treasurer and the election of Col. Jno. L. Mr. T. S. McManus, local manager of the Bell Telephone Co., appeared before the Board and asked for a meeting of the Chamber to give some expression to the Board of Aldermen as to the proposed ordinance requiring the placing of wires underground. Raleigh made it two out of three with Wilmington in eleven innings of ragged ball playing yesterday afternoon, the score having been 9 runs to There was nothing brilliant about the game save the error column, the locals having succeeded in piling up 13, while four were credited to the the visitors. The contest was, however, not without interest, the score having been close enough until the last inning to keep up the excitement

on the bleachers. It is unnecessary to go into details. The visitors started the fireworks in the very first inning. Pastor was hit but was caught off first. Soffle got a pass and was sacrificed by Kain. Soffle made a dash to third, Dommel threw wild and allowed him to score. Hook flew to short. The Grand Old Centre Fielder then went to right for two bases and scored Brown and Dunn. Dommel fanned and Brandt got life on error of first and stole second. Lattin went out to short, leaving McGinnis

on third and Brandt on second. In the fourth, Hook, Smith and Sherman went out in their order and the locals got McCann to third at their turn, but Brandt was out at second on fielder's choice, Pastor having made a beautiful stop, cutting off two runs.

In the fifth, Dunn went wild, although as a whole he pitched a good game. Villeneuve was hit; Myers got a pass; Roy filled the bases on an error of short: Pastor struck out; Soffle hit to short and "Villey" was caught at the plate. The bases remained full, however, and Kain drew four balls. forcing in a run. Hook forced Kain at second. Wilmington came to bat and McGinnis flew to right; Dommel singled and was scored by Brandt's

magnificent drive to centre. In the sixth, the visitors scored one nore on muff of Smith's fly; the runner advancing to second on Dommel's error and coming home on Dunn's wild pitch. McCann again started the fireworks for the locals by a single over short, larceny of second and third and score on catcher's wild throw. Brown and Mattheson struck out, and

Muffe by Brandt in right and Mo-Ginnis in centre let in another run in the eighth after Villeneuve and Myers had been fanned in succession. The score was a tie and neither team could score in the ninth. The same story applies to the tenth though Wilming-

The visitors got on their batting clothes in the eleventh and piled up a lead of four runs, which the locals could not overcome. Pastor got a pass and was advanced on scratch hit by Soffle, who stole second. Kain scored Pastor on a hit to second and Soffle scored on Hook's hit to short. Hook stole a cushion and Smith cleared the bases and put a quietus on the rooters by a three-bagger to right. Sherman drove out to right; "Villy" got a pass, but Myers struck out and Roy flew to right. The locals scored their last on a pass to McCann, who stole second and third; Dunn got a pass and stole sec-ond. Brown fanned and Mattheson was out, second to first, allowing Mc-Cann to score. McGinnis ended the agony on a pop-up to the box. The harrowing details are told in the tabu-

The annual pilgrimage yesterday of the North Carolina Society of Colonial Dames to Old Brunswick was in every way a splendid success and between 175 and 200 representative gentlemen and ladies of the city enjoyed the day's exercises.

The Colonial Dames formed soon after their arrival on the outside of the ruins of historical St. Philip's church and marched inside the broken walls through the original entrance They had seats in a body. The tablet unveiled to the memory of Col. Maurice Moore is a very handsome one of marble, was made in Philadelphia ond bears the inscription as printed in these columns. Waddell read the inscription on the tablet to the gathering and the veil was drawn by little Miss Florence Kidder and Master Maurice Moore, Maurice Moore, the first named being a daughter of Mrs. Geo. son of Mr. P. O. Moore, of Wilmington. Following the unveiling ceremonies Mrs. Gaston Meares, president of the Society of Colonial Dames introduced in happy terms the orator of the day, Hon. H G Connor, the dis tinguished president of the N. C. Historical Society. Judge Connor spoke for 55 minutes in a most entertaining of the State with particular reference to the Cape Fear section and the illustrious names of the Ashes, Waddells and others. He drew liberally on previous historical writings of Mr. James Sprunt, Col. A. M. Waddell and others of this section. The ad-
