VOL. LXX.--NO. 56.

By Par the Most Elaborate Production Yet Undertaken by Amateur Talent Here-Fine Scenery Effects.

The box sheet for "Puss In Boots" or the "Witch's Revenge," the spectacular extravaganza to be given Thursday evening in the Opera House for the benefit of Cape Fear Chapter, Daughters of the Confederacy, will open this morning at Gerken's and from present indications there will be a large reserve sale of seats. Owing to the high class of the entertainment and the great expense of which it has been arranged, the price of admission will be 50 cents with no charge for reservation.

The third act introduces, besides vealth of scenery and gorgeous costumes, 28 horses, a landeau, a load of hay, cows, chickens, dogs and ducks, making it one of the most unique acts apon the American stage. The electrical snow storm is weird and beautiful. In the witches' grotto the scene with the skeletons and goblins is very engaging. In the first act alone 496 candles and 2,000 pops are used. Upon the whole the entertainment is the most ambitious ever undertaken here by amateur talent and should be greeted by a large audience.

Some excellent photographs of the play were displayed at Gerken's yesterday. Prof. Madison Lee, under whose direction the event is being arranged, comes with excellent press endorsements both of himself and the entertainment, which has been given with splendid success in other cities.

### THE 1902 TAX LEVY

Recommendation Agreed Upon by Board of County Com-

New Hanover Magistrates Next Monday-Progress of Road Building-Other Proceedings.

County Commissioners was held yesterday afternoon at which the tax levy to be recommended to the New Hanover Board of Magistrates next Monday, was agreed upon and other business of more or less importance was transacted. Chairman McEachern presided, and Commissioners Holmes, Vollers, Alexander and Montgomery were in attendance.

The levy agreed upon is not yet made public and will not be until the magistrates meet. The same was agreed upon after a careful consideration of the estimated revenue and expenditures for the fiscal year. Included in the expenditures is the \$3,600 for furnishing the James Walker Memorial Hospital 'conjointly with the city, which was some time ago approved by a called meeting of the magistrates with the understanding that the amount would be in-

day's exercises in connection with the centennial celebration of Salem Female College increases in interest and attendance. The commencement proper was fairly begun this afternoon with the programme of the Seniors' meet ings, which composed class history. North Carolina history, Departments of the School and Music. The last item on the programme, transfer of cap and gown, was postponed until Thursday morning, when it will take place in connection with the closing exercises held in Salem square.

The College chapel this afternoon was packed with a most appreciative assemblage. The last of the historical programme was presented to-night. The essays and subjects were as follows: "United States in 1850," Miss Davis, of North Carolina. "North Carolina in 1850," Miss Jones, of North Carolina. "The Academy in 1850," Miss Holt, of North Carolina. "Founding and Early History of Winston," Miss Petree, of North Carolina. "Salem in 1850," by Miss Speas, of North Carolina.

These were followed by a charming address by ex-Senator M. W. Ransom. his subject being "The South During the Civil War." Notwithstanding his advanced age, General Ransom is still a magnetic speaker and the large audience which heard him to-night were completely captivated. General and Mrs. Nelson Henry and party are attending the celebration. They arrived Sunday morning in a private car.

Mrs. McLean, of New York, presi dent of the Daughters of the Revolution, will speak in the Home church at 11 o'clock Wednesday evening on "Patriotism in Education." An informal reception will be tendered Mrs. McLean on the Academy campus immediately after her address. Governor Aycock and staff and Senator Clark, of Montana, will arrive Wednesday

A MARRIAGE AT HIGH NOON.

Prof. W. S. Clayton, of South Carolina, Wedded Miss Wescott, of This City. At high noon yesterday in the pres-

ence of a few invited guests, including relatives and friends, Miss Minnie Smith Wescott, daughter of Mr. and Mrs. R. M. Wescott, No. 211 South Fourth street, was happily united in marriage to Prof. William Sydney Clayton, the Rev. Dr. Calvin S. Blackwell, pastor of the First Baptist church. officiating.

The parlors of the home, where the wedding took place, were beautifully decorated with potted plants, and the scene was a pretty one indeed. The bride was costumed in a handsome blue silk, trimmed with velvet and point lace. She carried a bouquet of white carnations and maiden hair ferns.

Miss Wescott, the bride, is very popular with a wide circle of friends in Wilmington and the groom, Prof. Clayton, is a native of Ernhardt, S. C. During the past year he has been a member of the Wilmington High School faculty and has made many friends here. The couple left at 3:45 o'clock yesterday afternoon for Ernhardt, which will be their home in the future.

The bride received many beautiful and handsome presents.

HUGE LIQUOR COMBINE.

Reported Movement on Foot to Consolidate Sale Under Municipal Sanction.

It was learned yesterday from an authoritative source that Col. F. W. Kerchner, the well known liquor dealer, had made a proposition to pay the city for the exclusive right to sell liquor in Wilmington the sum of \$30,-000. It was also learned semi-officially that the Board of Aldermen would likely consider the proposition seriously and that certain attorneys had advised that the privilege could be granted constitutionally. Other lawyers dissented from the opinion.

The applicant agrees to give good and sufficient bond for the maintenance of the proposition and it is pointed out as an argument in favor of the application that the city now receives only \$15,000 from the fifty-odd liquor licenses granted and the \$15,000 extra would be a handsome consideration. Those who have watched the under-current of affairs for some time construe the movement to be a harbinger of s warm dispensary fight that will ultimately ensue. In the meantime the liquor men have their "weather eye" open and are awaiting developments. Clayton Redd's Condition.

Friends of Mr. Clayton C. Redd will regret to hear that a telegram was received yesterday from his physicians stating that his recovery was uncertain. The former allowed but five hits, while Gettig held the visitors down to three. Wilmington played rather the better game in the field and kept her errors down to four, while the locals piled up seven. Manager Bear Gives up The Wilmington Franchise.

By failure to provide transportation for the Wilmington team to Newbern Sunday night, Manager Edgar Bear forfeited his franchise and the same reverted to the team, headed by Capt. Harry Fisher. Manager Bear had gone North and in his absence the baseball situation took a rather serious turn. Immediately a movement set itself on foot by telegraph to take the franchise out of Wilmington and transfer it either to Winston-Salem or some other city, to be decided upon by League officials. A travelling man, Mr. W. C. Tomlinson, interested himself in the Winston movement and President Busbee of the League had a conference by telegraph with Capt. Fisher over the Postal wire. The local enthusiasts would "stand for" nothing like a removal of the franchise with the consequent "black-eye" to Wilmington in the baseball world, and an offer by President Busbee to furnish transportation for the team to meet its engagement in Newbern yesterday was de clined. The Winston proposition met a similar fate. Mr. Henry J. Gerken, whose city pride is second to that of no man in Wilmington, at once consulted a few of the responsible baseball enthusiasts here and at the sacrifice of his own time and money, he left with the team for Newbern on the early morning train yesterday and played the schedule. In the meantime it is understood that the true lovers of baseball sport in Wilmington will get together and arrange for the financing of the team in the future. A new manager will be elected by the return of the team here Thursday, it will be strengthened and put on a sound financial, winning basis. Mr. Gerken's action in coming to the rescue of the team at the last moment is indeed commendable. He has consented to act as manager only for the three days that the team is at Newbern. As to Manager Bear's rather uncere-

nonious abandonment of the team,

[Special Star Telegram.] NEWBERN, N. C., May 26 .- Four hundred people saw the game here this afternoon, which was fast and fairly played by both sides. The weather was sultry and threatening, but the game was enough to keep the excitement at a high pitch. There were a few individual good plays and
