Scientists have come to the conclusion that Mont Pelee is an "explosive volcano." In view of its recent performances that's the conclusion that non-scientists came to some time ago. The scientists generally catch up if you give 'em time to adjust their theories.

Gen. Miles has been sat upon again. An order was issued in 1901 by which the General of the Army acted for the Secretery of War in his absence. The other day the President rescinded that order and Secretary Root decided that in the absence of himself and his assistant the duties would devolve on the chief clerk of the War Office. Miles has become so used to being snubbed that he doesn't mind it now.

A Western Republican representative in Washington is quoted as saying that he knows Roosevelt is hankering to startle the country with a veto of some important measure which will give him a chance to spread himself. If he wants to fulminate a real first class startler let him veto the Philippine bill when it reaches him. He could make a ten strike there.

Senator Beveridge, of Indiana, feels that he is a man of destiny. When a child he felt that he would become a lawyer, and after he became a lawyer he felt sure that there was a seat waiting for him in the United States Senate, and now he feels as if he is heading for the Presidency. A gift of gab, with pluck, perseverance, industry and a conviction of destiny make a pretty good combination to bank on in other lines as well as in politics.

Beautiful Extravaganza Under Auspices Cape Fear Chapter, D. of C.

Seats are going fast at Gerken's for the beautiful extravaganza to be given | Commissioner Beddingfield led with to-morrow night by lhe Daughters of 240; T. W. Mason received approxithe Confederacy in the Opera House, under the direction of Prof. Madison J. Lee. Rehearsals for the magnificent production are likewise progressing satisfactorily and a brilliant success seems certain.

The play is heralded by the press and people in other cities as fully worthy of the large patronage it will undoubtedly be given here. The Atlanta Journal, one of the foremost afternoon journals in the South, says:

"An enthusiastic applause and a packed house greeted the play, 'Puss in Boots,' at the Grand Opera House last evening. It was the finest amateur performance ever presented at the Grand. The horses and animals were unique, while the music and costumes were gorgeous. The electric snow storm was weird and grand. It is to be hoped Mr. Lee will return in the Fall and repeat the beautiful play."

Again the Greenville, S. C., News says: "The beautiful play, 'Puss in Boots,' for the benefit of the Greenville Female College was the most beautiful spectacle that has ever been presented in the city. Twenty-eight horses, 1 landeau, 600 people were in the cast. The production was witnessed by 3,800 people, and pronounced the most sublime, brilliant theatrical success ever attempted here."

man, Morton, Green, Bell and Savage Elected-Bellamy Endorsed-The Judicial Tickets.

The New Hanover Democratic pri maries yesterday passed off quietly and a very light vote was cast. The returns last night were very slow in coming in, as thirteen tickets, some of them bearing the names of thirteen or fourteen candidates, had to be care. fully gone over and tallied. The returns did not reach the Democratic Executive Committee last night from more than half the precincts, but the STAR presents this morning in another column, in tabulated form, returns from the entire county as nearly correct as was possible at midnight.

Of the candidates, Col. Jno. D. Taylor, for Clerk of the Superior Court, and County Treasurer H. McL. Green, are elected without opposition; Morton's majority over Empie for the Legislature will exceed 200; Stedman's majority over Williams is over 650. Bell is elected Coroner over Walton by over 400 majority; Savage's majority for Constable over Sheehan is about 90; while the race for Register of Deeds will likely have to be determined in a second primary to-morrow between Haar and Biddle. Haar led the ticket with 753, while Biddle received 780 and DeRosset received 46. 'As these figures are unofficial, a canvass may declare Haar elected, but the vote is close. Hon. Jno. D. Bellamy is practically unanimously endorsed for Congress, and Judge Clark's majority for Chief Justice is about 275. For Associate Justice, Walker led the ticket with 1,113; Connor, 858; Brown, 387; Lockhart, 23. Geo. H. Bellamy received 943 votes for the State Senate and M. C. Guthrie 1. For Corporation

mately 150 and H. C. Brown 78. The day was without untoward incident and the enthusiasm of former campaigns was lacking. The weather was good.

The County Executive Committee will meet to-day or to-night to officially canvass the vote and decide if a second primary is necessary.

Reorganizat ion of the Team

The primary yesterday naturally divided the public interest with baseball, but the committee in charge of which the situation rests went first to work to strengthen the team and will later ask the public for support when some inducement can be offered for liberality. Acting Manager Gerken telegraphed Mr. W. H. McEachern to hold an offer open to Umpire Harry Mace and the committee was also in telegraphic communication with Mr. Davis Weils, of the University of Virginia team, who can come and bring Charlie Stearns for third base. Both are crack players and were with Wilmington in 1900. The committee, however, has decided upon nothing definitely and will continue its inves-

tigation to-day. The Wilmington team will be here to-morrow with Newbern for three
