## HANOVER SEASIDE CLUB ENJOYED FORMAL OPENING.

Many People Attended Highly Successful Event on Carolina Beach—Prize Winners in Contests.

The fifth annual opening of the Hanover Seaside Club at Carolina Beach yesterday and last night was one of the most signally successful events of its character in the history of that popular organization. The weather conditions were well nigh perfect for an outing of the kind and on each trip, the steamer Wilmington carried large crowds of clubmen and their friends. The attendance during the day was more than 800. The House Committee, who had all arrangements in charge, was composed of Messrs. H. Geiselen (chairman), F. A. Bissenger and Wm. Thienckon, and those gentlemen provided a program of entertainment which could not be excelled. They are deserving of great credit for the pleasant manner in which the opening passed off. In the bowling alley contest for gentlemen, Mr. J. G. L. Gieschen, a popular member of the club, won the first prize, which was a handsome dress suit case. He made a record of 30 points out of a possible 30, and Mr. E. P. H. Strunk won second prize—a silk umbrella—by making 29 points out of a possible 30. In the ladies indoor target practice, Miss Marie Russ won first prize—a pretty silk pillow—and Mrs. J. T. Runge won the second, which was a handsome fan. The opening of 1902 will long be remembered as one of the most pleasant in the history of Hanover Club. In addition to other attractions there was music and dancing during the afternoon and at night. The last boat reached the city at midnight.

## N. C. MEDICAL BOARD

First Examinations for Eighty-one Applicants for License Submitted Yesterday.

Seashore Hotel Has Over 200 Guests and All Are Delighted With the Beach. Materia Medica, Therapeutics and Chemistry Subjects. Eighty-one applicants before the N. C. State Board of Medical Examiners yesterday received their initial examinations in the ball room of the Seashore Hotel on Wrightsville Beach. The subjects were materia medica and therapeutics and chemistry, the first having been submitted in the morning by Dr. Edward C. Register, president of the Board, and the second in the afternoon by Dr. T. S. McMullan, of Hertford. The embryo doctors got down to work "on the jump" as the baseball people would say, and completed their answers during the afternoon. The questions were as follows: MATERIA MEDICA AND THERAPEUTICS. What are the Medical uses of Guaiacum? What is diphtheria Antitoxin? Give dose and method of administration. What is the action of Aconite on the heart? Give symptoms of Antimony poisoning. What medicines are incompatible with Calomel? What does a Sedlitz powder contain? Describe the physiological action of Heroin. How would you treat a case of Arsenic poisoning? How many minims of tr. of opium are equal to one grain of powdered opium? What is the differential diagnosis between Alcoholic narcosis and tremic unconsciousness? CHEMISTRY. When are substances "isomorphous"? What is a colloid substance? What is the difference between substances most likely to dialyze, and which have no such tendency? What is meant by "chemical affinity"? What physical forces tend to decompose compounds? What is chemical "analysis" and what is chemical "synthesis"? Mention the elements existing in the gaseous state. What is organic chemistry according to modern views, and mention the four chief elements entering into organic compounds. To what chemical group does Glycogen belong? State where it is found, its properties and how acted on by dilute acid. What are astringent liquids useful in poisoning by vegetable alkaloids? What is an antitoxin? What is a Proteid? What is a Peptone? State the characteristic chemical difference between the two. State in a general way the chemical difference between animal and plant life. Describe Trommer's test for sugar in urine. What precaution must be observed, and state the chemical reaction if sugar be present. What is the present status of the theory of "Diseases of Women" by Dr. Albert Anderson, of Wilson, and this afternoon the young physicians will tell what they know about surgery in an examination by Dr. D. T. Taylor, of Washington. Those competent to judge of such matters say that the examinations submitted yesterday were very thorough, well prepared and reasonable. The Board is composed of some of the best talent in the State and the members are being very generously complimented for their manner of conducting the examinations this year. Manager Hinton, of the Seashore Hotel, is doing his best to give the visitors every pleasure of the Beach, and all seem to be enjoying the summer to the utmost extent. A dance will be given to the guests of the Seashore by Manager Hinton to-morrow night.

## NEW PLAYERS O. K.

Lost to Greensboro Yesterday Afternoon for Need of Team Practice.

The Fayetteville Observer gives this incident of a game there this week between the Fayetteville and Smithfield negro teams. "During the progress of the game one of the players was hit a terrific blow on the head with a ball and knocked senseless. A bucket of ice lemons near at hand was dashed on him and he promptly came to." The Game This Afternoon. This "manifesto" reached the desk of the H. E. last evening: To the "Hoss Editor" of the Morning Star. "Dear Mr. Editor:—The patronesses and team captain of the Bechelor-O-Benedict baseball game, to be played at Hilton to-morrow at 4:30 P. M., beg that you will act as umpire on this momentous occasion. In making this request they are not unmindful of the severe task it will entail upon you, and the many personal risks you are likely to encounter; so they have made request to the City police authorities for ample protection to your person, both at the grounds and on returning therefrom, and they would appreciate you to go yourself thrice armed. "Trusting that you will accept, and with solicitations for your future safety and longevity, Respectfully, "B. G. KAPPE, captain, Bachelors. "F. A. LORD, captain, Benedicts. "For the Patronesses and Teams." The line up of the teams will be exactly as stated in yesterday's issue, except that Mr. Geo. D. Crow will take the place of Mr. Robt. Nash, who called away from the city last night on business. A letter from Manager Maco received yesterday morning from Washington says while he selected at Tappan, the largest sporting goods house in that city, a set of beautiful uniforms for the team. The only thing now necessary to get these uniforms here quickly is the money and a large attendance at to-day's game will go far towards settling this question.

## THE LABOR TROUBLE ADJUSTED.

Mill Employees Returned to Work—As to Cause of the Disturbance. Mr. J. A. Arringdale, vice president and general manager of the Cape Fear Lumber Co., made satisfactory arrangements with the laborers who walked out of the mill Wednesday and yesterday morning they returned to work as usual and no further trouble is expected. In making a note of the walk-out in yesterday's Star the rather bold assertion was made that white labor organizers were believed to have been at the bottom of the affair. By this statement no implication in or reflection was intended to be made upon the organized labor unions of the city, and particularly none as to the Carpenters' and Joiners' Union which is composed of substantial men, who had no interest whatever in the matter, their union, the strongest in the city, having for its object the cultivation of pleasant relations between employer and employe and resorting to strikes only when strikes are absolutely necessary to their own protection.

It has also been decided to move and repair the ordnance storehouse, bachelor officers' quarters and to lay new brick foundations for all. Temporary post headquarters will also be repaired. C., June 5.—A nice clean game was played by both teams here this afternoon. Wilmington made its first appearance of the season and a good impression. The new men showed up well but lack of cohesion lost the battle. Lawson bids fair to be one of the best short stops in the League. O'Neill at second played wonderful ball, while Hines at left showed up as a fast player. The team seemed full of spirit and life under the new management. Krouse pitched a good game. Practice together is all that is apparently needed. Manager Maco speaks highly of the prospects. ## NOT FROM THE HORSE EDITOR

They Are Only Substitutes. The present baseball management assumes no liability for contracts or liabilities of the former management. Raleigh Post: "Fisher is an all-around ball player of whom any team should be proud. He has made many friends in Raleigh." Raleigh Post: "That unassisted double by Dommel on Tuesday was among the prettiest plays ever seen on this diamond." Brandt, of Charlotte, allowed only two hits in the game with Newbern Wednesday. O'Stein, of the Charlotte team, is very ill at his hotel. Raleigh has released Bill Farrell, first baseman, and signed Davis in his stead. Patrolling, catcher and outfielder, has been signed from the Pennsylvania League. Raleigh claims that Manager Bennett, of the Shreveport, La., team, has been to Wake Court House and is trying to lure some of her players away. We don't believe it. What does Bennett want with them? Philadelphia Sporting Life: "Wilmington continues her losing streak, but with the change in the management and the strengthening of her team she will soon begin to win some games. The public have nobly supported a losing team there." Greensboro Telegram: "Messrs. John G. Hines, W. J. Lawson, Harry O'Neill, the new players whom Manager Maco has signed for Wilmington, arrived this morning and registered at Clegg's. They will await the arrival of the home team to-morrow." On account of their generous assistance to baseball in Wilmington this season and many past, the Board of Directors yesterday afternoon decided to reduce the price of admission for ladies to the grand stand to 15 cents, instead of 35 cents, as heretofore, with no general admission at the gate. Manager Maco while in Washington placed an order for eleven new uniforms which will be here Monday subject to inspection. If they are all right the reorganized team will appear in them for the game the same afternoon. The ladies of the city have generously set to work to meet the payment, and the new dress for the team will be all the more appreciated for that. Those who have been accustomed to view the game from some lofty perch in a tree top, standing in bug
