About Our Climate.

Those who are accustomed to look regularly over the valuable reports sent out by the Weather Bureau are impressed this Summer with Wilmington's continued cool atmosphere despite all the idle talk one hears on the streets about its being so awfully hot. Thursday, for instance, was regarded as a "scorcher" until the refreshing shower which came at night, but the record shows that Wilmington was even then very cool compared with other places in the State. The maximum temperature was 87 degrees while the average in this district was 90 and other places in the Carolinas were as follows: Charlotte 88, Cheraw 92, Florence 94, Goldsboro 92, Newbern 90, and Raleigh 90.

Veterans Leave Matter of Change of Date to Daughters of the Confederacy.

OUR MEMORIAL DAY.

CAMP MEETING LAST NIGHT.

Will Purchase Clark's Regimental Histories and Moore's Roster of N. C. Troops - Several New Members Were Received.

An adjourned regular monthly meeting of Cape Fear Camp No. 254, U. C. V., was held last night at the W. L. I. armory and a number of important matters were under consideration. Principal among these, perhaps, was the question of a change in the date of Memorial Day from May 10th to Jefferson Davis' birthday, June 3d. as recommended by the United Confederate Veterans at their recent reunion in Dallas. Many of the subordinate camps throughout the South have adopted the later date, beginning next year, and the question has received thorough consideration here. At the meeting last night, after some discussion, it was ordered that the entire matter be referred to Cape Fear Chapter, Daughters of the Confederacy, with the information that whatever action they may deem best to take, will meet with the approval of the Camp.

Another feature of the proceedings last night was an order that a full set of Judge Walter Clark's regimental histories and Moore's Roster of North Carolina troops in the Civil War be purchased and placed in the library of the Wilmington Light Infantry, with the consent of the latter body.

Capt. R. M. McIntyre presented very feeling resolution upon the death of Dr. B. M. Palmer, of New Orleans. chaplain of the Army of Tennessee and an officer well known and loved

throughout the South. Applications from a number of persons desiring membership in the Corbett, J. G. Boney, Sol Bear, C. H. Ward, B. R. Russell, T. D. Meares and M. K. Smith.

Commander James I. Metts presided at the meeting and Capt. A. L. DeRosset, adjutant of the Camp, kept the record. The meeting was full of enthusiasm and adjournment was had subject to call of the Commander.

The STAR yesterday mentioned the fact that the House had passed Mr. Bellamy's bill authorizing the Secretary of the Treasury to purchase the Parsley property adjoining the Custom House, in this city, but was in error in locating the same. It should have been next north of the Custom House and the wharf in front, instead of next south as stated. Sixteen thousand dollars is appropriated and so much as is necessary may be used for the purchase. The property desired includes a two-story brick building and the wharf adjoining the custom house property. All claims against the government must be waived in the

GOV. AYCOCK WELCOMES FIFTH GEORGIA REGIMENT.

In Cordial Letter to Passenger Agent Christian-Atlanta Constitution Speaks Kindly of Encampment Site.

Governor Aycock has written the following letter to Assistant General Passenger Agent W. E. Ohristian of the S. A. L. in regard to the encampment of the Fifth Georgia Regiment at Wrightsville July 17th-27th:

"MY DEAR SIR: I am very glad the Fifth Georgia Regiment is coming to North Carolina. I hope that their stay may be very pleasant. If we were holding an encampment this year I should try to hold it at the same time and place so as to let our boys meet and know the Georgia boys, but we do not hold an encampment this year. Please extend to them a cordial nvitation from the State of North Carolina to enter upon her territory and possess the same. Express to them my very best wishes for a pleasant and profitable encampment. I shall be glad to do anything in my power to make their visit to us agreeable. You have but to indicate what can be done in this way to secure my co-operation. I shall very gladly grant the required permission upon the applica-tion of the Governor of Georgia for their entering into the State of North Carolina. I am, with best wishes and kindest regard to you personally, very truly yours, Chas. B. AYCOCK,

The Atlanta Constitution of yester day says: "The site for the encamp ment has been selected on the Ham-mocks, an island between the mainland and a peninsula strip. Between these is Wrightsville sound, which flows in from the ocean, and beyond the strip of beach is the Atlantic ocean. On the strip of beach are cot-tages, club houses and hotels facing the ocean, within 200 yards of the surf.

'Governor of North Carolina."

In Wrightsville sound proper is what might be called still water, subject only to the fluctuations of the tide. On the island, deeply shaded with live oaks, the regiment will have such seclusion as is desirable, together with the facil-ities afforded for moonlight sails, fishing parties and trips to and from the beach on a trolley line passing the island every fifteen minutes. In addition to this the regiment will be furnished with sail boats and fishing tackle for leisure moments, and the hospitable city of Wilmington will have its doors open to the gallant sons of Georgia during their stay."

They also inspected the steamer Lillian, belonging to Mr. W. T. Sears, of the Angola Lumber Co.

Improvement at Police Station,

A gateway to the police station downstairs at the City Hall has been cut in the iron fence enclosing the building and a neat walk is being made from the street to the door. The day hall officers under the direction of Chief Furlong are making the improvements. Heretofore if one had business at the police station, he would have to ascend the steps leading to the main entrance of the City Hall, then descend a sharp declivity to the right and next go down another stretch of steps into the station. Most of the climbing process is now "cut out" and the public generally welcome the

He was notified, on the contrary, that the Plant System forms would continue in use."

Aboard the Wilmington.

The excursion on the steamer Wilmington yesterday was successful both as to the number participating and their enjoyment of the occasion. There was a very pleasant party, too, that took the 5 P. DURHAM, N. C., June 28.-In a very poor game of ragged ball playing Durnam defeated Wilmington in the game this afternoon. Errors abounded on both sides and the game was uninteresting from a scientific standpoint. The visitors had six to their credit. while the Durham team made four. The hits were eight to six in favor of the visitors. Krause, who was in the box for Wilmington, allowed nine free passes to first and in the eighth inning, after he had allowed four to walk and forced one man home, he was relieved by Mace. In the next inning Mace allowed one pass and advanced a man by a balk. Durham also played a rocky game. Had the home team put up the same game that was played vesterday the runs would have been a score or more.

Morris pitched a fairly good game, but allowed three free passes and THE SCORE BY INNINGS.

Unnecessary for the Umpire

To Play His Usual Game. - We outbatted them, but-- Those Durham Shorthorns are bully lot.

- The horse editor will hazard twenty cents on Wilmington to-day. - Nothing was heard from "Wallie" Warren last night or yesterday.

- Dommel and McGinnis each made two hits out of four times at the bat. - The only two base hits of the game were made by Holland and Dommel - Anyhow, Wilmington will win

in the B.-B. game to be played at Hilton Park next Tuesday. - Why, certainly we'll "get 'em to day if the reconstructed play as they

next week, - Wilmington made eight hits to six for Durham; six errors were quite mough to make it unnecessary for the umpire to "play his usual game" - The team which left here this

week to play Bennettsville, S. C., returned in part yesterday. The boys won't give any figures, but rumors say they were overwhelmingly defeated.

- The rejuvenated are evidently reserving their strength for the encounter with Charlotte next week. If they will take two out of three from Bulls to-day, all will be forgiven. - The colored excursion which ar-

When the repairs are completed she will be practically a new boat and will not need attention for a long time to come.

It will consequently cost but little to maintain her, and excellent training will be afforded the reserves by securing the vessel. A training ship would popularize the service considerably, the member said, and the slight cost of maintenance would be more than offset by the increased membership and the greater efficiency and popularity of the service.'

There Will Be Added Features. The Bachelor baseball team which was advertised to do battle with the Benedicts at Hilton Park this afternoon announced yesterday that the game would be postponed until Tuesday of next week. No reason was assigned for the postponement beyond the fact that the Benedicts had to take "the children" to the Beach Saturday but Dame Rumor says the delay is to give the Bachelors time to practice and that several of the stars are already hieing themselves away to the woods to get in shape for the mighty conflict. MR. JAMES COLLIER'S INJURIES.

He Arrived at Home Last Evening from New York-Severely Hart. Mr. James K. Collier, who was se

seriously than the family at first supposed, but his friends hope for his entire recovery within a few weeks. Dr. Collier, his brother, had not had time last night to make a thorough examination of the injuries but he thinks no bones were broken although one of them may by shattered. The principal injury is of the right hip and the patient is still suffering much.

The accident occurred at Fifth Ave nue and Thirty-fifth street as Mr Collier was about to take the cab by which he was run over to go to the studio where he was engaged in art work. The vehicle passed entirely over his body and several bruises were received besides those of the hip. Mr. Collier is now receiving the best of nursing and surgical attention and hopes to be out again soon.

Withdrawal Insured Bills of Lading. Beg to advise that effective Monday, June 16th, 1902, and until further, notice, the Clyde Line has cancelled its cargo policies and will only move property entirely uninsured by the steamers it may operate between New York, wilmington, N. C., and Georgetown, S. C., and subject to the terms of the contract embodied in the Bill of Lading, which clearly relieves the carrier from marine risk, including fire and other casualty, while on land or water.

We give the merchants this early notice in order to enable them to make such arrangements of their own as they may deem proper, to protect themselves against any losses for which, under the terms of the contract as embodied in the Bill of Lading, the carrier is in no way responsible. All property being entirely uninsured while in the possession of the Clyde Line shippers must arrange for their own insurance; however, if they desire to effect insurance under the open policies held by the Clyde Line, and which insurance must be endorsed on the Bills of Lading, they can do so at rate of twenty cents per one hundred dollars valuation.
