Mr. Bryan talks as if he wouldn't
reluctantly object to seeing the water-

A Lynn, Mass., man is in jail for
cutting his wife's throat because she
ate a cucumber. Here is another
proof that cucumbers are not health-
ful food.

A rock twenty-four feet high has
been found in the channel in New
York harbor, near the Battery,
where none was ever known to be
before. And they are charging it to
Mont Pelée.

Edison says he can build an auto-
mobile that will run so fast that it
will take a man's breath away. They
have some of that kind in this coun-
try now, judging from the number of
people who have been run over and
killed.

Mr. Roosevelt's friends say they
knock out of Cuban reciprocity by
the Senate is only delay, not de-
feat. They will keep pegging away
at it—at least until the Fall elec-
tions, for it would never do to give
up before then.

After two months to work on it,
Secretary Root's clerks figured out
the cost of the Philippine war from
the American occupation till April
last at \$171,926,586. If they had had
two months more to figure on it they
might have cut this down one-half.

A New York preacher says the
girl for him is the "one who has
an honest longing for roast beef,
and prefers corned beef and cab-
bage to angel cake." He must have
a pretty good salary or income from
other sources if that's the kind of a
girl he wants.

Ex-Senator Ross, of Kansas,
whose vote saved Andrew Johnson
from impeachment, is now an old
man and is earning a living by set-
ting type on a newspaper in Albu-
querque, New Mexico. He was a
Republican, and the vote which
saved Johnson, rained him politi-
cally and relegated him to the
ranks.

The Globe-Democrat—which isn't
half as Democratic as its name—rises
to remark that "the only party
which has ever shown the brains or
the honesty to hit the Trusts is the
Republican party." And it took it
twelve years to show the brains, and
then it didn't have the honesty,
until it was whipped into it.

NEGRO STOLE A COAT AND AWAY HE RAN.

Front Street Thief Divested a Dummy of
its Garment and Was Captured by
Alert Salesman

Wess Richardson, a young negro
who bears not the best reputation in
the city for honesty and integrity,
was cleverly captured in a daring
theft, perpetrated shortly before the
noon hour yesterday at the store of
J. M. Solky & Co., on Front street.
A very close fitting coat was dis-
played on a dummy figure in front of
the store and Wess, in passing the
place, took a fancy to the garment.
He had no coat and it required only
a minute of time, which hung heavily
on his hands, to divest the dummy of
its covering and place the same upon
himself. The clever change, some-
thing of the order of "now-you-see-it
and now-you-don't," attracted the at-
tention of a gentleman across the street,
who hastily informed the store-keeper
of his loss. Mr. Charles E. Spooner
spied the negro going down the street
and right there and then the salesman
established a record for sprinting. The
negro was overtaken and a lively tussle
ensued until Richardson caught sight
of the state form of Jailer
"Bob" Capps, who was passing at the
time. Capt. Capps at once took charge
of the negro and gave him a cot in the
"Hotel D'Arlic." He will be given a
preliminary trial by Justice Fowler to-
day.
Richardson was tried last March in
the Superior Court and acquitted of
stealing an amount of money from a
Syrian.

Justice Borselman's Court.
Justice Borselman had a rush of
business yesterday; in fact the number
of cases that came into his court was
so large that he moved down town for
the day and dispensed justice with a
lavish hand. None of the cases was of
importance, however. Julia Ford was
indicted by Julia Sampson for the lar-
ceny of a chicken but the prosecution
was adjudged malicious and the pros-
ecutor taxed up with the costs. At
noon when Justice Borselman went to
dinner, he found a colored couple wait-
ing to be joined in the bonds of
matrimony and he performed the cere-
mony in great haste.

details of the changes in the operating
department of the road that will go
into effect upon the consolidation of
the Coast Line with the Plant System
next Tuesday. Circulars covering
new appointments and changes in the
other departments are expected to fol-

S. C., which formerly constituted the
Plant System of Railways.
The First Division will embrace the
following Districts, which were former-

The Second Division will embrace
the following Districts, which were

ly had the title of "Division Superin-
tendent" will hereafter be called "Dis-
trict Superintendents."

ed General Superintendent, and Mr.

J. R. KENLY, General Manager.

VALUABLE TRAFFIC DATA.

Secured by Chamber of Commerce from
England's Largest Railway Co.
In response to an inquiry from Mr.
James Kyle, secretary of the Chamber
of Commerce and in charge of the
freight bureau of the same, that body
yesterday received from Mr. Fred Har-
dison, General Manager of the London
and North Western Railway Co., one
of the largest systems in England, a
pen and ink copy of the freight rates
from London to the most important
points on the line and also a copy of
the company's freight classification.
The London manager was exceedingly
generous in his response to the inquiry
and furnished much desirable data of
railway operation in England that is
interesting in the extreme. For in-
stance, the passenger traffic is gone
thoroughly into and the three classes
are explained. The first class fare is
4.2 cents per mile, the second 2.2
and the third 2 cents, but there are many
variations from those figures, owing
to the competition, it is stated. Tourist
fares are equivalent to our Summer ex-
cursion rates. If the travel is first class
corresponding to our Pullman and
parlor car service, the rate is practi-
cally the same as their ordinary fares,
while the second class tourist rate is a
fraction over one cent per mile each
way and the third class a little be-
low. The second class Pullman prescribes
low maximum rate which the companies
cannot exceed.

CHAMBER OF COMMERCE COMMITTEES

Executive Branch of Organization Meets
To-day—Mr. Chadbourne's Vacation.
A special meeting of the Executive
Committee of the Chamber of Com-
merce will be held this afternoon at 1
o'clock in the Exchange rooms on Wa-
ter street. The principal business will
be an announcement of the standing
committees for the ensuing fiscal year.

Mr. James H. Chadbourne, president
of the Chamber, expects to leave to-
day for the North to spend some time
for his health and in his absence Vice
President H. W. Malloy will have
charge of affairs. Mr. Chadbourne's
numerous friends hope for him a pleas-
ant visit and a safe return to the city,
improved in his health.

Death of an Infant.
Friends of Mr. and Mrs. Joseph
Willoughby deeply sympathize with
them in the loss of their little seven-
months-old daughter, Hazel May,
whose death occurred of meningitis
at the family home, No. 316 MacRae
street, yesterday afternoon at 4:30
o'clock. The funeral will be conducted
this afternoon at 5 o'clock. Friends
and acquaintances are invited to at-
tend.

And Still They Come.
Mr. Frank Gough and Dr. R. T. Al-
len expect to run an excursion from
Lumberton to Wilmington on July
8th. The fare for the round trip is
only one dollar. A large crowd will
doubtless be attracted by the unusu-
ally low rate.

On account of the Fourth of July
holiday, excursion tickets via At-
lantic Coast Line will be sold between all
points east of the Mississippi river and
South of the Ohio and Potomac rivers,
including Washington, D. C., at one
and one-third fare. Tickets are on sale
July 2nd, 3rd and 4th and final limit
July 28th, 1902.
