THE GLORIOUS FOURTH IN "CITY BY THE SEA.

VOL. LXX .-- NO. 84.

Southport Planning Big Things for Anniversary of Our National Independence. Transportation Pacilities.

Mr. C. Ed. Taylor, of the arrangement committee for Southport's big Fourth of July celebration next Friday, came up to the city last evening to look after transportation facilities to his live little city upon the occasion of its gala observance of our national independence day.

He spoke very encouragingly of the prospects and cordially invites Wilmington people to spend their "fourth" at Southport. He says there will be ample transportatiom. Besides the large crowds that will go on the steamers Witmington and Southport, wilmington, N. C. — The will of the late Charles Broadway Rouse, of the late Charles Broadway Rouse, of the late Charles Broadway Rouse, of the bas been chartered for the day and the Alexander Jones will also be held in reserve in case of an emergency.

The steamer Highlander expects to bring a big excursion from the upcountry on that day and arrangements are being made to take the party to Southport for at least a part of the day. The very low rate of 25 cents for the round trip from Wilmington has been made.

In speaking of the entertainment, Mr. Taylor says the features will be many and interesting. Besides boat racing and athletic sports, music will be furnished during the day by the Southport Cornet Band. The oration will be by Dr. Blackwell, of Wilmington, as previously noted and other distinguished speakers will be present. Fort Johnson Council, Jr. O. U. A. M., has invited the Wilmington councils to come down for the day and Elite Council, of this city, has already accepted. Jeff Davis Council had previously arranged to celebrate the "Fourth" at Carolina Beach.

ELEVATOR FOR POSTOFFICE.

### Treasury Department Has Promised One to Mr. Bellamy-Plans, Etc.

An elevator for the postoffice building has long been a fond dream, the realization of which has been hoped for time and again not only by occupants of the offices on the second and third floors but also by every man, woman and child who has ever had occasion to climb the tiresome stairway which leads to those apartments.

Unsuccessful afforts to get an elevator for the building have been made periodically for several years, but not until lately has there -been an immediate probability that the improvement will be secured. Hon. Jno. D. Bellamy took the matter up a few days ago and presented the conditions to the Treasury Department in such a clear light that at once his request was acceded to. In a letter to Mr. Bellamy yesterday Supervising Architect J. K. Taylor, of the Treasury Department, stated that the specifications for the elevator were already being prepared with a view to securing proposals for the work as soon as the anpropriation becomes available.

It was anybody's game yesterday until the last man was down in Durham's half of the ninth inning. The contest abounded in hits, runs and enough sensational plays to make things interesting. Krause opened the game for Wilmington, but it was seen from the start that he had an off day. Four runs were let in during the spasm and he was replaced by Manager Harry Mace for four innings, when Mathison went on the slab and well nigh stampeded the Bulls with his shoots and curves. Mace also did well and with the willow he pounded out a double that brought two men home.

Vetter opened the firing for the visitors, but he was touched up pretty lively and Morris replaced him in the seventh. It was too late, however, for the Bulls, for Wilmington already had the game by a score of 7 to 6.

When Durham had finished its half of the first inning, the local rooters were prepared to give up. Curtis, He ought to be a first class man. first up, was hit by pitched ball and and on error of Costello's hit to short and Krause's wild throw to third, and Stocksdale singled, scoring Costello and Rochford. Curran swatted a two-bagger to left, seoring Stocksdale. Carr was out out, short to first, and Soffle, pitcher to first. For Wilmington, Holland, Mathison and

Dommel were out from the infield. Karn's throw-in home cut out a run for the visitors in the second and with the score 4 to 0 still, McGinnis fanned and Lawson and Hines went out, second to first.

Stocksdale got a triple off Mace's delivery in the third, with one down, but McGinnis started a double, retiring the side. Wilmington gave the grand stand hope in its half of the third. Fisher led off with a neat single to left; Karns got life on Carr's error and each advanced a bag. Mace then drove a beautiful two-bagger to centre, bringing the two men in. Holland walked and was sacrificed by Mathison. Dommel flew to left and Holland was doubled at second.

Only three men faced Mace in the fourth and for Wilmington, Lawson drove a three bagger to centre but was thrown out trying to stretch it into a

A hit by Costello with one man down, his steal to second and Stocksdale's two-bagger to left tallied another Bull and "Stocks" later came home on Curran's single to right. The side was retired on a fast double started by Lawson. A sensational one-hand catch of a hot liner by Lawson retired the visitors in the next without more runs. "Hope deferred maketh the heart sick;" so when Wilmington came up in its half of the sixth, five men had tied the score and made it one to the good. Holland drew a pass; Mathison hit to third and on error both runners were safe. Dommel hit through short and then with the bases full "Heady" McGinnis drove a double to centre, scoring Holland and Mathison. Lawson then singled to centre, scoring the "Heavy Pair"- Dommel and McGinnis. Hines flew to third and Fisher singled to centre scoring Lawson. Karns flew to left and

Krause popped out to catcher. A beautiful double with three men on bases, retired the visitors in the seventh and the score remained 7 to 6 until the close of the game. Mathison and Morris were each in good form and kept the runs down. The figures tell the tale of how the locals played an up-hill game all the way and finally

Half an hour later the lifeless form of? the unfortunate girl was recovered 75 yards up the beach by Mr. W. G. T. Keen, janitor of the Atlantic Yacht Club, who saw the body floating in the water, quickly divested himself of all unnecessary clothing and swam bravely out into the ocean to make the rescue. He was warmly commended for his daring by hundreds of people on the beach, who watched the body floating up with the

The drowning was most probably due to a strong undertow said to have been prevailing at the time. The girl went in the surf with a number of excursionists from Goldsboro, who were at the beach. She had frequently been warned by her aunt, Madame ElRado, not to go too far and was comparatively close in shore when she was swept out. Mr. M. C. S. Cherry, of Mount Olive, was nearest her just before the drowning and to him she called for help, but just as he reached her, a breaker took the girl away from him and that was the last seen of her alive. When the body was taken from the surf, both Mr. Keen and Mr. Walton, janitor of the Carolina Yacht Club, did all in their power to revive the girl and were assisted by ton on the 10 o'clock train last night and taken to 109 Dock street, where Madame El Rado and the girl had lived for the past 12 months, before going to the beach to open their palmistry stands.
