WILD REPORTS ABOUT DR. STRANGE'S POISONING.

VOL. LXX.--NO. 135.

One of Pitty Odd Guests Who Drank Impure Milk at Sweet Springs-All Have Recovered.

Among the Richmonders, who were polsoned recently at Sweet Springs, W. Va., as the result of drinking milk that had been allowed to stand in a tin vessel for some time, were Rev. Dr. Robert Strange and Mrs. Strange, formerly of this city. Between forty and fifty guests in all were poisoned but none of them seriously.

The poisoning occurred more than week ago, but the hotel people managed to keep the affair quiet until it leaked out in Richmond and was subsequently written to friends of Dr. Strange here, who had contemplated joining the family at the Springs. There were many wild rumors here yesterday, regarding the poisoning, but friends will be glad to know that

all the poisoned guests have recovered. Manager Bell, of the Springs, says hat between Sunday night and Wednesday between forty and fifty guests and employes out of a total of over seven hundred, were attacked with metallic poison from drinking milk that had been allowed to stand in tin vessels. None of the party who were attacked was at all dangerously, sick so far as life was concerned and in no case did the sickness last over twelve hours.

Private letters to people in Richmond give a graphic account of the consternation caused when the sickness began to develop. It is said that guests who were amusing themselves or strolling on the lawns dropped on all sides, and that it looked for a moment as if a battery of artillery had suddenly opened with grape and canister on the gay gathering. Servants as well as guests suffered, and those who escaped the visitation had all they could do picking up and caring for the sufferers.

Negro Held in Heavy Bond for Stoning an Excursion Train Monday Night.

TAKEN BACK TO COLUMBIA.

South Carolina Officer Arrived for Young White Man Charged With Grand Larceny -- Experience With Supposed Burglar-Notes.

For throwing stones into an outgoing excursion train of negroes Monday night, Jim Townsend, colored. about 30 years old, was yesterday held for the higher court by Mayor Waddell and in default of \$200 justified bond, the defendant went to jail to await the November term. Herbert McClammy, Esq., appeared for the defendant, while Junius Davis, Esq., Atlantic Coast Line attorney, conducted the prosecution. From the evidence it was shown that Townsend boarded the train, presumably at the Front street station, and rode as far as Seventh street with the excursionists. There he jumped off and Engineer Everett, of the Independent Ice Co., says he saw the negro stoop down as if to pick up something, made a motion in the direction of the train and immediately there came the crash of a stone striking the car. Two negro laborers at the ice plant corroborated Mr. Everett and said Townsend in passing them, said some one on the train threw at him. He was later arrested by Police Sergeant Woolard in a dance hall in Brooklyn.

Deputy Sheriff L. H. Sligh, of Columbia, S. C., arrived yesterday and took back with him on the afternoon train the young white man, John Bernhart, alias John Doe, who was arrested Sunday on a charge of grand larceny. Bernhart on Monday signed a paper setting forth his willingness to return to South Carolina without requisition, but yesterday he was disposed to refuse to go and at the last he is of German-Italian descent and was born in New Hampshire. He has a distinctive Northern brogue and says he is a travelling man. When asked by a reporter as to the line he carried, he evaded the question. He was not disposed to speak of his residence in Columbia. He is an interesting conver ationalist and is much above the average in intelligence. He dresses well and showed a remarkable acquaintance with the law. Deputy Sheriff Sligh knew no particulars of

Gilbert Wingate, an old colored stevedore, was found lurking about the house of Mr. Calvin Reaves, Sixth and Wright streets, about 3 o'clock yesterday morning. A Mrs. Cartright, living next door to Mr. Reaves, gave an alarm that burglars were in the vicinity and Mr. Reaves and a Mr. Mc-Girt who lives with him, rushed out to make a capture. Wingate was drunk and attempted to hide himself by stooping. When the men came upon him he started to run and was felled with a blow over the right eye with some sharp instrument, which left an ugly gash. Wingate was sent to the Hospital and as no burglarious intent was shown, he was ordered released as soon as the wound is healed.

Justice Fowler at 10 o'clock yesterday morning rendered a decision, discharging "Bill" Jones, the negro who was given a preliminary hearing Tuesday on the charge of criminal assault upon Abbie Kelly, a colored girl living Wrightsville Sound. Jones was released from jail. It was

stated yesterday in these columns that the evidence was far from conclusive. Justice Foweler decided that it was not strong enough to admit of probable cause. Herbert McClammy, Esq., appeared for the prisoner and made a strong plea in his behalf.

Sue McDuffie and Josephine Brown, both colored, had a fight on Eleventh between Dock and Orange streets, Tuesday night. Each was fined \$5 in the municipal court yesterday.

## TO BE MUCH EXTENDED.

Special Agent DeWolf, of Washington, Here for Consultation With Mr. Bellamy Regarding Several Routes.

Although defeated for renomination as Congressman from the Sixth District, Hon. Jno. D. Yesterday Mr. W. S. #### Young Man Formerly of Wilmington Died at Hendersonville Yesterday.

The sad news of the death of Mr. Willie Herring at Hendersonville, N. C., yesterday afternoon at 4 o'clock, Highlander, 20 miles this side of Wilreached the city last night through the medium of a telegram to Jefferson Lodge No. 61, K. of P., of which the deceased young man was a member.

Mr. Herring was being nursed by the Pythians at Hendersonville and when his death came, the local lodge there telegraphed to know what disposition to make of the remains. The moment became very ugly. He says young man's parents live at Tomahawk, Sampson county, and they, upon being notified of the death, gave directions as to the shipment of the aunt of the deceased, who lives in this city, was also notified.

Mr. Herring was about 30 years of age and for some time he worked in the general offices of the Atlantic Coast Line in Wilmington. He had been in poor health for a long while and was forced to give up his work here on that account. About four months ago he went from his old home at Tomabawk to Hendersonville with the hope that the mountain climate would do him good. On the contrary, however, he became worse and his death came at 4 P. M. yesterday.

Mr. Herring was a most excellent young man and numbered his friends here by the hundreds. He was prominent in Y. M. C. A. work, was a devoted member of the Baptist church and took a prominent part in the religious life of the city. Besides his parents, he leaves two brothers and a sister, who have the sympathy of the

Cotton receipts reached the high water mark of the new season yesterday. The number of bales was 1.135 and all of it came from South Carolina points on the W., C. & A. railroad and adjacent territory in North Carolins, with the exception of two bales which came down the Wilmington and Weldon road. The receipts yesterday were the heaviest of any single day during the month of August ever recorded at Wilmington. With additional receipts as heavy as those of yesterday the remainder of the week, the British steamer Tuskar will be able to get her cargo without delay at the Champion Compress and be ready to sail early in September, if not on the first. The British steamer Polano. Capt. Holttum, will arrive from Baltimore, perhaps as early as Sunday. The next steamer for cotton will probably be the British tramp Rosewood, 1,104 tons, Capt. McGregor, which sailed from Villa Real on Aug. 9th.

## Slanders Wilmington Ministers.

"Go away from home to find the news" is an old adage that has worked over time, but it appears still to hold good from the following example in a story printed in several papers under a Greensboro, N. C. date line: "A white man is here holding a holiness meeting among the negroes. His language is most disgusting. He asserted that the white ministers of Wilmington had a private barroom in which they met and drank, and he believed the preachers here did the same thing. He is being assisted in these meetings by a negro woman who also preaches."

Since the church was completed the old seats have been in service, but the congregation recently decided to furnish the new building with pews, etc., more in keeping with the handsome new structure, and to that end correspondence was opened with a number of manufacturers, which resulted in the awarding of the contract last night. It will require about three months for the Tennessee company to complete the order, which is for the best material and most up-to-date designs.

Another improvement soon to be made is the kalsomining of the walls of the main auditorium. This will be finished by the time the new pews arrive, and the interior of the church will be as pretty as there is in the city. Over a thousand dollars will be expended for all the improvement.
