OUTLINES.

The strike in the Virginia coal fields has been declared off. — A fire at Cincinnati destroyed part of the Music Hall; damage \$100,000. — A violent earthquake of the volcano on the island of Vinson is reported. — Fred Vincent, publisher of the San Francisco Letter, was shot three times in the chest. — Another volcanic eruption occurred in Montserrat, West Indies, about 200 people are said to have perished. — In an explosion at a colliery in Monmouthshire, England, 12 miners lost their lives. — The miners employed by the Coal Creek colliery, in Tennessee, have quit work because of disagreement on the wages. — In the mimic war between the army and the navy, the navy made last night on the island near New London, Conn., a crash-landing, the flask cut a round hole in the glass, indicating the great violence with which it was hurled, and passed on through the blind, which was fortunately down, striking at a young lady's feet on the other side of the coach. Capt. Borden's face was peppered with small pieces of glass and his upper lip was slightly cut. His hair was filled with the flying particles of glass. The bottle whizzed very near his face. — Capt. O. W. Gasque, in charge of the train, pulled the bell cord immediately and the train came to a quick stop and ran back to the point from which it was supposed the flask was thrown, but nothing was seen of anyone. — The matter was reported at the general offices of the Coast Line in this city and an effort will be made to apprehend the guilty party or parties.

EMPTY LIQUOR FLASK HURLED INTO A TRAIN.

General Meeting of Members Held in Exchange Rooms Yesterday Afternoon.

A BANQUET ARRANGED. Prominent Speakers on Live Subjects Invited—Seaboard Will Give No Additional Wilmington-Hamlet Trains. Removal to New Quarters.

President Chadbourne announced at yesterday afternoon's regular meeting of the Chamber of Commerce, held at 8:30 P. M. in the Exchange building, on Water street, that the Executive council had decided to give for the entertainment of members of the body a luncheon at the Seashore Hotel to-night week, 13th inst., to which several prominent speakers have been invited, who will deliver after-dinner speeches upon a number of subjects of interest to the commercial world of today. Among the topics assigned are "Education of the Whites," "Reciprocity," "Congressional Government" and "Municipal Government." The names of the speakers invited will not be made public until their acceptances are in hand. All members of the Chamber, of course, are cordially invited to be present, and a delightful season of refreshment and edification is in store for them.

The meeting yesterday afternoon was a very representative one. Mr. Chadbourne presided; Secretary James Kyle kept a record of the proceedings, and members in attendance were Messrs. John K. Williams, John F. McNair, H. K. Nash, J. I. Meigs, H. C. McQueen, A. H. Zeller, J. M. Rankin, J. Allen Taylor, W. E. Worth, B. H. Pickett, W. P. Oldham, S. F. Craig, J. W. Craig, M. W. Jacob and Col. Walker Taylor.

At the request of Mr. L. B. Rogers, who was unavoidably absent from the meeting, Secretary Kyle read a letter from Vice President and General Manager J. M. Barr, of the Seaboard Air Line, declining the request of the business men of the city to put on an additional mail and passenger train between Wilmington and Hamlet, for which a joint committee from all the trade bodies had been laboring faithfully for several months. The full text of the letter is as follows:

PONTOONVILLE, Aug. 29th, 1902.
Mr. L. B. Rogers, Secretary to Joint Committee, Wilmington, N. C.
DEAR SIR—Your favor of the 15th, in relation to train service between Wilmington and Hamlet, is received and is appreciated, else it would have had earlier reply.

I now beg to say in reply that your letter of June 11th did not have reply because it was inadvertently filed away without same, for which I beg your pardon.

The matter of providing additional train service between the points above named was carefully investigated after receipt of your letter of June 11th, through both our Traffic and Operating Officials, and the conclusion reached was as stated to you verbally at Wilmington at the time I had meeting with your Committee, that we could not provide this service except at a loss to ourselves. This loss we do not feel we can assume, except under the proposition made you, which we believe was a business one and wholly fair.

Regretting that we are not able to meet your wishes in this matter, I beg to remain, yours very truly,
J. M. BARR.

Upon the reading of the letter, the joint committee was discharged with thanks for its untiring efforts.

The question of removal of the Chamber's headquarters to more commodious rooms now occupied by the Southern Express Co., was generally discussed and the detail work of fitting the place up was left entirely in the hands of the committee, of which Mr. L. B. Rogers is chairman and a moving spirit. The Chamber will likely get into its new home October 1st, or very soon thereafter.

The committee on location of new business enterprise, consisting of Mr. W. F. Jacob (chairman), Messrs. W. E. Worth, J. H. Boatright, C. O. Chadbourne and W. H. Brown, was called to confer with a Philadelphia capitalist now in the city with a view to locating a large industrial plant here. The committee expected to have a conference with the visiting capitalist at the Orion last evening.

An Unexploded Bombshell.
Mr. O. M. Murrin, of this city, exhibited at the STAR office last night an interesting relic of the Civil War, which he picked up near the shore while surf bathing at Carolina Beach yesterday. It is an unexploded bombshell, probably thrown by the Yankee fleet during the Fort Fisher siege, and is badly corroded. The cap bears a patent inscription of date, Oct. 18th, 1861, and the name of the patentee, "Sebenk!" It is an interesting curiosity, but one that will not bear tampering with.

First to List: First to Pay.
"Capt." Jordan Branch, the popular janitor at the Court House, was the first man in current year when the books were turned over to the sheriff yesterday afternoon. "I was the first to list, and I'll be the first to square up on these books," remarked Mr. Branch as he handed over to Office Deputy Taylor his contribution to the support of the State and county governments for 1902.

LOCAL DOTS.

Another excursion from Conway, S. C. will be held Sept. 19th.
A trolley car killed a calf at Seventh and Princess streets last night.
The Pender county Democratic primary will be held Oct. 4th and the County Convention Oct. 11th.
Dr. Clark has removed his dental rooms to the new Merchants Bank building, northeast corner of Front and Chesnut streets.
Southport Standard: "The rice planters up the river are harvesting rice this week. It is the white rice that is being cut this week."
Announcement is made of the approaching marriage of Miss Lena Wilson, daughter of Mr. and Mrs. A. M. Wilson to Mr. Ellis E. Fulcher, a popular young man of this city.
The County Commissioners yesterday afternoon granted the license for Elijah Walton to retail liquor at Tenth and Grace streets. The license had been previously granted by the Board of Aldermen.
By deed filed for record yesterday Thos. E. Wright transferred to Matthew O. West and wife for \$500 house and lot on east side of S. James' street, 301 feet south of Dock street, the same being 33x75 feet in size.
The Brunswick Democratic Convention for the nomination of county officers meets at Lockwood's Folly, Sept. 18th. Among the candidates announced are Mr. J. B. Ruark for Register of Deeds, and Capt. E. W. McKelhan, for Treasurer.

REPAIRS AT CITY HALL.

Mr. James H. Burruss, the contractor, yesterday began work on a few minor repairs to the interior of the Board of Audit and Finance room at the City Hall. A railing is being placed across the floor, setting apart a portion of the room for the meetings of the Board and other improvements by way of rearrangement of the desks are being made. Contractor Burruss will complete the Opera House repairs today. He has another force of workmen sitting up offices for the Life Insurance Company of Virginia on the second floor of the Sternberg building, North Front street.

DR. BLACKWELL BACK HOME.

Rev. Dr. Calvin S. Blackwell returned home last night from a month's vacation, which he delightfully spent in New York with his son, Dr. Hugh B. Blackwell, and in Norfolk with other relatives and friends. Dr. Hugh Blackwell spent two weeks in Norfolk with his uncle, Mr. J. W. DeJarnet, while his father was in that city. He has now returned to New York to resume special studies in contagious diseases. Rev. Dr. Blackwell reached Wilmington in time to conduct his usual Thursday evening's service at the First Baptist church.

NEWS OF THE MARKETS.

Cotton receipts yesterday were 1,178 bales; the quotations unchanged at 84 cents for middling. Last year on the same date the market was quoted firm at 84 cents. Spirits turpentine reached the high water mark of the season yesterday—45 cents per gallon. The market was steady. The tone of rosin changed from steady to firm. The quotations are \$1.10 for strained and \$1.15 for good strained.

NEW HANOVER FINANCES BEFORE AUDITING BOARD.

Regular Monthly Meeting of Committee Yesterday Afternoon—Treasurer's Report for August.

The auditing committee of the Board of County Commissioners, consisting of Chairman McEachern and Messrs. Holmes and Vickers, met yesterday afternoon and audited the usual bills for current expenses. The reports of Treasurer Green, with the general, special, road and sinking funds for the month of August, were examined, found correct and ordered filed.

The Treasurer's report with the General Fund shows receipts and disbursements as follows:

Receipts—Balance from July account, \$5,349.45; back taxes, \$304.45; rents, \$50; marriage license, \$22.80. Total, \$5,606.80.

Disbursements—Out-door poor, \$304; public building, \$52.10; roads and bridges, \$55; stationery and advertising, \$19.85; County Home, \$151.40; jail, \$126.20; Superior Court, \$592.18; magistrates, \$3.98; tax listing, \$221.70; County Commissioners, \$148.20; Superintendent of Health, \$100; Attorney, \$25; Coroner, \$10; Clerk, \$50; Jailor, \$45; Treasurer's commissions, \$27.03. Total, \$1,932.64. The balance to the September account is \$3,774.16.

The account with the Special County Fund shows a balance of \$1,605.18 from July out of which was paid \$25 in coupons and 31 cents in Treasurer's commissions, leaving a balance to September account of \$1,379.89.

The account with the New Hanover Road and Sinking fund shows a balance from July of \$30,200.78 to the credit of the road fund and \$133.46 to the credit of the sinking fund, making a total of \$30,334.24. The amount expended for road improvement during August was \$1,024.44 with \$12.80 Treasurer's commissions, making a total of \$1,037.24 and leaving a balance to September of \$29,297.03.

CHRISTIAN ASSOCIATION NOTES.

Building Being Thoroughly Overhauled. State Secretary Knebel Coming.

The plans for the coming season in the Y. M. C. A. are being rapidly matured and judging from their scope this will be one of the most active years in the Association's history. The building is now being thoroughly overhauled and cleaned and will soon receive such repairs as are necessary. The parlors will be thoroughly cleaned and refurnished to make them bright, cheerful and homelike. The reading room will contain a full list of papers, magazines and periodicals so that the members may always find the latest news at their command. The baths will be put in good condition and will be the finest in the city.

The work will open on Oct. 1st. Men are joining every day now in anticipation of the coming season.

State Secretary A. G. Knebel will be in the city to-day to confer with Mr. Dushan about the work for the coming season and to meet with the members of the Board of Directors relative to association matters. He will probably be the speaker at the Sunday afternoon meeting and as he is a strong, forceful speaker to men, a good address is sure to be heard by all who attend. There will be special music.

BRUNSWICK CLAIMS ITS OWN.

Jealous of Its Distinction as Potato Growing County—Honors Transferred.

The land is yet undiscovered which can excel the ocean-lashed coast of Brunswick, when it comes to raising large, luscious Norton yam potatoes of the kind that take joy wherever they go. Brunswick is likewise noted for its pork and perhaps perhaps country sausage, too, but of those we shall, perhaps, speak later—the Norton yam is at present under discussion with the relative supremacy of Columbus and Brunswick counties in its production. No sooner had the challenge of Mr. C. S. Garrell, of Tabor, Columbus county, been thrown down yesterday's STAR than it was taken up by Mr. J. C. Brooks, of Calabash, the county of Brunswick, who forwarded to the agricultural editor of this publication several "samples" which the tap-line failed to take and the newspaper scales failed to weigh. A consultation of the "Horn" Editor, the Agricultural expert, the religious preparator and the poetic dreamer resulted in a decision to return to Brunswick the ribbon temporarily transferred to Columbus.

MAYOR'S DAILY INFLECTIONS.

In the police court yesterday the following offenders were meted out "punishment to fit the crime": E. H. Hargett, gambling, costs; Elias Smith, gambling and assaulting Policeman Frank George, \$10 fine including costs; Robert Williams, drunk, \$5 fine including costs; James Teschey, fast driving, \$5 and costs; Jessie Bell, white, drunk and disorderly, 30 days on the roads; Mary Lane, larceny of chickens; not probable cause and discharged.

South Carolina "Coos."
Five hundred South Carolina negroes reached the city at 3 P. M. yesterday on an excursion train from Society Hill, S. C., via Florence. They spent the day in the city, caring naught for the roar of old ocean; drank pink lemonade, popped parched peanuts and returned to their homes last night. A white excursion by Hatch Bros. will arrive to-day from Williston, N. C.

THE COUNTY WEALTH.

Tax Books for Current Year Yesterday Transferred to Commissioners and Sheriff.

CITY COMPUTATION FINISHED. Letter Budget Turned Over to Clerk and Treasurer—No Increase in Either Over 1901—Figures Interesting as Between the Races.

The tax books of the county for the current year, the computation of which has just been completed, under the direction of Mr. T. O. Bunting, were yesterday afternoon formally accepted by the Board of County Commissioners at a special meeting, and transmitted to Sheriff Stedman for collection.

There is a slight falling off in valuations from last year, but there will be no diminution in revenue for the county, as there was a small increase in the rate. The computations were made this year as provided by law with the races separate, and the figures as presented yesterday show that of the total real and personal property listed amounting to \$5,322,138, white taxpayers listed \$7,880,128, and colored persons \$438,010. Of the total valuation, lands in the country footed up \$690,016; town lots, \$5,577,740, and personal property \$2,094,382, against \$713,791 on country lands; \$5,389,110 on town lots, and \$2,348,540 on personal property last year. Incomes to the amount of \$195,507 were listed this year, against \$207,206 last year. Stock in incorporated companies, etc., returned from the State Department, amounts to \$1,344,935 this year, against \$1,255,370 in 1901.

The total revenue from these values is \$26,373.78, which is about the same as last year. Of this amount \$23,172.61 goes to the State, including \$3,748.25 for pension, and \$41,314.94 for general county purposes and \$22,489.23 for schools. There is a gain of \$9.80 in computing fractions which will make the total to be collected.

The recapitulation on the books shows 2,110 white polls and 1,385 negroes. There are two white delinquent poll taxpayers and two negroes, making the grand total of 3,501. Last year the polls were 2,098 white, 1,531 colored, making a total of 3,629. The number of acres of land listed by white taxpayers is 67,407; colored, 9,800. Total, 77,207. There are 7,838 acres returned on the delinquent list. The value of lands listed by whites is \$642,541; by colored, \$47,475. Total \$690,016. The value of land on the delinquent list is \$65,568. The total value of town lots listed by whites is \$5,177,515; by colored, \$360,225. Total \$5,537,740. The value on the delinquent list is \$36,555.

The list of personal property returned for taxation shows the following interesting statistics of the county's wealth: Number of horses, 914, valued at \$11,541, 309 mules, valued at \$11,170; 45 goats, valued at \$91; 550 cattle valued at \$6,333; 1,148 hogs valued at \$1,828; 56 sheep valued at \$68; value of farming utensils, \$3,232; value of tools of mechanics, \$1,824; household and kitchen furniture, \$233,089; value of provisions, \$173; firearms \$1,553; scientific instruments, \$1,289; money in hand, \$72,961; solvent credits, \$516,963; money investments, stocks, bonds and shares of stock in incorporated companies, which are not taxed through the corporation itself, foreign building and loan associations, banks and state building and loan associations excepted, \$305,600; cotton in seed or lint, \$31,800; tobacco, leaf or manufactured, \$2,846; turpentine, rosin and tar, \$13,383; brandy and whiskey, \$22,067; musical instruments, \$16,676; number of bicycles, 55, valued at \$969; plated and silverware, \$17,935; watches and jewelry, \$12,394; goods, wares and merchandise, \$271,625; private banks, \$9,699; all other personal property, \$192,073.

The aggregate value of real and personal property is \$8,322,138, of which \$7,880,128 is listed by white persons and \$438,010 by colored. This is exclusive of \$89,650 on the white delinquent list and \$15,410 on the colored delinquent list.

The aggregate value of State, general and special taxes not including 38 cents for schools is \$2,318,407.

The United States and State bonds exempted by the list makers was \$359,450, all owned by white persons. The incomes exempted were \$197,000.

For school tax 6 dogs, all owned by white persons, are listed and the total property value for this purpose is \$2,247,295, on which the whites pay \$1,961,418 and the colored \$285,877.

The total taxes to be collected are \$26,373.78. The amount to be paid by whites is \$79,925.48; by colored, \$7,043.38. In the delinquent list to be collected is \$3,511.66.

One hundred and fifty-nine shares of bank stock, valued at \$12,365, are returned on the delinquent list.

Of the total number of polls in the county 233 whites are in the country and 371 colored. The aggregate value of real and personal property in the county is \$976,490 listed by white and \$59,807 listed by colored persons. The total is \$1,036,297. The taxes paid by white persons in the county is \$14,544.07; by colored, \$1,421.07. Total, \$15,965.14.

The City's Tax Books Completed.
Cap. A. L. DeRosset, the city tax lister, also completed the computation of his books yesterday and they are now in the hands of the City Clerk and Treasurer for collection, as will be seen by advertisement in another column. The valuation and revenue

TO BE DERIVED ARE ABOUT THE SAME AS LAST YEAR, AS WILL BE SEEN FROM THE FOLLOWING TABLE:

Subjects.	1902.	1901.
Real Estate.....	\$5,628,002	\$5,695,957
Personal Prop.....	377,688	437,418
Money on Hand.....	33,484	46,637
Solvent Credits.....	411,598	524,680
Stocks.....	1,011,837	1,045,383
Stocks in Trade.....	662,661	662,749
Total.....	\$8,124,240	\$8,418,489

The total revenue to be derived this year from the above and poll tax is \$145,045.82, against \$147,314.76. Some delinquencies yet to be added will make the list about even. The total number of poll tax payers this year is 2,788, yielding a revenue of \$11,103.84, against 2,926 polls last year.

EIGHT CONVICTS FROM PENDER.

That Number Sentenced by Judge Bryan to New Hanover Roads.

Messrs. Marsden Bellamy, George L. Peacock, E. A. Burr and R. G. Grady got home last night from Burgaw, where they have been attending Pender Superior Court, Judge Henry R. Bryan presiding. The court was engaged yesterday in hearing argument by counsel in the case of the Wilmington Iron Works vs. the Pender Lumber Co.

There were 33 cases on the criminal docket and all of these, except four which were continued, were cleared from the docket by Wednesday noon. Eight defendants were sentenced to terms on the New Hanover roads.

Solicitor Duffy was forced to retire from the court Monday, early in the day, on account of serious illness. During Monday and Tuesday the State was represented by R. G. Grady, Esq., acting solicitor. Mr. Duffy was sufficiently recovered to resume his official duties on Wednesday.

The first case on the civil docket was that of E. Porter vs. T. J. Armstrong et al., in which the plaintiff sought to force the defendants to permit him to drain certain lands through those of the defendants. The plaintiff was non-suited.

WILMINGTONIAN'S RAPID RISE.

Mr. W. J. Gilbert Now Assistant Engineer in Revenue Cutter Service—in Alaska.

Mr. C. D. Gilbert, of this city, has received a very interesting letter from his brother, Mr. W. J. Gilbert, who is now second assistant engineer, with the rank of lieutenant, on the U. S. Revenue Cutter Manning, stationed in Dutch Harbor, Alaska.

Lieutenant Gilbert wrote aboard the ship while cruising westward in the Behring Sea, patrolling the coast of the seal islands, St. Paul and St. George. He writes that on Aug. 2nd he went ashore on St. George's and took part in one of the North American Commercial Company's seal drives, his initial experience in that sport. The party rounded up about 800 and Lieut. Gilbert clubbed his first animal. The N. A. C. Company has the islands leased for so much apiece for certain seals killed and the steamer Manning is in those waters to protect the interests of the government.

Lieut. Gilbert has advanced rapidly in the service and receives a salary of \$14 per month, or an increase of \$4 per month within the last six months. He stands high with the government authorities and stands in the line of rapid promotion. His many friends here will receive the good report of him with much pleasure.

NEW SUBURBAN CAR SCHEDULE.

Arrival of Additional Equipment Makes More Trips Possible—Trolley Cars.

The two remaining trolley cars for the suburban line to the beach reached here yesterday afternoon at 1 o'clock, and were being unloaded last night at Tenth and Orange streets. One of them will be ready for the rails to-day and will take down under special charter to-night a party of young people to attend an impromptu german at the Seashore Hotel.

In order to relieve the congestion of travel to and from the beach in the mornings and evenings, beginning Saturday morning, a car will leave Front and Princess at 7 o'clock, and every hour after that until 5 P. M.; then every half hour until 8 P. M. Cars will leave Ocean View every half hour until 7:45 A. M. (from 7:45 two cars) until 8:45 A. M. From that time until 5:45 P. M. they will run hourly. From 5:45 P. M. until 8:45 P. M. cars will leave every half hour. Then the hourly schedule will be resumed until 10:45 P. M.

The schedule is an admirable one, and the people are appreciating it.

HORNET LEAVES THIS MORNING.

The government tug Hercules, in charge of Lieutenant Stickey, United States Navy, arrived in port early yesterday morning and expects to leave at 6 A. M. to-day, towing the U. S. auxiliary cruiser Hornet to the Norfolk navy yard, where she will undergo a substantial overhauling, as previously noted in these columns. The Hornet is in ship shape for the trip and will be accompanied to Norfolk by her ship keepers, regularly kept aboard by the government. The Hercules is attached to the Norfolk navy yard and is no stranger in port. She towed the old monitor Nantuxet to Port Royal, S. C., during the late Spanish-American war.

—Mrs. Jno. J. Fowler and daughter, Miss Nellie, returned yesterday from a delightful trip North. They spent some time with relatives in Winchester, Va., continued their visit in Baltimore and returned by Washington, D. C.
