Distinguished Banker and Financier to Address Wilmington Business Men.

HON. F. A. VANDERLIP

Pormer Assistant Secretary of Treasury Will Be Delighted to Come-Movement for New Custom House Mr. Gaylord Joins Chamber.

The Chamber of Commerce is soon

to enjoy an address from one of the most distinguished business men and financiers in the country-Hon, F. A. Vanderlip, vice president of the National City Bank of New York, and formerly assistant secretary of the treasury under President Cleveland. Mr. Vanderlip in a letter to Presi-

dent Chadbourn, of the Chamber, read yesterday at a-meeting of the Executive Committee, not only accepted the invitation to come and speak, but expressed pleasure at the opportunity of visiting Wilmington and addressing its business men, which he deemed an honor. He also said he would be obliged if Mr. Chadbourn would have the kindness to suggest a date which would be satisfactory to him and his fellow members. As he is to make several addresses between now and the middle of October, he further said a date near the end of the month would be most convenient to him. Mr. Chadbourn and the Executive Committee, therefore, decided to write the distinguished speaker that any date he would name between Oct. 22nd and 30th would be perfectly satisfactory.

Mr. Vanderlip also said he would be glad to know about how many people there will be present; the character of the meeting and any suggestion as to the particular class of subjects in which they might be interested. This information was conveyed to Mr. Vanderlip and the theme of his address and the date thereof will be announced by him very soon to the Public Entertainment Committee, into whose hands the matter was left yesterday by the Executive Committee. This committee is composed of Messrs. M. W. Jacobi (chairman), T. C. James and Jno. R. Turrentine.

It is probable that the committee will decide to give a supper and the address will take place after the same. The question as to place and all other arrangements were left with the com-

Mr. Vanderlip concludes his letter to President Chadbourn as follows: "There will, of course, be no expense in connection with my visit to Wilmington. As I have before suggested, I 'There will, of course, be no expense in consider it a great honor to appear before the Chamber of Commerce of pleasure to meeting you and your fellow members."

It is needless to say the pleasure is mutual. Mr. Vanderlip is with one of the strongest financial institutions in the United States. The National City Bank, of which he is president, has a capital fully paid of \$25,000,000, and a surplus and undivided profits of

\$15,000,000. Present at the meeting of the Executive Committee yesterday were President James H. Chadbourn, Vice Presdent H. W. Malloy, and Messrs. S. P. McNair, L. B. Rogers and G. J.

Aside from consideration of the matter of speaking, the only other item of business transacted was the unanimous election of Mr. George O. Gaylord as a member in Class B and his appointment on the Committee on Industrial and Business Enterprises, which has the tobacco warehouse movement under its special care.
