Wilmington, N. C., Oct. 14, 1902.

A meeting of the white teachers of rural schools of New Hanover county will be held on Saturday, Oct. 25th, at 10 o'clock, A. M. in the building of the Cape Fear Academy, just south of the Court House in Wilmington. The following subjects will be discussed:

1. School management.
2. The Inductive and Deductive Methods of Instruction.
3. The Pedagogical Principle of Appreciation.
4. The different Methods of Teaching Reading.

You are earnestly requested to attend. We wish our teachers to know each other, and to have an interchange of ideas and experience. Respectfully,
W. CALLETT, Supt.

North Carolina Day Observance.

As many of the public schools in the State were not in session so early as Oct. 12th, the day set apart by the Legislature as "North Carolina Day," the date has been changed to Wednesday, Nov. 26th. The rural schools of New Hanover without exception will observe the day. The subject selected is "The Albatross Section" and an interesting programme of songs, readings, recitations and declamations, has been prepared by the State Superintendent. In a letter to the county superintendents the State superintendent says:

"I sincerely hope that every teacher in your county will use the excellent opportunity of 'North Carolina Day' to rally the patrons of the school around it, to arouse a pride in the public school, to awaken an interest in the study of the history of the State, and to inspire a patriotic love of North Carolina and her people."

Pythian Carnival and Fair Notes.

The chairman of all sub-committees are also requested to be present.

The Advertising Committee has just issued 10,000 neat little blotters with some red-hot Carnival matter on the reverse side. A female aeronaut is falling from a balloon in an illustration, and she bids farewell to her lofty abode saying she will drop in Wilmington Nov. 3rd. The blotters are novel and are intended for distribution along the lines of railway leading this way.

TOBACCO QUESTION.

Report of Messrs. Worth and Gaylord to Commerce Committee Yesterday.

AN ENTHUSIASTIC MEETING.

Every Member in Attendance—General Meeting Called for Thursday to Still Further Talk the Matter—The Warehouse is Feasible.

At a meeting of the Chamber of Commerce Committee on Industrial and Business Enterprises in the Exchange rooms on Princess street yesterday afternoon, Messrs. W. E. Worth and Geo. O. Gaylord, who were recently appointed to visit the tobacco sections of the State with a view of developing the industry in this territory, made a very interesting formal report in writing, which was supplemented verbally and by letters in such a manner as to leave no doubt of the desirability of a successful consummation of the venture in the minds of the committee, every member of which was in attendance.

A motion was adopted, at the suggestion of a member of the committee, that nothing further than the written report be given to the press for publication. It is learned, however, that a special general meeting of the Chamber will be held Thursday afternoon at 3:30 o'clock, at which the report with other documents will be submitted and still another special committee will be asked to prosecute that matter. The report is as follows, and appropos of the same, attention is called to an interesting article by Mr. Gaylord on the second page of the STAR to-day:

WILMINGTON, N. C., Oct. 14, 1902.

Mr. M. W. Jacob, Chairman Committee on Industrial and Business Enterprises, Wilmington, N. C.

DEAR SIR:—Your Committee would respectfully report that, in accordance with your instructions, we have visited Goldsboro and Kinston, viewed the tobacco warehouses, price houses and stemmeries, and, fully impressed with the belief, that Wilmington has good advantages as either, and in some respects better, for the establishing of this business; that it is purely a business proposition, and if taken hold of in earnest, with the necessary amount of capital, it can be made profitable to those taking stock in the warehouse, and of immense value to the community at large.

The evidences of thrift at Goldsboro directly traceable to the sale of tobacco were numerous, and without exception, every merchant there with whom we talked was enthusiastic about it. At Kinston the transformation of the town within three years is sufficient evidence of the wealth producing power there is in the handling of tobacco. What was ten years ago an old field, is to-day the busiest scene of activity and the handsomest part of the city. Representing investments exceeding a million dollars. We have studied the question as closely as we could, and are convinced from what we have seen that it is possible within seven or eight years, the length of time these two points have been tobacco markets, to make of Wilmington a greater market than either of them, and that it can be made profitable, to all concerned, from the start.

The average amount received by the producers of tobacco this year, in the counties visited, is about \$100 per acre. Compare this with cotton at \$15 per acre, and consider that it costs no more to produce one than the other.

Respectfully,
W. E. WORTH,
Geo. O. GAYLORD.

DEATH OF MR. W. L. PLAYER.

Esteemed Citizen of Pender County Passed Away—Funeral Yesterday.

Mr. W. L. Player, an esteemed citizen of Pender county, living near Burgaw, died of typhoid fever Monday morning at 8 o'clock, after an extended illness. Mr. Player was in the 37th year of his age and was a man well known and respected by all. He leaves a wife and two children, aged 3 and 5 years respectively, who have the sincerest sympathy of the community.

The funeral was held from the late residence, near Burgaw, yesterday and was attended by perhaps five hundred people. The services were by Rev. D. P. McGeachy, of the Presbyterian church, assisted by Rev. J. W. Martin, of the Methodist church. The floral tributes were many and exceedingly handsome. Mr. A. W. Allen, of this city, was among those who attended the funeral.

The pall-bearers at the funeral were Messrs. A. M. Bowden, J. H. Jordan, T. F. Johnson and M. Wood.

Judge J. W. Harris Dead.

News reached the city yesterday of the death of Judge James Walker Harris, which occurred about noon at his home in Cartersville, Ga., where he had been ill for only a short time with meningitis. Judge Harris married Miss Anna DeRosset, a daughter of Capt. A. L. DeRosset, of this city, and consequently more than ordinary regret is expressed at the death here. Mrs. Harris with three children survive. She has a daughter and two sons, all of whom have the tenderest sympathy of many friends. Mr. A. L. DeRosset, Jr., was at the home of his sister when her husband passed away, and Miss Tallulah DeRosset, a sister, of this city, expected to arrive in Cartersville yesterday. The funeral arrangements were not announced yesterday.

County Board of Education.

The regular monthly meeting of the County Board of Education was held Monday night but only routine matters were considered. The report of County Treasurer Green showed a balance of \$18,814.32 to the credit of the school fund Oct. 1st. Prof. Callett made a verbal and very encouraging report as to the opening of the schools, etc.

DANIELS TO-MORROW NIGHT.

Sale of Seats Begins at 7 O'clock This Morning—Miss Simplicity in Richmond Monday Evening.

The date for the appearance of "that formidable pigmy of footlights," Frank Daniels, is almost here and as it approaches interest in the engagement increases. He is to present his new operatic comedy success, "Miss Simplicity," at the Academy to-morrow night. In spite of its modern atmosphere the ensemble of the new piece is said to be entirely picturesque. The locale is a small Zenda-like kingdom on the Continent, and the story is more or less of a satire on the Anthony Hope brand of romantic novel. It provides Daniels with a new sort of part to play.

Wilmington will be the third city played in after Mr. Daniels' annual Baltimore engagement, which ended last Saturday, and which followed a week's engagement at Washington. The Richmond Dispatch yesterday said of "Miss Simplicity" in that city Monday night:

A pigmy in stature, yet a veritable colossus in action, is Frank Daniels. He occupies a position on the American stage that is as unique as it is original. His versatility is unquestioned, his humor effervescent, his wit infectious.

"That 'Miss Simplicity' is the best child he has had since he entered the realm of comic opera was manifested at the Academy last night. A first brilliant audience it was, too, that passed favorable judgment upon the comedian's work.

Every musical number was a seeming unmissable hit, every witticism brought forth a hearty and audible laugh. Encores were the rule, not the exception.

Heartily lyrics were catchy and inspiring, Barnet's book cleverly conceived, and well managed. It allowed the diminutive comedian wide range for interpretation, wide scope for individual work. As to the plot there was none; who ever heard of a plot in a well-constructed comic opera; so Barnet fell into line, and did away with such an unnecessary appendage.

There was a score of pretty maidens in abbreviated skirts, and fluffy lingerie. There was a well trained coterie of gaily caparisoned troopers, and, of course, a host of merry villagers; who ever heard of a comic opera without the line, "Here come the merry, merry villagers." And they were all at the Academy last night; singing, dancing, and prancing on their toes in the public square in Sauterville.

But these villagers—I mean the feminine portion of them—were pretty, and knew how to sing and dance. Several of the musical numbers immediately caught the fancy of the audience; among them "Some Do, Some Don't," "Roses Begin With R. Love," and "The Sunday School Boy" and "Babette," were particularly pleasing, and the words of the latter, written by Paul West, a New York newspaper man, were particularly happy.

The operetta was brilliantly staged, the costumes were scintillating and the lights well managed. Frank Daniels will close his engagement in this city this evening, and those who wish to enjoy an almost perfect presentation of latter-day, up-to-date comic opera will miss an opportunity if they do not see the comedian in his latest and greatest characterization, "My Man Blossoms."

HON. R. B. GLENN TO-NIGHT.

Will Speak in the Court House—Other Possible Campaign Appointments.

Hon. R. B. Glenn, of Winston, will address the voters of New Hanover in the Court House to-night, and a large crowd should hear him. He will be introduced by George Rounree, Esq., and will discuss State and National issues in his characteristic gloves-off manner. Monday night he spoke to a large crowd in Raleigh, and yesterday he was at Hillsboro. From Wilmington he goes to Fayetteville Thursday night; Red Springs, Friday; Lumberton, Saturday, and Rockingham the same night; Monroe, Charlotte, Asheville, Marion, Hickory and Harmony the following week. It is a strenuous canvass that he has mapped out, but those who know him are fully aware that he is equal to it.

The speaking in Wilmington before the election will likely end with two addresses on different nights by Hon. Jno. D. Bellamy and Gilbert B. Paterson, Esq.

Whiskey Distillery Burned.

A whiskey distillery belonging to Mr. T. J. Gore, of this city, and located near Southport, was completely destroyed by fire with four or five barrels of whiskey Saturday night. Mr. Gore estimates his loss at about \$1,500 against which he had no insurance. The cause of the fire is unknown. Mr. Gore returned to the city yesterday from an investigation of the fire.

Menhaden Catch Poor.

The catch of menhaden for the "fish factories" down the river is said to be very poor in these waters this season. It is learned that one of the factories may not operate this season at all on account of the poor hauls. No reason is assigned for the scarcity of "fat backs" but it is said to be phenomenal. Heretofore these waters every year have been teeming with the fish.

TENTH SENATORIAL CONVENTION.

The Senatorial Convention, of the Tenth Senatorial District, comprising the counties of Duplin and Pender, is hereby called to meet at Wallace, N. C., on Saturday the 18th day of October, 1902, for the purpose of nominating a Senator to represent the said district in the State Senate.

D. L. CARLTON, Chairman of the Democratic Executive Committee of Duplin county.

J. T. BLAIR, Chairman of the Democratic Executive Committee of Pender county.

GAVE \$150 DAMAGES.

Suit of Hullen Against the City Terminated in the Superior Court Last Night.

JURY REACHED A VERDICT.

Defendant Liable, But Plaintiff Was Contributory in Her Negligence—An Interesting Trial Set for To-day.

Other Court Proceedings.

After having been out since 5:30 o'clock in the afternoon, the jury in the Superior Court to determine the issues in the case of Mrs. Meta H. Hullen against the City of Wilmington at 10:15 o'clock last night returned a verdict awarding the plaintiff \$150 damages. Both the issues as to the defendant's liability and the plaintiff's contributory negligence were answered in the affirmative, otherwise the award of damages would have been larger. The issues and answers were as follows:

Was the plaintiff's property injured by the negligence of the defendant in grading Front street? "Yes."
Did the plaintiff contribute to her injury by her own negligence? "Yes."
What damage, if any, has plaintiff sustained? "\$150."

The jury was as follows: E. P. Owens, George W. Rogers, H. W. Mason, Matt J. Heyer, A. E. Brower, D. M. Lehue, J. G. King, L. B. Taylor, V. V. Richardson, T. E. Davis, J. B. Mercer and I. J. King.

At first it was thought an agreement would not be reached during the night, but after supper at the Dixie Cafe, the jurors got down to work and at the hour named Col. Jno. D. Taylor, Clerk of the Court, came down and received the verdict, which is construed to be something of a victory for both sides.

The history of the case was given in these columns yesterday. The plaintiff sued for \$1,500 damages, \$300 rent for two years and interest, by reason of injury to her property at southeast corner of Front and Brunswick streets by excavations made by the city or under its supervision prior to April 1897. The Superior Court has been engaged two whole days in a hearing of the cause.

The hearing was resumed yesterday morning with the introduction by the defendant of the following witnesses: Mr. E. P. Hall, Col. Geo. L. Morton, Capt. Jno. H. Hanby and Mr. W. McGowan. They each testified as to excavations by which it was alleged the property was injured and also the condition of the building both before and after the grading. The evidence was concluded shortly before the hour for the dinner recess and Geo. L. Peschau, Esq., addressed the jury in behalf of the plaintiff. City Attorney Bellamy was speaking for the defendant when the recess for dinner was taken and he concluded upon the re-assembling of court at 3 P. M. Herbert McClammy, Esq., next presented the issues for the defendant and ex-Judge E. K. Bryan closed for the defendant the argument for the plaintiff and after a brief but pointed charge by Judge Bryan, the jury retired with the result stated.

To-day the court will enter upon a trial of the damage suit of J. W. Holmes against Drs. W. J. and L. H. Love, in which the plaintiff sues to recover several thousand dollars for alleged neglect of the defendants in not properly setting a broken arm several years ago. The plaintiff was a conductor on the Seaboard Air Line, and says that the condition in which his arm was left, incapacitated him for further very active service, wherefore he prays judgment. He lived in Wilmington when he entered the suit, but now he is at Monroe, N. C., and is employed as freight conductor by the S. A. L. Messrs. Meares & Runk are counsel for Mr. Holmes and Messrs. Davis & Davis for the defendants.

The other cases set for trial on the calendar to-day were continued several days ago, with the exception of that of the Sterling Cycle Works against M. P. Taylor, et al., which was compromised yesterday and judgment entered against the defendants in the sum of \$500 and costs as per terms agreed upon.

Non-suits were taken in three actions brought by Walter L. Stanley, receiver, vs. L. B. Hess, et al., R. F. Gleaves, et al. and E. P. Parker.

The following talemens were ordered summoned for to-day: M. Marshall, W. D. McGrew, J. S. King, R. J. Shepard, P. Quince Moore, J. A. Holloman, E. H. Davis, A. B. Sandlin, M. Cronly, E. F. Bass, Eugene D. Craig, E. W. Rogers, E. P. Boatwright, Ellis Sherman, N. R. Jones and J. Well.

Crashed Into Buggies.

A runaway pair of horses attached to a wagon, the team belonging to Mr. F. T. Mills, crashed into a collection of buggies in front of the stables of Messrs. Orrell & Carroll, Third and Princess, yesterday about noon. Two of the buggies were partly demolished, the top being knocked off one of them and the wheels of another having been made into kindling wood. One of the runaway horses was slightly cut. The team started from the Coast Line yards and came dashing down Third street. The driver was left in a warehouse at the railroad, where he was unloading some hides from the wagon.
