> Report from Messrs. Gaylord and Worth Received With Thanks and Action Taken Thereon - Regrets at Capt, Lucas' Departure.

> The Chamber of Commerce had its final consideration of the tobacco warehouse proposition at a well attended general meeting of the body held yesterday afternoon at 3:30 o'clock in the Exchange rooms on Princess street.

The result of the meeting was the appointment of nine representative men, viz: Messrs. Geo. O. Gaylord, W. E. Worth, M. W. Jacobi, B. F. Hall, L. B. Rogers, S. P. McNair, W. A. Rourk, Duncan McEachern and W. B. Cooper, who are instructed to take the matter in hand, relieve the Chamber of further responsibility and push the matter of a tobacco market here at once to a successful conclu-

Present at the meeting yesterday afternoon were Mr. James H. Chadbourn, the president; Mr. James Kyle, secretary; Messrs. Jno. E. Crow. Jno. T. Rankin, James I. Metts, H. K. Nash, S. P. McNair, G. J. Boney, Jno. Frank, B. F. Keith, Roger Moore, H. C. McQueen, C. H. Robinson, W. P. Oldham, M. W. Jacobi, W. E. Worth, Geo. O. Gaylord, M. J. Corbett, W. B. Cooper, Geo. R French, S. F. Craig and Matt J.

Heyer. The report of Messrs. Worth and Gaylord, who visited several North Carolina points and made a thorough investigation of the tobacco industry in all its phases, was read and accepted with thanks to the committee. The report has already been published, but ber yesterday by timely remarks, and observations by both gentlemen com posing the committee. Mr. Worth said he had ascertained beyond a doubt that the climatic conditions here were entirely obviated by the machinery that is necessary; in other words, the damp coastal atmosphere will in no wise be a hindrance to the enterprise, as all the leaf in the stemmeries has to undergo artificial temperature. Wilmington's advantages was cheapness of transportation rates and a bountiful supply of the kind of labor that is required for tobacco. He said there were 6,000 women and children in Wilmington who could find profitable employment in tobacco at a dollar a day. In Kinston alone he was informed that \$300,000 was paid out each season to that class of labor.

Mr. Gaylord endorsed all Mr. Worth said and gave instances of the opening of markets at other places, citing Clarkton, N. C., and a conversation he had with Mr. O. L. Clark, of that town, as an instance. He also spoke of what tobacco would do in the up-

building of the country. Mr. W. B. Cooper also spoke enthusiastically of the movement and said Wilmington could open a market under more favorable auspices than any

town of which he knew. Mr. S. P. McNair made one of the most sensible talks of the meeting. He said what is needed is more money and less talk. People in the country were already laughing at us for talk ing so much and doing so little. He said the farmers could be depended upon to raise the leaf if they had a place to sell it; it required little more skill than to cook a pot of collards. He spoke of his own experience with

tobacco raising and recommended it. Mr. C. H. Robinson, Mr. Jacobi Capt Oldham and others also spoke on the question. Mr. Robinson said if one farmer in this territory raised tobacco profitably, all the rest of them could be depended on to jump right into it; it is characteristic of our people. Mr. Robinson moved the appoint-

ment of a committee to push the matter to a successful conclusion and Mr. Gaylord amended it by making the number on the committee nine and instructing them to go ahead with the organization of a stock company to put the plan in execution. Mr. Jacobi stated that as the result of the Industrial Committee's investigation and the assistance of Messrs. Worth and Gaylord, it was ascertained that it would require from \$25,-000 to \$35,000 to build two warehouses, prize houses, stemmeries, stables, etc. and get the market to moving. The motion as amended was then unani-

mously adopted. President Chadbourn stated in conclusion that the Chamber, of course, would assume no financial responsibility in the warehouse movement, but as a result of the investigation, would afford the enterprise all the moral support in its power. He then recited a history of the Chamber's action; how the movement was taken up by its Executive Committee; referred to the Industrial Committee; two delegates sent at the Chamber's expense to study the conditions and report the same and how now the matter had passed out into the hands of the people to come together and commmnate the

Mr. H. C. McQueen just, before adjournment, referred to the contemplated departure of Capt. E. W. Van C. Lucas, in charge of the U. S. Corps of Eugineers here, and in view of his eminent service to the port and his interest in the business welfare of the city, he thought the Chamber should take some action expressing its appreciation. It was stated that a special meeting of the Chamber will be held Saturday noon for the special purpose of taking action in reference to Capt. Lucas' departure.

#### The Moon's Eclipse Last Night.

The total eclipse of the moon came on schedule time last night and was witnessed by hundreds, many of whom were just returning from the theatre. There was nothing extraordinary in the eclipse to the casual observer, but to many looked just the same. It is not every day that the phenomenon is witnessed and besides, it's like a railroad train in motion—there's always something fascinating about it and we just can't keep from looking. It's second nature. The electric light people also had their eye on the moon last night and as soon as it began to hide its face, they turned on the current and vied with the lunar orb when it is in all its

City of Wilmington Suffered Non Suit in Armstrong Tax Matter and Appealed.

QUESTION OF RESIDENCY

All the Evidence Heard, But Taken U on Istimation by Judge Bryan That Plaintiff Could Not Recover. Other Cases Were Heard.

The only case of any public interest tried in the Superior Court yesterday, was that of the City of Wilmington against Mr. Jno. S. Armstrong and the National Bank of Wilmington in which the plaintiff sought to enforce the collection of certain taxes upon certain property which the defendants contended, through their counsel, Messre. Davis & Davis, was not subject to taxation by the city, inasmuch as Mr. Armstrong that year moved his residence to Harnett township

After empanelling a jury and near ing a number of witnesses, Judge Bryan intimated that the city could not recover, whereupon the plaintiff suffered a non suit and took an appeal to the Supreme Court. Notice of ap peal was waived and bond was fix-d at \$25. It was adjudged that the de fendants go without day and that the plaintiff pay costs of the action to be

taxed by the Clerk. The suit was originally brought by former City Attorney Iredell Meares in 1899 and is now being fought by his successor, City Attorney Bellamy The complaint alleges that Mr. Armstrong at that time owned 67 or 70 shares of stock in the corporation, which was made co-defendant, and that it was duly assessed at \$45,761 for the year 1899 and that the amount of taxes thereon was \$882. Further, that the defendant had refused payment of As it is now about the season of the the taxes, whereupon suit was brought

it was supplemented before the Cham- cers are beginning to renew their The answer admitted all the allegations of the complaint except as to residency of Mr. Armstrong and that the shares of the stock were lawfully assessed, etc.; that at the time mentioned Mr. Armstrong was a bona fide resident of Harnett township: that he listed and paid his taxes in that township; registered and voted therein.

Evidence was heard upon both sides of the controversy, among the witnesses examined having been Messrs. Louis Belden, J. A. Walker, Geo. D. Parsley and others. The jury empanelleled to try the issues was composed of the following: T. B. Kingsbury, E. P. Owens, DeWitt C. Love, Geo. W. Rogers, Jno. H. Strauss, T. W. Wood, A. B. Brower, B. M. Lehue, A. H. Paddison, C. H. Schulken, H. Gerdes and H. W. Mason. The issues never got to the jury, however, as stated above, and the suit will finally be de-

termined in the Supreme Court. In the Hullen case, ex-Judge E K. Bryan, counsel for the city, prayed for judgment according to the verdict of the jury, and Hon. John D. Bellamy, counsel for Mrs. Huller, who was awarded only \$150, asked for a new trial on the ground that the answer in the second issue as to plaintiff's contributory negligence, was not in accordance with the evidence and not in conformity to what was meant by the jury. Judge Bryan overruled the motion of Mr. Bellamy, and signed the judgment, the plaintiff, Mrs.

Hullen, to pay the cost of the action. The damage suit of Graham Murray vs. Dr. C. T. Harper and the City of Wilmington, was argued on demurrer in behalf of the city by City Attorney Bellamy and L. V. Grady, Esq. the latter being counsel for the plain Whyte has made every arrangement | tiff, but the demurrer was overruled and the city ordered to file answer. Herbert McClammy, Esq., counsel for Dr. Harper, asked for 30 days in which to amend answer of his client, and the same was granted under the usual conditions, with a continuance of the case for trial until next term.

Routine matters were taken up and disposed of as follows: J. V. Granger vs. Mutual Reserve

Fund Life Association; judgment for tional Bank. There will be a number \$2,000 with interest from April 22nd, Geo. Williams vs. Missouri Wil

liams, judgment for divorce. J. W. Atkinson vs. Wm. Sheehav, constable; continued.

Judgment in fayor of plaintiff was ordered in the following; Corbett vs. McKinnon; Burbank vs. Cutlar; J. D. Bellamy vs. W. R. Barksdale.

There were also several other matters of minor importance. Since the decision favoring the plaintiff in the suit of Flanner vs. Butler, ex-Judge E. K. Bryan, representing a number of creditors of Alderman & Flanner, bankrupts, made a motion to is ue execution upon several judgments, but the matter was remanded to the To Any One Purchasing Either Clerk of Court to take further evidence. Messra, Rountree Carr, Bellamy & Peschau and Stevens, Beasley & Weeks are resisting the proceedure and ex-Judge Bryan and T. W. Davis, Esq., appear as counsel on the other side.

The court will entertain a few other motions and probably adjourn for the term this morning.

Frank Daniels Last Night.

There can be no doubt of the success of Mr. Frank Daniels and his immense supporting company in the delightful two-act comic opers, "Miss Simplicity," at the Academy last night. And the audience was a tremendous one, toonothing like it has been seen here upon the occasion of a high class production in several years before. They were charmed, too, for the lines of the play seemed to fit Mr. Daniels exactly and recalls of principals and chorus were frequent. The costumes, scenery, lights and accessories of all kinds were beautiful, appropriate and abundant. It is no wonder that the same original production in New York was called "picturesque"; it is even more, it is gorgeous. "My Man Blossoms" was all right and his box office receipts would not suffer should he come this way again.

the negro convention called for tonight to name a State ticket against the white Republicans. It was decided in view of the very small registration of negroes the State over, not to name a ticket. An address was issued to voters, advising them to vote as they please but above all, not to vote for white Republican bosses and remember that Atwater, of Chatham, and Meekens, of Elizabeth City, first advised the disfranchisement of the negro and need a rebuke. The address begs the President not to cut off any more negro postmasters or other officers-in the State along the line of Pritchard's vain effort to establish a lily white party. TARBORO, N. C., Oct. 16 .- To-day

morning at 11:30 and Mr. Watson and

Mr. Kitchin spoke this afternoon in

the court house. There were at least

three or four hundred at both speak-

ings. Mr. Pritchard devoted most of

his time to National issues. As one

man expressed it, if he was as incor-

rect in his facts and figures concerning

National matters as he was in State af-

fairs he is a good "juggler." His

references to the Amendment or State

issues were amusing to our people and

even his most ardent supporters do

not agree with him in his statements

hard to fool an Edgecombe man in

State issues. Our people here know

Mr. Watson was introduced this

not intend speaking, but was called

out by the audience. Mr. Kitchin went for Mr. Pritchard with gloves

off. He told of Mr. Pritchard's re-

cord as a politician, and did not fail to

use words appropriate to the occasion.

He scored him for his acts in placing

our Eastern counties under negro dom
