SAVED A DROWNING MAN.

Laborer at Fort Caswell Picked Up by Steamer Southport from Derelict of Small Sailing Craft.

Capt. O. D. Burriss, master of the steamer Southport, saved a white man from an awful drowning in the lower Cape Fear river as the steamer was coming up to the city early yesterday

From a small sail boat which had been overturned in the middle of the river below Old Brunswick, Sam Stanland, a white laborer at Fort Caswell, was hauled up on deck of the Southport, more dead than alive. He fell exhausted and when revived suffi ciently, he told of a narrow escape from a watery grave.

Stanland said he started from the Atlantic Fisheries Co.'s plant in his small craft about daylight yesterday morning. When about the middle of the stream, which is several miles wide at that point, a squall struck his craft and turned it up side down in the twinkling of an eye. With difficulty he freed himself from the sail and stuck like a leech to the bottom of the canoe, but it was slick and the derelict was being tossed about in a violent manner. He cried for help until he was hoarse, but an echo was the only answer. He said when the Southport came in sight he was overjoyed, but he couldn't have held on five minutes longer. He was exceedingly grateful to the crew of the steamer for his

Audit and Finance Board Awarded Contract for Improvement at the Station House.

AT IT'S MEETING LAST NIGHT.

Very Little Business of Importance Transacted in Absence of Chairman-City Clerk and Treasurer's Monthly Statement of Receipts, Etc.

The City Board of Audit and F: nance held only a short session last night in the absence of its chairman, Mr. H. C. McQueen. The remaining members of the Board were in attend ance as follows: Mr. O. W. Yates, presiding, Mr. Jesse Wilder, Mr. S. P. McNair and Mr. J. A. Orrell.

The only feature of the proceedings was the approval of a bid for tearing out the present system and building a new tier of calls for colored priso :.ers at the station house—an improvement long needed, both for safety and for sanitary reasons. The contract was awarded to Mr. Jas. H. Burris, for \$160. This does not include the plumbing for which no contract was awarded last night in the irregularity of specifications. Two bids were re ceived from Messrs R. H. Grant and C. M. Whitlock, but action was deferred until a subsequent meeting.

Mr. Z. E. Murrell, chairman of the Public Building Committee of the Board of Aldermen, was present and urged that something be done to remedy the present condition at the station house. The apartment for white prisoners also needs plumbing repairs and bids have also been received for that work. The contract will be awarded with that required in the building of the new cells for colored prisoners.

Bond of 'W. F. Robertson, in the sum of \$500, with T. D. Meares as surety, for the faithful performance of his contract to lay the water main for a hydrant at Sixth and Castle streets, was approved. The contract was awarded several months ago.

The remainder of last night's session was principally taken up with the auditing of various bills for current expenses.

The City Clerk and Treasurer submitted a statement of the receipts and disbursements of the public fund through his office during the month of Beptember as follows:

Receipts-Balance on hand Sept. 1st, \$5,140.92; merchants' license, \$810.43; bar rooms, \$1,697; market rents, \$658.18; mayor's court, \$181.45; weighing beef cattle, \$37.50; miscellaneous and extraordinary, \$1,626.37; real and personal property tax 1902, \$10,597.47; dog badges, \$1; dray badges, \$7.70; loans, \$5,000. Total receipts, including balance, \$25,760.02. The disbursements during the month were \$11,353,-.45, including the payment of a \$5,000 note and coupons paid amounting to \$1.15. The balance to Oct. is \$14,-

The Board adjourned until the first regular meeting night in November.

GRAHAME-GOODWIN COMEDY CO.

Second Performance Last Night Attended by Good-sized Audience-Matinee.

The second performance of the present engagement of the Grahame-Goodwin Comedy Company at the Academy passed off most royally last night. Another large audience greeted the company and frequently attested its approbation by hearty applause. The comedy drama, "A Thoroughbred," was the offering. It is a play with much dramatic force and pos sessed of bright, snappy comedy.

To night the powerful, though not sensational drama, "Nick Carter, Detective," will be presented. A new line of specialties will be introduced. The only matinee will be Saturday afternoon and will consist of a double bill, preceded by a new version of the little folks favorite, "Peeck's Bad Boy."

Naval Reserves Fete.

Messrs. H. C. Howard and A. K. Powers, of the committee to arrange for the Naval Reserves entertainment at their armory next Tuesday night, now have preparations well under way. Mr. DeVaney has ordered all the necessary paraphernalia to produce some of the latest developments in the art of legerdemain and it is claimed his exhibition will rival that of Hermann the Great. Refreshments will be served, for which there will be no charge, but admission will be by tickets only at 25 cents each. Tickets will be on sale after Friday at Honnett's jewelry store.

THE CHAMBER OF COMMERCE. QUEEN OF CARNIVAL.

Hon. P. A. Vanderlip, Distinguished New York Pinancier, Will Address Business Men of Wilmington Priday.

The business community of Wilmington will have a rare opportunity of hearing a high-class discussion of commercial matters at the banquet to be given by the Chamber of Commerce Friday night Oct. 31st. The Hov. F. A. Vanderlip will be the speaker of the evening. Mr. Vander lip was assistant Secretary of the Treasury under Mr. McKinley, and continued to hold the office under Mr. Roosevelt. So great was his ability as a financier that the government sent him on an extraordinary mission to Europe to investigate the financial systems of the various countries of the continent. Perhaps no foreigner was ever shown the same courtesy and given such free access to the financial departments of European countries. Incidental to this mission he also investigated the industrial and commercial conditions of Europe. Shortly after his return from abroad he resigned the position of assistant secretary to take that of vice president of the Na-tional City Bank of New York, one of the largest financialinstitutions in this country, having a capital of ten milions of dollars. He has recently issued a pamphlet entitled "The American Commercial Invasion of Europe, which is a summary of the vast amount of data collected on his trip. The pamphlet is a most valuable compiliation of commercial facts, aud is written in an attractive literary style Probably no one in this country is better qualified to discuss the relative commercial positions of this and European countries, and any subject that this distinguished gentleman may take for his theme will both enlighten

and entertain his hearers. Every business man in Wilmington should hear Mr. Vanderlip's address. The privilege is not confined to the members of the Chamber of Commerce, but is extended to any outsiders who may attend by purchasing a banquet ticket at regular rate. It is an honor to the city to have a gentleman of such prominence in our midst, and it is to be hoped that a representative body of citizens will hear and meet the distinguished guest. Mr. Vanderlip comes as a business

man and not as a politician. STERLING MANUFACTURING COMPANY

At the organization meeting las night Mr. Holt was chairman and Mr. Giles secretary. The shareholders were all represented.

THE MEETING LAST NIGHT. Arrangements Under Way for Wilmington's Big Pair Week in November. Executive Committee in Session

Two weeks hence Wilmington will be in the midst of her greatest carnival. At least that's the indication now and the nearer the approach of the event, the harder and more enthusiast c the Executive Committee seems to go at its work. The travelling men, too have aken a commendable interest in the undertaking and everywhere they are bidding the people come. That their efforts are appreciated is daily expressed by those who have the city's interest nearest their

Last night there was an enthusiastic meeting of the Executive Committee at Carnival Headquarters. Those present were Chairman Fishblate, Secretary Rogers, Maj. W. F. Robertson, Dr. W. C. Galloway, Capt. T. D. Mearer, Messrs. B. O. Stone, J. D. Nutt, J. J. Hopkins, W. H. Yopp, J. T. King, H. E. Bonitz and W. E. Perdew. There were also several chairmen of sub-committees and lay Pythians who came and went to see what was going on.

A telegram was read from Goldsboro saying that with the addition of the animal show from Richmond and other features recently added, the Layton Carnival Company is right up to the standard. The attractions, when they come to Wilmington, will be still further augmented by the best that can be obtained from the State Fair the week before at Raleigh.

The purchase of 20,000 bags of confetti and other street novelties was re-

ported. John W. Blomme had just been sent to post lithographs and other matter. Mr. Holden left for points on the Seaboard Air Line and Mr. Blomme went up the Wilmington and Weldon as far back this way on the W. and N. rail-

The Transportation Committee re ported the arrangement of several excursions from Little River, S.C., points on the upper Cape Fear and from Southport. The railroads will, of course, take care of the rest. In this connection it was suggested that it might prove mutually advantageous if the local wholesale merchants would advertise to their customers in this territory that on purchases of say \$300 during Carnival week, their railroad fare would be refunded. Baltimore, Richmond and Norfolk have standing offers to this effect and it was thought that the merchants here would at least hold out that inducement for one

Five hundred torch lights have been ordered for the procession. The means voters should this week qualify greatest feature of the parade will be a float bearing the Queen of the Carnival and her maids of honor. Announcement of Plan for Selection of Queen of Pythian Carnival and Merchants' Pall Pestival.

In this delightful city, "what's a sittin' sort o' quiet on the Cape Fear," there are more beautiful and captivating young ladies to the square yard than can be found this side of paradise. In some way they surely must be close kin to the immaculate daughters of the most patient man, because history informs us they were very beautiful. He lately, as his numerous articles will show, has been hunting up all the pretty, expressive adjectives and adverbs to gratify his praise for the fair sex, but we confess he can't well be too extravagant.

Some great writer has proclaimed

that the grandest type of the Caucasian race lives between the Potomac and Savannah rivers. We heartily agree with him; and she's a woman walking in queenly splendor upon this terrestial sphere right here in Wil-mington. May she grow in beauty day by day, and in richness of character every hour; and may Southern chivalry see to it that the white flower of her glory shall be kept sweet and unsullied for all time. Even Bollie" would not be so ungallant as to name the fairest amid such opu-lency of loveliness. At the end of the contest the one receiving the highest vote will be crowned Queen of Love and Beauty of the great Pythian and Merchants' Carnival. The Queen of the Carnival, attended by her gaily gowned maids of honor, which she will select for herself, will occupy a mag-nificent float in the mammoth parade, and the crowning will take place upon the Cape Fear river, at the foot of Market street, and the most wonderful and dazzling pyrotechnic display at the beginning of the erupton of Mt. Pelee. The scene will simply beggar description, and nothing like it may ver occur here again.
