Many Improvements in St. Thomas'-

Beautiful Statue Erected-Porty

Hours Devotion.

The members of St. Thomas' Catho-

lic church are to be congratulated on

the many improvements made recent-

ly in the interior of their church. The

walls have been properly kalsomined

and particular pains were shown in

the renovation of the sanctuary proper.

The Sanctuary Society provided a beau-

tiful green carpet, and the Children of

Mary presented the church with a

beautiful statue of the Mother of God.

This statue was imported from Munich,

Bavaris, and is a beautiful piece of art.

The figure is about five feet, standing

in graceful pose, crushing the ser-

pent's head as represented in Genesis.

> Standard Oil "Number Ninety-Three" Ploated After Having Been Lightered. German Steamer Lost Anchor and Chain-Shipping.

Purchased In New York By Dia-

mond Steamboat and Wreck-

A few days ago it was noted in these columns that Capt. Edgar D. Williams would soon very materially increase his river interests in connection with the Diamond Steamboat and Wrecking Company and that he had associated with him in the enlarged business Mr. James S. Williams, who has been a licensed steamboat master since he was 21 years of age.

The report found confirmation yesterday in the arrival of the handsome steam barge Penn Del, formerly the Willie, which was purchased a short time ago by the company, through Capt. Williams, in New York. The barge was built in Wilmington, Del., in 1896, but has been owned in New York and used in the inland freight service. She has a displacement of 67 gross tons, 49 net, and is 80 feet in length. She has 241 feet beam and 7 feet depth of hold. She carries a crew of six and is said to be admirably adapted to the service in which she will be used. Her engines are 120 horse power and on deck she has a capacity of 400 bales of cotton and in her hold 100 bales. She is fitted with hoisting engines and steam derricks, both for loading and unloading freight. Capt. W. A. Snell brought the new boat around from New York. Capt. James

S. Williams will be her master. Uil Barge Floated. After having been on a mud bank, near Carolina Beach pier for three days, Standard Oil Barge No. 93 was Prince, Mr. Milton Gore; Miss Athalia pulled afloat by the harbor tugs at LeGrand, Mr. Hal Boatwright; Miss Wilmington and the Standard Oil sleamer City of Everett, of Philadel phia, yesterday morning. The steamer with the barge in tow proceeded at once up to the city and expected to finish discharging last night. Capt. Ericksen, of the barge, says the experience was a very rough one. In the big hull there were 22,500 barrels of oil and 1,400 barrels had to be pumped into the hold of the City of Everett before the barge would budge. The steamer and barge will sail this

morning for Charleston. Steamer Lost An Auchor. The German steamer Carl, on her passage from Wilmington to Tampa, lost about 150 fathoms of chain and an anchor nine miles below Wilmington this week. The property was recovered from the bottom of the river by the Diamond Steamboat and Wrecking Co., and the steamer proceeded yester-

News of the Markets.

Receipts of cotton for the week ended yesterday were 9,342 bales against 12,264 bales same week last year. Crop year receipts, despite the falling off during the past month, are still about 55,000 bales ahead of last year. The weekly receipts of naval stores posted yesterday at the Chamber of Commerce, show gains in all items except tar. Crop year receipts are heavier with the exception of rosin

A Schooner in Distress.

A special to the STAR last night from Southport says the schooner Scotia, 347 tons, Capt. Meader, Frankfort, Me., to Havana, Cuba, with cargo of paving, put in there in distress late in the afternoon. The vessel's sails were blown away; some damage was done to her rigging; boats were smashed; davits were damaged; quarter rail was carried away and foregaff broken. Otherwise the vessel is in fairly good condition. It is probable that she will repair here.

Delightful Social Event Last Night Given By Miss Lord, Complimentary to Her Classes in Dancing.

Miss Cammie Lord gave a delightful german last night in Germania Hall complimentary to her advanced day and private night classes. About sixty couples participated and all were charmed with the many new and iateresting figures, notably the five-step, introduced by Miss Lord, who recently spent several weeks in Baltimore under the tutelage of one of the most distinguished dancing masters in the United States. The decorations were very pretty and effective and a large number of spectators were present. As an exhibition of the methods of instruction employed by the teacher, the dance was a charming success. It was quite a social event, too, and is the first of a series of germans to be given by Miss Lord, complimentary to her classes, during the season. The eries will close with an elborate affair, he evening after Christmas, the nature of which will remain a mystery until

the entertaiment is on. The music for the german last night was furnished by Hollowbush's excellent orchestra and the leaders were Messrs. Robert James, Robert Cantwell, James Gause, Milton Gore, Eugene LeGrand, Fred Harper, Richard Grant and Louis Orrell. Among those participating were the following:

Miss Annie Blount DeRosset, Mr. James T. Munds; Miss Bettie DeRosset, Mr. F. W. Dick; Miss Octavia Boatwright, Mr. R. H. THE NORTH CAROLINA CONFERENCE,

Change of Date Some Time Ago Was for Wise Purpose-The Orphanage.

The North Carolina Conference of the Methodist Episcopal Church, Bouth, will hold its annual session in Grace church, Wilmington, beginning Wednesday, December 3rd, and concluding the first of the week following.

The conference is one of the largest bodies in North Carolina and there are usually in attendance from 300 to 400 ministers and delegates from the different churches in the bounds of the Conference. Bishop A. Coke Smith, who, up to last year, was in the Virgina Conference, but who was elected bishop by the General Conference in Galveston last Summer, will

The usual time of holding the conference was changed by Bishop Smith and for a very wise purpose, viz: Because the Conference took many of the pastors away from their churches on Thanksgiving. In order to call attention to this Rev. J. B. Hurley, representing the Methodist Orphanage of the State, has issued a letter to the preachers of the North Carolina Conference calling upon them to give special consideration to the orphanage matter on Thanksgiving and to take up a collection for that cause. The main building of the orphanage now in process of construction will cost \$25,000 and every cent of the money

The Standard Pole and Tie Company, of New York, which has here tofore had its southern office at Maxton, N. C., has decided to move the same to Wilmington, as this is more central for its operations in this section now. Mr. Fred Merritt, of New York, was here this week superintending the transfer.

A Golf Tournament. The Cape Fear Golf Club will have a handicap tournament for men on the morning of Thanksgiving Day, beginning at 10 o'clock. It will be the club's first tournament on the new no doubt be large. The tournament will be for eighteen holes, or twice fered for the lowest scores.

Close of North Carolina County Superintendents' Conference

at Raleigh. SCHOOLS OF NEW HANOVER.

Prof. Washington Catlett Interested the Great Meeting in Methods Employed Here-Resolutions Memorializing the Legislature *

[Special Star Telegram.]

RALEIGH, N. C., Nov. 14.-The State Conference of County Superintendents adjourned to-night. The most important feature of the proceedings was the adoption of a series of resolutions, setting forth the greatest needs of the public schools of North Carolina and asking the next Legislature to enact laws to supply he following: The reasonable consolidation of small districts into larger ones; the erection of adequate school houses; the improvement of grounds: the supplementation, by local taxation, of the school fund as the only practical means of supplying money to make rural schools adequate in the way of houses, teachers and length of term; the reasonable provision for the improvement of public school teachers at a small expense by lengthening the terms of county institutes; the necessity of increasing the salaries of good teachers and of county superintendents; the appointment of deputy State superintendents, so that the State Superintendent and his deputies may reach and help every part of the State: the increase in the number of rural ibraries and maintainance, and extension of those already established.

The resolutions also express appreciation for the work being done by the Woman's Association for the Bet terment of School Houses; by the Southern Educational Board in the way of co-operating with the State authorities in bettering the public schools and to the General Education Board for making the conference posble by paying the railroad expenses of those attending.

In conclusion the resolution says: We should deplore any backward step in education, therefore, we favor a continuance of the special appropriations from the State Treasury."

The morning se to a discussion of the "Use and Bene fits of Rural Libraries," by Superintendent Ragsdale, of Pitt county; "Compulsory Education," by Superintendent Clements, of Wake. Superintendent Catlett, of New Han-

over, greatly interested the conference with a statement of the school system of that county. The conference closed with educational addresses by R. D. Douglas, of Greensboro; Editor J. W. Bailey, of

LONG DISTANCE TELEPHONE.

Yesterday-A Chat With Goldsboro. Underground System.

The long distance lines of the South-

Last night through the courtesy of Manager McManus a STAR representative had the pleasure of a conversation with Editor Roscower, of the Goldsboro Headlight. The line worked perfectly, and Mr. Roscower remarked in course of the conversation that there appeared to be no "kinks" in the line, as were spoken of in these columns a few days ago. The Wilmington end of the line quite sgreed with him, for every word was perfectly audible, and the realization of talking with one miles away made a novel experience for the average reporter in this neck

The construction force will arrive to-day or to-morrow to begin work on the underground system of wires for Wilmington. Next will follow an installation of the metallic circuit and telephone subscribers will then experience a great improvement in the service. With the metallic system, the long distance lines may be used from one's office or residence with as much or more ease and satisfaction than from the booths.

Adjustment in Magistrate's Court.

Marine had a rather lively "scrap" at Sixth and Castle streets late Thursday afternoon. It was alleged that Kirkham whipped out a knife and slashed Marine's clothing pretty badly in an effort to get at his flesh and he was arraigned in Justice McGowan's court yesterday afternoon and recognized for his appearance in the Superior Court Monday week to answer the charge of assault with a deadly weapon. Marine was required to pay the costs in a case against him for disorderly conduct.
