Yesterday Afternoon-Subscriptions to Stock Rapidly Coming In.

A special meeting of the Board of Directors of the Wilmington Tobacco Warehouse Company was held at 3:30 o'clock yesterday afternoon in the Chamber of Commerce rooms, but very little business of public interest was transacted. Mr. Geo. O. Gaylord, vice president of the company, presided and Secretary James Kyle was present in his official capacity. Directors present were Messrs. W. B. Cooper, S. P. McNair, Jos. H. Watters, R. R. Stone, H. L. Vollers, M. W. Jacobi and Frank Andrews, of Onslow county.

The several committees recently appointed to solicit subscriptions to the increased capital stock of the enterprise, made encouraging reports. It was ascertained that about \$14,000 has been secured and only about \$1,000 acditional is required to bring the amount to the maximum recommended by the stockholders. The soliciting committees were continued with instructions to swell the capital to the outside limit, it being especially desired to interest as many people as possible in the movement.

Mr. James Dodd, of Pilot Mountain, N. C., last year manager of the Whiteville tobacco warehouse, was present and gave the directors a number of pointers about the management and conduct of well regulated markets. Mr. Dodd has been in the tobacco business all his life and understands every detail from the planting and cultivation of the weed to its curing and sale-The plan of the Wilmington Company is to employ a competent man to give instruction to farmers throughout this erritory and to aid them in entering into tobacco cultivation.

Mr. Frank Andrews, of Onslow, a member of the Board, said that experiments in his county demonstrated that proximity to the sea coast has no effect upon the quality of the weed The wedding gifts were very handsome, \$500 damage was sued for by reason of grown. Mr. Dodd also said that the over two hundred friends sending re- the alleged negligence of defendant experience last year of Mr. Drew, of Brunswick county, showed that good tobacco can be raised as well in a salt atmosphere as elsewhere.

> The meeting yesterday afternoon was adjourned to the same hour Friday afternoon, when the question will receive still further consideration. It is likely that a manager will be employed at this meeting and that he will be commissioned to begin at once a canvass of this territory with a view to encouraging farmers to cultivate

THE WILMINGTON NAVAL RESERVES.

Annual Election of Commissioned Officers

Held Last Night-Other Notes. Wilmington Division of Naval Reserves held its annual election of commissioned officers at an enthusiastic meeting held last night in the armory on Princess street.

Mr. H. M. Chase was unanimously re-elected Lieutenant Commanding, and Mr. N. N. Davis was also unanimously re-elected Lieutenant, Junior Grade. Mr. S. K . DeVanev was chosen without a dissenting voice for the office of Ensign, which has been vacant since the resignation of Ensign Morgan Skipper about eight months ago.

After the military session of the Division had adjourned, the civic organization was called together by President H. C. Howard and a number of matters pertaining to the welfare of the sailors were discussed. The Division is striving to make the armory as attractive as possible to its members and to that end a number of amusements are being provided. Mr. J. M. Murphy was commissioned last night to look into the matter of purchasing a parlor rifle for the shooting gallery recently established.

Thanksgiving on the links of the Cape Fear Golf Club will be a notable one, made so by the large number of members and visitors who will spend the day on the grounds and at the club house to witness the gentlemen's handicap tournament, for which there are already a large number of entries. The contest will begin at 10 o'clock. Eighteen holes will be played, which is twice around the course. The first half will be in the morning and the second half in the afternoon. Dr. Richard J. Price III.

A brief item in a Raleigh paper yesterday morning stated that Dr. Price, a U. S. surgeon, who entered the service from Wilmington, was reported dying at Fort Baird, New Mexico, to which he went some time ago upon his return from the Philippines. Dr. Richard J. Price, of this city, is the surgeon referred to, but the STAR is very glad to know that the report as to his condition was very much exaggerated. Dr. Price is in rather feeble health, but the latest news from Fort Baird is that he is improving. His brother, Mr. Jos. Price, left Monday, via the Seaboard Air Line, to be with him in his illness,

NEW ISSUE, A. C. L. STOCK.

Reported in Baltimore That It Will Be at \$125 Per Share—The Proportion to Stockholders.

Regarding the issue of new stock of the Atlantic Coast Line Railroad Company, authorized at the Richmond meeting about ten days ago, an Associated Press telegram last night from Baltimore says:

"The Atlantic Coast Line Railroad Company is considering the issue of \$9,260,000 of new stock. This is in connection with the financing of the purchase of the control of the Louisville and Nashville railroad. The proposed issue is to supply the \$10,-000,000 cash which is required as partial payment for this purchase. Such an issue means 92,600 shares of the par value of \$100 a share.

"It is contemplated to sell this stock at \$125 a share, and at this price it would yield the company \$11,575,000 in cash, so that after paying the \$10,000, 000 the company would add \$1,575,000 in cash to its surplus.

"The present stockholders of the company will be given the first chance to take this stock. An underwriting syndicate will take what they do not. The privilege would be to subscribe to the amount of 40 per cent. of their holdings."

Monday's Baltimore Sun says: "It was reported in local financial circles yesterday that the circular announcing the new issue of stock of the Atlantic Coast Line Railway Company would be made public to-day. There was a well authenticated rumor that the stock had been underwritten at \$125 a share, and that stockholders would be given the privilege of subscribing to 40 per cent. of their holdings at this price. As the stock sold in the open market at \$157, it is estimated that the 'rights' on the new issue will be worth upward of \$20 a share.

"The proceeds of the new stock will be used in financing the recent purchase of a majority of the stock of the Louisville and Nashville road by the Atlantic Coast Line Railway Com-pany. It will be remembered that this company took over 306,000 shares of the Louisville and Nashville from J. Pierpont Morgan & Co. at \$150 a

"Since this deal the Atlantic Coast Line stockholders have been anxiously awaiting the announcement of the privileges they were to receive in the contemplated new issue of securities.'
