leeting of Board of Directors Held Yesterday---Special Committee Reported. Site for the Buildings, Etc.

A meeting of the Board of Directors of the Wilmington Tobacco Warehouse Company was held yesterday at noon in the rooms of the Chamber of Commerce. Those present were Mr. W, E. Worth, president; Mr. George O. Gaylord, vice president; Mr. James Kyle, secretary and treasurer. Messrs. S. P. McNair, H. L. Vollers, M. W.

Jacobi, and W. B. Cooper.

There was a general discussion of the company's affairs a feature of which was the matter of a site for the warehouse and other buildings. This discussion came upon a report of a special committee appointed for that purpose, consisting of Messrs. W. Worth, H. L. Vollers and D. Mc-Eachern. The committee has decided upon a location but are awaiting a perfection of the title to same. Until all such preliminaries are out of the way, no decision will be made public by the Board of Directors. The committee was instructed to continue its work and report a culmination of its plans at the earliest possible moment. Mr. James Dodd, representing the Topacco Warehouse Company, is still ravelling in this section, instructing and encouraging the farmers in the planting and cultivation of the weed. He has met with much success in his efforts and next season will doubtless see thousands of pounds of leaf tobacco sold on the new market.

The object of the meeting was well stated by President Chadbourn in his opening remarks. He said he had called the meeting that all the departments of the organization might get closer together and be helpful to one another; that the Executive Committee desired suggestions from any of the chairmen of the standing committees and that in turn the Executive committee would be glad to be of any assistance that it could to the standing committees; that for the purpose of getting into closer touch, etc., the meeting had been called. Mr. J. A. He said that the committee also had taken in the matter of the early morning passenger schedule with the Atlantic Coast Line officials but that nothing definite had been decided upon as yet.

President Chadbourn stated that as the Legislature would shortly be in session in Raieigh, he would advise that the Legislative Committee be prepared to present any matters of importance to the commerce of the city to that body. Mr. J. A. Arringdale, chairman of the committee, said he would be glad at any time to receive any suggestions as to legislation that would be favorable to the city. The meeting adjourned, subject to

## REV. MR. NORMAN'S LAST DAY

Mr. Joseph G. Brown, of Raleigh, Telis of tils Parting Conversation in Wilmington With Deceased Minister.

Mr. Joseph G. Brown returned to Raleigh Wednesday from Lexington. He was the most intimate friend of the late Rev. W. C. Norman, and with Messrs James H. Southgate and Rev. F. M. Shamburger, left Conference as a committee to attend the funeral of Mr. Norman. Speaking about his last talk with his dead friend Mr. Brown said to a reporter of the News and Observer: "Late Saturday afternoon Mr. Nor-

waiting to read the report of the Joint

Board of Finance, but I have asked

a brother to read it for me. I feel that I must have some fresh air. Come and let's walk down to the river.' I went with him. On almost every square somebody stopped to speak to Mr. Norman, for he was universally popular in Wilmington as in every other place where he had preachd, and it took us some little time to make our way to the river side. I recall one lady who stopped him. walked on slowly and had to wait five or ten minutes for them to finish their conversation. When he rejoined me Mr. Norman said: 'She was telling me about the death of her busband, who had a triumphant death. With tears in her eyes she said she always hanked me, because she said I had been the instrument in God's hand of bringing him into the church.' That's all he said about the conversation, but saw the thrill it gave him to know that the man converted under his minstry had died triumphant in the faith. We walked by the river shore and then turned our steps back to the residence portion of the city. It was then dark, and we separated. After he had cone a few steps he called back to me and said: 'Tell your son (a student at Prinity) to come to see me often. I ish to keep in close touch with him, and these were the last words I heard him speak. They were characteristic of the man-always interested in others and particularly in young men by whom he was always held in the high-

LADIES WILL ASSIST

Their Co-operation Secured by the Elks in Dispensation of Good Deeds.

THE MEETING YESTERDAY.

Christmas Tree and Supper to Children Will be Given Priday Afternoon, December 26th-Mrs. Joseph H. Watters, Chairman.

In numbers that are gratifying and with an enthusiasm that is beautiful, the good ladies of Wilmington have rallied with one accord to the aid of the Elks in their magnanimous pro position to provide during the holidays a Christmas tree and supper to one thousand or more of the children of the city, who will gather around the festive board, irrespective of creed or denomination, class or condition, and enjoy for once the Christmas tide as they have perhaps never experienced it before. Elks never do things by half and now that the co-operation of the ladies has been secured, it is a foregone conclusion that the affair will be a tremendous success.

In response to an invitation through the public prints ladies to the number of twenty-five or thirty gathered yesterday afternoon at 4 o'clock in the parlors of the B. P. O. E. Temple and had there a conference with the committee of Elks appointed to carry out the purposes and plans of the lodge in

Knight and Miss Bell. The meeting was called to order by Mr. Garken, who briefly and pointedly explained the purpose of the same and requested the co-operation of the ladies, paying them a pretty compliment for their kind assistance in such matters in the past. A discussion followed in which the ladies joined with much spirit and enthusiasm. Mrs. Joseph H. Watters was chosen chairman of the Ladies' Auxiliary for tue event and she at once helda conference with the ladies in attendance and a number of chairmen of sub-committees were appointed and delegated the authority to select their aides in the several departments. The work was mapped out in detail, a menu was prepared for the supper and the ladies will now try to interest others in their co-operation with the Elks. Due notice of the time and place of the next meeting of the ladies will be

SOME CHRISTMAS STRAWBERRIES.

Charleston Trucker Will Sell Some a \$2.50 Per Quart in New York. A special from Charleston, S. C.,

"Christmas strawberries are being picked this week on the plantation of Fritz Horres, in St. Andrew's parisb. across the river from Charleston. There is a ten-acre field in full bloom. and as the berries were not due until May the remarkable yield has astonished the truck farmers. It is said that this is the first time in the history of the planters that a May crop ripened early in December, and unless there is an unexpected frost Horres will make a small fortune on the crop. The berries find a ready sale in New York at the startling price of \$2.50 a quart. Local dealers who wanted to corner the market for home consumption had to abandon the idea when i formed of the price. as Charlestonians will not pay such extraordinary prices for a fruit that is often a drug on the market in the spring and early summer."

Receipts of Mill Timber.

Receipts of timber by raft on the river the past several days have been very satisfactory but not nearly so large as during the corresponding season in former years. Mr. H. McL. Green, agent for the sale of timber, informs the STAR that fair mill is now bringing from \$7.50@\$8.00 per thousand; prime mill \$8@\$9, and common mill, \$5@\$7 per thousand. The activity in the cross tie and pole industry up the river is said to be responsible for the falling off in mill timber.
