RALEIGH, N. C., March 3.-Justices Platt D. Walker and H. G. Connor neard argument to-day on application for a writ of habeas corpus for Ed. L. Utley, under sentence of twenty years | marriage of divorced parties. It proin the penitentiary, appeal pending, for the killing of Theo. Hollingsworth. at Favetteville.

Thos. Sutton and Col. J. W. Hinsdale appeared for Utley; Attorney General Gilmer and Messrs. H. L. Cook and N. A. Sinclair, for the State. The hearing was at 11 o'clock and the ruling at 4:30 P. M. was that Utley be not admitted to bail, for the reason that no unusual circumstances were shown to warrant such action. Sheriff Marsh will leave for Fayetteville with the prisoner to-morrow Utley was accompanied to Raleigh by his uncle, Mr. Herbert Lutterloh, and Mrs. Lutterloh.

The Fayetteville Observer of yester day afternoon says of the latest sensation created by Utley;

"E. L. Utley has created another sensation. On Saturday afternoon each one of his counsel except ex-Judge Sutton and Mr. A. S. Hall, received a note from the prisoner saying that as his case would be conducted on different lines from that at the first

Matter of Cars and Shipments Being Strictly Regulated-Sale of Liquor at Resort Hotels in New Hasover-State Bond Issue.

[Special Star Telegram.] RALEIGH, N. C. March 3 .- The House argued and finally passed today a bill to amend Section 1,285 of the Code, relative to the time limit for vides for abandonment of two years to be the cause for divorce, neither party introduced by Self of Catawba. After argument by many members, the previous question was called by Self, General Davidson demanding the ayes and noes. The vote stood, 58 ayes and 45 noes on second reading. Objections were raised to a passage of the bill on third reading, but the rules were suspended by a vote of 60 to 30 and the bill passed final reading by 57 to 43.

House were: To amend the act, incorporating the Guilford Battleground Association; to protect oysters, clams and terrapins in Brunswick; relating to the rules governing demurrage in the matter of placing cars by railroads for shippers. Morton wanted to amend by adding "reasonable" before wor 'rules," wherever it occurs in the bill. The amendment was lost and the bill passed. Other bills were: To amend the corporation law of North Carolina: to provide for the registration of trained nurses; to give electric light and power companies the same powers and rights of condemnation as telephone and telegraph companies. It was amended, however, by Mr. Newland so as not to apply to existing actions. A great number of local bills were introduced in both branches of the

DISCUSSION YESTERDAY.

Regular Monthly Meeting of Board of Commissioners Yesterday Afternoon. Number of Unimportant Items Transacted-Other Notes.

No business of great public impor tance was transacted at yesterday af ternoon's regular monthly meeting of the Board of County Commissioners upon which there were in attendance

Chairman D. McEachern, Commissioners Gabriel Holmes, W. F. Alexander and W. F. Robertson. Mr D J Fergus in behalf of siti-zens of Masonboro township, asked that the "Old Federal Point" road be "strawed" as far as the six-mile nost The matter was referred to the Roads and Bridges Committee, with power to act. Also, upon request of Mr. Fergus, Mrs. Rate Sanders was placed on the out-door poor list, and allowed

\$3 per month for herself and two chil-

drep, payments to be made through Mr. LaFayette Southerland. A petition from R. W. Bordeaux and others asking that the road change allowed Mr. Samuel Blossom at Castle Haynes be not allowed was presented by Mr. J. G. Johnson. Chairman Mc-Eachern stated that Mr. Johnson, Mr. Bordeaux and others had signed Mr. Blossom's petition for the change, as ordered, and he did not think the petitioners in this last instance could consistently ask for any further ac-

tion. None was taken. The report of County Superintendent of Roads J. A. Perry was read and approved and a general discussion of road affairs ensued, during the progress of which it developed that the Commissioners are fully aware of the rather bad condition of the thoroughfares of the county by reason of the power to apply an immediate remedy. The Road Committee was instructed to supply Superintendent Perry with two carts and team in order that the work may be facilitated as much as possible. Chairman McEachern reported that rain had also interfered somewhat with the permanent work and that another delay has been caused in the repair of the shell road by the breaking down of the traction engine and road roller. Parts had been ordered, however, and the work will be resum-

with full force this week. A communication from Mr. John B. Quelch protesting against the new act to repeal the stock law in Federal Point township and declaring the act unconstitutional and unreasonable. was read and placed on file. The Board later discussed the new act, which was published in full in these columns a few days ago. It makes it mandatory upon the Commissioners to construct the fence by May 1st 1903 out of the general fund and leaves it descretionary with them to levy a tax upon the real estate in the township to reimburse the general fund. This special township tax will undoubtedly be levied and collected in the same manner as other taxes as provided for in the act, that sentiment having been freely expressed by the Commissioners yes terday afternoon. It is estimated that six miles of fence are to be built and the cost is \$500 per mile, or \$3,000 for a "turn-key" job. The effect of the tax will be to make the rate about ten times what it is now. The township now pays about \$300 tax on real estate, but if the fence is built next year \$3,-300 will have to be collected on real estate inside the fence. The matter is likely to become one of grave consequence for both the Commissioners and land owners in the territory pre-

scribed. Bond of M. G. Chadwick, keeper of the County Home, in the sum of \$1,-000 with I. J. Bear, Martin Newman and Geo. H. Heyer, as sureties, each

of whom justified in the sum of \$400, was read and accepted. Bond of J. A. Dean, constable of Harnett township, was deferred for qualification of one of the sureties.

Commissioner Alexander reported that the "water" fence of the county had been repaired substantially at a cost of \$10. The Chairman was instructed to in-

restigate and, if proper, to refund the county's portion of tax erroneously paid for several years by Mr. Samuel Bear, Sr., application for relief having been made by ex-Judge E. K. Bryan, Mr. Bear's counsel. The special committee appointed to

devise a plan for the collection of back taxes asked and was granted further time. The Committee on County Home, Maj. IW. F. Robertson chairman, was instructed to award bids and have necessary repairs made to pumps, the range and conductor pipes to the cistern at the Home.

under the new act for the month of January and succeeding months during the life of the act.

Dr. W. D. McMillan, county superintendent of health, reported the county in remarkably healthy condition. All the public institutions were reported in fine shape. There were five cases of chills at the convict

camp during the month and three cases of scarlatina in the county. During the month 135 patients were treated in the office and 28 at their homes.

The chairman appointed Messrs.
Holmes and Robertson a committee to make final settlement with the sheriff of taxes for the fiscal year.
After drawing the jury for the criminal term of court March 28rd, as will be found in another column, the Board

RALEIGH, N. C., March 2.-The Senate to-day spent an hour and a half in committee of the whole on the Revenue Bill. Senator Glenn in the chair and Henderson in charge of the bill. Sections 1 and 5 were adopted. Schedule AA, as to inheritance lax. was adopted without opposition. Section 8, requiring the tax to be paid at the end of two years after death of decedent, with 6 per cent., was amended by adding "anless payment is prevented by litigation over the said estate." Sections 9 to 13 were adopted. On Section [22. requiring tax-payer to show his income on the list, Henderson offered a substitute as follows: his income for the year ending June appointed as arbitrator, he 1st, from any and all sources in excess | decide when the streets were propof \$1.000."

"Section 23. That the question blank shall contain in regard to income the following questions: Was your gross income from salaries, fees, rade, profession, property not taxed any or all of them, for the year ending June 1st in excess of one thousand dollars? If so, what was that excess? This was adopted.

Section 29, imposing a State tax on circuses, was adopted. Section 30 exempting entertainments given solely for religious, charitable or educational purposes, was adopted.

Section 31, as to photographers, opticians, etc., was taken up. Mr. Woodard wanted the part "or any person practicing any pretended art of or town license tax should be imposed but it was lost. Mr. Spence moved to allow a county to impose a tax of not exceeding \$100 on persons not licensed by the State Board of Medical Examiners. This was also lost. Mr. Hicks made an amendment to substitute "professed" for "pretended" healing which was adopted. The section was then adopted. The committee of the whole rose and reported progress.

The Senate at 9:45 o'clock to-night again went into committee of whole on the Revenue Bill.. Sections 33 and 38 imposing a tax on collecting agents, coal dealers, etc. was adopted.

Section 34 was amended on motion of Lamb to include dealers in coffins inder same tax as undertakers. Section 25 taxing horse dealers was amended by Gilliam so that counties, own and cities can levy an additiona tax; also so that taxes not imposed on those dealing solely in horses and mules, if of their own raising within the State, was adopted.

Wants Release from Bond Given a Year Ago.

ALDERMEN LAST NIGHT.

Regular Monthly Meeting of the Board. Action Deferred Upon the Release. Many Other Matters Considered by the City Council.

Perhaps the most im portant feature of last night's regular monthly meeting of the Board of Aldermen was the consideration of a request from the Wilmington Sewerage Company, through its counsel, ex-Judge E. K. Bryan, for a release from its \$10,000 bond to guarantee the proper restoration of streets after the excavations necessary to laying the system about a year ago. The request opened an old sore and there was a lively discussion for a while. It will be remembered that as a result of a long drawn out conflict between the city and the Sewerage Company as to the restoration of the streets, Maj. E. W. VanC. Lucas, then in charge of the Corps "Section 22. The tax-payer shall list of U. S. Engineers here, was erly brought back to their original condition after the earth had been torn up. The Sewerage Co. has now secured a certificate from Maj. Lucas that the streets are restored in proper manner, and it desires to be released from the bond, which will have to be renewed for another year with an additional premium and the continuance of a large amount of collateral in trust, if the Aldermen do not dissolve the agreement. The matter was de-

VonGlahn, Jno. H. Sweeney, E. P. Bailey, E.F. Johnson, F. E. Hashagen. Mr. Warren sent an amendment pro- in the sum of \$10,000 for the building viding that an additional county, city of an iron bridge across Water street, with D. L. Gore as surety, was read, duly approved by the Mayor and City Attorney, and was accepted.

Several petitions in regard to back taxes and for the refunding of taxes were referred to the Finance Committee, with power to act.

A communication was read from ex-

Judge E. K. Bryan saving that he was in receipt of a certificate of Major E. W. VanC. Lucas, certifying that all the streets and cisterns have been fully restored according to the satisfaction of Major Lucas, after the recent excavations by the Wilmington Sewerage Company, and the Wilmington Sewerage Company desired the release of their bond, in order to save some premiums. Mr. Bailey begged leave to differ with Major Lucas as to the restoration of the streets and wanted to see a copy of the certificate. Mr. Hashagen said, however we might differ as to the restoration of the streets, the bond was satisfied when Major Lucas gave his certificate. The whole matter had been left to him and Mai. Lucas was the sole judge. Mr. Bryan spoke on the subject and said he had the certificate in his office, but didn't know that he could put his hand on it at once but he would be glad to exhibit it to any committee which the Board would name. Mr. Bailey said Maj. Lucas had delegated the authority vested in him as an arbitrator to another. Mr. Johnson said he felt that the city had been buncoed by the Sewerage Company but he saw no other course than to release the bond. The people were fooled, that was all he had to say. Mr. VonGlahn made the point that Maj. Lucas was to report periodically to the Board as to the progress of the restoration. Mr. Bryan said that he did not think such provision was in the bond; unfortunately the bond was locked in the clerk's vault and it could not be procured conveniently at once. Mr. VonGlahn thought further time for investigation should be had and upon his motion

the matter was deferred. Contract for furnishing, planting and nurturing 200 oak, elm or sycamore trees for replanting and extending the Fifth street plaza was awarded to D. Piver at 90 cents per tree. Other bids were received from S. S. Burris, 95 cents; H. Merrett, \$1.00 and E. A. Con-

way, \$1.00. L. A. Justice was elected a fireman, vice John King, resigned. Mr. Sweeney suggested in this connection that the Fire Committee purchase a cellar nozzle for a hose, so that basements may be deluged by cutting a hole in the floor and attaching the apparatus. Mr. Cooper said the committee had such a

purchase under consideration. Upon motion of Mr. Bailey, request of John H. Whiteman, president of the United Charities (colored) was granted for use of the City Hall for the Associa cluded that no dancing be allowed. Mr. Sweeney made a motion, and it

was seconded by Mr. Murrell, that Alderman W. E. Mann be relieved of the chairmanship of the Light Committee, and that Mr. F. E. Hashagen be placed in his stead, it being explained that Mr. Mann would not ob-ject to the change because of his private business, which forbade his giving as much time as he would like to lighting affairs. The motion was lost by a vote of 5 to 8. There was a general discussion of the lighting ques of the U.S. Engineering Corps here, tion, Messra.
