Dr. Harper, of the Chicago University, made Mr. Roosevelt an LL. D. in Latin. Mr. Roosevelt was too full for utterance and didn't talk back.

The tomb of Mohammed is decorated with \$12,000,000 worth of diamonds, sapphires, and rubies. A good deal of jewelry to put on a dead man.

Among other arguments which are advanced in behalf of good roads is that they are a moral agent. They are no doubt preventives of much lurid profanity.

It is said that the new mineral radium is a great emitter of heat. But while it is worth \$1,000,000 a pound poor people will have to soufflé along with coal and wood a while longer.

If that young bank clerk in Atlanta had another six months he might have made his \$94,000 embezzlement an even \$100,000. In his eight years service he got away with about \$12,000 a year.

The manager of a base ball ground in New York was arrested for letting some fellows play on Sunday. He was arrested under an old law of 1798, which was resurrected for the occasion. He may plead the statute of limitations on that.

A Tacoma dispatch says the gold discoveries on the Tanana River in Alaska are richer than any discovered in the Klondike. But the season is coming on when the navigators of ships want to do some business.

One of the burning questions among Republican statesmen in the West is, who shall first shake Mr. Roosevelt's hand and ride in the carriage with him. By the way Mr. Roosevelt isn't shaking as much as formerly.

Muscatine, Iowa, is a nice, tidy, little Republican town, but it took twenty policemen a few days ago to rescue a negro from a mob which was beating him to death because he shot a white man who struck him. But there isn't any color line up there.

Noting the fact the Mississippi convicts did good work in strengthening the levees to withstand the flood, the New York Tribune thinks they might be employed to advantage in building good roads, a remark which is as applicable to other States as to Mississippi.

## PRISONER ENDED HIS LIFE.

One-Armed White Convict, Sentenced to Be Hanged, Committed Suicide in Halifax County Jail.

[Special Star Telegram.]

RALEIGH, N. C., April 8.—Vance Spivey, a one-armed white man under sentence to be hanged May 15th committed suicide in his cell in the Halifax county jail last night, using a piece of steel from his shoe. He was found dead by the jailor this morning, his throat hacked up so with the steel that he bled to death.

Spivey was sent to the penitentiary first for killing an uncle and while serving as a convict on the Caledonia State farm, he killed a fellow white convict named Moore. For this he was convicted last August and sentenced to be hanged. The case came to the Supreme Court; the judgment of the lower court was confirmed and on Tuesday Gov. Aycock issued an order for his execution on May 15th. On the following night the prisoner ended his life in the extraordinary manner stated.

## THE DAY IN COURT.

Solicitor for Fraternal Order Convicted While Passing Through the City.

### MERCY RECOMMENDATIONS.

Judge Peebles Doesn't Like Too Many of Them—Colored Painter is Troubled. Judgment for Several Defendants Pending—Notes.

The Superior Court made fair progress upon clearing the criminal docket yesterday, but as Judge Peebles remarked when a batch of new cases were sent up from the magistrates and grand jury in the afternoon, it appears as if new matters are being put on the docket faster than the court can get them off.

Yesterday the case of chief interest was one in which Harrison Martin, a young man from South Carolina and travelling organizer for a fraternal order, was charged with an assault with a deadly weapon upon Mrs. E. O. Prince, a resident of Delgado. Young Martin came from Durham last Saturday and was paying attention to a daughter of Mrs. Prince. He was on his way to South Carolina to visit his parents and went to the Prince home between trains. He was under the influence of liquor and because Mrs. Prince and her daughter would not drink with him he became disorderly and the lady of the house ordered him off the premises. In passing out the door, led by Mrs. Prince, the young man drew a pistol and pointed it at the woman. She slammed the door and caused his arrest yesterday as he was again passing through, returning from South Carolina. He was also charged with carrying concealed weapons and was given a preliminary hearing in Justice McGowan's court.

The case was taken up last night during the day in the higher court and the defendant was represented by William J. Bellamy, Esq., Solicitor. Duffy conducted the prosecution and his appeal to the jury in behalf of the defenceless home of a widow, was one of the strongest speeches heard in the Court House in a long time. The jury promptly returned a verdict of guilty, a few minutes after court had taken a recess for the day at 6:30 o'clock and Judge Peebles reserved his decision until morning when Mr. Bellamy gave notice, he would make a motion for a new trial.

During the day attorneys for Capt. W. H. Pemberton submitted the case against him for assault with a deadly weapon and he was let off upon payment of costs.

Albert Smith, a well known colored painter of the city, was found guilty of the larceny of about \$6.00 from a colored drayman on the wharf several months ago, but the jury, which remained out from 11:30 A. M. to 5 P. M., recommended the defendant to the mercy of the court. In view of several recommendations of mercy recently, Judge Peebles remarked jocularly when the latter was returned: "I am afraid you gentlemen think I am very savage; you recommend everybody to mercy." He reserved judgment in Smith's case until this morning.

Court met at 10 A. M., unusual, and the sheriff returned the talsmen ordered summoned for the day, with the exception of W. G. Baldwin, W. H. Shearin and R. E. Blake, who were not found. John H. Rehder, John F. Divine, John H. Hintz, J. M. Walker and W. W. Thigpen were excused.

The following routine cases were disposed of:

Alberta Bishop, assault with deadly weapon; pleaded guilty and sentenced to pay a fine of ten cents and cost.

Henry Moore, willful damage to personal property; judgment suspended on payment of costs.

Henry Moore, pleaded guilty of carrying concealed weapons; fined \$25 and costs.

Lottie Davis, assault with deadly weapon; judgment suspended on payment of cost.

Walter Silvy and Minnie Clark, f. and s.; verdict guilty and defendants recommended to the mercy of the court; judgment reserved.

Walter Silvy, forcible trespass; case from January term 1902 and motion re-instated on the docket.

## SOLDIERS IN FIERCE FIGHT.

Sham Battle by Wilmington Light Infantry Last Night—Company in Remarkably Fine Condition.

The rattle of musketry in the direction of Hilton early last evening prompted many inquiries as to the cause thereof, not only on the streets but in the newspaper offices and at the police station. The Wilmington Light Infantry was indulging in its first sham battle for the spring season, and all alarm as to the crack of the Springfield was easily allayed.

The company, under command of Capt. Alex. P. Adrian, went out to the old golf links on a special car and had an extraordinarily fine skirmish drill and drill in extended order movements in furtherance of orders recently received in view of the organization of the National Guard. The drills were perfectly executed and the volley firing was pronounced exceedingly good. One thousand blank cartridges were used in the sham battle.

Capt. Adrian divided the company into two platoons, commanded by Lieut. Geo. P. James and J. McRee Hatch, respectively. The extended order drill was first observed. Then one platoon was assigned to holding a given position until routed by a second. This second platoon in turn took a position behind an embankment, throwing out its pickets, who were discovered by the scouts of the opposing force and utterly routed, their position being taken. After the platoon drill, the men were thrown into company formation and carried through a skirmish drill.

Company C, is now in excellent condition and could easily be recruited to 100 men if such was permissible. The boys are looking for the new khaki uniforms daily and any day after April 15th, Col. T. H. Bain and an inspector of the U. S. army are expected in connection with an exchange of guns for the new Krag Jorgensen. No official information has been received in regard to the place and time of encampment.

## BOARD OF DIRECTORS.

Merchants' Association Members in Regular Monthly Meeting Yesterday Afternoon.

### A BOOK OF DELINQUENTS.

All Names Reported to Collection Bureau to Be Compiled for Information of Members—Two Deaths Announced—New Member.

The Board of Directors of the Merchants' Association held a most interesting and enthusiastic meeting yesterday afternoon at 8:30 o'clock. President John H. Rehder presided and Secretary P. Heinberger was at his post as secretary. In addition to the Directors present there were a number of individual members also, who manifested a lively interest in the proceedings. Those present, in addition to the officers named, were Vice President O. M. Whitlock, Messrs. W. E. Worth, Marcus W. Jacob, Sol Bear, J. M. Solky, Geo. O. Gaylord, J. H. Thomas, B. Solomon, A. O. Schuster, W. E. Springer and M. G. Tiencken.

While most of the business was of a routine and private character, there was a general discussion of the good of the organization and those present pledged their support to make the Association what it should be during the coming year.

The secretary reported that pursuant to instructions a book containing all the names reported to the collection bureau since its establishment, together with the amounts of claims and disposition of the same, had been compiled and that the manuscript is now in the hands of the printers for publication. The names are arranged in alphabetical order, suitable for ready reference by those who desire to ascertain to whom to extend a line of credit.

The Marchion National Bank, upon application, unanimously elected to membership.

The secretary in a feeling manner announced the death of two members since last meeting, viz: Mr. P. H. Hayden and Col. W. J. Orswell. Those present spoke of the services of those gentlemen to the community and the secretary was instructed to write a letter of condolence to the families of each.

A large number of members of the Association were reported delinquent in payment of dues and the secretary was instructed to forward to each a circular letter of the form previously used.

Adams, two young men arrested March 30th in Charlotte on the charge, preferred by Postoffice Inspector F. N. Davis, that they were implicated in the recent robbery and safe blowing at Mount Olive. The young men were at once dismissed for absolute want of testimony. The Charlotte *Observer* of yesterday reports Mr. Blake's testimony as follows:

Mr. Blake then made a statement. He said that he was of the firm of Beery & Blake, hardware and stove dealers of Wilmington, this State. He had known the defendants for several years and had done business with them. They had always impressed him as being high-class gentlemen.

## GOOD WORK BY THE Y. M. C. A.

Interesting Report Made by General Secretary Dushan to the Board of Directors at a Recent Meeting.

Some estimate of the good that has been and is now being accomplished by the Young Men's Christian Association may be gathered from the following interesting and accurate report made by Secretary Dushan to the Board of Directors at their last meeting:

On September 1st, 1902, the Association owed in bills about the city more than \$1,000, which have all been paid. The running expenses have all been met promptly each month, and there is no reason to doubt the ability to continue doing so. The membership has been increased from 282 to 313. Thirty-two persons have professed conversion to Christianity as a result of the work done in the Sunday afternoon meetings and Bible classes. The gymnasium work has been good, 120 different members are enrolled in the classes, and 216 classes have been conducted since Sept. 1st, with an attendance of 4,828.

Nine social evenings were conducted with an attendance of 1,888. The reading room and library have been patronized by about 4,000 members. There have been 27,700 visits to the building. Several visits to the sick were made, others have been helped in various ways. Twenty-six men were directed to good boarding houses. Situations have been secured for some men, and other features could be mentioned to show that the institution is doing good all-round work for the men and boys of the city.

The gymnasium classes will be continued until June 1st. Dr. McClure's Bible class for young men will continue to meet on Monday evenings at 7 o'clock. A pleasant feature connected with this is the supper which is served to all who attend just previous to the teaching of the lesson. This is free to those who attend, thus enabling men to go direct to the Association for office or other place of employment, without loss of the time required in going home. The class closes at 8 o'clock and does not interfere with the plans of the evening. The books of the Old Testament are now being studied.

### Mr. Figler's Generosity.

The Florida Times-Union of yesterday prints a half tone cut of the handsome new gymnasium just completed at the Florida Agricultural College and donated to the State of Florida by Mr. Henry M. Figler at a cost of \$30,000. It is described as one of the most striking buildings in point of architecture on this continent, for it is of the strict Oriental style, being a copy of one of the finest palaces in India.

### Florence Ice Factory Destroyed.

Weston's ice factory at Florence was completely destroyed by fire early yesterday morning, causing a loss of \$12,000, against which there was \$6,000 insurance. The plant was 15 tons capacity and was completed late last Summer. The first fire had been started in the factory the day before it was burned.
