A twenty dollar-a-week clerk is missing in New York. The fact that he had more diamonds than he could wear, and sported forty suits of clothes of the nobby kind, suggests some connection of these with the

The Lieut. Governor of Missouri who was wanted by the grand jury to testify in some bribery cases, got sick. He is in Chicago where he says he has gone for a few days "rest." The idea of a St. Louis man going to Chicago to rest.

It is said that Americans in Paris bought last year \$25,000 worth of goose liver pie (high livers these Americans), \$28,000 worth of human hair, and \$120,000 worth of mushrooms. Queer combinationgoose liver pie, hair and mushrooms.

A Geneva, N. Y. man has contrived a device for supplying people along a telephone line with music. He hitches one end a sixty foot hose to a phonograph, the other end to the transmitter, starts the machine. and furnishes music to everyone along the line.

Living in England seems to agree pretty well with Mr. Croker, form. erly of New York. A Tammany man who saw him over there says his racing stables bring him an income of \$115,000 a year. He seems to be much interested in the race ques-

North Carolina noticed that many night for the benefit of the baseball 13:15 o'clock to receive the report of ance of power to supply all needs. of the men he saw at the railroad stations had their hands in their pockets. Perhaps this struck him as remarkable because in Chicago they would be more apt to have their hands in other people's pockets.

How is this? It was asserted some time ago that Texas oil would knock out coal as fuel, being cheaper and better. Now the Gulf Oil Refining Company, right in the midst of the oil region, at Beaumont, has made a contract for 150,000 tons of coal for the next twelve months, as the oil is too expensive for fuel. That seems to settle the and coal.

VOL. LXXII.--NO 27. WILMINGTON, N. C., THURSDAY, APRIL 23, 1903

\$80,000 IN STRAWBERRIES.

Inesday's Shipments Alone from This Section Will Bring That Amount at Ten Cents-New York Prices.

Tuesday's shipments of strawberries hrough South Rocky Mount were the heaviest of the season, having amounted to 77 refrigerator c ars of 300 crates each and 1,900 crates by Southern Express, making a grand total of 25,000 crates or 800,000 quarts. The enormous shipment gives a fair idea of the value of strawberries growing to this section. If the shipments of Tuesday alone net ten cents per quart to the growers, \$80,000 will come to this section as the result.

Tuesday's shipments were distrib uted as follows: New York, 12 cars and 348 crates by Express; Boston, 9 cars and 3 crates; Pittaburg, 9 cars; Buffalo, 8 cars; Newark, N. J., 4 cars and 86 crates; three cars each to Philadelphia, Scranton, Albany, Elmira and Cleveland; two cars each to Worcester, Hartford, New Haven, Erie and one car each to Baltimore, Washington, Springfield, Bridgeport, Waterbury, Utica, Columbus, Cincinnati, Detroit and Watertown, N. Y. Other express shipments were as follows: Philadelphia, 493 crates; Baltimore, 344; Washington, 268; Wilmington, Del., 56 Richmond, Va., 68; Providence, 27; Springfield, 35; Worcester, 18; Interior New York and Pennsylvania points, 19; Virginia points, 29.

New York quoted prices 8 to 1 cents; Philadelphia 10 to 18 cents; Boston, 12 to 14 cents; Providence, 13 to 17; Pittsburg 121 to 14. The following special was received by the STAR last night:

NEW YORK, April 22.—Berries were generally scarce to-day and quotations were 16 to 18 cents. Peas were active and in demand at \$1.75 to \$2.00 for thirds; \$3 for halves. Cabbage, \$1.75. Other prices unchanged.

#### QUINLIVAN. DANIEL

Well Known and Highly Esteemed Citizen Passed Away Early Yesterday Morning.

FUNERAL FRIDAY AT 10 A. M.

Popular With All Classes and a Man Above Reproach-Leaves a Large Pamily, to Whom Deep Sympathy of Community Goes Out.

Mr. Daniel Quinlivan, one of Wilmington's most highly esteemed and valued citizens, died yesterday morning at 8:10 o'clock at his home No. 111 Dock street, after an immediate illness of only a week. Monday and Tuesday his condition gave great promise of recovery and his friends were daily expecting news that he was out of danger, therefore the announcement of his demise came as a great shock to the community in which he was so generally admired for his substantial character and geniality. He suffered from uremia and although Drs. Burbank, Wood and McMillan gave him their undivided and most careful attention, fate had decreed otherwise than for his recovery and he peacefully passed away with all members of his family at his bedside. Mr. Quinlivan was born in the

county of Limerick, Ireland, 53 years ago last December and emigrated to New York when a young man. He lived there, however, only a short time and came to Wilmington 34 years ago. He had lived here ever since and conducted a horse-shoeing and farrier business at which he had amassed a competency for life. Seven generations before him were engaged in the same pursuit and his only two brothers now living are similarly engaged. In all business dealings he was upright, honest, a man of unquestioned integrity and a friend as true as steel.

Deceased was twice married, his first wife having been Miss Bridget Troy, of New York. As a result of that union four children survive, Misses Cecilia, Teresa, Margaret and Mr. Daniel Quinliyan, Jr., who came home Sunday from St. Mary's College, Belmont, to be with his father. Mr. Quinlivan's second wife was Miss Annie Quinlivan, of Rochester, N. Y., and she with four children, the oldest eleven years of age, also survive him. They are Master John, James and William Quinlivan and little Miss Annie Quinlivan. There are also left to mourn their loss an aged mother, Mrs. Johanna Quinlivan, 92 years old; one sister, Mrs. Carroll, of Wilmington and two brothers, Messrs. Thos. Quinlivan, of Wilmington, and Mr. Michael Quinlivan, of New York. The last named arrived Monday to be with his brother in his illness. The family at large has the sincere sympathy of the community in the sad be-

Mr. Quinlivan was a devoted member of the Catholic church; had several times been president of the Hibernian Benevolent Society and was treasurer of the same at the time of his death. He had been a director of the Mechanics' Home Association for a number of years and was a stockholder in the Wilmington Underwriters' Insurance Co. He was pronounced in his political views and had always been a staunch Democrat. He was a member of the city executive committee of that party when he died, and his last active duty was to visit the polls upon the day of the primary as a magistrate of the county and qualify the election officers. He was one of the main stays of the old volunteer fire department, and was a loyal member of the Wilmington Steam Fire Engine Co. His presence

in the community will be missed. Solemn Requiem High Mass for the repose of the soul of the dead will be celebrated by Rev. Father O. Dennen. assisted by Rev. Fathers Griffin, of Raleigh, and George, of Newbern, tomorrow morning at 10 o'clock, and the remains will be laid to rest in beautiful Oakdale.

Married Yesterday Afternoon,

o'clock yesterday afternoon a quiet but very impressive ceremony performed by Rev. Father C. Denner joined in marriage Miss Catherine Ann Chapman, daughter of Mr. James P. Chapman, of this city, and Mr. Neill E. Gallagher, son of Mr. and Mrs. Neill Gallagher, of Newton Grove, Sampson county. Mr. and Mrs. Gallagher will reside in Wilmington where they have many

friends who extend congratulations

At St. Thomas' Catholic church at

upon their happy union.

In Honor of Capt, Kenan, A general meeting of the Chamber of Commerce will be held to-day at the committee appointed to draft re lutions on the death of Capt. W. R. Kenan. The committee is composed of Messrs. J. A. Taylor (chairman), H. C. McQueen and C. W. Worth. Friends of Capt. Kenan, not members of the Chamber, will be cordially welcomed at the meeting.

Baseball Yesterday Afternoon.

A game of baseball was played yesterday afternoon at Hilton between teams from The Wilmington High School and Cape Fear Academy. At the send of the seventh inning the Academy team refused to finish the game so the game will not be counted in the series. The score at that time was 6 to 2 in favor of the Academy team. Brinkley pitched a good game for the C. F. A.

### DRAYMAN FATALLY BURNED.

Joe Herring, Colored, and His Wife Badly Injured as Result of an Overturned Lamp - 1202 Princess Street.

Joe Herring, colored, aged about 45 years, and drayman for the D. L. Gore Company, of this city, was fatally burned by the overturning of a lamp at his home, No. 1202 Princess street, last night about 10 o'clock. His wife, who was handling the lamp, was also badly burned about the

body, but will probably recover. Exactly how the accident occurred could not be learned last night, as Herring and his wife, the only ones in the house except a few small children, were suffering so intensely that they could give no coherent statement. The fire department responded to an alarm from box 54, Tenth and Market streets, at 10.09 o'clock, but neighbors had extinguished the flames when the firemen reached the scene. Herring is literally burned from head to foot, and Dr. Harllee Bellamy and Dr. Mask, the colored physician, said it would be useless to attempt to remove him to the hospital; that he could not live until morning. Herring's wife was handling the lamp. and it is supposed that she overturned it upon her husband or dropped it near where he was sitting.

MR. ROBERT GATES DEAD.

Young Man Well Known Here Died in an Atlanta Sanitarium-Puneral.

Mr. Robert Gates, a young man well known and highly esteemed in this city, where he resided until a few months ago, died at 11:30 o'clock Tuesday night in a sanitarium of Atlanta, Ga., where he had gone for treatment two months before. Deceased was about 27 years of age and was a son of the late G. W. Gates, whose remains were interred here last October. Young Mr. Gates' mother, of Macon, Ga., was with her son when he died and telegraphed to his uncle, Capt. R. B. officials, leading members of the order, Clowe, that the remains would be citizens, and Misses Carrie Duffy and of arrival is not yet known.

Deceased's early life was spent in Wilmington and until last Fall he was employed in the Car Accountant's office of the Atlantic Coast Line in this city. He removed, with his mother and three brothers, Messrs. Geo. A. W. H., and A. P. Gates, to Macon, Ga., with the hope that the change would do him good. He was a young man of sterling worth and that poor health should have doomed his prospect for life is indeed deplorable. He was a member of the Wilmington Lodge of Elks when he left Wilmington and members of that order express great regret at his death.

MR. WALSH WEDS MISS CRAFT.

Pretty Home Wedding Yesterday Afternoon

at Residence of Bride's Parents. At 5:30 o'clock yesterday afternoon Mr. Harry Gray Walsh and Miss Lina Charles Craft were happily married at the residence of the bride's parents, No. 218 North Seventh street, by Rev. F. M. Shamburger, pastor of Fifth street M. E. church. Mr. and Mrs. Walsh left on the 7 P. M. train for a bridal tour to Baltimore and Washington. The bride was becomingly dressed for the ceremony in white organdie, trimmed with lace, and carried o shower bouquet of bride's roses and lilies of the valley. There were no bridal attendants. A delightful recep tion was given after the ceremony. A large number of friends attended and accompanied the bride and groom to the depot. They will be at home after April 29th, at No. 218 North Seventh

The bride is the attractive and accomplished daughter of Mr. and Mrs. Thomas C. Craft, and is much admired in a wide circle of friends. The groom is one of the popular young business men of the city and is confidential book keeper and manager for the B. F. Mitchell Co., of this city.

PROM THE NEW POWER HOUSE.

Wilmington Now Being Supplied from One of the Pinest Plants in the South.

The new power plant of the C. R. L. & P. Company was given a thorough test Tuesday night and every part of the machinery worked perfectly as was stated in these columns yesterday. The old power house on Orange street was shut down at 6 o'clock yesterday evening and from this time all the power for the company's different interests will be supplied from the new house on Castle street. The new plant is the most modern and complete that money can buy and is second to none in the South. In fact, the new turbine engine which is installed, is the only one now operated in the Southern States. Hereafter, the C. R. L. & P. Co. will have an abund-

The Orange street power house went out of commission yesterday aftergine and a few other pieces of mawill be disposed of. The company will sell the site. At an early date car barns will be built near the new power station. A spur track has already been laid from the corner of Front and Castle.

- City Clerk and Treasurer King has prepared a detailed statement of

### **AN AUSPICIOUS EVENT**

the Junior Order of United

Ceremonies of an Elaborate and Pleasing Nature-Addresses by Dr. Geo. T. Winston, of Raleigh, and Mayor flood, of Goldsboro, N. G.

Altogether fitting and highly ap propriate ceremonies last evening in formal presentation of handsome Bibles and United States flags to Hemenway and Union public schools of of the Junior Order of United American Mechanics, of this city. There was keen disappointment early in the day at the official announcement that owing to iliness in his family, the Governor could not attend, but in his stead came the distinguished Dr. A. & M. College, of Raleigh, who was of the Chief Executive and who made an address that aroused great enthufriends.

weather was very threatening, the large auditorium of the Academy was literally packed from pit to dome. In the dress circle in seats especially reserved for them, were two hundred | mal on the globe than the small boyschool children, dressed in anowy white and with happy countenances in anticipation of the beautiful ceremonies, principally in their honor. Upon the stage, gayly decorated with flags and national colors, sat the distinguished visitors, prominent educators of the city and county, city and county Edith Butler, costumed in lovely white and representing the schools to be honored in the presentation. The children in the dress circle sweetly interspersed the programme with their singing of national airs and as a whole the event was the most beautiful ever

kind. Geo. E. Hood, the distinguished young

handsome tributes of the order to the public school system of the city. Miss Duffy responded in behalf of Hemenway in a neat little speech, appropriate and pretty to a degree seldom attained. Miss Butler responded in behalf of 900 boys and girls and 20 teachers of Union school. Her words were well chosen, pretty and appropriate. Each of the young ladies was greeted

The exercises were opened with de votional services, consisting of reading of a scripture lesson and prayer. by the Rev. J. M. Wells, Ph. D. pastor of the First Presbyterian church. The anthem "America" was sung with much spirit by the children and Chairman William J. Bellamy, of the Arrangement Committee, then delivered a brief but very pretty address, outlining the significance of the gifts to the schools and enunciating the principles of the great order, which he had the honor to represent. "The Star Spangled Banner" was sung by the children and Chairman Bellamy, acting as master of ceremonies, presented State Councillor

mayor of Goldsboro. To Mr. Hood fell the happy lot of formally presenting the tokens in behalf of the Jr. O. U. A. M., of the State. He captivated the audience at the outset by saying: "I am a Junior, because I hate awfully bad ever to be a Senior." He then went on to say if Providence had decreed his birth to have occurred other than in Goldsboro and he had been delegated the authority of selecting a place, he would have chosen Wilmington. He was greeted with prolonged applause, following which the speaker paid a beautiful tribute to the people of this city. Mr. Hood then went on to speak of the corner stones of the order-"Virtue." which is represented by the white in the flag; Liberty which the blue in the flags proclaims and "Patriotism, which is announced to the world in the red. Each of the principles was enlarged upon and with a graceful bow to each of the young ladies, he presented to them for themselves and their fellow students the

with tremendous applause.

'Red. White and Blue," Chairman Bellamy announced with regret the absence of the Governor and the cause therefor, but expressed great pleasure in presenting Dr. Winston, who was received with many manifestations of

The Naval Reserves Mrs. Jno. H. Swinson, on Grace street. to attend.

the words: "The Children's Governor." The speaker also said he felt honored to speak to an order, the principles of which are virtue, liberty and patriotism; an order two hundred strong in Wilmington, enrolling 6,000 brave sons in the State

and 250,000 in the United States. He said one time he endeavored to secure a list of all the chief products of Wilmington; he took down the output of the saw mills, the railroad shops, the compresses, the cotion mills and all those industries, but as he stood there, he had thrown away the list and was willing to concede that the chief product is pretty girls. The chief problem for Wilmington is their education, and to that the Junior Order is pledged, he was pleased to say. iniced to see plow boys in the field, putting down the seed; strawberries ripening and vegetables being prepared and hurried to market, but he was present to say that the seed corn of the State was before him. They must be trained and developed so that all the manufacturing plants, the agricultural interests, etc., may go for ward intelligently. All else is vain and utterly useless. Some one has said the way to raise a boy is to put him in a barrel at eight years of age, fasten in the heads and tighten the hoops, but leave the bung open. Keep him there until he is sixteen and then close up the bung. Dr. Winston then Hill, when he was president, and how an old farmer had made the philosophical observation, after a most high handed breach of discipline: "Let the boys alone, for out of them we've got to make our men. We have no other

material." There's no happier anifryin' s'ze-one of these little Spring fellowe, said Dr. Winston. What are they going to be: what will their lives be-these are the problems of the age. They are solved but in one way -public education-education for all -that's Democracy, power, liberty, virtue, humanity, Christianity, love, patriotism. Individual effort will not

accomplish this; it must be by a comhave in the public school system. Individualism has been the bane of North Carolina. Great men were made under this system and the speaker enumerated allist of them, but said conditions were different. The human organization like that of wood or iron is no stronger than its weakest part and we must strengthen the whole, are together in bullding up roads. We gigantic enterprises, and our nation is excelling all others. There is no line along which we may direct this community of power with hope of greater return than along educational lines. The human mind is like a barren waste, educated to fertility. Illustrations were cited in the natural world, pointing to the great truth. Looking at the question from any standpoint the greatest countries have the best public school (system. Prussia reestablished her prowess by commencing at the foundation of a good public school system. Even a dog is no dog

much more true is it of the people? Dr. Winston devoted the latter portion of his speech to a plea for manual training and said he was glad the Wilmington public schools had made a start in that direction. They are teaching art, drawing and cooking and hope soon to add a workshop where boys may be trained to work with their hands as well as with their minds and hearts. This feature has been neglected and slavery in the South is probably an excuse for its neglect. But now is the time to teach little folks to do things rather than to say and think things. Teach them to make things. Reliance upon slavery in olden times has given the North the lead on the South in this respect, but we are rapidly gaining. Let us turn out the finished product and enjoy the fruits of our resources, rather than depend on others for these important things. A pound of cotton is worth 9 cents, but manufactured into mercerized shirting like some he saw the boys making at the A. & M. College the other day, brought \$2.50 per pound. Dr. Winston next went into labor conditions to some extent and extolled

at all unless he is educated and how

the value of training and the application of science. The Yankee, although sometimes called stingy, is investing his money in manual training, because it paid him to do so. Why should we not recognize the truth? It takes training. The Yankees never whipped us in a cavalry engagement in their lives because it took them two years to learn to ride a horse. They can now beat our Southern colleges at football for the same lack of training, and the South has them beat to death in orato-

ry upon the same principle. The speaker made a pleasing reference to Chairman Bellamy and Mayor Hood as his former students and closed with a high tribute to the Juniors. The children struck up"Dixle" when the applause had subsided and Rev.

Reception of The Visitors.

and representatives of the press. The flags with appropriate exercises will be unfurled from the flag staffs of Union and Hemenway schools this

Mr. Moutgomery Will Return. Mr. F. A. Montgomery, formerly of this city but now merchandising at Point Caswell, is spending a day or two in the city. Mr. Montgomery's family has returned to Wilmington and his numerous friends will be glad to know that in a few weeks he, too, will return to reside permanently. Mr. Montgomery was one of New Hanover's most substantial citizens and has served as a member of both the Board of Aldermen and Board of County Commissioners. His return will be gladly welcomed by the com-

Hail Storm Yesterday.

munity at large.

Very great damage is believed to have resulted from hail storms which passed over the trucking section yesterday afternoon and as a result of aside from other baneful effects, is decidedly unfavorable for early vegetables and strawberries. In the storm which passed over Wilmington about 12:30 P. M. yesterday there was some hail and a very destructive fall is reported from Castle Haynes out of the cloud which went around the city at 5:30 o'clock yesterday afternoon.

### PERSONAL PARAGRAPHS

- Col. Walker Taylor is in Atlanta on business.

- Mr. and Mrs. A. B. McNair returned from their bridal tour yesterday evening and will reside at the Robert H. Cowan, and a large num. home of the bride's parents, Mr. and

Editor Z. W. Whitehead, of This City, the Recipient of a Beautiful Gold Watch from the National Lumbermen.

Z. W. Whitehead, Esq., editor of the Southern Lumber Journal, returned yesterday from Washington City, where he attended the first annual meeting of the National Lumber Manufacturers' Association. Mr. Whitehead at the close of the meeting was the happy recipient of a handsome gold watch and chain, presented him by the officers and members of the Association, in the organization of which he possibly had more to do than any other one man. The watch was given as a testimonial of the high appreciation entertained by all of the valuable services rendered by Mr. Whitehead and his paper. On the outside front of the watch is handsomely engraved Mr. Whitehead's initials, "Z. W. W.," while on the inside is artistically inscribed: "Z. W. Whitehead. Presented by the National Lumber Manufacturers' Association, April 21, 1903." In his speech of presentation, President Fosburgh paid the following tribute to Editor

Whitehead: "Mr. Whitehead: One of the most pleasant and agreeable duties connected with this interesting meeting has been delegated to me. Your friends, composing the National Lumber Manufacturers' Association, cannot permit this meeting to pass without showing some evidence of their appreciation of the time and unselfish devotion which you have displayed in

behalf of this great work.
"To your efforts last Fall, your ununtiring zeal, is largely due the result of calling together the lumbermen o this country in St. Louis. We feel that you have done all this work in our behalf without compensation, and it is my great pleasure, in behalf of the National Lumber Manufacturers Association, to now present you with this watch and chain, as an evidence of our appreciation of the splendid services which you have rendered.' The Association is composed of all the lumber manufacturing associations in various parts of the United States and represents already an annual output of 12,000,000,000 feet of lumber and an invested capital of \$850,000,000. Editor Whitehead's paper has been a stalwart champion of this movement from the start and to-day it is not only recognized as standard authority upon all questions affecting lumber, but has rapidly come to the front as a national publication, being published in three additions from Norfolk, Wil-

mington and Savannah.

On To Newbern.

Thos. H. Knight's big excursion to Newbern on Monday May 4th will af-ford a splendid opportunity to visit one of the most hospitable cities to be found anywhere. The popularity of Knight's excursions is well known, and their splendid conduct makes them patronized by the best people. The fare for the round trip is so remarkably small that nobody needs miss it,

being only \$1.00.

Train leaves A. C. L. depot at 7:30

A. M. returning will leave Newbern at 12 o'clock midnight. There will be separate cars for white and colored passengers.
