The farmers of Russia own 35,000,000 out of the 367,000,000 acres in that country. The nabobs own the rest.

Governor Pennypacker's cousin says he is sorry the Governor signed that libel bill. Probably the Governor is, too, by this time.

The Washington Post says: "The prettiest girls are found in Washington." And a good many of them are "hot" in Washington, too.

"Now is the winter of our discontent made glorious summer" by the presence of the hundreds of Sunday School children who arrive here on the excursion trains.

When the Sultan of Jola, first met Governor Taft he didn't take to him and thought he was a fraud because he didn't wear beard like the other American officials he had met. He thought he was an insignia of rank and standing.

The street railway consolidation in St. Louis, which involved securities amounting to \$90,000,000, required an expenditure of \$250,000 to clear the way in the Legislature. They called it "fees." A rose by any other name would smell the same.

The U. S. Department of Agriculture is contemplating draining a 200,000-acre tract of land in the Yazoo delta, which when drained will be as rich as any cotton land in the world. The draining will have to be done mainly by ditching and pumping.

A more unhealthy spot than Wilmington for a mammoth negro labor organization cannot be found in the United States. The object of such a body is, of course, to secure an increase of wages, falling in that to strike, and then, by intimidation and force, prevent other negroes from taking their places. Then will "come the tug of war."

BIG KINSTON EXCURSION.

Over Eleven Hundred Visitors Here Yesterday—Day at the Beaches and Baseball at Hilton Park.

There were over 1,100 excursionists in the city from Kinston and intermediate points yesterday. They came in 16 coaches composing two sections of a train which arrived at 11 o'clock in charge of Capt. Jno. W. Cotton and Capt. Robert Branch. The excursion was run by the Methodist Sunday school of Kinston and the visitors appeared to have enjoyed themselves greatly. A majority of them took the steamer "Wilmington" trip to Carolina Beach, while many others remained in the city and took the suburban cars to Wrightsville beach. On the suburban cars over 7,000 five-cent fares were collected during the day, exclusive of the night travel, and upon the whole the road had the biggest travel of the season.

In the afternoon the Kinston Baseball team was defeated in a score of 9 to 4 by a picked team from Wilmington. The game was played at Hilton. The visiting club registered at The Orion. The trains returning the visitors to their homes left at 8:30 o'clock yesterday evening, it having been impossible to get the great numbers from Wrightsville in time to leave at 8:30 o'clock as had been intended.

ITS ANNUAL MEETING.

Stockholders of the W. H. & L. Association Were in Session Last Night.

VERY SUCCESSFUL YEAR.

The Old Board of Directors Re-elected. Change in Date for the Yearly Meeting—Most Encouraging Reports from the Officers—Notes.

The 17th annual meeting of the Wilmington Homestead and Loan Association was held last night at the City Hall. Mr. M. W. Divina was called to the chair and Mr. C. O. Brown was present in his official capacity as secretary. A committee appointed to verify proxies, consisting of Messrs. J. C. Stevenson, C. O. Brown and Hon. Jno. D. Bellamy, reported that a majority of the stock was represented, whereupon the meeting was declared duly organized for business.

The president and secretary and treasurer submitted their annual reports which were highly gratifying to the stockholders. That of the secretary and treasurer showed an investment of \$70,738.79 in real estate and on other security \$6,239.80.

The old Board of Directors was unanimously re-elected as follows: J. C. Stevenson, J. G. Barrentine, W. C. Peterson, C. W. Polvogt, H. C. McQueen, Wm. Goodman, C. M. Fillyaw, J. H. Hardin, M. W. Divina, J. Hicks Bunting, and C. O. Brown.

The Directors will meet later and elect officers for the ensuing year.

An amendment to the constitution of the Association was adopted, changing the date of the annual meetings from the first Tuesday in June to the third Tuesday in January of each year. The report of the president was as follows:

To the Stockholders of the Wilmington Homestead and Loan Association:

I wish to call your attention to the annual report, which presents for your consideration, matters of unusual interest. It shows a steady, healthy and substantial growth, of the oldest institution of its kind in the city. In comparison with last year, there has been an increase of 12 per cent in the number of shares; of 30 per cent in the total amount of shares and 81 per cent in the membership.

It has been nearly seventeen years since the organization; during which period there has not been the loss of a dollar, of any invested funds, notwithstanding the many financial earthquakes during that period, and there has never been a time when we could not supply all worthy applicants for loans.

To your directors is due the honor of having contributed to the largest degree, to this unprecedented condition. Our experience is limited, but we have never before known or heard of a parallel.

During the existence of the Association nine series have matured, paying into the stockholders \$100,540, showing profit of \$19.28 in 25 weeks or 7 1/2 per cent on net investment for the time of \$40.62. Bearing in mind that the Association pays all the taxes, we ask, where can money be better invested? If safety and profits are desirable, we believe that this Association offers unusual opportunity. The borrower pays only 8 per cent on what he gets, and participates in the profits, which reduces his interest to 4 1/2 per cent. The investor not only gets 7 1/2 per cent for his money but can withdraw same at any time as easy as from any other financial institution. Any officer or director will gladly explain further to the satisfaction of the investor.

Respectfully submitted,
J. C. STEVENSON, President.

DEATH OF AN AGED WATCHMAN.

Mr. T. J. Ramsey Died Suddenly Monday Night—Funeral Yesterday.

Mr. T. J. Ramsey, an aged and highly respected citizen of Wilmington who was for 27 years night watchman at the Wilmington Cotton Mills, died suddenly between 8 and 9 o'clock Monday night at his home, No. 5 Dawson street, this city. His death was due to heart failure. He had been about his duties the day before as usual and the news of his death was a great shock to all. He passed away while sitting in a chair surrounded by members of the family.

The remains were taken at 10 o'clock yesterday morning by private conveyance to Harrison's Creek, N. C., the former home of the family, where interment will be made. The funeral was held at 10 o'clock yesterday morning at the residence of Mrs. Rebecca W. Biddle. The bereaved family has the sincerest sympathy of the community. The funeral was conducted at 8 o'clock Monday afternoon on Myrtle Grove Sound and the remains were interred in the family burying ground.

An Exciting Runaway.

An exciting runaway occurred on lower Princess street yesterday afternoon about 2:30 o'clock. A horse attached to a buggy, being driven by George Williams, colored, became frightened at Fifth and Princess and made a dash down the thoroughfare. The negro held on to the frightened animal until Mills' stables were reached and there he was pitched headlong to the street, receiving an ugly scalp wound and several lacerations on the arm. The horse ran down on Front street and stopped in front of a pile of brick and other material at the Vollers' building. The horse and buggy belonged to the Wilmington Sewerage Company.

Rev. W. B. Oliver Here.

Rev. Will. B. Oliver, former pastor of the First Baptist church, arrived yesterday and is a guest at the home of Mr. S. H. Burt. He is here to officiate at the Taylor-Weeks wedding this afternoon and will preach to his old congregation to-night. The ordinance of baptism will be administered during the service.

MUNICIPAL AFFAIRS.

The City Board of Audit and Finance in Regular Session Last Night.

MANY IMPORTANT MATTERS.

Budget of Expenses and License Tax Regulations Adopted as They Came from Board of Aldermen With Slight Changes—Other Notes.

The Board of Audit and Finance of the city was in session last night until nearly 12 o'clock, disposing of the routine business and passing upon various matters that came over from the meeting of the Aldermen the night previous. In the absence of Chairman H. C. McQueen, Mr. C. W. Yates presided and members in attendance were Messrs. S. F. McAlair, James Wilder and J. A. Orvell. Aldermen W. H. Yopp, W. E. Yopp, F. E. Hahagen, B. Behrens, F. Q. Moore, Jno. H. Sweeney, and others were also present during a portion of the meeting. Mayor Springer was in attendance and was invited to sit inside the inclosure.

The award of contracts for city supplies was first taken up and the Klison lighting proposition accepted by the Aldermen Monday night to supplant the arc lighting was explained by Mr. Jno. R. Turrentina, Jr., of the Turrentina Light Co. The acceptance of the proposition entails an investment for lamps of \$10,025 and the Board decided best to defer final action for further information.

Herbert McClammy, Esq., counsel for the Coal, Cement and Supply Co., appeared before the board and claimed for his clients that their bid on certain items of fuel, lime, brick, etc., was lower than the successful bidder at the meeting of the Aldermen. The Board of Audit and Finance declined to concur in the award against Mr. McClammy and the matter was referred back to the Aldermen.

The other bids accepted by the Aldermen were concurred in by the Board of Audit and Finance with the exceptions named.

The budget of expenses for the fiscal year, with the exception of the appropriation for lights which was deferred, and a few minor changes in other respects, was adopted as it came from the Aldermen. The increase in wages for certain employes, previously agreed upon, was included under the several heads.

The appropriation of \$800 for an extension of the water works on Orange street was struck out with the understanding that if the extension may later be deemed expedient, a special appropriation can be made.

The appropriation of \$5,000 for repairs, painting and alterations to the City Hall was cut down to \$500, as \$2,500 of the amount was inserted with a view of establishing a steam heating plant in the building, to include, perhaps, also the Opera House adjoining. While the Board did not disapprove of the appropriation for that purpose, it thought better to defer action until estimates could be secured by the Building Committee. Should the improvement be desired after the budget is arranged, it was explained that a special appropriation could be made.

The general tax ordinance was next taken up and few changes were inserted as it came from the Aldermen. The real and personal property rate was reduced from \$1.50 to \$1.50 and the poll tax was made \$3.00 instead of \$3.95. This had been included in the adoption by the Aldermen. The only changes by the Board of Audit and Finance, which will have to go back and be adopted by the Aldermen, was an increase of the tax on bag factories from \$2.50 to \$3 per month and the imposition of a tax of \$2 per month on shirt or overall factories.

There was some comment on the increase by the Aldermen of the tax on gas companies from \$16.50 to \$25 per month; electric lighting plants from \$85 to \$35 per month, and street railway companies from \$15 to \$35 per month, but the Finance Board decided to let the tax remain as adopted by the Aldermen. The new licenses on shippers of poles, cross ties, gum logs, tobacco warehouses, canvassing installment dealers, etc., were adopted as they came from the Aldermen.

The budget as finally adopted, exclusive of the lights, is as follows:
