Two More Men Arrested at Wilson and Lodged in Jail-Gase Comes to Trial Next Week.

By Telegraph to the Morning Star. RALEIGH, N. C., June 12 .- On information given by Frank Dixon, who was arrested yesterday in connection with the killing of Percy Jones, Fate Langley, a clerk of Gil Ward, one of the indicted men, was arrested and placed in jail this morning. Dixon said that a few nights after the murder he went for a walk with Langley and that near a place owned by J. T. Barnes, Langley pulled a sack con-taining a disjointed gun from a clump of bushes and later threw the gun into an old well, saying he had been told to destroy it. Mayor Herring. Chief of Police Marsburn and Officer Ellis testify that without offer of reward Dixon told them the same story in toto. Dixon and Langley were re-turned to jail, Langley's ball being

COTTON YARN SPINNERS

Call for a General Conference to be Held in Charlotte June 18th.

By Telegraph to the Morning Star. RALEIGH, N. O., June 12.-A call for a general conference of the South ern cotton yarn spinners has been issued by Percy H. Brundage, Victor I. Cumnock and Henry F. Seving, of 49 Wall street, New York, who ask the spinners to meet in Charlotte at the county court house on Thursday, June 18th, at 11 o'clock.

The call states that the signers have recently visited the South, and in interviews with leading cotton yarn spinners have learned that they would welcome a merging of their interests if a plan could be developed looking rather to mutual co-operation than to an arrangement of purchase and sale of the properties. This plan they say has been formulated and has been approved by several large spinners.

SERVIA'S AFFAIRS.

Belgrade Reported Quiet, But Accounts Differ As to Attitude of the People.

DETAILS OF THE MASSACRE.

Burial of the Murdered King and Queen Sensational Stories-No Exchange of Communication Between the Powers Over the Matter.

By Cable to the Morning Star. BELGRADE, SERVIA, June 12. Everything is quiet thus far throughout the country, according to all official and other reports.

King Alexander and Queen Draga

were buried during the night in the

family vault of the Obrenovitchs. in the chapel of the old cemetery of St. Marks. The interment was carried out with complete secrecy between halfpast one and three o'clock this morning. Colonel Daumovics, aide decamp of the late King, was buried this afternoon. The city is lavishly decorated with flags and the national colors. All officers yesterday removed Alexander's cipher from the cockades of their caps.

The funeral occurred at 1:30 A. M The strictest privacy was maintained in order to avoid hostile demonstra-tions. Two coffins were brought in by servants and were carried up to the room where the bodies of the late king and queen were lying. The corpses were then put in the coffins and the latter were placed in a hearse, which was hurriedly driven to the old cemetery, where the other members of the Obrenovitch family are interred. In addition to the attendants only two priests were present at the funeral. The Metropolitan of Belgrade was absent. The whole ceremony lasted but

a few minutes The body of the late Premier Markovitch will be buried with military

Colonel Naumovics, who was killed whlie forcing an entrance into the place with dynamite, is described in the official notice of his death as "dying on the battle field of honor for his fatherland.

It is now confirmed that only Queen Draga's two brothers were killed. Her sisters were taken to Pancsova by some of the conspirators. In the course of an interview to-day,

Premier Avakumovics said: "We ministersjonly accepted office in order to avoid the country fallingin to a condition of anarchy. As soon as a king is elected he will have to appoint a definite cabinet. The Skupschtina can decide the fate of the country, though an agreement seems 'probable. In the event of the election of Prince Karagorgevitch, a deputation will go to Geneva, inform him of his election and invite him to come to Belgrade. He will be Peter The First.

"The constitution of 1901 will be the basis of the future governmental system. As to the present position of the country, calm prevails everywhere. There have been no disturbances and the situation promises to become betwrong.'

The Massacre.

BERLIN, June 12.-A dispatch to the Cologne Gazette from Belgrade to-day says the massacre lasted threequarters of an hour. The assailants declared the killing of King Alexan-der was unavoidable because if the queen alone had been murdered or removed the court clique would have incited the king to persecution and re-

A window of the Russian legation at Belgrade was shattered by a bullet during the fusilade at the palace. The flag was half-masted over the Servian legation here to-day. Most of the members of the diplomatic corps called to express condolence.

A dispatch to the Lokal Anzgier from Belgrade says the provisional government of Servia is bringing roops there from the country, pre-

paratory to resisting Austrian intervention if it comes. The backbones of both King Alex ander and Queen Draga, it is announced here, were broken in consequence of the violence with which he sovereigns were thrown from the

windows of the palace. A special dispatch from Zurich says Prince Peter Karagorgevitch studied at the University there for eight years. He is described as a zealous Socialist and as being the companion now of the German Socialist leaders Von Wolmar, Fisher and Tausky. The prince at Zurich was called "Red

Peter" or "The Red Prince." An interview with Colonel Mischich. who was the leader of the military party which burst into the palace at Belgrade Wednesday night, is published here. The colonel is quoted; as

"There were a number of us. Whether it was I who fired the first shot is simply conjecture. The chief point for us is that our work was sucessful. We have rendered the fatherland a tremendous service, and we are highly satisfied at our success. The first shot at M. Petrovitch was from the revolver of Captain Risties, who is a noted marksman. Petrovitch was hit in the forehead and fell dead." A dispatch from Budapest says the garrison of Nish, where the late King Alexander was most popular, is, according to a railroad official who has arrived at Budapest from Belgrade, marching on the Servian capital with full war equipment and artillery.

Sensational Stories.

Sensational stories, many of which are undoubtedly being sent for the purpose of political influence, are pubished here, the most revolting of them being that the soldiers outraged Queen Draga and mutilated the body of King Alexander and that those who were admitted to the palace yesterday to view the remains spat and stamped on

The telegrams from Belgrade differ as to the attitude of the Servians. Some of them say that only the military element desires Prince Kragorgevitch to be King, others say the Servians want Prince Mirko, of Montenegro, to rule over them, while many of the more intelligent section of the population are in favor of the estab-lishment of a republic.

As Viewed in Paris.

Paris, June 12.—The Foreign Office here received a dispatch to-day from the French agent on the Servian frontier confirming the press announcements that the new government at Belgrade had abolished the legislative assembly created by the late King Alexander and had renewed the ancient skupshina, which has been ordered to assemble next Monday for the nursues of ratifring the proplements. dered to assemble next Monday for the purpose of ratifying the proclamation of Prince Peter Karageorgevitch as King. The assembly just abolished was made up of appointees of the late King and did not contain a member who was opposed to Alexander's policy. The dispatch adds that Belgrade continues quief, the people apparently being reconciled to the new conditions. The officials here doubt the truth of the suthorities here are unable to secure further direct dispatches from Belgrade. Even the official dispatches which have reached Paris, appear to

have been mutilated.

It is stated authoritatively that thus far there has been no exchange of communications between the powers concerning Prince Peter Karageorgevitch's assumption of the throne of Servia, but the officials are beginning seriously to consider the delicate ques tion of the recognition of the new sovereignty. It is expected that the Servian authorities will convoke a meeting of the foreign ministers at Belgrade and present the latter with definite evidence that the people accept the new government and that it has the ability to maintain order and guarantee the safety of foreigners. When the ministers advise their re spective governments that such as surances have been received, the various powers will determine whether

recognition will be accorded. Former Queen Natalie of Servia is so deeply affected by the murder of her son, King Alexander, that she is unable to leave the apartments at Versailles of her sister, Princess Ghiks, wife of the Roumanian minister. Intimate friends of the queen believe she will remain completely isolated at Versailles till the Servian crisis is over. The queen's nephew said to-day that she is resolutely determined not to make any public statement.

Russia and Austria.

LONDON, June 12.—The Servian minister here has received confirmation of statement that neither Russia nor Austria will interfere in the Servian choice of a sovereign. He anticipates that Prince Peter Karageorgevitch will await at Geneva a summons from the Skupshtins, a deputation from which will probably go to Geneva and escort the new king to Bel-

A special dispatch from Belgrade says the bodies of King Alexander and Queen Draga were buried in a large pit, dug in the village of Rakovic, and that, as a mark of ignominy, the bodies of their murdered relatives and those of the ministers killed were placed above them and then the com mon grave was refilled with earth. Favor a Republic,

BELGRADE, June 12. - The only new element in the situation is a feeling among the intelligent classes in favor of the abolition of a Servian monarchy altogether and the creation of a republic, and this sentiment is shared by a least one member of the provi-sional government. Difference of opinion on this point developed to-day at a meeting of the cabinet, when the new foreign minister, Ljubonir Kalievies, expressed his leanings in favor of the establishment of a republican form of government. The majority of the ministers, however, declared themselves in favor of a new King in Prince Peter Karagorgevitch.

KNIGHTS OF HONOR.

RICHMOND, VA., June 12.-The Supreme Lodge, Knights of Honor, today handed down a decision in the appeal case of A. S. Branch, of Louislans, reversing the supreme dictator and sustaining the appellant. An important matter was a change in the method of collecting the general fund assessment and the lodge dues.

These collections will after December 1st next both be made monthly, Another death of a prominent member has occurred to further make the session of the lodge a gloomy one. A telegram read to-day announced the demise of Supreme Representative Murray, of Massachusetts. It was voted to-day to make George W. Ten-der, of Indiana, and Harry Walters, of Louisians, past grand dictators for meritorious services. It was also voted to donate a full line of supplies to Vermont Lodge, of Jacksonville, Vt., which recently lost its building, supplier, etc., by fire,

CATLETT MURDER TRIAL.

Defendant Found Guilty of Murder in First Degree-Mitigating Circumstances.

By Telegraph to the Morning Star. LOUDEN, TENN., June 12,-The jury in the Robert Catlett murder trial returned a verdict this afternoon, finding the defendant guilty of murder in the first degree with mitigating cir-cumstances. Catlett will probably be sentenced to serve a life term in the penitentiary. Catlett was charged with having hired two men named Winn and Tipton to murder William Whaley and wife, two renters of Catlett's and who had given evidence against him in white cap outrages. The murder of the Whaleys was a brutal one, the mother being killed with a child in her arms. Winn and Tipton were hanged for their crime but they made affi-davits that they had been hired to do the deed by Catlett.

The Side of a Mountain Caved In Between Spartanburg and Asheville.

SHUTS OFF ALL TRAFFIC.

Trains on This Road for at Least Seven Days-Another Crack in the Mountain.

By Telegraph to the Morning Star.

ASHEVILLE, N. C., June 12 .- The side of a mountain caved in on the Southern railway tracks between Spartanburg and Asheville at noon to-day. Thousands of tons of rock and dirt plunged downward, completely filling one of the largest railroad cuts in the mountains of western North Carolina and effectually shutting off all traffic from the South. The land slide occurred neaf Tryon, N. O., just at the foot of Saluda mountain. The road just had succeeded in re-

suming operations of trains which were blocked by washouts in Spartanburg county last week, yesterday being the first day that regular schedules

were in effect.

The present disaster will cause the sinulment of all trains on this road for at least seven days, as the authori ties say that it will be impossible to clear the track before that time. It is also given out that another crack is seen in the mountain just in the rear of the cliff from which to-day's avalanche descended, and it is predicted that another tumble of earth and rock will occur, in which case the railroad people say that it will be at least welve days before the running of hrough trains can be resumed.

The train which started from this place for Columbia at 4 P. M., to-day was wrecked when within two miles of Hendersonville, N. C. The engine, baggage, mail and express cars and one passenger coach were derailed. Postal Clerk Horace G. Cliff received severe bruises and the fireman also was injured. The cause of the wreck is unknown.

MURDER OF LAWYER MARCUM

Continuation of the Trial of Alleged Conspirators Jett and White at Jackson, Ky .-- Examination of Witnesses.

By Telegraph to the Morning Star.

JACKSON, Ky., June 12.—A number of correspondents arrived here to-day, date of the execution. including magazine writers and artists for illustrated papers. Provost Marshal Longmire has made no arrests for two nights and two days. Since he closed the "blind tigers" there has been no shooting during the night. The free use of weapons in the carousals around these places led to re ports at times of bands of feudists coming into town to attack the jail. Court had to take the noon recess today earlier than usual because the next witness was unable to get on the witness stand and it was evident that liquor is still available from some

The feature of the trial to-day was the drift of evidence toward a conspiracy implicating county officials and others and tending to show that Jett and White had no such motives as conspiracy, but simply were hired to kill J. B. Marcum who was the attorney for parties contesting the election of county officials. The defence during the forenoon moved to have the case continued on account of the absence of witnesses and again in the afternoon on account of the illness of one of the attorneys for the defence. In both instances Judge Redwine ordered the trial to proceed

The first witness to-day, William Hurst, was questioned regarding a plot to assassinate Mareum, in which two county officials were implicated. William Eversole and other witnesses were examined as to the alleged con

spiracy. Abner, Smith and Weltner are said to have been in the plot to assassinate Marcum. Abner afterward made affidavit which was filed in court, stating that the plots were formed in the office of County Judge Hargis, and that the judge and Sheriff Ed. Callahan were furnishing the money. Mrs. Johnsen testified also to thi

information being furnished her brother by Feltner. Now the defence claims that these men are badly needed. Feliner has torfeited a bond of \$3,000 after being granted a new trial for the murder of Jessie Fields in the French-Eversole feud. Marcum was his lawyer and secured a reversal in his case. Because he was a friend of Marcum, it is alleged he was picked out to assassinate him, as he would not be suspected, a pardon for the Fields murder being the reward

By Telegraph to the Morning Star KANSAS CITY, Mo., June 12 - Kansas City, Kansas, is still sorely in need of aid for its flood sufferers. A second urgent appeal to the country at large has been issued by the relief committee of that city, as follows:

"The destitution on the part of the flood sufferers in Kansas City, Kansas, demands immediate relief. Local charity is totally inadequate to meet the sit-uation. Outside assistance is imperative. Two entire wards and parts of two others, comprising at least 23,000 souls out of a population of 60,000 in the entire city, are made homeless and dependent. In most instances persons were able to save only the clothing they wore.
