GRAND JURY REPORT

Recommendation That the "Jim Crow" Law Be Enforced on the Suburban Line.

SOME OTHER SUGGESTIONS.

Separate Sleeping Apartments for White and Golored Prisoners at Sastle Haynes - Jail Needs Whitewashing-Other Notes.

Having completed its duties for the term, the grand jury in the Superior Court yesterday came before Judge Peebler, made the usual report and was discharged with thanks. Copies of the report were ordered sent to the County Commissioners and spread upon the minutes. The report contains no features of special interest ex sept a recommendation that the Jim Crow car law be put into effect on the suburban trolley line and the repetition of the suggestion that sepsrate sleeping apartments be provided for white and colored prisoners at the Castle Hayne convict camp.

The jury was composed of Capt. George W. Huggins (foreman), Mr. W. P. Toon (clerk), and Messrs, I. H. Weil, Warren S. Johnson, J. A. Springer, A. F. Davis, Richard S. Murray, George F. Seitter, H. F. Otten, W. F. LeGwin, Montie Hewlett, Thomas B. Oldham, M. H. Kelly, Mark A. Jones, R. H. Bowden, J. I. Schutte, Charles Craig and E.F. Johnson. The full text of their report is as follows:

To the Hon. R. B. Peebles, Judge pre siding, June Term Superior Court, 1903, New Hanover County:

We the grand jury appointed at above term of Superior Court of New Hanover county beg to make the fol-lowing report: We have examined and returned 23 true bills, and in accordance with your charge we have visited the county jail, finding it in fair condition. We recommend that the male quarters be whitewashed and horoughly fumigated. We found that one or more of the white prisoners had made an attempt to escape, and recommend that the damage done by them be promptly repaired. We also visited the convict camp at Castle Hayne and the County Home, finding these two places in splendid condition; no complaint to be made in regard to the condition of either place, but we recommend that a partition be built separating the white sleeping quarters from that of the colored pris-

we have also visited the camp on the shell road and found the same satthe shell road and found the same satisfactorily kept. In regard to the
"White Elephant" that the county has
on its hands—we mean the road engine—as usual is broken down and
this time very badly. But Mr. Watson,
the superintendent, says they have an
expert here from the factory and he
thinks after the repairs have been
made it will be in good working condition. We recommend that the underbroad of the shell road at dition. We recommend that the under-brush on each side of the shell road at Downny branch be thoroughly cleared away for the protection of the travel-ling public. We suggest that the superintendent of the camp be in-structed to keep the curtain around the cage raised during the day when the weather will permit, as to effect ventilation, and that the cage be raised

and put on blocks, so as to protect the wheels from rust and decay.

We have also examined the Court House and find same in good condition, except the vault of the Register of Deeds, the floor of which we find filthy on account of lack of spittoons for the use of tobacco chewers who frequent the vault; and we rec that the necessary spittoons be placed

in said vault at once. We also recommend that separate apartments be provided for colore passengers on the suburban car line in rdance with the laws of the State. Respectfully submitted, GEO. W. HUGGINS, Foreman.

SHOT AT FLEEING NEGRO.

Beiligerent North Carolina Excursionists Yesterday-Two Carried "Guns and Knucks-One Overpowered.

The sight of a negro frightened within an inch of his life and fleeing as fast as his legs would carry him up Front street, while a rather pic turesque individual stood near Front and Grace and attempted to accelerate the colored brother's flight by popping away at him from an ugly-looking revolver of the six-shooter variety, was sufficient yesterday evening about 6:30 o'clock to disturb the usual tranquility of the neighborhood in which the pisto ricals were called into action. At the firing end was D. Norriss, of Mount Tabor, N. O., who arrived on the excursion from Conway, S. C., and the negro who stood not upon the order of his going was one of two drivers on a wagon of the Fore & Foster Co., which Norris attempted to stop by running ahead of the team and taking hold of the lines. The excursionist had been drinking and apparently had no reason for stopping the team. One of the negross crawled off the wagon to liberate the animal so that the wagon could proceed and it was then that Norris opened fire upon him. The negro ran up the street, turned into Tucker's marble yard and jumped the back fence. Since then he has not been seen and the police are looking for him as a witness.

Norris was knocked down by Mr. O. H. Broward, a travelling man from Norfolk, and was disarmed by Mr. Broward, Alderman P. Q. Moore, Messrs. H. B. Bailey, E. V. Richards and others who happened to be in the vicinity. He fought like a madman and had to be tied and sent to the station in Mr. Robert Edens' wagon, which was passing. He will be tried in the Mayor's court to day.

Ap hour later a cousin of the same man, J. A. Norris, and Josh Mc-Pherson, of Clarendon, both white, were disorderly at the A. C. L. station fused to allow them to return. They were arrested by Gate Keeper E. Piner and were also locked up for a hearing to-day. J. A. Norris also had a pistol in his pocket, a pair of metal knucks and two flasks of liquor.

CONDUCTOR GETS \$300

Cases Against S. F. Harmon Satisfactorily Adjusted in the Superior Court.

> BOY SENTENCED TO 2 YEARS. Disgraceful Conduct at Delgado Some Time Ago lavestigated-Term Will Adjourn To-day-No Civil Suits

> Reached-Other Notes. In the Superior Court yesterday the case against S. F. Harmon, charged with assaulting Conductor W. B. Jones, of the suburban car line, were settled in the manner foreshadowed in these columns the morning before, viz: the payment of \$300 to Mr. Jones and the cost in both cases by Mr. Harmon, the who'e amounting to about \$350 exclusive of counsel fees. Mr. Harmon appeared in court with his attorneys, Messrs. Waddell & Peschau and Herbert McClammy, Esq., the latter having been retained at the last moment. Messrs. Davis & Davis and Bellamy & Bellamy were present for the C. R., L. & P. Co., to assist Solicitor Duffy in the prosecution. An effort was made to get the amount paid to Conductor Jones reduced to \$200, but Judge Peebles would not consent and ih passing judgment said to the defendant:

"I am glad to hear that in consecuence of a suggestion made by the court yesterday, you have paid to Mr. Jones, the man you assaulted, \$300, which he says will satisfy him for the pain and suffering you have caused him. This is about the amount I intended to fine you in addition to the coats in both cases. Three hundred dollars, all costs in two cases and two. suspended judgments hanging over you for all time to come as a guarantee for your good behavior, would seem at first sight, to be harsh punishment for a simple assault and battery and a nuisance by using indecent language in public, but public conveyances by which people travel—such so protected by the law that women and children can travel thereon alone without the fear of being insulted or annoyed by bad or drunken men. That the money you have to pay goes to the man injured rather than to the State accords with my idea of justice. You must remember that if you misbehave and violate the law again in the future, judgment can be passed in either or both cases just as though you had not paid the \$300 to Mr. Jones. This

you never to get drunk again." The amount of money for Conductor Jones was then paid over to counsel for the prosecution and later transmitted to the injured man. The court costs were paid over to the

Robert Grissom, white, previously convicted of abandonment, was let off upon payment of cost amounting to \$23 and an alimony of \$5 per month. Rosa Watson and Alice Watson, charged with keeping a bawdy housewere given a continuance, one of the

defendants being sick.

Julius Taylor and Hector Mumford, the young negroes charged with an attempt at criminal assault upon some little white children at Delgado, were arrainged and a nol pros as to Hector Mumford was entered. A mistrial was taken in the case of Julius Taylor but he was found guilty of indecent exposure of person and was sentenced to the roads for two years. The boy is only eight years of age and was represented by Brooke G. Emple, Esq. Mumford was represented by Herbert McClammy, Esq. Taylor was also tried for an assault with a deadly wea-

pon, but judgment was suspended upon conviction in the preceding case. Plummer Johnson, colored, previously convicted of the larceny of \$10 from Herman Shieviel, was let off upon payment of costs. John McKoy, colored, charged with selling unwholesome meat, was allowed to continue his bond until next term. The case of Chas. Radcliffe, colored, charged with a. d. w., was continued and bond was fixed at \$100. The sci fa ordered in the case of Arthur Beatty, colored, charged with s. d. w., was stricken out and he was placed on trial. A verdict of guilty was returned and he was fined \$20. J. R. Sanders, found not guilty Thursday of forcible trespass upon the premises of S. E. Turner, Front and Surry streets, was tried

upon a charge of assault with deadly weapon and was again not guilty. An alias summons was ordered and order of publication was made in the divorce case of Oscar Edwards vs. Lula

THE PAPER MILL INDUSTRY.

New York and Philadelphia Capitalists to Locate at Washington, N. C .- Some Texas Experiments.

Apropos to the discussion here in regard to the establishment of a paper mill, it will be interesting to know that Philadelphia and New York capitalists who are interested in newspaper properties in those cities have made overtures to parties residing in Washington, N. C., and Grimesland for the purchase of a large area of property. It is learned that it is the intention of the Northerners to erect a large paper mill to manufacture the newspaper fibre paper. It is further stated that \$200,000 will be invested in the proposed plant. The Jacksonville Times-Union, discussing another phase of the paper manufacturing industry, says editorially:

"The plant recently established at Ocange, Texas, for the production of paper from pine shavings and other sawmill waste is now in full operation. and samples of the product have already been sent out; and while the specimen submitted for inspection is of the "wrapping" grade, there is every reason to believe that this new process will be found equal to the roduction of all grades of paper, inluding those used in book work.

"The success of this Texas enterpris has already led certain Louisiana capitalists to undertake the establishment of a similar plant at Lake Charles in hat State, which is to have a capacity of fifteen tons of paper a day; and i now seems tolerably certain that the entire pine belt of the South Atlantic States will in a a few years be studded with mills for the profitable utilization of this hitherto unregarded sawmill

"It is interesting to note in this connection that the first mill ever estabished by Robert Thomas, the inventor of the process employed in this interesting industry, was in Pensacola several years ago; and though the enterprise was eventually discontinued, ts failure was due to causes purely local and personal in their nature, and in no way such as to effect the practical value of the invention, which from present indications, bids fair to play an important part in the industrial de-

Crack Game of the Season is Promised Hilton Park To-day-The Players.

Doubtless the game of ball to be

played at Hilton Park this afternoon between the College Boys and the Town Boys will be the most closely contested one of the season. The Town Boys, anxious to win this game, as the College Boys have not been defeated as yet, have strengthened themselves very materially by the addition of six of the A. C L. and O. A. N. players. Dupree, formerly a star pitcher on the Wofford College team, will pitch for the Collegians. The admission will be fifteen cents for gentlemen; ladies free. Wagonettes will transfer patrons of the game from the street car terminal to the ball park without extra charge. These teams, especially the College Boys, are put ting up a fast article of baseball and the game should be well patronized by the half holiday takers. The teams

Local Ouestions Were Discussed at a Called Meeting of the League Last Night.

TEMPERANCE NEWSPAPER.

Organization of a Stock Company Discussed-Delegates Appointed to the State Convention in Raleigh. Ministers Urged to Attend.

An enthusiastic meeting of the Wilmington Anti-Saloon League was held last night in the Y. M. C. A. Mr. B. F. Hall was called to the chair in the absence of President P. Pearsall, and Secretary W. B. Cooper was present in his official capacity. Mr. Cooper in stating the object of

the meeting said that he had a letter from Mr. J. W. Bailey, president of attendance from Wilmington at the year with 1903: temperance convention in Raleigh July 7th. Before taking up that subjéct, however, local affairs were discussed. Mr. Cooper said he had a conference with Mayor Springer in the interest of the Anti-Saloon movement and was received very courteously by that official. He said, however, he was sorry that the Board of Aldermen did not appear more in sympathy with the temperance cause. Mr. J. B. Farrar said he thought

from best indications, the mayor and four of the ten aldermen were friendly o anti-saloon interests. He had occasion to test the sentiment of the Board while in attendance upon its meeting for the purpose of granting liquor licenses Monday night. Mr. T. W. Wood spoke along the same lines.

Mr. H. L. Deans said he noticed good many names of church members as endorsees upon the applicants for license, and he thought their action in signing such papers was due to thoughtlessness, or, perhaps, they believed the applicants would get license any way. Mr. R. E. Blake said he was present at Monday night's meeting of the aldermen and had taken the names of church members who endorsed applications. He thought citiens generally should attend the meetings of the Board and applaud any action of the body looking towards temperance, and to keep themselves generally informed as to muni-

cipal affairs. Mr. Geo. E. Leftwich deplored the fact that so few ministers of the city were members of the League. Mr. W. H. Sprunt thought all ministers were with them in spirit, although they didn't attend the meetings. Mr. John Gano Marshall moved that the chairman appoint a committee to enlist the active support and co-operation of the pastors of the city and the motion was adopted.

Upon motion of Rev. J. R. Marshall the League went into the election of delegates to the Raleigh convention. which resulted in choice of the following: B. F. Hall, W. H. Sprunt, W. M. Cumming, Rev. Jno. R. Marshall, Rev. J. A. Smith, S. F. Thompson, R. E. Blake, Z. E. Murrell, Rev. Geo. B. Webster, Geo. H. James and Jno. Gano Marshall. Pastors of all churches in sympathy with the movement were also appointed delegates and their respective congregations

urged to defray their expenses. Upon motion of R. B. Moore it was decided to organize branch leagues in the several wards of the city to hold weekly meetings. Mr. A. P. Merritt in seconding the motion spoke in regard to the organization of W. C. T. U's. in each ward to aid the move ment. The motion of Mr. Moore and suggestion of Mr. Merritt were adopted. S. F. Thompson, formerly of Chadbourn, spoke at some length in regard to the cost and advisability of organizing a stock company for the publication of an Anti-Saloon League State temperance organ at Wilmingtop, provided the State League would adopt same. Rev. J. A. Smith and Rev. J. R. Marshall spoke in regard to cost of same. Upon motion of R B. Moore the matter was deferred until next Friday night at 8 o'clock.

The idea of a special agent (Mr. J. O. Bowden) at Pier 29, New York, was a happy thought, and proved a ten-stroke for the growers as well as the receivers. So profitable, indeed, has been the experiment that other large markets like Pittsburg, Philadel phia and Boston have given notice already that they desire the Association to establish a special agent in those cities to conserve the same ends as did the Association's New York represen-
