The Burlington Hawks says Iowa Republicans take their tariff beverages straight. They seem to think mixed concoctions are dangerous.

It is said that the steel trust is clearing \$10,000,000 a month, and hopes to do even better than that if Congress will only let the tariff alone.

Judge Parker will converse on any public question except his candidacy for the Presidency, and the negro problem, which shows he is possessed with good horse sense.

The Enfauila (Ala.) Times says: "Some people claim that they occasionally hear a long, low wail from the White House in the small hours of the night. It is believed to be due to the Payne in the bowels of the administration."

Kansas seems to be in good shape financially even if she did experience a good-sized flood recently. She boasts of \$92,000,000 in her banks and a \$75,000,000 wheat crop in her fields, to say nothing of the immense crop of corn she annually produces.

We see it stated that a New York syndicate has contracted to take the first mortgage bonds of the proposed Raleigh & Pamlico Sound railroad, amounting to \$1,200,000, bearing 5 per cent. interest. These bonds are to be signed by the communities through which the road runs.

New York has some stringent laws governing the gentler sex. No lone woman can get a meal in a restaurant in that city after 9 P. M.; and furthermore she runs risk of arrest if she shows herself on the street after that hour. A woman who later proved her innocence was recently compelled to spend the night in jail as a disorderly person for violating this law.

The life of Pope Leo still hangs by a thread. Another operation was performed on him yesterday which seemed to relieve him somewhat. He afterwards arose, walked a few steps and after taking a seat in his arm chair, read a short while. Later in the day the Pontiff partook of some lunch. He has shown wonderful vitality throughout his illness in battling against death.

Delightful trolley ride, ocean breeze, all in the trip to Wrightsville Beach.

### LOCAL DOTS.

A two-story annex is being built to the front of Hemenway School. — Rev. S. J. Becker, representative of the North Carolina Baptist, will occupy the pulpit of Southside Baptist church to-day. — An electric fan has been installed by the County Commissioners in the vault of the register of deed's office for the benefit of those who have business there these long, hot summer days. — The British steamer "Iona," previously reported ashore in the river above Wilmington, was floated on flood tide yesterday morning and proceeded to Navassa to discharge cargo of pyrites from Huelva. — The steamer "Southport" broke her propeller shaft down the river yesterday and was towed up to the city by the "Wilmington" in the afternoon. She will be repaired at once and will resume her runs this week. — The pavilion at Wrightsville Beach will be at the disposal of dancing parties this week, beginning Monday. Many young people will take advantage of it. No cost for pavilion. Music and ice water free. Refreshments at city prices. — The Casino at Wrightsville Beach closed with the performance last night, but will open again Monday with strong vaudeville or light opera. Manager Schloss leaves tomorrow night for New York to book a metropolitan company for the week. — Rev. S. R. Belk, of Augusta, Ga., who is visiting the family of Mr. J. B. Brinkley, North Third street, will preach at 11 o'clock this morning at Grace M. E. church. He is an able preacher and the congregation will be delighted with his sermon. — Owing to sickness the engagement of the Post Exchange Band to play at Carolina Beach this afternoon has been cancelled. However, the natural attraction of the beach and delightful steamer trip will draw large numbers to that splendid resort as usual. — Hanover Seaside Club will enjoy a delightful hop at its elegant club house on Carolina Beach Wednesday and members are looking forward to the event with much pleasure. The usual trips of the steamer "Wilmington" will be made, with a late boat at 10:30 o'clock. — In Justice Bornemann's court yesterday William Armstrong, colored, had Minerva Wright, a colored woman, arrested for an assault upon him with a piece of iron. The woman was found not guilty and Armstrong was sent to jail on the roads for 30 days in default of the payment of \$5 and fine for disorderly conduct.

### PETER JORGENSEN DEAD.

Well Known Marine Man Died at Hospital Yesterday Afternoon. H. Peter Jorgensen, a native of Denmark, but for a number of years a resident of Wilmington and Southport and for a long time mate on the steamer "Wilmington," died yesterday afternoon at 4 o'clock at the U. S. Marine Hospital in this city, where he had been since April for treatment of tuberculosis. He was 33 years of age and was very popular in marine circles, where he was well known. The greater portion of the past three years he spent in New York, but returned with his family here some time ago and lived with them at No. 118 Market street. His wife and one child survive him. The funeral will be conducted by the Rev. C. W. Kegley, of the hospital Lutheran church, from the hospital this afternoon at 4 o'clock. The following will attend the funeral: Dr. C. T. Harper, Messrs H. A. Kure, G. W. Linder, Louis Hanson, J. Hanson, A. S. Heide, A. C. Neilsen and E. P. Bailey.

Wilmington Postmastership. Washington correspondence, Charlotte Observer: "A morning paper here printed what purported to be an interview with Chairman Rollins stating that he had virtually decided the Wilmington postoffice contest. Mr. Rollins never saw a reporter for the paper in question and he has explicitly stated to every one while here that he did not propose to take up the Wilmington contest until December. The interview was altogether misleading."

Bought Dog and Pony Show. The Durham Sun is authority for the statement that Mr. Emmett Levy, the popular cigar salesman, has purchased at a cost of \$18,000 a first-class dog and pony show—one of the best in the world. Frank Wilson, of Durham, will be in the band, and the managers expect to reach Durham some time in October with their segregation. The first performance will be in Duluth, Minn., this month.

## INCREASE IN EXPORTS

Foreign Shipments Break All Records for Fiscal Year Just Ended.

Figures Compiled at the Custom House Show Over Fifteen Millions Against Eleven Last Year—Comparison With Other Cities—Notes.

The official compilation at the Custom House for the fiscal year ending June 30th, shows that the foreign exports from Wilmington for 1902-1903 will foot up in round numbers fifteen million dollars—the largest in the history of the port. Last year the foreign exports were only \$11,402,171, so it seems that there is an increase of about four million dollars this year.

This showing is very gratifying and is an unmistakable evidence of the progress of the city industrially. The figures, of course, do not include the Domestic exports which have also very largely increased during the year by reason of the establishment here of a number of cross tie and pole enterprises.

The showing undoubtedly places Wilmington second in the list of great ports on the entire South Atlantic coast. Her foreign exports are probably over double the value of those of Charleston, and about the same or probably a little larger than Norfolk.

A few days ago reference was made to Wilmington's immense volume of business in all lines. The figures now as to exports and the great increase in postoffice receipts are sufficient signs that "Wilmington do move" and that the city has a great and lasting future before it.

### HAS A CASE OF SMALLPOX.

Young Travelling Man Arrived Yesterday from Florence With the Disease.

W. A. Turner, a young white man who has been engaged in canvassing for Mr. John Spillman, the well known dealer in enlarged pictures in this city, was discovered by the health authorities last night with a well-developed case of smallpox in the pustular stage. He arrived on the train yesterday afternoon from Florence, S. C., and feeling unwell, he went to the office of a local physician who discovered that he was afflicted with the disease. Dr. C. T. Harper, city superintendent of health, was at once notified and the young man was taken in charge and thoroughly examined.

Chief Quarantine Officer Robert Green removed him to the smallpox hospital in the northeast of the city and placed him in charge of a nurse after midnight this morning. The young man has only a mild case of the disease and Dr. Harper says there is no danger of an epidemic by reason of contacts.

### Married Yesterday Morning.

Miss Emma E. Lord, the attractive young daughter of Mr. James Lord, and Mr. Herbert H. Jordan, a popular young man of this city, were quietly married at 10:30 o'clock yesterday morning at the residence of the officiating minister, Rev. C. W. Trawick. Mr. Jordan is a popular member of the Boys' Brigade of America, now in camp at Southport, and he and Mrs. Jordan received a very cordial telegram from the groom's comrades asking them to come to the encampment to spend their honeymoon.

### No Danger of Ice Famine.

In its account of the fire at the Independent Ice factory Thursday, the STAR meant no reflection upon the other ice plant in this city in its suggestion of an ice famine; indeed it was learned yesterday that had the entire plant of the Independent factory been destroyed, the possibility of an ice famine would have been very remote, as Messrs. W. E. Worth & Co. have two machines that are in reserve and could be put to work to manufacture enough ice in a few days to supply local demands for a long time.

### To Build Government Wharf.

Extensive repairs will be commenced upon the wharf property recently purchased by the government and directly in front of the Custom House. An inspector was here a short time ago and upon his recommendation that the wharf be put in thorough repair proposals will be invited shortly for the material and work. When the new wharf is built the government will own 270 feet of the best wharf in the city.

### Ice Factory Again Running.

The Independent Ice factory resumed operation yesterday morning at 10 o'clock after the Friday afternoon fire and before night was running up to its full capacity. The repairs to the machinery were made by the Wilmington Iron Works under the personal supervision of its manager, Mr. E. P. Bailey.

## BALTIMORE ELKS' REUNION.

North Carolina Will be Well Represented. Elaborate Arrangements Being Made for Their Entertainment.

Elks from all over the United States will gather in countless numbers for the annual reunion next week in Baltimore, and the Monumental City is preparing to entertain royally its distinguished guests upon that occasion. North Carolina will be well represented and Wilmington will furnish her full quota of merry antics. The uniform of the Carolinians will be white duck trousers, ermine double-breasted flannel coats and yachting caps of flag blue with the lodge numbers embroidered in white on the front. The Wilmington delegation will leave over the Atlantic Coast Line Sunday night in a special Pullman car, arriving at its destination before noon the following day.

The convention proper will open Tuesday July 21st and continue three days but the enterprising Baltimoreans have arranged a programme of entertainment during the entire week, beginning on Monday. The Hotel Committee reports that between 25,000 and 30,000 have already asked for accommodation and that the number of visitors may reach 50,000. The convention sessions will be presided over by Grand Exalted Ruler Geo. P. Cronk, of Omaha, Neb. The Baltimore lodge has a reception committee of 150 members, who will meet each and every train. There will also be a reception committee of ladies. An elaborate souvenir programme will give the visitors all the information they desire about the city and the reunion. Twenty-five bands are expected to be present and they will compete for four cash prizes ranging from \$200 to \$1,000. Wednesday the great Elks' Parade will take place, six prizes from \$50 to \$400 being offered for the best display by a lodge. At night a reception will be given by the ladies at the Elks' Home.

Thursday the Elks will have a free outing and crab feast at Tolchester Beach, including a 40-mile trip on the Chesapeake bay. Friday and Saturday will also be given over to free excursions and merry-making. The reunion is confidently expected to break all records in the history of the order. The electrical displays and other decorations of the city will be gorgeous.

### THE STREET CAR DISORDER.

One of Four Defendants Paid Fine and Gave Bond—The Others.

Jno. Thayer, one of the young white men fined for having raised a disturbance on a street car at Ninth and Princess streets one night last week, yesterday paid his fine of \$10 and gave bond in the sum of \$100 with Mr. J. O. Walton as surety for his appearance in Justice Fowler's court later to answer the charge of an assault, with his three companions, upon Conductor Walker. The trial will be held as soon as Williams and Davis have completed 30-day sentences on the road for disorderly conduct. O. C. Grant, the fourth member of the party implicated in the trouble, is still held at the police station pending his arrangements to pay the fine imposed upon him for disorderly conduct and to make up bond for his appearance with the three others before Justice Fowler, to whom the cases were removed by Mayor Springer.

### STOLE MONEY AND BAGGAGE CHECK.

Carley Stokes Arrested by Police Upon That Charge—Trial Tuesday.

Curley Stokes, colored, was arrested yesterday morning by Policeman W. J. Howard on a warrant charging him with the larceny of \$13 in cash and a baggage check from a colored man with whom he lives in the northern section of the city. The wife of the colored man heard some one in her room late at night and called her husband but he did not wake. Following morning the man awoke to find that his trouser pockets had been rifled of two pocket-books containing the amount named and the baggage check, which was for a piece of baggage at the A. C. L. station. Stokes has arranged for counsel and secured a postponement of his trial until Tuesday.

### Prompt Insurance Payment.

Mrs. Sarah Jane McGowan, widow of the late Capt. James McGowan, yesterday received from Treasurer J. D. Nutt a check for \$3,000, same having been the amount of insurance carried in the "Eminent Bank," carried in the "Eminent Bank," partner, and McAdow claims Blackley agent on a commission on sales. This was the question argued yesterday, whether Blackley was McAdow's agent or partner.

### KICKED UP A GENERAL ROW.

Bad Man at a Negro Celebration on the Sound Arrested.

James Hooper, colored, of Mason- town township, was arrested by Constable Savage yesterday and will be tried in Justice Fowler's court Tuesday on a multiplicity of charges. Last week the colored population of Mason- town were having a big fish fry and celebration at one of the sound landings. Hooper filled himself with a bad quality of liquor and went in to terrify the natives. He joined a procession the negroes were having and armed himself with a murderous-looking club. Jumping out of the line of march, he lambasted one of the "processioners" in the rear ranks with the quadrangle and wounded him severely. The next early was at a mule, being driven to a cart in an opposite direction. He knocked the animal's teeth out and indulged in other antics sufficient to break up the meetin'.

COLLEGIANS WERE DEFEATED. Home Boys Secured a Victory by the Score of 11 to 6.

The game of baseball at Hilton park yesterday resulted in a victory for the Home Boys by a score of 11 to 6. The victors are justly proud of it. It was a rather slow game at first, but the finish was fast and snappy with many features. The Collegians take the defeat hard and will give a good game next time. The line up was as follows: Home Boys. Kinney (cap)..... Moore (cap) Tucker..... Peachau Sweeney..... lb. McInire Jackson..... 3b. Caldwell Crow..... 1b. Calder Banks..... ss. Smith Banger..... lf. Croom Tomken..... cf. Manship Cantwell (cap)..... rf.

The Home Boys made 14 hits and 6 errors, while the Collegians were able to secure only 8 hits, but kept the figures in the error column down to 3. A good crowd witnessed the game.

### BLACKLEY BOUND OVER TO COURT.

Hearing Before the Mayor in Raleigh Friday—Bond Put at \$4,500. [Raleigh News and Observer.]

The case of J. O. Blackley, the horse dealer, who is charged with defrauding some \$6,000 from a dealer named McAdow, of Agricola, Kansas, was heard before Mayor Powell yesterday afternoon, with the result that Blackley was bound over to court in a bond of \$4,500, which he gave.

The charge against Blackley was that he sold several car loads of mules in Raleigh and other places for McAdow, and did not turn over the money. Blackley claims he was McAdow's partner, and McAdow claims Blackley was merely working for him as an agent on a commission on sales. This was the question argued yesterday, whether Blackley was McAdow's agent or partner.

There was another charge against Blackley by a man named Lytle, but this was not pressed.
