REVIEW OF THE WORK

Every Tract of Land in the County Sare fully Gone Over--Assessments on Industrial Enterprises Will be Considered This Afternoon.

The New Hanover County Board of ession since the second Monday in the present month, will probably complete its work of adjusting valuations placed by the township assessors upon property for taxation and will adjourn this evening sine die. The task has been herculean. Values in the city were first taken up. More than two hundred complsints as to excessive assessments were heard but as noted from the proceedings in the public prints from day to day, very few reductions were made, the Board taking the position that as far as possible it should stand by the judgment of the assessors who consumed about 40 days in making a personal investigation of the value of cash and every piece of

real estate within the corporate limits. Valuations in the city having been completed the Board took up the list from each country township and care fully inquired into the value of every tract, increasing the assessment upon some and voluntarily making a re

duction in others. Resuming its sessions yesterday morning the Board completed an examination of the list in Harnett town ship and entered up on Masonboro, completing that township with Federal Point during the afternoon session. There now remains for consideration by the Board only those matters pre viously referred to sub-committees for special investigation, including the Orton House, Water Works, steamer "Wilmington" and other large valufinal session this afternoon beginning at 2:30 o'clock.

Upon the opening of the morning session, Rev. Edward Wootten appeared before the Board and strenuous ly objected to the increase of the value of the lands of the estate of C. H. Bradley in East Wilmington from \$1,400 to \$5,100. Upon motion the matter was reconsidered and the value was fixed at \$3,650 instead of \$1,400. Valuation of the Delgado mills property was increased from \$100,000 to

\$125,000. The property has heretofore been assessed at \$95,000 and was raised by the assessors to \$100,000 this Valuation of the property of Mrs. F. E. Currie was increased from \$3,000

to \$4,000. Lands of Mrs. Mary L. Mercer in East Wilmington was increased from

Lot on the beach belonging to Mrs. Rebecca Sternberger was reduced from Lot of Vance Norwood on Wrights-

ville Sound was decreased from \$1.400

Values in Masonboro township were ntered upon and the following changes were made : Geo. R. French & Son, Jumping Run tract, reduced from \$800 to \$600; Mary E. Bolkley, adjoining C. Redd, increased from \$200 to \$300; heirs of Hart and Bailey, vineyard tract, reduced from \$700 to \$500; H. L. Horne, on Mott's creek. increased from \$1,700 to \$2,000; A. D. Cazaux, Herring place, reduced from \$1,200 to \$1,100; Owen Martindale Barnums's creek, increased from \$2,000 to \$2,300.

Upon report of the Township Board of Assessors, at the afternoon session, it was ordered that the valuation of the poperty of Mrs. Barbara C. Bear, on Front street, be reduced from \$7,000 to \$6,250, and that Munson & Co.'s store adjoining be allowed to remain at \$7,000.

Upon report of the Wilmington township assessors, to whom the matter had been referred, the valuation of the Wilmington Compress Co. was reduced from \$50,000 to \$45,000 until certain repairs, now contemplated,

Property of L. G. Stein, in Masonbo ro township, was increased from \$600 to \$1,000; property of D. W. Track, adjoining Ottoway tract, was increased from \$580 to \$800; W. H. Turlington, Greenville tract, increased from \$1,000 to \$2,000.

Only one valuation as fixed by the ssessors was changed in Federal Point township. The valuation of the Hanover Seaside Club house, on Carolina Beach, was reduced from \$1,700 to \$1,000.

The recent big increase in the valuation of property of J. W. Duls, in the market house block in Wilmington was reconsidered and reduced from \$8,500 to \$7,800.

WILL CELEBRATE LABOR DAY.

Frades Unions at Wilmington Are Arranging for Great Occasion-The Governor Invited-Programme.

The several labor organizations of the city are arranging for a big celebration of National Labor Day on the first Monday in September and plans are rapidly maturing to that end.

Last night at 8 o'clock at the Seashore Hotel, Wrightsville Beach, representatives from the Typographical Union, the International Wire Workers, the Carpenters and Joiners and Railway Carmen met and discussed plans for the celebration, but as yet have arrived at nothing definite, the holiday being sufficiently remote as not to require immediate arrangement of a programme. Mr. G. F. Quinn presided at the meeting and Mr. J. Edgar Lewis kept a record of the pro-

ceedings. The committee proposes that the celebration shall be in every way fitting and elaborate. If possible, Governor Aycock will be secured to make the address. He has been invited, but his acceptance has not yet been received. Other speakers will also be asked and the exercises will be of an interesting and pleasing character. The committee is now debating whether to have the celebration in Wilmington, at Carolina Beach or on Wrightsville Beach. Another meeting will be held next Thursday night on the third floor of the Atlantic National bank building for the purpose of arranging details. The committee in charge is composed of the following, who were present at the meeting at the Seashore

Hotel last night: Typographical Union-J. H. Hewlett, Carl D. Owens, J. Edgar Lewis. International Wire Workers-E. C. Yarboro, A H. Weeden, Jas. Sutton. Carpenters and Joiners-G. F. Quinn, D. B. Sellers, J. S. Russ, S. W. Sebrell.

loung Colored Boy of the Acorn Branch

Neighborhood Sent to Jail.

Alex. Utley, Jr., a little colored boy of the Acorn Branch neighborhood, 13 or 14 years of age, was arraigned in Justice Fowler's court yesterday, charged with highway robbery. The evidence showed that a few days ago the colored boy accompanied the little son of Mr. Calvin Bowen, of Acorn Branch, to the city. /The little white boy was entrusted by his father with the sale of some turpentine, which he brought to the city in a cart and sold for \$6.35. The boy placed the money in a book and put it in his pocket. On the way home the cart was stopped on the road and the little negro engaged his companion in a wrestling match, during the progress of which the money was lost, the colored boy taking to the woods. Subsequently he was made to give up the pocket-book and it was returned to the owner.

Justice Fowler bound the boy over to the Superior Court to answer the charge and in default of \$100 bond he went to jail. Though the boy is young in years, he is said to be old in crime. which he was made to give up when confronted with the charge of having

The opening sale of tobacco upon the floor of the Wilmington warehouse was resumed at 11:30 o'clock yesterday morning and within a remarkably short time Auctioneer Gibbons had disposed of about 20,000 pounds of the yellow leaf. Two additional buyers arrived durog the day, Messre. M. A. Apple and Y. C. Jones, and the prices on an average were a little higher. The highest price was \$9.25, the lot having been sold by Mr. J. S. Parker. As the season advances the better grades of wrappers, etc., will begin to come in and the sales will be at a much higher figure. Prizes will be offered later in the season on certain days for certain grades and a competition among buyers will result to the advantage of the growers and warehousemen as well. One or two competitive markets sent 'dissatisfiers" among the growers, who sold Monday, but few of the visitors were duped by the sharpers and will continue to sell where they can receive the highest prices. The warehousemen are people of money and enterprise and are determined to place sojourn at Southport. Wilmington in the very front rank of Carolina markets, regardless of ex-

State Organizer Norman H. Johnson W Arrive To-day and Speak To-night.

Mr. Norman H. Johnson, a leading young lawyer of Burlington, N. The State association is intended to embrace all retail merchants. Its growth has been very rapid in North Carolina. Already 35 organizations have been perfected in the principal cities and towns and the work of organizing will be vigorously pushed until practically all the retail merchants in the State become members.

Fare one way will be refunded to the man who buys \$500 worth of goods. That is a good way to get the trade.
