## REMAINS A MYSTERY

Death of Young Joseph Meier is Still a Ouestion With the

Coroner's Jury. INOUEST CONTINUED TO-DAY.

Experts Will Testify as to Condition of Body immediately after it Was Run Over by Car--Significant Letter to a Justice-Other Notes.

Mystery appears yet to veil the circumstances surrounding the death of young Joe Meier, who was run over and so horribly mangled by the trolley car on Greenville Sound early Sunday morning. There were no developments of a substantial nature yesterday, though Coroner Bell and individual members of the jury investigating the affair, sought diligently for and chance bit of evidence tending to show the real cause of the death. A letter reported to have been received by Justice Bornemann during the day, is said to have given some inside information pertaining to the tragedy but just what is the nature of the contents of the letter will not be known until the coroner's jury assembles again at the City Hall to-day at noon, the hour having been changed last night from 3 o'clock, which was previously announced.

At the session of the jury to-day the two most important witnesses will be Dr. C. J. Manly, U. S. A., of Fort Caswell, and Dr. J. Arthur Dosher, of Southport, who were on the car which ran over young Meler and who will be expected to give expert testimony from their examination of the body a few minutes after the tragedy, with a view of establishing whether the man was placed on the rail after death or whether death resulted from his having been struck by the car. Dr. Dosher arrived in the city yesterday evening and Dr. Manly will come on the 11 o'clock trip of the steamer changed to suit the convenience of the

Dr. Dosher was seen at The Orton by a representative of the STAR last night, but he declined to express an opinion professionally before his testimony is submitted to the jury.

"Were you not, as an individual. impressed with the absence of blood upon the scene of the tragedy !" asked the reporter. Dr. Dosher smiled at the persistence

of his interlocutor and only relterated what he had just said: "I have nothing to say, before giving an opinion to those who summoned me here." The coroner was informed yesterday

by George Judge that he had seen two suspicious-looking negroes following Meier before he left the hobby horse on Castle street, going to the Sound Saturday night. Mr. Judge will prob ably be one of the witnesses at the continuation of the inquest to-day.

Members of the jury said yesterday that from the evidence secured thus far they are unable to reach a single definite conclusion. They, however, expressed themselves of the opinion that after hearing Drs. Manly and Dosher they thought they would be able to maké up a responable verdict as to whether Meier died under the wheels of the car, or whether he was killed previously and placed on the track.

FUNERAL OF MR. GABRIEL HOLMES

Will be Held from St. John's Church This Afternoon-In His Honor,

The funeral of Mr. Gabriel Holmes whose sad death was noted yesterday, will be conducted at 5 o'clock this afternoon from St. John's Episcopal church and the remains will be laid to rest in Oakdale cemetery. Very many sincere expressions of regret upon the death of so useful a citizen were heard yesterday, and the most loving sympathy was expressed for those so sorely bereaved in his taking away. His loss to the county as a member of its Board of Commissioners was especially remarked upon, and his fellow members of that body were very tender in speaking of their asassociation with him in that public

Concurs in Appropriation of \$1,600 for improved Fire Alarm Batterles-Bonds for Maintenance of Contracts.

No business of special importance was transacted by the City Board of Audit and Finance at its regular meeting yesterday afternoon. Chairman H. C. McQueen presided and members in attendance were Mesers. C. W. Yates, S. P. McNair and J. A. Orrell. The most noteworthy action was

concurrence in the appropriation by the Aldermen of \$1,600, or so much thereof as is needed, for the purchase of the new and improved fire alarm battery system from the Gamewell Co., of New York. The apparatus will reach Wilmington in about 30 days and an expert from the factory will be here to install it. The advantages of the new system have been referred to in these columns from time to time, and Chairman Moore, of the Fire Committee, with his co-laborers in the movement for its purchase, are to be congratulated upon their success. The remainder of the Board's ses-

sion yesterday afternoon was taken up with an approval of bills for current expenses and the examination and approval of bonds for maintenance of city contracts, as follows: J. B. Casteen, for city lighting, in

the sum of \$200; J. F. Maunder,

day by Secretary Kyle to all members of the Chamber of Commerce informing them that at the regular meeting of the body on to-morrow afternoon the question of the recent advance in telphone rates by the Southern Bell Telephone and Telegraph Co. will be considered. The matter would have been discussed at the regular meeting of the executive council of the Chamber yesterday afternoon, but the absence of a quorum forbade and no session was held.

It is probable that a representative of the telephone company will be present at the general meeting Thursday and will make an explanation of the new graduated scale of rates which it is proposed to put into effect here. Until that time or until one of the solicitors have an opportunity of elucidating the plan, they ask that the public suspend judgment. It is further alleged that the corporation is utterly insolvent and unable to discharge its debts in full; that the corporation is indebted to plaintiff and various other creditors exceeding \$5,000, as plaintiff is informed and believes, and has assets in stock and accounts and all bills receivable in nominal value of about \$3,000 and of actual value not exceeding \$2,000; that the defendant is daily incurring heavy expenses and is gradually eating up its assets, so that if the business is longer continued the plaintiff and other creditors will not receive 20 per cent. of their claims; hat the defendant corporation has already been sued by Royall & Borden, creditors, who have already obtained judgment for an amount a little less than \$100 and suit is also threatened by sundry other creditors, whose claims are within the jurisdiction of a Justice of the Peace and are now in the hands of attorneys for collection. all of which defendant is unable to pay and unless the court takes possession of the property it will he levied upon and sold and the assets of the defendant company will be frittered away and plaintiff and other creditors will not receive but little, it anything whatever, on their debt. Judge Allen, in chamber at Kenansville, granted the order and cited the defendant to appear before the Judge holding court at Burgaw Sept. 7th, to show cause why the order and temporary receiver should not be made

permanent. Mr. Marshall yesterday gave bond as receiver in the sum of \$3,000 and took charge of the stock of the company in its store on southeast corner of Second and Market streets.
