## REJECTED ALL BIDS.

Other Plans and Specifications in Preparation for Market Street Drainage.

COMMITTEE MET YESTERDAY.

Lowest Proposal Was \$7,500 and That Amount Was Considered Excessive. New System of an Adequate Underground Work.

By unanimous vote, the Streets and Wharves Committee of the Board of Aldermen yesterday afternoon decided to reject all proposals for the extensive underground drainage proposed to be established on Market street, and to call for new bids for a system of less elaborate nature. The committee has a fixed amount to spend for that improvement, and until the bids are in the range of that sum, no contract will be awarded. There were four bidders for the work up to 11 o'clock yesterday morning, the lowest being \$7,500. According to the plans and specifications, each agreed to furnish all material and labor as follows:

Roger Moore-\$8,127.40. Louis J. Belden-\$8,917.78. Coal Cement and Supply Co. -\$7,

567.75. Southern Paving and Construction Co., of Chattanoog-a\$7,500.

The last named bid was by telegraph, and with the fixed amount was another proposal to do all the work for \$3,000, the city to furnish materia! "alongside the ditch;" and still another to lay the system for cost and 10 per cent, on labor.

The committee met in the Mayor's office yesterday evening at 6 o'clock those present having been Mayor Springer, Mesars. W. H. Yopp and Jno. H. Sweeney, of the committee; Olty Engineer S. P. Adams, Superintendent of Streets J. M. Woolard, Messrs, W. G. Elliott, Jr., of the Coal, G. Parmele. When the blds had been read by the Mayor, Mr. Yopp moved to reject each and every one of them. "On what grounds?" asked the Mayor. "Excessive," replied Mr. Yopp, and the motion to reject was unanimously carried.

The plans and specifications upon which the bids were made yesterday call for one 36-inch terra cotta pipe from the river to Front street; a 24-inch from Front to Third and a 30-inch line from Third to Fourth street; with laterals of 12 and 18 inches at each street intersection. The committee saw plainly from the bids yesterday that the system contemplated was too extensive and the plans would have to be reduced, using smaller pipe, affording at the same time adequate drainage. The size of pipe was very generally discussed and finally upon motion of Mr. Sweeney, the matter was left to the city engineer and the Mayor to draw further plans and to advertise for other bids. The Mayor's idea at present is to use a line of 37 inch pipe from the river to Jacobs run at Second street, 34 inch from Second to Third, and 20 inch from Third to Fourth with 1g inch laterals at each | servant. street corner and from both sides of the curb in the middle of each block. He is satisfied that this will be entirely adequate for present and immediate future needs and that the cross sections | British Steamer "Tolosa" Cleared With will relieve the street of any possible overflow. City Engineer Adams will to-day gather data from the Weather Bureau as to excessive rainfalls and will calculate the probable amount of water to be drained from the area draining to Market street.

NO DECISION AS TO CARNIVAL.

Jr. O. U. A. M. Committee Will Meet Again Te-day at Noon-Layton Co.

The joint committee from the two councils of the Junior Order of United American Mechanics in the city held a most enthusiastic meeting last night to consider the advisability of Wilmington this season, but no definite conclusion was reached and a recess was taken until to-day at noon. It is believed that a majority of the committee is favorable to the carnival idea, but the committee as a whole does not care to act without mature de-

## Y. M. C. A. SEASON OPENING.

Outline of the Work in Hand for This Fall and Winter-Eminent Divines Coming-Gymnasium, Etc.

The management of the Wilmington Y. M. C. A. has issued to the press the following announcement as to the

work the coming Fall and Winter: As the season for the winter's work approaches the plans for the Association work begin to assume definite shape. There will be increased activity in all departments this season.

The Social Committee is making plans for a very pleasant reception to the public on the first day of October. This will be for the entire public. At this time there will be music, refreshments and speeches. The report of the year's work will be presented and a general good time is in store for all

The Gymnasium Committee is also at work preparing plans for the carrying out of the work of this department It is thought that this will be the largest of all years in this department. Many young men are entering the class in stenography which will be conducted. In this course there will be 52 lessons and the tuition fee for the entire course will be but \$5.00. The Isasc Pittman system will be taught. Mr. Charles V. Motte, of the A. C. L., will be the instructor. The Sunday meetings for men will

be resumed early in October. The Association is now in correspondence with some of the most prominent divinesand others to secure them to address these meetings this Winter. Among those who have already consented to come are Rev. W. I. Herbert, Columbia, S. C.; Rev. Melton Clarke, Florence, S. C.; Rev. N. B. Broughton, Raleigh; Hon. R. B. Glenn, Winston-Salem; Rev. Wm. rector of Grace Episcopal church, Charleston, S. O.; Rev. G. H. Det wiler, Charlotte; Rev. J. W. Bailey, editor of the Biblical Recorder, Raleigh. There will be several others whose names will be announced; later. Then the local pastors will also be heard at these meeting, can arrangement which will give all of our men

their own pastor. The Association membership is now \$40 and growing every day. During this month there have been 35 members taken in. This is an increase of nine over the same month of last year Cement & Supply Co.; Mr. J. T. and the month is but half out. This Riley, Mr. P. Q. Moore and Capt. ## Mayor Springer Yesterday Received Offi-

cial Notice of Expected Visit. Mayor W. E. Springer, of this city, the commandant of the U.S. army post at Fort Caswell and the commanding officer of the Wilmington Division, Naval Reserves, were yesterday notifled by Gov. Ayeock through Private Becretary Pearsall, that the German war ship "Panther" would visit this port very soon. The Governor received his information from the Department of State at Washington under date of Sept. 16th, and the advisory letter was as follow. :

His Excellency, the Governor of North Carolina, Raleigh, N. C.: SIR:-I have the honor to inform you, with a view to the extension of the usual courtesies to the vessel, that, according to a note on the 9th instant from the German Ambassador, the German ship of war "Panther" will visit Wilmington, North Carolina, in the near future. The date of the vessel's prospective visit is not given. I have the honor to be, sir, your obedient ALVEY A. ADEE,

Acting Secretary. SECOND COTTON CARGO OF SEASON

Over 10,000 Bales Yesterday. The British steamer "Tolosa," Capt. Holttum, cleared yesterday afternoon with the second and largest cotton cargo of the season for foreign export. It consists of 10,700 bales, 5,537,021 pounds, valued at \$693,127, and is con signed by Messrs. Alexander Sprunt & Son to parties in Bremen, Germany. The vessel will sail at 8 o'clock this morning and will pass out to sea imme-

The sailing of the "Tolosa" will have a two-fold interest at this time. It not only carries the largest cargo of the season but is commanded by one of the most popular and generous men on either side of the broad Atlantic-Capt. giving a street fair and carnival in Chas. H. Holttum. He has renewed many friendships and made many new friends while here on the last trip and one and all wish him a bon voyage and a safe return in the near future.

CAPTAIN HOLITUM SAYS ADIEU.

### Pepular English Mariner Will Leave To day After Pleasant Visit in Port.

Captain Chas. H. Holttum, of the "Steamship Toloss," of London, who leaves to-day for Bremen, has to make use of the press to say adieu to one and all of his valued friends in the city and suburbs, owing to his inability to make personal calls through brevity of time. He begs to return them his sincere thanks for the many very pleasant favors accorded to him during enough to return to this port for another cargo during the present season. His sympathy is also with those of his especial friends who have recently been bereaved.

Capt. Cotton Transferred. Capt. John W. Cotton, one of the clever conductors of the Atlantic Coast Line, has been promoted to conductor in charge of the new passenger train soon to be put on the main line between Richmond and Smithfield, N. C. He will make his first trip next Sunday and will have headguarters either in Richmond or Petersburg, Va., the last named city being Mrs. Cotton's old home. The scores of friends of Capt. Cotton will regret to know of his departure from the Atlantic Coast Line. He succeeds Mr. with him in his promotion.

## AS TO COURT TERMS.

Brief in Important Case Which Will Be Decided by the Supreme Authority.

CRIMINAL AND CIVIL TERMS

New Act by the Legislature as to Time Gaused Confusion and Practical Bar to Civil Procedure-Test Suit Will Determine Matter.

The Supreme Court at its present session will render a decision in a most important case upon which will depend very largely whether the time of future terms of the Superior Court in the Fifth Judicial District are to be taken up with the trial of crimins cases to the exclusion of civil matters or whether there will be separate terms for each class of litigants as previously. The last Legislature enacted a new law changing the time of holding the several terms in the district, but said absolutely nothing about a divisiou as to civil and criminal matters. The judges riding the district with a number of attorneys agreed upon a construction of the w law, opening all the courts to criminal cases, and experience very on demonstrated that there was very little time in any of the counties to devote to civil actions.

At the April term of the Superior Court here, Herbert McClammy, Esq., of the Wilmington bar, suggested to Judge Robert B. Peebles that the construction of the law as to the courts was erroneous, and by agreement Mr. McClammy made up a test case, entitled State vs. William Lew, which will now very soon determine the matter. Mr. McClammy yesterday made up his brief of the case, and it is regarded as a very able one. The text of it is as follows:

STATE OF NORTH CAROLINA, NEW HANOVER COUNTY. State of North Carolina

William Low. This was an Indictment against the

defendant charging him with a common nuisance in the City of Wilmington, North Carolina. And upon the calling of the case for trial a motion to quash the bill of indictment was made upon the following grounds: (1.) That the grand jury that found the bill of indictment was improperly

constituted in that it was found at a term of a court solely and exclusively for the trial of civil causes and not for the trial of criminal causes. (2.) The act of the General Asembly regulating the Courts of New Hanover county divided the Superior Court in: o Criminal terms and Civil terms, and the April term A. D. 1903

being a civil term of court for the trial of civil causes only, that the grand ary drawn for that term of the court was improperly drawn and improperly constituted and therefore any act on their part in the fluding of bills of indictment was void. And the motion to quash was sustained by the presiding Judge.
The crim nal courts of North Carolina were formerly presided over by Judges riding what was called the Eastern Criminal District and the Western Criminal

Districts. These District'were created by the act of the General Assembly in 1895 and were continued in force and effect until 1901 when they were abolished by chapter 31 page 183 of the Laws of 1901 and 16 Judicial Districts in North Carolina were created. Chapter 28, page 168 of the Laws of 1901, entitled an act to provide for the dividing of the State into judicial districes and for holding the courts therein, New Hanover county was placed

in the Fifth Judicial District, and the time fixed by law, for the holding of the Superior Courts therein, and dividing the terms into civil terms, and into criminal terms, making certain terms for the trial of criminal cases exclusively, and certain terms for the trial of civil cases exclusively, and fixing the fifth Monday after the first Monday in March as a two weeks' term

for the trial of civil cases alone. Now the act of 1903, Chapter 533, page 908, entitled an act to fix and reguate the time for holding the Superior Court for the Fifth Judicial District, provided that the fifth Monday after the first Monday in March, a term of court to continue for two weeks, which was the same time provided under the act of 1901 for the trial of civil cases

Now that court to wit, the court held the fifth Monday after the first Monday in March to continue for two weeks was the term of the court at which this bill of indictment was found by the grand jury and under the Acts of 1901 that term of court was a term for the trial of civil causes alone and no grand jury was allowed to be drawn.

As will be seen by reference to the statute, there was no attempt to destroy the force and effect of the court for the trial of civil cases and of criminal cases, but was an act for the purpose of fixing the time of holding the courts under the new judicial dis-

Therefore Section 3 of this act of 1903 repealed only those clauses that are in conflict with this present act and the terms of holding courts for the trial of civil causes not being in conflict with the terms for the trial of criminal causes as are designated in the Acts of 1901 remain in full force and effect, as if they were specifically set out in the Act of 1903, chapter 533. This is manifestly so, when the two weeks terms provided for in the Act of his stay, and hopes to be fortunate 1901, was for the trial of civil causes alone, and was held in January, April

and October of each year. And in the Act of 1903, the two weeks terms are set apart as in the Act of 1901, to-wit, January, April and October of each year, so that the spirit of the law still remains, to set apart three terms of court to try civil causes alone of two weeks each, the remaining terms for the trial of criminal causes alone. This construction harmonizes the two acts, and presumes the separation of the terms of the courts as to the trial of civil and crimi-H. MCCLAMMY, nal causes. Attorney for Defendant.
