LOCAL NOTES.

The regular annual picnic of the Confederate veterans of Bladen county will come off at Elizabethtown on Wednesday, Oct. 21st.

Friends of the family will be glad to know that the children of Mr. Beck, who have been quite sick, are improving rapidly.

Schooner "City of Baltimore" cleared yesterday with cargo of 355,000 feet of lumber, consigned to New York by the Angola Lumber Co.

Equipe W. McD. Evans yesterday tried Joe Blocker, colored, charged with an assault upon Grace Cockrell. Judgment was suspended on payment of costs.

Newborn Journal: "Mr. Frank Meier, of Wilmington, representing Tucker Bros., Marble and Granite Works, is in the city erecting a West-early granite monument on the burial plot of Mr. George N. Ives in Cedar Grove cemetery."

Invitations have been received in the city announcing the approaching marriage of Miss Mary Louise Mayor, daughter of Mr. and Mrs. Mayor Olliver, of Charlotte, and Mr. Malcolm Greame Hunter, which will occur in Charlotte on Wednesday evening, October 7th.

Capt. T. M. Morse, of this city, received a telegram yesterday from Cape Charles, Va., stating that there had been no news of the steamer "Boatrace" and her crew. The telegram was signed by Capt. J. F. Buswell, manager of the Atlantic Fisheries Co.

NEGRO LOST HIS RIGHT LEG.

Laborer at Cotton Seed Oil Mill Badly Mangled by Machinery Yesterday.
Henry Neal, 35 years of age, a laborer at the mill of the North Carolina Cotton Oil Co., near Hillton, had his right leg, below the knee, fearfully mangled in some of the machinery at the plant yesterday afternoon about 3 o'clock. He was removed in the ambulance to the James Walker Memorial Hospital, where Dr. Bulluck attended him with Dr. Akerman, the hospital surgeon. It was found necessary to amputate the leg just above the knee and at last accounts the negro was doing very well.

INJURED BOY NOT SO WELL.

Little Son of Mrs. Barfield May Not Recover at the Hospital.
Kelly Barfield, the little 10-year-old son of Mrs. Strickland who was so fearfully mangled by an Atlantic Coast Lumber Co. which ran over him at Queen and Sully streets Tuesday afternoon, was not doing so well at the hospital last night and very little hope of his recovery is entertained. During the day his condition was regarded as highly favorable, but at night he was not so well. He was a little delirious and other unfavorable symptoms developed.

Mr. and Mrs. Quich Recovered.

Friends of Mr. and Mrs. Bertram Quich will sympathize with them deeply in the loss of their infant daughter, Florence Bewick Quich, aged one year nine months and fourteen days, which occurred at the family residence, No. 219 North Fourth street, last night at 11:15 o'clock. The little one had been ill only a week and the death came as a very sad blow to the parents, who were especially tender in their devotion to their youngest child. The funeral will be conducted by the Rev. Dr. James Carmichael at 4 o'clock this afternoon from the residence and the interment will be in Oakdale cemetery.

Decides to Accept the Call.

Rev. W. M. Vines, of Asheville, N. C., has declined a call recently extended to him to become pastor of the First Baptist church, of this city, succeeding Dr. Calvin E. Blackwell who resigned to become pastor of the First church of Norfolk. Dr. Vines said he greatly appreciated the call from Wilmington and felt much complimented by it, but the pressure brought to bear on him was so great he could not get his own consent to leave the work at Asheville to which he has become greatly attached.

A Distinguished Visitor.

Miss Belle Bennett, president of the Woman's Home Mission Society of the M. E. church, South, will arrive in the city Saturday, 29th. She will speak at Grace Methodist church Sunday morning at 11 o'clock; at Market Street Methodist church Sunday afternoon at 5 o'clock, and at Fifth Street Methodist church Sunday evening at 8 o'clock, on the general work of the Woman's Home Mission Society and in the interest of the Brevard School.

DAY IN THE COURTS.

What Was Doing in Magisterial and Other Legal Circles in Wilmington Yesterday.

SEVERAL BEFORE THE MAYOR

Wood Choppers Fell Out and Pleas of Foot of One Averted a Tragedy. Triple Charge Against Brooklyn Negro—Other Notes.

Isabella Stanley, a colored woman from the country, was yesterday adjudged insane by a commission of lunacy presided over by Col. Jno. D. Taylor, Clerk of the Superior Court. She will be sent to the Goldboro asylum, if a vacancy can be found for her.

Joseph Rouk, an English seaman aboard the British steamer "Falls of Keltie," now in port, was arrested yesterday by the police upon complaint of Capt. King to the British vice consul that the man had deserted his ship. Rouk will be held at the station house until the steamer is ready to sail.

The two young negroes charged in Justice Bornemann's court with the larceny of a hand bag containing a number of articles belonging to Mr. W. E. Mayo, were given preliminary trial yesterday and discharged. The evidence failed to develop probable cause. The defendants were represented by Marsden Bellamy, Esq.

Sam Marshall, colored, who lives in the vicinity of Seventh and Nixon streets, was the star defendant in the police court yesterday. Sam was represented by Herbert McClammy, Esq., and was specifically charged in three cases with an assault upon his wife, Carrie Marshall, an assault upon Policeman I. F. Huggins, the officer who arrested him, and carrying a concealed weapon, to wit: a razor, found on his person by Officer E. L. Smith when the latter searched him at the police station. Mayor Springer fined the defendant \$10 and costs in each of the two cases for assault and held him for Superior Court in a bond of \$50 for carrying the concealed weapon.

The aggregate of fines and costs is \$20.50, which he is arranging to pay. Carrie Marshall, his wife, was found not guilty of disorderly conduct as charged. Alfred Murphy, colored, drunk and disorderly, and Grace Cochran, colored, charged with disorderly conduct, were each fined \$5 and cost, which they arranged to pay.

John Pugh and Simon McFarland, two colored wood choppers, made lots of excitement while they lasted near foot of Brunswick street yesterday. Pugh asked McFarland for the loan of a wheelbarrow, and when it was denied he doubted McFarland's ownership of the vehicle and proceeded to break it into kindling wood with a heavy club axe which he carried. The owner remonstrated with Pugh about the wanton destruction of his property, and at length became so violent in his righteous indignation at his fellow's conduct that Pugh set upon the owner with the axe, saying he would split McFarland's head open as quick as land. McFarland became terrified and ran with Pugh, uplifted axe in hand, in close pursuit. When the situation became critical for the fleeing negro he accidentally fell over a telegraph pole, lying on the ground, and the axe went by his head, he said, like it was shot out of a cannon. McFarland recovered himself and secured a warrant from Justice Fowler, who sent Pugh to jail in default of bond of \$50 in each of two cases for assault with a deadly weapon and willful injury to personal property. Heskiah Pollock and Jno. Miller, colored, were each tried for an assault upon their wives and were required to pay the costs.

Co-operative B. & L. Association.

Attention is called to the advertisement in this issue of the opening of the tenth series of stock in the Co-operative Building and Loan Association. This Association has been doing a large and prosperous business; and under its present able management it has become one of Wilmington's most influential financial institutions. The officers of the Association are Wm. E. Worth, president; N. F. Parker vice President; Thos. H. Wright, Sec. and Treas.; Thos. W. Davis, Attorney.

Local Markets Yesterday.

There were several changes in the local market yesterday. Flour advanced from \$1.75 to \$1.85 per barrel to \$1.90 to \$1.95 and the tone changed from firm to steady. Spirits turpentine was inactive. Cotton receipts for the day were only 1,754 bales, against 5,507 bales last year. The market declined from 10.62 to middling to 10.37 1/2; tone dull.

Purchased Angola Site.

By deed filed for record yesterday Josephine L. Stewart, of Baltimore, transferred to the Angola Lumber Co., for \$12,000, secured by deed of trust of even date, all that certain parcel of land known as a part of Hillton, lying on the northeast branch of the Cape Fear, the same being the site upon which the Angola mill is situated.

Will Enjoy Barbecue.

Members of the Board of County Commissioners and a few of their friends will be guests of Mr. W. H. Shearin at Castle Hayne for a big barbecue this afternoon. The party will leave the city at 11 o'clock this morning in wagonettes. Incidentally the visitors will inspect the splendid convict system at Castle Hayne, over the destiny of which Mr. Shearin has the honor to preside.

Davidson in the Race.

Charlotte Observer: "Don't forget," said a well-known Mecklenburg man yesterday, "that Col. Theo. F. Davidson, ex-Attorney General, will be in the race for the governorship. He already has pledged to him 14 counties in the west, and he is very bold so far. Siedman, Herrin, Dougherty, Turner, Cunningham and Davidson."

Before you purchase your lace Curtains, see the stock of The C. W. Polvogt Co.

Out Glass, Jar Enamel-ware, Jardene, etc., are on display at Bisinger's China Parlor, 119 Market street.

The Polvogt Co. are showing new Fall millinery.

MARKET STREET DRAINAGE.

Mayor Springer Calls for New Bids for Important Public Improvement. Committee in Session.

Another meeting of the Streets and Wharves Committee of the Board of Aldermen was held last night at the City Hall, those in attendance having been Mayor Springer, Messrs. W. H. Yopp and John H. Sweeney, of the committee; City Engineer S. P. Adams and Capt. J. M. Woolard, superintendent of streets. The Market street underground drainage system was again under consideration, the committee at the last meeting having decided to call for new bids upon a less extended scale and at the same time upon a scale perfectly adequate to the usual maximum rainfall.

City Engineer Adams submitted very carefully prepared data from the Weather Bureau as to rainfall, showing that a smaller pipe than that originally contemplated would be all that was required. The question of using an arched brick drain in place of terra cotta pipe was also considered, and the committee at length decided to call for bids for both classes of material and to award the contract upon whichever basis may seem most economical to the city. According to the decision of the committee, the Mayor in another column makes official advertisement for material and labor for the work according to plans and specifications which may be seen at his office, all bids to be received before next Wednesday at noon. The proposals are invited for 1,150 feet of 24-inch terra cotta to be laid from the river to Third street and 500 feet of 12-inch material to be laid from Third to Fourth street, with 1,000 feet of 12-inch pipe to be laid as laterals from each street corner and from each side in the middle of each block in the area to be covered by the underground drainage system. The proposed, arched brick drain will be run, if accepted, from the river to Fourth street, 1,650 feet, the same to have the same capacity as 27-inch terra cotta.

IRVING-SAUNDERS NUPTIALS.

Pretty Marriage Ceremony and Reception on Harriet Street Last Evening.
At 8:30 o'clock yesterday evening at the home of the bride's mother, Mrs. Angie Saunders, No. 218 Harriet street, Miss Mary Bira Saunders and Mr. Frank Donald Irving were united in marriage in the presence of a number of relatives and friends of the popular young people. The ceremony was performed by the Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, and the residence was very prettily decorated in honor of the occasion.

Following the service an elaborate reception was given, during the progress of which dainty refreshments were served and Mr. and Mrs. Irving received the happiest congratulations of all. They will reside at No. 413 MacRae street, the home of the groom's parents, Mr. and Mrs. George Irving. Young Mr. Irving is the popular shipping clerk for Messrs. Swift & Co., in this city, and the bride is a young lady much admired in a wide circle of friends.

A number of beautiful and costly wedding gifts were received last night, attesting the popularity and high esteem of the young couple.

DISTRICT MISSIONARY CONFERENCE.

Annual Meeting of the Society at Grace M. E. Church Today.
The annual meeting of the Woman's Foreign Missionary Society of the Wilmington District will be held at Grace Methodist church, this city, today, beginning with a service at 10:30 o'clock by Rev. J. N. Cole. This will be followed by a business meeting, interspersed with short talks on missions. Interesting papers will be read at the morning session.

In the afternoon Mrs. George C. Worth will speak on "China," a subject in which she is so much interested. At 8:30 in the evening Rev. R. B. John will preach the annual sermon.

Better Tobacco Prices.

Large sales of tobacco continue daily at the Wilmington warehouse and yesterday the prices were the highest of the season. Yesterday a car of fine yellow leaf was received from the Kingston territory. Thus far the sales have been something over 400,000 pounds here. Field Manager Dodd has been rushing the weed to the local market and will go out again next week to continue his efforts.

GUNBOAT PANTHER.

Staunch War Craft from the Deutschland May Arrive Here Saturday.

ON AN OFFICIAL VISIT.

Arrangements Under Way for Entertainment of Distinguished Visitors—Joint Committee Will Meet at Call of the Mayor This Morning.

Although no definite information has yet been received by Acting Mayor Imperial Vice Consul Geo. L. Pechau or any of the several committees of entertainment, as to the probable arriving time of the German gunboat "Panther," which is expected on an official visit to this port very soon, arrangements for receiving the distinguished guests upon that occasion are assuming tangible shape and by to-night the programme of courtesies to be shown will be pretty well decided upon. Yesterday it was announced that the Chamber of Commerce had taken the initiative in the arrangements by referring the matter to its committee on Public Entertainment and this morning all public-spirited citizens will be glad to know that the city and other organizations have followed suit in a most enthusiastic manner, with the result that a meeting of all the committees will be held this morning at 10 o'clock in the Mayor's office for the purpose of formulating plans, etc., for the important event. The various committees are as follows:

Chamber of Commerce—M. W. Jacob, John H. Rehder, Jno. R. Turritt, Jr., T. D. Meares, Jos. H. Waters and T. C. James.
Board of Aldermen—W. H. Yopp, Jno. H. Sweeney, M. G. Teincken, S. Behrens and P. Q. Moore.
Merchants' Association—W. E. Worth, J. H. Thomas, A. O. Schuster, Sol. Bear and P. Heinsberger.
Howard Relief Company—J. G. L. Gieschen, M. G. Tiecken, H. E. Bonitz, J. W. H. Fuchs, J. H. Rehder, Chas. Schabben and H. L. Vollers.

The committee from the Board of Aldermen was appointed last night by Mayor Springer, who arranged at the same time for the meeting this morning. The committee from the Merchants' Association was also appointed last night, by President Jno. H. Rehder, and a committee was appointed about the same time by the Howard Relief Co., which will co-operate with the joint committee in every way possible. A meeting of the company will also be held to-night to take into consideration the giving of any special social function that may be deemed meet and proper.

There is much speculation as to the exact time the "Panther" will get here. The German embassy in Washington thinks it will be some time before the 27th, which is next Sunday. Others think it will be Friday or Saturday when she will arrive. The ship was still at Newport News last night and official advice stated that after receiving coal she would proceed to Wilmington Friday. She has nine officers aboard and they will be entertained in royal manner when they arrive. A special from Newport News Monday said: "The German cruiser 'Panther' which arrived here this afternoon, will load bunker coal and proceed to Wilmington, N. C. She is waiting for an officer from Germany, who will arrive in New York Wednesday."

"HUMAN HEARTS" TO-NIGHT.

Norfolk Virginian-Pilot's Criticism of the Successful Melodrama.
The Norfolk Virginian-Pilot says of "Human Hearts," which will be seen at The Academy to-night. Two of the largest audiences of the season witnessed the performance at the Academy yesterday of "Human Hearts." There is scarcely a play on the stage to-day that carries with it such a masterful control over the human feelings as this.

"Pathos and humor, tragedy and comedy, are all blended in a way that carries the audience up and down the full gamut of emotion without a lull, with a constant ever-changing sensation."

"Human hearts, their joys and sorrows, despondency and triumph, are all shown in a form that keeps the interest of the audience on a keen edge throughout the performance, changing from grave faces to joyful ones and tears to smiles at will. Mr. Murdoch, as Tom Logan, is an ideal, whole-souled, true-hearted hero, and, aside from the fact that he is a Norfolk boy, he could not have helped making a big hit."

"The entire support is well cast, and the applause for the good characters was equalled by the hisses which greeted the villain and black-hearted wife. When a his is given the villain it is the quintessence of real applause."

OVERHEARD ROBBERS' PLANS.

Brave Act of a Telephone Operator at Rocky Mount This Week.
[Rocky Mount Motor, 33rd]
Miss Newby, in charge of the telephone central office at night, is a brave woman. She went through an experience Friday night that would try the nerve of any one. She stays in the central office alone, but has been provided with a police whistle, with which she can quickly summon any of the night police. About 1 o'clock on the night mentioned she heard low whispering underneath the central office, which is a bank building and a few yards from the postoffice. At first she thought the parties were Poole and Summer and Reams, but by their staying together so long she knew it could not be, so to avoid giving them alarm, she pulled off her slippers and crept to a window just above them and listened. She heard them say: "We can do our work in the postoffice and hold up 85, as it is late to-night." Miss Newby then blew the shrill police whistle and one of them uttered an oath and both ran. Miss Newby told him what she had overheard. The postoffice was examined and it was found that no damage had been done. Policeman Reams says he does not think it was intended to blow open the safe at the postoffice, but probably the intent was to hold up whoever was in the postoffice at that time. Packages from 35 and to escape on 35.

HOLLY SHELTER RAILROAD CASE.

Writ of Prohibition Asked of the Supreme Court—Counsel Employed.
[Special Star Telegram.]
RALPHIGH, N. C., Sept. 23.—The case of the Holly Shelter Railroad Company vs. Parley and Newton was heard by the Supreme Court to-day by special request of counsel. It is from Pender county. The defendant insists that irreparable damage will be done to his land if the plaintiff company is permitted to proceed at the present stage of the case to condemn his lands. Irwell Meares, Esq., appeared for the plaintiff; and James O. Carr, Esq., for the defendant. A writ of prohibition is asked by the defendant until the facts are tried by a jury.

Circus Coming to Town.

It was stated yesterday from authentic sources that Walter L. Main's big shows and menagerie would visit Wilmington in October and that an advance representative of the enterprise would be here this week to make arrangements. The street carnival people were wondering during the day if the date will conflict with their attractions. However, the carnival people are not yet certain when their fair will open and will try not to make it conflict with the circus.

PERSONAL PARAGRAPHS.

Col. W. B. Fort, of Pikeville, was here yesterday.

Mr. G. W. Taylor, of Jacksonville, was here yesterday.

Capt. H. C. Twining and family left yesterday for a visit to Maryland.

Mr. W. M. Cumming has gone to Kentucky to accompany his family home.

Miss Victoria Stone, of Little River, S. C., is the guest of friends and relatives to the city.

Mr. Luther B. Herring left yesterday afternoon to take a position in the telegraph service at Jacksonville, Fla.

Mr. Julian R. Clements, the popular night clerk at the Orion, left yesterday to spend his vacation at Henderson.

Capt. W. L. Jones, one of the popular A. C. L. conductors, is on his vacation. He and Mrs. Jones left yesterday for Kenansville.

Mr. Tom Quinlivan returned yesterday after an absence of two months which he spent at Barium Springs for his health. Mr. Quinlivan says the water there is excellent and the climate unsurpassed. Barium Springs will some day be one of the greatest watering places in the State.

Mr. Oscar R. Peterson, who has been at Raleigh taking the telegraphic service for the Post, of that city, has returned to Wilmington and resumed his position in the "Pz" office of the Western Union in the Chamber of Commerce building. Mr. Motte returns to the main office on Front street.

FROM THE STATE UNIVERSITY.

Football Schedule—Physical Laboratory Improved—Postoffice Robbed.
[Special Star Correspondence.]
CHAPEL HILL, Sept. 23.—Manager Wm. H. Smith has announced the University's football schedule for 1903. It is one of the best we have ever had and reflects great credit upon Mr. Smith as a business manager. The schedule is as follows: Sept. 26th, Guilford College, at Chapel Hill; Oct. 3rd, Oak Ridge, at Chapel Hill; Oct. 10th, Boston College, at College Park; Oct. 17th, Virginia Military Institute, at Roanoke; Oct. 24th, Georgetown University, at Norfolk; Oct. 31st, Kentucky University, at Greensboro; Nov. 7th, Virginia Polytechnic Institute, at Norfolk; Nov. 14th, Clemson College, at Chapel Hill; Nov. 26th, University of Virginia, at Richmond.

The Physical Laboratory has been greatly improved this year. Several thousand dollars worth of dynamos, motors and other equipment for this department has been added to the list the last few days. When finished, we will have one of the most complete physical laboratories to be found anywhere in the South. This improvement is the result of an appropriation from the last General Assembly.

Mr. A. D. Brown, of Philadelphia, has been elected physical director for this year. He comes here from Boston where he has been engaged in physical work for some time. Mr. Brown is a very charming personality and is ready to make himself very popular in the University.

Sunday night about 7:30 P. M. the postoffice at University Station was robbed. The postoffice is located in the store of Mr. O. F. Craig, the postmaster. While Mr. Craig was standing in front of his store, watching a Southern Railway train shifting, the robbers entered the store and secured about \$40 in cash and about \$143.40 in checks, the latter being checks which Mr. Craig had cashed during the day. The robbers left the store without any noise the robbers may have made in the store. There is no clue to the thieves as yet.

GLEEVER VERBAL HUMOR.

"That Imprudent Young Couple" Received With Constant Laughter.
The New York Press says of the attraction at the Academy here Friday night: "That Imprudent Young Couple" is an ambitious piece and is most pleasantly fitted to the exacting requirements of the Empire Theatre's clientele. There is an abundance of bright dialogue and much action. Broadway has had many, many comedies, but the writer is at a loss to recall one that is more sparkling or spontaneous in its humor than this. The author, Henry Guy Carlton, may well be proud of his work. It is neatly written, abundant in wit, and with much ingenuity in character drawing. Very likely Mr. Carlton, in his pronounced modesty, would claim no further merit for his comedy than the fact that it is a comedy of the good humor of the public. The audience allowed this claim and with no exertion whatever remained thoroughly cheerful throughout the evening."

The date here is Friday night and the sale of seats begins this morning at Plummer's.

Largest assortment of Dress Goods and Silks in the city, will be found at Polvogt's.
