"THAT IMPRUDENT YOUNG COUPLE."
Wise Comedy Production at the Academy Last Night—Next Attractions.

Henry Guy Carlton's successful comedy, "That Imprudent Young Couple," as presented by Mr. E. L. Johnson's New York company at the Academy of Music last night, proved itself easily the leading attraction of the season in Wilmington and the production was witnessed by an audience which gave the play and players a most enthusiastic reception.

Miss Mary Sargent, who was here last season in Hennessy LeRoy's "Other People's Money" was the star and her admirers from last season greeted her with sincere applause the moment she appeared on the stage. Mr. Harry Engle, the other half of the "imprudent young couple," was also very clever and received a full share of the credit for the thoroughly enjoyable evening. Mr. J. P. Tucker, the late uncle, and Mrs. Gertrude Norman, as "Mrs. Woodbury Dunbar," were also exceptionally well fitted to their parts. The company would be welcomed here by a much larger audience next season.

The next attraction at the Academy is Eva Mounford in "When Her Soul Speaks," Monday night, Oct. 5th, the character of the play being something on the order of "The Christian," but not so radical as "Ben Hur" and "Mary of Magdala." The scenic investiture is said to be very fine, and the ladies' costumes a feature to be noted.

NEW WATER WORKS PUMP.
Modern Machine of Large Capacity Received by the Clarendon Company.

While other plants in the city of a quasi-public nature are "keeping up with the band wagon" in the way of modern improvements, to use a figurative expression, the Clarendon Water Works Co. is also strictly keeping up with the "water wagon" in providing the public with the most efficient service obtainable.

A brand new Worthington compound condensing pump of two and one-half millions gallons capacity per day or 2,000 gallons per minute, was received by the company via the Atlantic Coast Line yesterday, and it will be shortly installed by Chief Engineer J. H. Sweeney to take the place of a million and a half gallon pump, which will be sold. The new pump is one of the latest improved and will add greatly to the present admirably-kept station at Hilton.

Mr. Senter's Generosity.
Contractor C. D. Merrill has a force of men at work fitting up nice apartments for the new public school to be located in District No. 12, near the Hope farm, on Castle Haynes road. The building was donated to the committee by Mr. C. F. Senter, who now owns the "Johnson" place and whose generosity in this instance is greatly appreciated by the Board of Education. The residents in that section will have a fine school for the full length of the term. A teacher has already been engaged.

Carnival Committee Meets To-day.
The J. O. U. A. M. carnival committee will meet this morning at 10 o'clock at the office of Mr. John E. Wood for the purpose of proceeding with its arrangements for the big street fair to be given in Wilmington next month. Now that the privilege of the streets has been given by the Aldermen, the committee will go right ahead with the arrangements.

Mayor's Court Yesterday.
Only one case was disposed of in the Mayor's court yesterday. Lillie Miller, colored, arrested by Policeman Alex. Wells for being drunk and disorderly yesterday morning, was sent to the roads for 30 days. Jim Judge, charged with being drunk and down, made the usual affidavit of removal and the case was sent to Justice Bornemann.

Fayetteville Observer: "Mrs. N. E. Bunting was severely bruised by a fall down the steps at her residence last night. She is not seriously hurt, however, we are glad to learn."

NEW ADVERTISEMENTS.

BEAR BOTTLE THE WESPOES.
Jealousy led Callie Robinson, colored, to smash her rival, Julia Pearce, colored, with a bear bottle yesterday morning, and as a consequence of her action she was arraigned in Justice Bornemann's court at once for an assault with a deadly weapon. She gave bond in the sum of \$50 for her appearance at next week's term of the Superior Court.

The Tobacco Market.
There were sales of over 20,000 pounds of tobacco at the Wilmington warehouse again yesterday and the prices were very satisfactory, considering prices elsewhere. A number of Oaslow growers went away well pleased with their returns. To-day the consignment of 31 hogsheads from Georgetown, S. C., yesterday, will be placed on the floor.

Big Nest of Mulleets.
Local fishermen were telling last night of a phenomenal haul of mulleets in the seine of Messrs. Jerry and James Hewlett at Masonboro yesterday. Four thousand bunches were caught at a single haul.

ALONG THE WHARF.
Cotton Receipts Light, But Both Compresses Are Running on Full Time.

TWO MAMMOTH STEAMERS.
Arrivals and Departures of Cotton Vessels Yesterday—Week in Naval Stores. Tobacco from Georgetown—Raising "Tar Heel" Boat.

Although receipts of cotton continue this week about 25 per cent short of corresponding days last year, owing to lateness of the season, there is plenty doing in the neighborhood of the Champion and Wilmington compresses, both of which are again operated this season by Messrs. Alexander Sprunt & Son. The general activity was increased yesterday by the arrival of two monster tramp steamers, of more than 2,000 net tons register each, both of which will receive cargoes of cotton. The British steamer "Magdala," 2,397 tons, Capt. Horsley, from Baltimore, passed up the river at 9 o'clock yesterday morning and the British tramp "Baron Dalmeny," 2,622 tons, Capt. Parker, from Philadelphia, passed up yesterday afternoon. The latter has a maximum capacity of six thousand or seven thousand bales and the first named nearly as much. There are now five steamers in port with a combined register of practically 10,000 tons. The German steamer "Erna," which was loaded this week for Ghent, Belgium, passed out for her voyage at Southport at 1 o'clock yesterday afternoon, and the British steamer "Great-ham," 1,531 tons, Capt. Gowing, cleared last night and will sail this morning with the fourth cargo from the port this season. The "Great-ham," carried 1,655 bales, valued at \$420,553 and consigned by Messrs. Sprunt & Son to parties in Bremen.

Cotton receipts yesterday were only 2,395 bales, against 3,478 same day last year. The receipts for the week ended yesterday were only 15,185 bales, against 28,868 same week last year, and since Sept. 1st the shortage has been nearly 50 per cent., the exact figures being 37,443, against 73,621 bales. The exports since Sept. 1st have been only 19,790 bales, against 44,186 bales same period last year. The local market remains firm at 10c for middling.

Naval store receipts at the port for the week just ended show a very substantial increase over same week last year in spirits turpentine, as also do the receipts of crude turpentine. The figures are as follows: Spirits, 420; rosin, 701; tar, 245; crude, 535. Last year: Spirits, 260; rosin, 924; tar, 618; crude, 307. The crop year receipts to date have been as follows: Spirits, 10,871; rosin, 33,915; tar, 14,914; crude, 15,077. Last year: Spirits, 11,139; rosin, 48,389; tar, 25,866; crude, 15,484. There was nothing doing in spirits on either the Savannah or Wilmington markets yesterday.

While raising the steamer "Tar Heel," which went to the bottom of the river above Elizabeth town last week, the chain under her broke and the steamer went back down. The "Highlander" left Thursday with another chain. The river is very low, which is favorable for the work. The "Hurt" was here yesterday, clearing in the afternoon for the return.

The Clyde Liner "Navahoe" arrived yesterday morning from Georgetown, S. C., with a consignment of 1,000 bales of cotton for Messrs. Alexander Sprunt & Son and 31 hogsheads of about 25,000 pounds of tobacco for the Wilmington warehouse. The steamer "Sanders" also arrived yesterday from Little River, S. C., with a big consignment of cotton.

Jim Judge Will Leave.
In Justice Bornemann's court yesterday Jim Judge was arraigned on a warrant transferred from the Mayor's court, charging him with being drunk and down at Fourth and Castle streets. Judge was fined \$5 and cost, but he suggested that he would leave town if the judgment was suspended. That where he spent a few days in the interest of the Metropolitan Life Insurance Co.

—Miss Annie Hamme returned to the city yesterday afternoon, after having made a delightful visit to Northern cities and her old home in Greenville county.

IN HONOR OF THE "PANTHER."
Entertainment Committee Preparing for Elaborate Festivities—Public Reception at the W. L. I. Armory.

Yesterday was a day of much activity upon the part of all the committees which have in charge the various departments of entertainment for the officers of the German gunboat "Panther" upon the occasion of its three-day visit to the port of Wilmington next week. Owing to the fact that the Board of Aldermen and Board of County Commissioners decided to relieve the General Committee of one of the contemplated functions during the visit of the distinguished Germans to the city, the programme of entertainment has been somewhat changed. According to present plans the public reception by the county and municipality, which will be arranged by the General Committee with the addition of the Mayor and Chairman of the Board of Audit and Finance, will take place Monday night at the W. L. I. armory from 9 to 11 o'clock. No formal invitations to that function will be issued. The general public will be welcomed. Tuesday night an elaborate ball and banquet will be given in the Masonic Temple under the auspices of the General Committee which is raising subscriptions to defray expenses of the same. The invitations to that function will be in the hands of the committee appointed Thursday night.

Monday during the day the official calls will be paid by the officers of the boat under escort of the military officers of the city, who are now arranging a programme of the same. Tuesday during the day the distinguished visitors will probably be taken for a carriage drive about the city and perhaps in the country surrounding Wilmington. Wednesday during the day the Howard Bell Company will probably entertain the guests at an oyster roast on the sound or at one of the beaches. An enthusiastic committee from that organization already has the arrangements well under way.

The General Committee of entertainment, however, will meet again in the Mayor's office at 8 o'clock to-night and arrange a definite programme. The "Panther" will probably anchor in the stream upon her arrival here but the public will be given an opportunity of going aboard and inspecting the distinguished war craft. The committee is arranging for the tug "Marion" and "Navassa" to take people free of charge each day to and from the vessel. The hours will be announced later. The anchorage of the "Panther" will be selected by Capt. Edgar Williams, the harbor master.

The Finance Committee has formed itself into three sub-committees, and to each is given a certain section of the city to canvass for funds. The sub division is as follows: West of Front street, including Front to Orange—Messrs. W. E. Worth, J. G. L. Gieschen, J. S. Armstrong, J. A. Arringdale, Sam'l Bear, Jr., and M. J. Heyer.

North of Market street—Messrs. J. R. Turrentine, Jr., A. O. Schuster, P. Heinsberger and J. H. Behder. South of Market, including Market street—Messrs. J. W. H. Puchs, B. F. Keith, J. W. Jackson and Chas. Schnibben.

BOARD OF ALDERMEN.
Two Special Meetings on Separate Calls Held Last Night at the City Hall.

CARNIVAL PRIVILEGE GIVEN.
Provision Made for Joint Public Reception With County Commissioners to Officers of the German Gunboat "Panther"—Other Notes.

In special and separate sessions last night the Board of Aldermen unanimously granted the usual concessions to the Junior Order of United American Mechanics for holding their street fair and carnival in the city the week of October 19th, and also unanimously made an appropriation of \$250 for a joint public reception with the Board of County Commissioners at the W. L. I. armory to the officers of the German ship of war "Panther" upon the occasion of her expected visit here next week. The appropriation is subject, of course, to the concurrence of the Board of Audit and Finance which the Aldermen are assured will be given, inasmuch as the gunboat comes to Wilmington in an official and public capacity and the courtesies shown in part, at least, should parake of that nature.

The Board first met at 8:15 o'clock with all members present except Alderman S. Behrens, upon the signed call of Aldermen W. E. Yopp, J. H. Sweeney and W. P. Gafford, for the sole and expressed purpose of considering the carnival matter, the call having been read by Assistant Clerk and Treasurer White upon the opening of the meeting. Mayor Springer said that the object had been stated and he then asked the clerk to read the request of the J. O. U. A. M., which was signed by Messrs. J. T. Barke, J. D. Webster, J. H. Wood and C. L. Spencer, of the carnival committee. The request simply set forth that the order is preparing to hold a street fair in Wilmington during the week of Oct. 19th, and for that purpose the committee asked for permission to erect booths, stands, tents, etc., in that district of the city between Grace and Orange and Water and Third streets, except Market, between Front and Water streets; also permission to give a display of fireworks on a vacant lot on Castle, between Third and Fourth streets. In the same connection the committee asked the Board to exempt the carnival company from all taxes, license, etc., it being expressly understood that the management and conduct of all amusements are to be subject to the police regulations of the city and the Police Department shall at all times be permitted to investigate and, if necessary, to suppress any amusement or attractions that are not of a moral and orderly kind.

Certain merchants on Market street, between Water and Front, were present with their counsel, Marden Bellamy, Esq., to oppose the granting of carnival privileges on that section of the thoroughfare, inasmuch as past experience proved that the tents, stands and hindrance to country carts and other vehicles from over the river, coming that way, but before the meeting, the J. O. U. A. M. committee heard of the objection and at once consented to exempt that section of street as indicated above.

As soon as the request had been read Alderman W. E. Yopp moved that it be granted, and the motion was seconded by Alderman Tiencken. The mayor asked if there was any discussion. Alderman W. H. Yopp said he had been called upon to vote for granting the request and he would do so reluctantly. He didn't think street carnivals do any good to a town and he was of the opinion that at least two-thirds of the merchants were opposed to them. He said he wanted to go on record as voting for this present one as "the last," that if he was on the Board next time, he would bitterly oppose any further carnivals. They entail extra expense on the city for police, firemen with a gang of thieves, law suits and gamblers. The whole atmosphere upon such occasions is foul. Two-thirds of the merchants and all the ministers of the gospel are opposed to them. However, he said the J. O. U. A. M. had gone ahead with their arrangements and he would not disappoint them. Mr. Tiencken said he was generally opposed to carnivals and when the present one is over, he would willingly vote for and abide by an ordinance not to have another one. The question was called and the request of the "Juniors" was granted unanimously by an aye and nay vote.

Entertainment For Panther.
When the carnival matter had been disposed of, according to the nature of the call, the Board stood adjourned, but immediately a call for a second meeting, signed by Messrs. Murrell, Karr, Sweeney, Moore, Yopp, W. H. Yopp, W. E. Hasbagen, Tiencken and Gaffard, was read, asking that the Board hear a committee from the Chamber of Commerce with reference to the entertainment of the visitors upon the occasion of the arrival of the German gunboat "Panther" at the port of Wilmington next week. The General Committee on entertainment of the officers of the "Panther" from all the other public organizations in the city, was in session in the Mayor's office across the hall at the time and had delegated Col. Geo. L. Morton, its chairman and Mr. E. W. Malloy to appear before the Board and explain the nature of the visit of the German ship and to ask such action as the Al-

dermen might deem fit and proper. Col. Morton and Mr. Malloy were present, and the first named made a brief talk, in which he outlined the significance of the visit of the "Panther," and stated that the Finance Committee from the allied organizations of the city had raised and would raise by private subscriptions a considerable sum with which it was proposed to provide entertainment for two of the three days the visitors would be in port, but that the nature and importance of the visit demanded that some public function be tendered from municipal and county sources. Col. Morton and Mr. Malloy suggested that a joint reception at the W. L. I. armory to which the general public will be invited, would be very appropriate and stated that the County Commissioners had individually agreed to meet any appropriation the Aldermen would make to defray the expenses of such entertainment.

Dr. T. S. Burbank was present and stated that it was the State's business to entertain these officers, but Gov. Aycock was otherwise engaged, but the Wilmington people could be depended upon to do the right thing. Col. Morton said the visit of the gunboat was to the port of Wilmington, but Dr. Burbank held to his opinion that the visit was to the State.

The suggestion of Col. Morton and Mr. Malloy as to the public entertainment was received with unanimous favor by the Board and Mr. Sweeney moved an appropriation of \$300 for expenses. Mr. W. H. Yopp seconded the motion with an amendment making the amount \$250. The amendment was accepted by Mr. Sweeney and the whole was unanimously carried. The funds, of course, will be used exclusively in the public entertainment, which will be on Monday night, while the private subscriptions will be expended in giving the ball and supper at the Masonic Temple Tuesday night to which invitations will be issued and in other entertainment of a quasi-public nature during the remainder of the three days' stay of the vessel in port.
