CHILDREN'S HOME SOCIETY.

VOL. LXXIII,-NO. 19.

sperintendent Streeter, of Greensboro State Institution, Here in Commendable Undertaking-His Work

Mr. Wm. B. Streeter, State superintendent of the North Carolina Children's Home Society at Greensboro, N. C., is in the city for the purpose of organising a local branch of the association here. Mite boxes, similar to those recently used for the Sir Walter Raleigh monument fund, are being placed in a number of stores and publie offices and Superintendent Streeter is engaged in doing much personal work. He is a guest at the residence of Mr. J. H. Thomas, 308 North Front street, where he would be glad to confer with any one interested in the commendable work in which he is

The Children's Home Bodety is an organization having for its object the care of destitute, neglected and home-less children, in accordance with the idea that the natural place for the development of the child is in the family. It had its origin with the Rev. M. V. B. VanArsdale, of Illinois, in the year of 1883 when the Illinois Home Soclety was incorporated under the laws of that State. Mr. Van Aredale's plane were so wisely laid and the results of their careful execution were so satisfactory that it was quickly seen that the Boolety would be specially valuable in the general scheme of child-saving,

of the Society in other States was be-

gun and has continued till there are

now 28 State societies. Among many prominent men all over the State who endorse the Society are Gov. Ayeoek and Mr. H. W. Jackson, of Raleigh; Judge W. P. Bynum, of Greensboro; Col. H. C. Jones, Charlotte; Judge Henry R. Bryan, Newbern; Col. Robert Bingham, Asheville; Bev. Dr. A. D. Me-Clure, Rev. J. N. Cole and the Ministerial Association, of Wilmington.

VERY PROSPEROUS MONTH.

Monthly Meeting of Directors Last Night. School for Trained Nurses and Course of Lectures-Ambulance Provlog Very Serviceable.

The regular monthly meeting of last night. The Board was glad to formally welcome back home Capt. Walter G. MacRae, its efficient chairman, who spent the Summer abroad. Besides Capiain MacRae, other members in attendance last night were Mr. Geo. R. French, the secretary; Mr. M. J. Corbett, Mr. D. C. Love, Mr. M. S. Willard, Mr. Sam Bear, Jr., and Dr. W. J. H. Bellamy. Chiefly routine business was transacted.

The reading of the regular monthly report of Dr. Joseph Akerman, surgeon in charge of the institution, was decidedly the most interesting and gratifying feature of the proceedings. It shows that September was the most prosperous month since the hospital was founded, and that a greater amount of good was done than ever before during a corresponding period. The number of patients remaining in the institution from the preceding month was 36, and 60 were admitted during September, making a total of 96. Of that number 58 were discharged and 8 died, leaving 30 remaining in the hospital Sept. 30th. The total number of days patients were treated was 1,003 against 923 days, the highest number any month previously. The list of patients treated through the agency of the hospital outside of the that the city can do the same work at

The report showed that the ambulance has proved itself one of the most valuable additions to the hospital equipment, no less than 45 calls having been answered during the month. For the ten days in August while the ambulance was in service 14 calls were responded to and thus far in October 17 responses have been made to calls. The improvement of the grounds about the hospital has been a long cherished hope with the Board of Managers and last night the subject was adverted to and discussed at some length with the result that it was decided to have a "Donation Day" on Thanksgiving, when it is hoped a fund of appreciable size may be started for the commendable work in view. Before Thanksgiving a programme will be arranged and the public will be invited to call at the magnificent institution, become acquainted with the splendid work being done there and make whatever donation may be deemed meet and proper. Further announcement will be made through the public prints as to arrangements

for that delightful occasion. The School for Trained Nurses, maintained in connection with the hospital, has now already entered upon its second year and the number of young ladies taking the course is gratifyingly large considering the age of the school. An able course of lectures has been provided for this year and prospects are for a most successful session. Anatomy and Physiology will be treated by Dr. Akerman; Hygiene by Dr. C. T. Harper and Materia Medica by Dr. E. J. Wood in the course during the season for the Junlor Class; Gynaecology and Obstetrics by Dr. T. S. Burbank; Massage by Miss L. P. Clark, superintendent of nurses; Asepsis, Antiseptics and Disinfectants, Operations, surgical emerrencies, fractures and dislocations by Dr. F. H. Russell; Surgical Diseases, An mithetics, Hemorrahage and Shock by Dr. Pride J. Thomas; Poisons and Their Antidotes, Preventative measures in Contagious Diseases and Internal Hemorrhages; Cause and Treatment by Dr. R. Harlice Bellamy; Nursing in Fevers and Cardiac and Pulmonary Diseases by Dr. W. J. H. Bellamy; Nursing of Children, by Dr. R. E. Zachary, and Practical Demonstrations in Urinalysis, by Dr. Akerman; all the latter being in the senior class

Classes on practical nursing and quis classes on the lectures will be held each week by Miss Clark, the accomplished superintendent of nurses.

HOSPITAL MANAGERS. MARKET STREET WORK MAY BE ABANDONED

"Donation Day" Thanksgiving Paving of Principal Thoroughfare Will Probably be Held Up by Property . Owners' Refusal to Pay.

Certain property owners, to the number of two or three, who have pe- PARADE A BIG FEATURE. remptorily refused to sign an agreement to pay their pro rata share of the cost of paving Market, from Second to Fourth street, according to the usual custom, may stand in the way of that thoroughfare being improved at all. Of course the Streets and Wharves Committee has authority by law to go ahead with the work and have the apthe Board of Managers of the James preciation of the property by reason Walker Memorial Hospital was held of the improvement assessed by a board of appraisers against the owners, who refuse to pay voluntaribut a prominent member the committee spoke yesterday afternoon as of the opinion that the probable litigation resulting from that procedure would be too expensive at the present time; especially when people along other streets are willing and anxious to pay a fair proportion to have their property increased in value by the same means.

It is a bitter disappointment to the committee, to the Board of Audit and Finance and the Aldermen, but the condition which confronts them appears at present to admit of no alternative. Most of the owners of property abutting on the street in question are very anxious to pay their proportion of the cost of improving the street, but the two or three refusals appear to be winning the day.

It is also said that certain citizens may enjoin the Streets and Wharves Committee from laying the extensive Market street drainage unless the same is given out by contract and it appears now to be the opinion of the committee that that much-needed improvement will have to be abandoned, as it has been demonstrated building was 24 and 89 dressings were much lower cost than all bids thus far furnished to application.

DEATH OF A GOOD WOMAN.

Mrs. Ella Gall Phares Entered Into Rest

Yesterday Morning-Puneral, Hundreds of friends in Wilmington and elsewhere will bear with sincere sorrow of the death of Mrs. Ella Gail Phares, wife of Mr. James B. Phares, which occurred at the family residence, No. 14 South Eighth street, yesterday morning about 3 o'clock after an illness of some time with valvular heart disease. Mrs. Phares was in the 37th year of her age and was a most estimable woman. The family removed here from Florida some time ago, although Mrs. Phares was a native of Memphis, Tenn. Mr. Phares is a brother of Mr. Gaston B. Phares, the well known furniture dealer, on Market street. Besides her husband Mrs. Phares leaves to mourn their loss two little sons and a daughter.

The funeral was conducted from the late residence yesterday afternoon at 4 o'clock by the Revs. C. B. Paul and J. N. Cole and the remains were laid to rest in Bellevue. The pall-bearers were Mesers. W. H. Alderman, Jno. R. Hanby, W. B. Cooper, A. C. Craft, R. A. Montgomery, Lloyd Moore and Dr. W. T. Smith.

ALLEGED HIGHWAYMAN IN COURT.

Negro Who Repeatedly Halled Mr. Duke Fixed \$10 for Simple Assault.

Robert Noyes, the negro who balled Mr. W. B. Duke Saturday night and made such a persistent demand upon him for the loan of a quarter, appeared for trial in the mayor's court yesterday with his attorney, Herbert Mc-Clammy, Etq. The City Attorney appeared for the prosecution and augrested that from the evidence the charge of highway robbery could not be sustained. However, the warrant could be amended to a simple assault inasmuch as the negro repeatedly hailed Mr. Duke and interfered with his progress along the street. The mayor decided that the charge of simple assault could be sustained and Noyes was fined \$10 and cost.

The negro's counsel gave notice of an appeal to the Superior Court and bond was fixed at \$35 but the appeal was subsequently withdrawn by the bey's mother, who paid the fine and cost despite the counsel of the defendant's attorney to the contrary.

CARNIVAL PROSPECTS

Enthusiastic Meeting of the Central Executive Committee at Headquarters.

hairman Watkins Has Practically Completed All Arrangements - Distinguished Men Will be Present. Layton Co. at Newbern.

Despite strenuous objection which developed rather late in most quarters, the street fair and carnival in Wilmingtoff under the auspices of the Junior Order of United American Mechanics next week, promises to be quite a success. A largely attended meeting of the Central Executive Committee, Chairman Juo. E Wood presiding, was held last night at beadquarters, on Princess street; and reports from all sources were very gratifying. The one big feature of the week will

be the spectacular parade on Wednesday night which is being arranged by Mr. A. Watkins, chairman of the committee in charge. The meeting last night was primarily for the completion of all details of the parade and Mr. Watkins succeeded in enlisting a hundred enthusiastic "Juniors," who will form in costume the patriotic emblem of "old glory." However, there are yet a few things in connection with the parade to arrange and another meeting of all interested will be held at headquarters Thursday night. The "flag of men." moving in unbroken phalanx and overshadowed by a brilliant lighting effect, will pass down the principal streets of the city and out to Ninth and Red Cross streets, where it has been definitely decided the big fireworks display will take place inside an enclosure of immense proportions where the crowning of the queen will take place with imposing ceremony. State Councillor Geo. E. Hood,

the North Carolina Jr. O. U. A. M. will be present, and the committee has invited Mayor Springer, Col. Walker Taylor and Major Wm. F. Robertson to ride in a carriage at the head of the procession. The last-named as members of his staff will represent the Governor, who writes that he will be unavoidably detained at the State Fair

in Raleigh the same week. The Wilmington Fire Department, the military organizations, two fine bands and many citizens will be in line and the flag effect will be accompanied by a detachment of four men under a petty officer from each of the following organizations: Naval Reserves, representing the United States Navy; Wilmington Light Infantry, representing the United States Army, and the Boya' Brigade, representing the Volunteer service. A number of floats have been promised by business men and those with the magnificent one bearing the Queen will make a beautiful spectacle. The two bands

engaged will head the parade. Mr. J. B. Fraley, promoter for the Layton Company, was present at the meeting last night but will join the shows at Newbern this afternoon, returning here Thursday. The midway of the carnival will be at Second and Market streets where a merry-go-round

of big proportions will hold sway. The Newbern Journal of yesterday says that the Layton Carnival Com pany arrived there from Elizabeth Oity on the steamer Ocracoke at 5 o'clock Monday night. Stormy weather prevented their earlier arrival, but work was begun at once upon the preparations for the great show and all would be in readiness for open-

ing last night. Among the many fine features of the Carnival is the excellent band. They gave a concert in front of the Journal office Monday night which was greatly enjoyed by a large number of people. Their music is rendered splendidly, says that paper.

The voting contest for queen a Newbern has not closed yet, though over 3,000 ballots have been cast with Miss Maggie McSorley in the lead with 3,344. The boxes will remain open until Friday.

POOL TOURNAMENT SUCCESS.

Pestive Elks Last Night Contested for Honors With Cue and Ball.

The pool tournament at the Elks Temple last night was a big success and was witnessed by a large number of spectators. The referees were Messrs. Kelth, W. H. Lee and Ed. Taylor and the contests were "pulled off" in three classes.

In the first Mr. Oscar Morris won in score of 17 and received as a prize for his dexterity the first prize, which was a handsome watch fob bearing an Elk emblem. Dr. Jno. C. Wessell came second; score 16,

In the second class Mr. E. E. David won in a score of 23 and received the second prize a handsome pair of gold cuff buttons. Mr. W. H. Molina was a close—a very close—second; score 24. The third prize, a gold scarf pin was captured by Mr. Jake Solomon; score
